FOREWORD

The All-India Survey on Higher Education (AISHE) is the main source of comprehensive statistics on the Higher Education scenario in the country. It is a mammoth exercise in which data on various aspects are elicited from the Higher Education Institutions of the country in online mode. AISHE 2021-22 is the 12th edition of the Survey, and the second Survey through the Web DCF format.

These are very exciting times for the Higher Education Sector, with a lot of new initiatives and improvements ushering in. At this juncture the Report of AISHE 2021-22 is being eagerly awaited for its valuable inputs on various aspects of Higher Education. This Report not only provides a holistic picture of Higher Education in the country, but also growth trends on several parameters, making it valuable for policy making at the Centre and at State levels.

I congratulate the untiring efforts of the officers and staff of the Statistics Division, under the leadership of Shri R. Rajesh, Deputy Director General, for accomplishing this Survey, intense scrutiny and error correction, and also for bringing out this Report with several additional features and analytics. I complement the Higher Education Institutions for their enthusiastic participation in this edition of the Survey. I also extend my appreciation for the efforts of the entire AISHE eco-system including AISHE State Units, NIC team for their backend work, and the Regulatory Institutions, for their invaluable support in successful completion of the Survey.

INTRODUCTION

Background

The All-India Survey on Higher Education (AISHE) was initiated in 2011, during which data for the year 2010-11 was collected. This Survey was necessitated as none of the source of data on Higher Education was giving complete picture of Higher Education in the country. The Survey intended to cover all the Institutions in the country engaged in imparting Higher Education. For the first time all the major Stakeholders in Higher Education, such as University Grants Commission, All India Council for Technical Education, Medical Council of India as well as State Governments participated in the data collection exercise. The entire survey was conducted through Electronic Mode and a dedicated portal http://aishe.gov.in was developed for this purpose. In the initial years, the list of institutions was prepared by consulting State Government Departments, Ministries and Institutions.

In view of the immense utility of the Survey for providing comprehensive data, the AISHE Surveys were continued over the years on an annual basis. Data on several parameters such as teachers, student enrolment, programmes, examination results, infrastructure etc. are being collected and indicators of educational development such as Institution Density, Gross Enrolment Ratio, Pupil Teacher Ratio, Gender Parity Index, etc. are calculated from the data collected through AISHE. These are useful in making informed policy decisions. It is pertinent to mention that the results published in AISHE reports are based on the number of registered institutions who have uploaded their information.

1.1 Steering Committee, Higher Education Statistics and Public Information System (HESPIS): The scheme of HESPIS under which the survey is being conducted since XII Five Year Plan has been extended for continuation up to 2025-26 by the Standing Finance Committee (SFC). The notification on constitution of the Steering Committee in 2014 and its Terms of Reference is given at **Annexure-1**.

1.2 Categories of Institutions Covered– The Institutions, under AISHE are classified in following three broad categories: -

- **University/University Level Institutions:** The Institutions which are empowered to award degree under some Act of Parliament or State Legislature.
- **Colleges/Institutions** which are not empowered to provide degree in its own name and therefore are affiliated/recognized with universities. There are four types of

College/Institution:

1. Affiliated College
2. Constituent College
3. PG and Off. Campus Centre
4. Recognized Centre

College means any Institution, whether known as such or by any other name which provides for a course of study for obtaining any qualification from a University and which, in accordance with the rules and regulations of such University, is recognised as competent to provide for such course of study and present students undergoing such course of study for the examination for the award of such qualification. These are the institutions established or maintained by or admitted to the privileges of the University.

Colleges are generally of two types:

(i) University/Constituent College maintained by the University

(ii) Affiliated College

Off-Campus Centre/ PG Centre is a centre of the University established by it, outside the main campus (within or outside the state) operated and maintained as its constituent unit, having the University's compliment of facilities, faculty and staff. A Recognised Centre is an institution attached with the University for the purpose of awarding degree in respect of programmes being run in these institutions, e.g.. Army Cadet College Wing, Indian Military Academy, Dehradun is not affiliated with any University but the degree in respect of Programmes run in the institute are awarded by Jawaharlal Nehru University.

