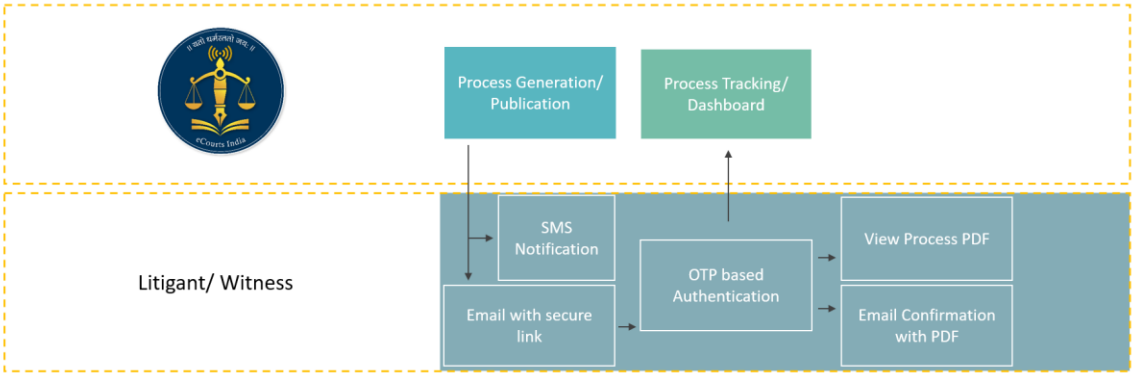
1 Introduction

Court processes are now delivered electronically to the litigants and witnesses through their registered email. The addressee can access the court process through a secure link provided in the e-mail along with a unique Process ID, after completing OTP-based authentication. This facility ensures secure and timely communication of Summons and Notices.

The workflow for email-based process delivery consists of the following stages:



2 Accessing Court Process through E-mail

Addressee will be notified via registered email once the process is published. This secure communication contains case information, a unique Process ID, and an access link required for authentication and viewing.

Along with the email notification, an SMS notification will also be sent to the registered mobile number associated with the addresses.

CC XXXXXX Petn./0000XX/202X XXXXXX VS XXXXXXX, Process Issued eCourts-MAHADC

2.1 Accessing the Portal

Click on the link provided within the email; you will be automatically redirected to the official eCourts Services Portal.

When the addressee clicks the **'Click here to view the process'** button in the email, the system redirects the user to the eCourts Services Portal.
