ACADEMIC LOSS COMPENSATION

To help students recover from academic loss, school started by identifying the causes through assessments to tailor individualized learning plans with specific goals.

1. Provide access to tutoring, extra help sessions, and engage parents in supporting learning at home.

2.Utilize educational technology and online resources, and implement remedial and enrichment programs.

3. Adapt teaching methods to diverse learning styles and establish mentoring and peer support systems.

4. Integrate social and emotional learning to manage stress, and regularly monitor progress, offering constructive feedback. Train educators in effective strategies and allow flexible scheduling and pacing.

5.Strengthen fundamental skills, foster a positive learning environment, and ensure access to necessary resources.

These strategies are collectively support students in overcoming academic challenges and achieving success.
