(1) to produce the certificates prescribed in Regulation 11 and 13 and .....

(2) to submit declarations.

(a) of his relationship to any person employed under the Board;

(b) of his being free from debt;

(c) of all immoveable property including house property owned or acquired by him or by a member of his family dependent on him, full and accurate details of all such property being given by him in the form prescribed in Appendix 'C' and

(d) for serving the Board loyally and faithfully in the form prescribed in Appendix 'H'.

17. Appointment to the post of Assistant Engineer-

Added vide O.N.O. 540- dated 26.12.98  
in these Regulations shall be appointed thereto by the appointing authority (unless he subsequently becomes disqualified for appointment) on the occurrence of a vacancy. The appointments shall be made in the same order in which the names appear in the combined waiting list prepared under Regulation 15.

(2) In case no approved candidate is available for such appointment on the list and it becomes essential to make appointment in the interest of the Board,

a person who is eligible for appointment by promotion to the Service under these Regulations, may be appointed, but such an appointment shall not be made for a period exceeding four months, without the specific approval of the Board.

\*(3) Assistant Engineer appointed on or after the date of issue of this notification under Regulation 17(1) except those Assistant Engineers whose date of superannuation falls within a period of two years from the date of their appointment on the post of Assistant Engineer, shall be required to serve on first appointment as Assistant Engineer for a minimum period of first sixty calendar months (first five years of service) in Board's large Thermal Power Stations (including Thermal Power Stations of U.P. Rajya Vidyut Utthan Kigam Ltd.) and that the Assistant Engineers having degree in Industrial/Industrial & Production Engineering shall be required to serve at large Thermal Power Stations throughout their service.

Provided that in each selection all such persons who are appointed on the post of Assistant Engineer by direct recruitment (except Mechanical Graduates) the first 15 percent of such candidates shall have to serve for the first five years of their service in Test & Commissioning units under Transmission Organisation in shifts. Thereafter their next 3 years of service shall have to be completed in Board's large Thermal Power Stations.

13. Appointment to the posts of A.E.E., E.E., E.E.(S.G.), S.E., C.E.(L-II) and C.E.(L-I).

(1) Appointment to the posts higher than that of Assistant Engineer shall be made by the Appointing Authority from the 'Select List' prepared in Rule 8(1) of Appendix 'D'. In making such appointment, the order in which the names of the officers appear in the Select List shall be followed.

Provided that where no officer exists on the select list or when the vacancy is of a short duration not exceeding four months, an officer not on the 'Select List' may be appointed to a post in a cadre of the Service, as a temporary measure.

\*Provided further that in the case of an officer officiating on a post under State Government immediately before their absorption in the Board's service, substantive appointment to a post in the cadre shall be made in the order in which their names appear in the seniority list as prepared in accordance with the provision to Regulation 19.

19. SENIORITY:-

The seniority of officers on their appointment to the service shall be determined as per U.P. Rajya Vidyal Parishad Sewak Jyeshthata Niyamavali 1998 as amended from time to time.

\*Provided that the inter-se-seniority of Government Officers absorbed in the service of the Board, while officiating in the cadre of the service, shall be the same as on the post held by them in the Government in a permanent/substantive capacity and in the case of these officers who were not permanent on any post at the time of absorption shall be the same as on the lower post held by them after regular selection in an officiating capacity.

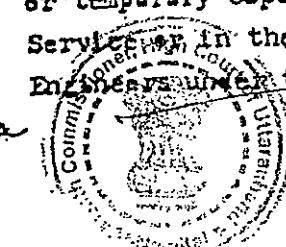

20. PROBATION:-

(1) Every candidate shall, on appointment to a post in the service in or against a substantive vacancy, be placed on probation for a period of two years from the date of taking over charge of the appointment.

Provided that the appointing authority may-

(a) for sufficient reasons extend the period of probation in individual cases by a further period not exceeding two years. Any such extension shall specify the exact date upto which the extension is granted but continuance in service beyond the date upto which the period of probation is extended would not, in the absence of a specific order to that effect, amount to regular appointment on the post so held by him.

(b) Allow to count towards the period of probation continuous service, if any, rendered in an officiating or temporary capacity on post in the cadre of the Service, in the cadre of an equivalent service of the State Government.

(2) If it appears at any time, during or at the end of the period of probation or extended period of probation, that an officer has not made a sufficient use of his opportunities or has otherwise failed to give satisfaction, he may be reverted to his substantive post if he has one under the Board, or his services may be dispensed with if he has none.

(3) A candidate whose services are dispensed with under subregulation (2) shall not be entitled to any compensation.

21. Confirmation:-

A person recruited under these regulations shall be confirmed in his appointment as per the U.P. State Electricity Board (confirmation of Board's employees) Regulations 1995 as amended from time to time, if:-

(a) he has passed the departmental examination prescribed by the Board from time to time.

