

## Demo on Property Stack Project

### Blockchain based web portal integrating Survey, Revenue and Registration Departments of Andhra Pradesh to maintain Single Source of Truth of Land Records

The Property Stack project was initiated in 2023 with the objective of integrating Survey, Revenue and Registration departments under one umbrella to maintain Single Source of Truth by NIC-AP. The Blockchain technology is opted to maintain tamper proof data and approached Centre of Excellence in Blockchain Technology – CoE (BCT), NIC, Bangalore for their support. NIC-AP studied various use cases like Assam, Karnataka, Puducherry where CoE (BCT) provided PropertyChain framework as a solution for this.

NIC-AP has given demonstration of Property Stack Project based on Blockchain technology to the Chief Secretary on **16-04-2026 at Chief Secretary Chambers, AP Secretariat, Amaravati. Shri. G. Sai Prasad, IAS, Chief Secretary, Smt. G. Jayalakshmi, IAS, Special Chief Secretary (Revenue) & CCLA, Shri Chetan, IAS, Joint Secretary, CCLA Office, Shri S.V. Ch. Subbarao, SIO & DDG, Shri S. Madhusudhana Rao, ASIO & DDG, Shri. AKVK Rao, Senior Director (IT), Shri T. Pechimuthu, Senior Director (IT), CoE (BCT), NIC, Bangalore** and other higher officials from NIC-AP, Survey, Revenue and Registration Departments attended the meeting.

The Chief Secretary pleased with the presentation & PoC progress and outcomes. He appreciated NIC Andhra Pradesh efforts for Designing and Developing first of its kind Blockchain project with support from CoE (BCT), NIC, Bangalore.

The Govt of AP requested to implement the Property Stack project at FIVE villages as a pilot implementation.
