In order to expedite saturation of sanctioned HHs (work) the distribution circles/divisions of UPCL are authorized to take up this work in a following manner:

- 1) Meter and Cable connections will be released on immediate basis. IT cell of UPCL will create the DAJGUA scheme window for electrification of HHs in NSC module in order to have a provision of zero initial security for these connections.
- 2) As the task of UPCL is to provide connectivity up to the meter, no service connection charge and security is required to be deposited by the consumer/beneficiaries.
- 3) Cost of service cable is available within the sanction under RDSS while cost of meter will be borne by UPCL.
- 4) In areas where smart meters are already sanctioned new connections under DAJGUA shall be released through smart meter.
- 5) The work of HT/LT extension, where ever required will be taken up by divisions in their existing NSC tenders. Where ever necessary circles/divisions are hereby authorized to call for NSC tenders against the sanctioned estimates for this work.
- 6) As the process will be mapped in NSC module divisions will be getting the material for this work from UPCL stores through the normal process of RAPDRP/ERP system.
- 7) Target date for divisions to finish the work of electrification of identified HHs under DAJGUA is 31.07.2025.
- 8) Any new identified Scheduled Tribes (ST) HHs during the implementation shall also be provided connections with intimation to this office provided that the expenditure involved in the electrification should be within RDSS norms i.e. infra cost ceiling of Rs. 2,75,000.00 per village and ceiling of average cost of grid electrification per household of Rs. 42,500.00 in PE habitation at utility level.