- **Stand-alone Institutions** (not affiliated with Universities) *There are several institutions which are outside the purview of the University and Colleges. These Institutions generally run Diploma/PG Diploma level programmes for which they require recognition from one or other Statutory Bodies.* Under AISHE, following 7 types of such Institutions have been covered: -

  1. Technical Institutes such as Polytechnics recognized by AICTE/State Directorate of Technical Education etc.
  2. Teacher Training Institutes recognized by National Council for Teacher Education/State Council for Educational Research & Training etc.
  3. Nursing Institutes recognized by Indian Nursing Council/State Nursing Council
  4. Institutes under Ministries which are directly managed by various Central and State Ministries
  5. Post Graduate Diploma in Management (PGDM) Institutes recognized by AICTE

6. Paramedical Institutes recognized by Paramedical Council of India/State Paramedical Council etc.

7. Hotel Management & Catering Institutes

1.3 Formulation of Concepts and Definition: All the Terms, Concepts and Definitions used in the survey are given at Annexure 2 and also in the FAQ, Web Tutorial etc. on the portal.

1.4 List of Higher Education Institutions: The most important requirement for the Survey is the Frame or exhaustive list of Higher Education Institutions in the country, for coverage. Under AISHE, the mechanism of registration in AISHE portal is used for the purpose. The institutions getting registered are provided with the AISHE Code, which is a unique code. While Institutions already registered during previous years automatically become part of the Frame. The new list is updated through new registrations.

The mechanism adopted to update the list of institutions are: -

- List of Universities through State Governments, Central Ministries, UGC and self-disclosure by the Universities, which is to be verified by the Act of the University.
- List of Colleges through Universities.
- List of Stand-Alone Institutions through respective Councils, State Governments and Central Ministries.

Thus, the Requests for addition of institutions (new/remaining) received from the institutions after approval of University Nodal Officer/Sectoral Nodal Officer and the State Nodal Officer are then examined for grant of AISHE Code at MoE level, on the basis of verification of documents (mentioned on guidelines in AISHE portal).

So the Frame for AISHE 2021-22 is the list of Registered institutions upto 2020-21 and new registrations of 2021-22.

In addition to new registrations, the following are done through Registration Module:-

- Affiliation and De-affiliation of Colleges, which maintain the identity of the college even after shifting from one University to other.
- Upgradation of colleges to University.
- Activation and In-activation of Stand-Alone Institutions, and upgradation of Stand-Alone Institution to College.
- Updating the Institution Type, Name, State and District, on Request of Institutions.

1.5 Partner Agencies: Statistics Division, D/o Higher Education, Ministry of Education is assisted by National Informatics Centre (NIC) in software development, portal handling and support from Several regulatory authorities such as UGC, AICTE, various Councils etc. also facilitate by advising their institutions to participate in Survey and provide information.

Nodal AISHE officers in each State are expected to coordinate the Survey work. Most of the States have nominated Higher/ Technical Education department as Nodal department/ agency for coordinating the Survey. Along with State Nodal Officers, 3 more Nodal Officers, one each from Directorate of Technical Education (for Polytechnics), SCERT (for DIETs and Teacher Training diploma level institutions) and State Nursing Council have also been designated to co-ordinate with Standalone Institutions. List of Nodal Officers is at **Annexure-3**.

1.6 Mode of Survey: The mode of the Survey is online, through the dedicated portal (http://aishe.gov.in). From AISHE 2020-21 onwards, the platform of data uploading has been changed from Adobe Form to Web Form which is updated technology (Micro-service Architecture) based web DCF. In AISHE 2021-22 a few additions/improvements were made on the Web DCF to make it user friendly.

1.7 Reference Period for AISHE 2021-22: The Reference date for filling up/uploading data in web DCF was 31st December 2021. The number of teachers and students has been recorded on the basis of their actual number as on 31st December 2021. Information in respect of Examination Result has been collected for the students passed out/awarded degree on or before 31st December 2021 for the previous academic year, i.e 2020-21. Financial Information has been recorded for the previous financial year i.e., 1st April 2020 to 31st March 2021.

1.8 Duration of the AISHE 2021-22: The Survey was held between 18th November, 2022 till March, 2023. Thereafter, scrutiny process was started and the discrepancies found in various parameters like; Enrolment, Teacher's data were taken up with the concerned institutions for clarification/correction.

