

## Employment Exchange – Online Registration for School Students

The mobile App is developed by NIC, Puducherry UT and deployed for the registration of the qualified students in the SSLC Examination conducted by Education Department, Puducherry UT under Tamil Nadu Board.

The Mobile App is aimed to eliminate the conduct of School Camps for registration at their respective Schools. Prior to the Mobile App, the school camp used to be arranged with a dedicated officials for registering the successful students, which was requiring the network arrangements and dedicated team to accomplish the registration process within the stipulated period.

The Mobile App is being used to remove the difficulties faced by both Student community, Education Department and the Employment Exchange officials. The app is designed in such a way that, by providing Roll Number and Date of Birth, the system will check against the data provided by the Education Department and prompts for additional requisite parameters like address, Caste and Constituency, if the provided data matches with the available data.

Upon successful registration, the acknowledgement with Registration Number will be allotted by the system. The Identity Certificate can be downloaded from the App. The login credentials to access the portal is made available to the students in the form of instruction and alerts. The portal helps the student to register, check the registration details, download ID Certificate and renewal of registration.

The provision is given in the home page of Employment Exchange <https://ee.py.gov.in> to download and install the MobileApp.

The image displays two screenshots related to the National Employment Service. The left screenshot shows the desktop website interface for the National Employment Service, featuring a header with the organization's name in Tamil and English, a navigation menu, and a dashboard with statistics: 197763 Live Candidates, 439882 Registered Candidates, 24 Employers / Government Sector, and 24 Employers / Private Sector. Below the statistics are sections for E-Learning Resources, Notice Board, and What's New. The right screenshot shows the mobile app dashboard for SSLC Registration, displaying the date (10-09-2024), time (03:09:04PM), and registration statistics for Puducherry and Karaikal. A bar chart shows mobile registration trends for September.

On Teacher's Day, 5<sup>th</sup> of Sep 2024, Dr. D. Manikandan IAS, District Collector, Karaikal launched the MobileApp and appreciated the work of NIC, PY for serving the user Departments. The District Collector also asked the teachers and students to use the MobileApp for registering the SSLC students. The demo was given by Sh. A. Manohar, Director (IT) & DIO, NIC Karaikal, and explained the features to the teachers & students.

Using the Dashboard, the department officials can check the progress of online registrations.
