Puducherry, dt.18-06-2024.

Dear *Gopi Ji,*

I would like to place on record my heartfelt appreciation for the exceptional efforts and dedication of NIC, Puducherry team in leveraging Information Technology to enhance our election processes.

The integration of advanced IT solutions has become increasingly crucial to the efficiency, transparency, and accessibility of our electoral system. The RTPMS has helped and contributed to achieving these goals.

The implementation of RTPMS has relayed the sequence of pre-poll and poll day events, relaying the poll-day bi-hourly votes polled statistics had facilitated the smooth conduct of General Elections 2024. Also, the system ensured data security and providing voter turnout updates in real time bolstered public trust in our electoral process. In addition, the randomization of polling personnel, counting personnel, force deployment VC arrangements, trainings have made our election process easier from all outlying regions and strengthened our election framework.

I also congratulate all the District NIC officials for providing their best support to DEOs, RO and AROs from pre-poll phases till result dissemination.

With *warm regards,*

Yours *Sincerely,*
Jawahar
(P. JAWAHAR, IAS)