(b) his integrity has been consistently certified, and

(c) he is found fit, in all other respects, for confirmation by the Board.

PART VI-PAY AND ALLOWANCES

22. Scales of pay:-

The scale of pay admissible to a person appointed to a post in the cadre of the Service, whether in a substantive or officiating capacity or a temporary measure, shall be as sanctioned by the Board from time to time. The scales of pay in force at the time of the commencement of these Regulations will be found in Appendix 'A'.

Provided that the Board or any other competent authority may upon the recommendation of the appropriate Selection Committee, allow a candidate a higher start within the approved limits in view of his special qualification/experience.

23. Special Pay Compensatory Allowance etc.

In addition to pay as in Regulation 22, a member of the

Service shall also be entitled to such special pay, compensatory allowance, or post-graduate pay, if any, sanctioned by the Board from time to time, subject to such terms and conditions as may be prescribed by the Board.

✓ 24. Pay during probation:-

(1) A person appointed to the Service by direct recruitment, shall, during the first year of probation, draw the minimum pay of the post in the scale admissible to him under Regulation 22 and shall receive his first increment when he has completed one year of service and has also passed the departmental or other examination prescribed in Regulation 21, unless exempted therefrom. He shall receive the second increment after completion of another one year service satisfactorily.

Provided that if the period of probation is extended on account of failure to give satisfaction, such extension shall not count for increment unless the appointing authority directs otherwise.

The provisions of this sub-regulation will, mutatis-mutandis, apply to temporary employees also and a temporary Assistant Engineer will not get his second increment unless he passes Professional Examination, Part-I

(2) If an increment is withheld from a person during the period of probation only on account of his failure to pass the examination prescribed in Regulation 21, it shall be allowed to him on passing the examination with effect from the first month following that in which the examination is held and the period during which the increment is withheld shall count for increment in the time-scale.

(3) The pay during probation of officers recruited under clause (b) of sub-regulation (1) of Regulation 5 shall be regulated by the rules referred to in Regulation 21.

✓ 25. Criteria For Crossing Efficiency Bars-

The following criteria shall govern the crossing of efficiency bars in respect of the persons appointed to the posts in the cadres of the Service.

- (a) No member of the Service on the post of Assistant Engineer shall be allowed to cross the first efficiency bar unless he is found to have worked efficiently, satisfactorily and to the best of his ability and his integrity is certified to be above suspicion.
- (b) No member of the Service on the post of Assistant Engineers shall be allowed to cross the second efficiency bar unless it is certified that he has continued to work satisfactorily, effectively and honestly, has displayed adequate engineering skill and has acquired adequate experience and knowledge of the Board's rules and regulations.
- (c) No member of the Service on the post of Executive Engineer; shall be allowed to cross the efficiency bar unless he is found to have worked satisfactorily, efficiently and honestly and has shown adequate engineering skill in the up-keep and maintenance of the various installations under him and has displayed administrative capacity to carry on the work of a Division smoothly and efficiently.

(123)

PART-VII-OTHER PROVISIONS

26. Canvassing-

No recommendation for recruitment either written or oral, other than that required under these regulations shall be taken into consideration, and any attempt on the part of a candidate to enlist support, directly or indirectly, for his candidature will render him liable to be disqualified.

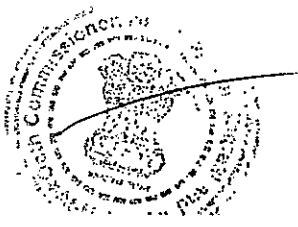

27. Regulation of pay, Allowances, Pension, Etc.-

Except as otherwise provided in these Regulations or as specially covenanted in any Service Agreement, the pay, allowances, Pension, leave and other conditions of service shall be regulated by such corresponding rules of the State Government applicable to similar category of officers and may have been adopted by the Board until promulgation of regulations in this behalf by the Board.

28. Saving-

Notwithstanding anything contained in these regulations.

(1) the conditions of service of persons who have been appointed to posts in the cadre of the Service, on foreign service, from the State Government or on deputation from elsewhere shall be governed by such terms and conditions as may have been or may be settled between the Board and State Government or other appointing authorities until they are absorbed in the service of the Board;

Provided that the conditions of service of such persons as are absorbed under the Board shall be governed by the Regulations of the Board which will not be less favourable than immediately prior to their absorption in the Board's service.

(2) The conditions of service of persons of the Electricity Supply Undertakings which have been taken over or may, in future, be taken over by the Board who may be holding or who may hold posts in the cadre of the service or posts declared in addition to cadre of the service shall be governed by the Board's standard terms and conditions of service if they have been taken over the Board on such terms and conditions or by the ex-licensees terms and conditions if they have been taken over on such terms, as the case may be, unless they are given option and they opt to be governed by such rules and regulations as may be promulgated by the Board hereafter in this behalf.

