The Manager/ Dy. Manager shall prepare the MB and the Dy. Manager, Manager and the General Manager shall put their signatures and certify that they have checked the work to extent of 100%, 25% and 5% respectively.
- (iii) In case the volume of work estimated in the NIT exceeds then the GM and CGM will be competent to authorize managers to issue work orders up to 5% and 10% respectively, in excess of the volume of work given in the DNIT. In case the work exceeds beyond 10%, then fresh tender will be invited.
- (iv) All the members of Tender Evaluation Committee will be the quorum for evaluation of bids. In case of non-availability of any member, the CGM will be competent to substitute an official / officer of parallel rank serving within his area of jurisdiction.
- (v) Normally, a tender will be decided only if at least three valid bids are received. In case the offers are less than three, re-tendering will be done. On third instance, if only single valid offer is received then, decision to award tender may be taken.
- (vi) In their offers, the bidders are required to quote the percentage of SOR (Schedule of Rates) at which they are willing to undertake the works. Example:- if the bidder is willing to work at 2% of the rates specified in the SOR then, he has to write 102% in the relevant column of the financial bid document. Similarly, if he wish to work at service charge (contractors profit) at 3%, his quote will be 103% and so on.

Note: The bid offers below 102% will be treated as non-responsive and declared invalid.

- (vii) The financial bids are to be opened online in presence of the bidders or their representatives who wish to attend the proceedings as per the schedule specified in the tender document. The comparative statement (CST) for deciding the successful bidder will be arrived at on the basis of valid offered quoted percentage. The tender will be awarded to lowest bidder

(L-I). In the event of identical bids, the following procedure will be adopted by the tender evaluation committee-

- (a) If in any tender there happen to be two or more identical bidders then, if any such contractor, who may have already become successful in any other tender of HFDC which makes an area of more than two territorial ranges or one territorial division or General Manager District's area the bid of such a contractor will be treated as non-responsive and ignored.

In case the decision can't be arrived at then also, in that situation the date of registration of the contractor in HFDC will be taken into consideration and the one registered at an earlier date will be preferred. In event, if it so happens that the date of registration of competing bidders happens to be same then, decision will be taken by draw of lots to be done by the GM in the presence of bidders or their representatives and a representative to be nominated by the CGM. In case the bidder fails to attend or nominate his representative, then also the draw of lot will be done. However, in such a situation, it will be recorded that the said contractor was duly informed regarding date, time and place of draw of lot and invitation to participate was given to him.

There are many items in the SOR and it is possible that the agency may be willing to work at different percentage for different items but for this tender purpose quoting item-wise percentage is not permissible. The agency is required to assess the work composition and indicate only one percentage figure which will be applied to all items listed in the SOR.
- (x) In case the L-1 (lowest bidder) fails to sign agreement within stipulated period of time, the EMD of L-1 will be forfeited and process for fresh tender will be initiated.