1.9 Institution Response under AISHE 2021-22: Out of the total 1,168 Universities, 45,473 Colleges and 12002 Stand Alone Institution as registered in AISHE 2021-2022, 1162 - Universities, 42,825 - Colleges and 10,576 – Standalone Institutions have uploaded the data on the AISHE portal. In addition to the actual responses, for those institutions who have not uploaded the data but have responded during any of previous two years i.e. (2020-21 or 2019-20), the latest available information was repeated/pooled. Hence, the results are actually based on responses from a larger number of institutions, as below: -

Methodological Note for Tackling Non-response cases in AISHE 2021-22

Sl. No.	Type of non-response	Estimation procedure
1.	**Unit non-response**	
1.1.	institutions (Colleges, Universities and Standalone institutions) which have not given any information in any of the blocks.	If the unit has responded in at least one of the two preceding years (e.g., in 2019-20 or 2020-21), the latest available information of that unit is repeated in current survey year (e.g., in 2021-22). [Pooling of Data]
1.2.	Excluding the above, affiliated colleges of a university which has not responded in current survey year (e.g., in 2021-22) and data of the college for two earlier years (e.g., in 2019-20 or 2020-21) are also not available.	While doing estimation, the colleges with enrolment greater than 3000 were excluded. At State-District-University level, for each non-responding college, the average enrolment of the responding colleges was repeated. This was done only for Post Graduate and Under Graduate level programs.
2.	**Item non-response**	
2.1.	The Institution (College/ University/ Standalone) has filled other modules but mis-reported/ uploaded enrolment as NIL	If the unit has reported enrolment during the previous survey (i.e., 2020-21), the latest available information of that unit is repeated in current survey year (e.g., in 2021-22).

Note: The steps related to item non-response have been introduced from AISHE 2020-21.

Enrolment Estimation Procedure

Enrolment for Graduate and Postgraduate has been estimated only for affiliated and constituent colleges based on stratified sampling technique. Post-Stratification has been done, after the survey for the year 2020-21 is closed.

Affiliated and constituent Colleges have been divided into two strata; one is Large College and other Small college. Large Colleges are those, which have enrolment of 3000 or more and the remaining are Small colleges. In absence of a priori information, it has been assumed that all large colleges have uploaded the data i.e. in the population the number of large colleges is equal to the number of such colleges that have uploaded web-DCF. Thus, we have avoided over estimation of enrolment of colleges. Average enrolment at a particular Level for the colleges of a particular University has been taken to estimate the enrolment of all colleges of that University. The Estimation formula is given below.

Estimated enrolment at l^{th} Level for kth Type of college in i^{th} State,

$$E_{ikl} = \sum_{j=1}^{u_i} \frac{N_{ijk}}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijklc},\ i = 1, 2, \ldots, 36$$

where, e_{ijklc} = Enrolment in c^{th} College at l^{th} Level in k^{th} Type in j^{th} University in i^{th} State,

n_{ijk} = Number of responding colleges of kth Type in j^{th} University in i^{th} State,

N_{ijk} = Total number of colleges of kth Type in j^{th} University in i^{th} State,

u_i = number of University in i^{th} State,

k = 1, 2, 3 & 4; 1, 2, 3 & 4 stands for Affiliated college, Constituent college, PG/Off-Campus Centre &Recognised Centre respectively,

For, k = 2, 3, 4, $n_{ijk} = N_{ijk}$

l = 1, 2, . . . 8; 1, 2, 3, 4, 5, 6, 7 & 8 stands for Ph.D., M.Phil, Post Graduate, Under Graduate, PG Diploma, Diploma, Certificate & Integrated respectively.

Total Estimated enrolment at l^{th} Level

$$E_l = \sum_{i=1}^{36} \sum_{k=1}^{4} E_{ikl}$$

Estimation to be made for those Levels, for which sufficient response has been received. Where, Coefficient of Variation is high and is small, no estimation is proposed.

When response within University is less than 10%, ($\frac{n_{ijk}}{N_{ijk}}$ < 0.10), the following assumption is made:

$$\frac{1}{n_{ijk}} \sum_{c=1}^{n_{ijk}} e_{ijklc} = \frac{1}{\sum_{j=1}^{u_i} n_{ijk}} \sum_{j=1}^{u_i} \sum_{c=1}^{n_{ijk}} e_{ijklc}$$