29. Relaxation:-

(1) Nothing in these Regulations shall be construed to limit or abridge the power of the Board to deal with the case of any person appointed by the Board and governed by these regulations in such manner as may appear just and equitable;

Provided that where any of the foregoing regulations is applicable to the case of any person, the case shall not be dealt with in a manner less favourable to him than that provided by that regulation.

(2) When in the opinion of the Board, it appears necessary to do so, the Board may make any appointment or appointments to the Service in relaxation of these regulations or in partial relaxation of any or some of the regulations and, in case of any appointment which is not in strict accordance with these regulations, the Board shall be deemed to have made the appointment in relaxation of these Regulations.

APPENDIX 'K'

(See sub-regulation (2) of Regulation 13)

Regulations for the Medical Examination of Candidates  
for Recruitment as Trainee Engineers

1. To be passed as fit for recruitment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of Assistant Engineers.
2. In the matter of correlation of age, height and Chest girth of candidates, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates.
3. The candidate's height will be measured as follows:-  
He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard, the shin will be depressed to bring the vertex of the head level under horizontal bar. His height will be recorded in meters and centimeters. No fixed limit of height is, however, enforced.
4. The candidate's chest will be measured as follows:-  
He will be made to stand erect with his feet together and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blade behind, and its lower edge upper parts of the nipples in front. The arms will then be taken down so that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted.  
The minimum and maximum will then be recorded in centimetres 84-89, 85-92.
5. In recording the measurements, fractions of less than half centimetre should not be noted.
6. The candidate will also be weighed and his weight recorded in kilogram. Fractions of less than half a kilogram should not

noted.

6(a) The examination for determining the acuteness of vision includes two tests; one for distance, the other for near vision. Snellen's test types will be used for the test for distance vision, without glasses at a distance of 6 metres and for the test for near vision, without glasses at any distance selected by the candidate. The standards of the minimum acuteness of vision which will be used for guidance in the examination of a candidate are as follows:

Standard I

Right eye		Left eye
Distant vision-6/6	...	V=6/6
Near vision-Reads 0.6	...	Reads 0.6

Standard II

Better eye		Worse eye
Distant Vision V=6/6	...	V, without glasses, not below 6/6 and after correction with glasses not below 6/24
Near Vision-Reads 0/6		Read 1.

Standard III

Better eye		Worse eye
Distant vision V, without glasses not below 6/24 and after correction with glasses not below 6/6		V, without glasses= not below 6/24 after corre- ction with glasses=not below 6/12.
Near vision-Reads 0.8		Read 1.

- (b) Each eye must have a field of vision as tested by hand movement.
- (c) Squint or any morbid condition of the eye or of the lids or of either eye liable to the risk of aggravation on recurrence will cause the rejection of the candidate.
- (d) Each eye will be examined separately and the lids must be kept wide open during the test.
- (e) Inability to distinguish the principal colours will not be regarded as cause for rejection, but the fact will be noted in the proceeding and the candidate will be informed.
- (f) The degree of acuteness of vision of all candidates for

Applicants will be entered in the proceedings in the following manner:

V.R. = ..... with glasses= ... Reads.....

V.L. = ..... with glasses= ... Reads.....

(g) In cases of serious abnormality the opinion of an ophthalmic specialist should be obtained.

(7) The urine (passed in presence of the examiner) should be examined and the result recorded.

(8) The following additional points should be observed:

That the candidate's hearing in each year is good and that there is no sign of disease of the ear.

A candidate who can hear a forced whisper at a distance of 3 metres with his back towards the examiner should be considered fit. Each of his ears should be rested separately, the other being plugged with oiled wool for the time being.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

Provided that where no officer exists on the select list or when the vacancy is of a short duration not exceeding four months, an officer not on the 'select list' may be appointed to a post in a cadre of the service, as a temporary measure.

Provided further that in the case of an officer officiating on a post under State Government immediately before their absorption in the Board's service, substantive appointment to a post in the cadre shall be made in the order in which their names appear in the seniority list as prepared in accordance with the provision to Regulation 19.

vide G.O. 540, 26.12.98

19. SENIORITY:- THE seniority of officers on their appointment to the service shall be determined as per U.P. Rajya Vidyut Parishad Sewak Jyeshtheta Niyamavali 1998 as amended from time to time.

11

Provided that the inter-se-seniority of Government officers absorbed in the service of the Board, while officiating in the cadre of the service, shall be the same as on the post held by them in the Government in a permanent/substantive capacity and in the case of those officers who were not permanent on any post at the time of absorption shall be the same as on the lower post held by absorption in an officiating capacity.

