Government of Puducherry UT
Unified Data Hub (UDH)
Training Program to all Nodal Officers

03/02/2023

The training program on Unified Data Hub (UDH) was conducted on 03/02/2023 at the Conference Hall, Chief Secretariat to all the Nodal Officers of Government Welfare Departments.

Since all the Welfare Departments are already onboarded and more than 120 schemes are onboarded in UDH, the training program was mainly emphasised on the following agenda points

1. **Discrepancy Report (Error Report)** faced by the Department while uploading the data in UDH of the corresponding Schemes. All the errors were listed and explained how to rectify the errors and upload the error free data in UDH to ensure the Quality of Data.

2. **Cross Referencing** – The feature of cross referencing by the Nodal Officers and approval by Head of Department, was explained. It was clarified to the officials on modification, inclusion and exclusion criteria for Cross Referencing. It was explained the steps involving and the report generation. The video was prepared on Cross Referencing and played to the officials. The same will be uploaded in the portal for their benefit.

3. **UDH Code** – The significance of UDH code and the usage of UDH code in exchanging of data between the Department was explained. Further it was explained on the usage of UDH code and sharing with the beneficiaries also explained. The provision of downloading UDH Code also was explained and will be enabled once the approval is given by the Government.

4. **NPCI Lookup** – The important utility obtained through Government of Puducherry was explained to the officials. Obtaining the Aadhaar number active / inactive/ not mapped with NPCI mapper was explained. Presently, the NPCI lookup facility will be utilised with the help of Tech Support team.

Out of 22 Departments 20 Departments have attended the training session.

The attendance sheet and photographs are attached as Annexure.