#### 20. PROBATION:-

(1) Every candidate shall, on appointment to a post in the service in or against a substantive vacancy, be placed on probation for a period of two years from the date of taking over charge of the appointment. Provided that the appointing authority may-

(a) for sufficient reasons extend the period of probation in individual cases by a further period not exceeding two years. Any such extension shall specify the exact date upto which the extension is granted but continuance in service beyond the date upto which the period of probation is extended would not, in the absence of a specific order to that effect, amount to regular appointment on the post so held by him.

(b) Allow to count towards the period of probation continuous service, if any, rendered in an or temporary capacity on post in the cadre officiating service or in the cadre of an equivalent of the Engineers under the State Government.

(2) If it appears at any time, during or at the end of the period of probation or extended period of probation, that an officer has not made a sufficient use of his opportunities or has otherwise failed to give satisfaction, he may be reverted to his substantive post if he has one under the Board, or his services may be dispensed with if he has none.

(3) A candidate whose services are dispensed with under sub-regulation (2) shall not be entitled to any compensation.

21. Confirmation:-A person recruited under these regulations shall be confirmed in his appointment as per the U.P. State Electricity Board (confirmation of Board's employees) Regulations 1995 as amended from time to time, if:

- (a) he has passed the departmental examination prescribed by the Board from time to time.
- (b) his integrity has been consistently certified, and
- (c) he is found fit, in all other respects, for confirmation by the Board.

#### PART VI—PAY AND ALLOWANCES

22. Scales of pay:-The scale of pay admissible to a person appointed to a post in the cadre of the Service, whether in a substantive or officiating capacity or a temporary measure, shall be as sanctioned

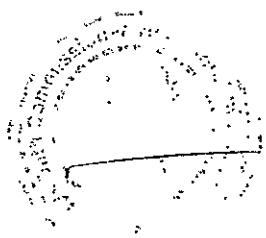

by the Board from time to time. The scales of pay in force at the time of the commencement of these Regulations will be found in Appendix 'A'.

Provided that the Board or any other competent authority may upon the recommendation of the appropriate Selection Committee, allow a candidate a higher start within the approved limits in view of his special qualification/experience.

23. Special Pay Compensatory Allowance etc. In addition to pay as in Regulation 22, a member of the Service shall also be entitled to such special pay, if any, compensatory allowance, or post-graduate pay, subject to such terms and conditions as may be prescribed by the Board.

24. Pay during probation:-

(1) A person appointed to the Service by direct recruitment, shall, during the first year of probation, draw the minimum pay of the post in the scale admissible to him under Regulation 22 and shall receive his first increment when he has completed one year of service and has also passed the departmental or other examination prescribed in Regulation 21, unless exempt therefrom. He shall receive the second increment after completion of another one year service satisfactorily.

Provided that if the period of probation is extended on account of failure to give satisfaction, such extension shall not count for increment unless the appointing authority directs otherwise.

The provisions of this sub-regulation will, mutatis-mutandis, apply to temporary employees also and a temporary Assistant Engineer will not get his second increment unless he passes Professional Examination Part-I.

(2) If an increment is withheld from a person during the period of probation only on account of his failure to pass the examination prescribed in Regulation 21, it shall be allowed to him on passing the examination with effect from the first month following that in which the examination is held and the period during which the increment is withheld shall count for increment in the time-scale.

(3) The pay during probation of officers recruited under clause (b) of sub-regulation (1) of Regulation 5 shall be regulated by the rules referred to in Regulation 27.

#### 25. CRITERIA FOR CROSSING EFFICIENCY BAR:-

The following criteria shall govern the crossing of efficiency bars in respect of the persons appointed to the posts in the cadres of the Service.

(a) No member of the Service on the post of ASSISTANT ENGINEER shall be allowed to cross the first efficiency bar unless

he is found to have worked efficiently, satisfactorily and to the best of his ability and his integrity is certified to be above suspicion.

(b) No member of the Service on the post of ASSISTANT ENGINEERS shall be allowed to cross the second efficiency bar unless it is certified that he has continued to work satisfactorily, effectively and honestly, has displayed adequate engineering skill and has acquired adequate experience and knowledge of the Board's rules and regulations.

(c) No member of the Service on the post of EXECUTIVE ENGINEER shall be allowed to cross the efficiency bar unless he is found to have worked satisfactorily efficiently and honestly and has shown adequate engineering skill in the up-keep and maintenance of the various installations under him and has displayed administrative capacity to carry on the work of a DIVISION smoothly and efficiently.

#### PART-VII—OTHER PROVISIONS

26. Canvassing:-No recommendation for recruitment either written or oral, other than that required under these regulations, shall be taken into consideration, and any attempt on the part of a candidate to enlist support, directly or indirectly, for his candidature will render him liable to be disqualified.

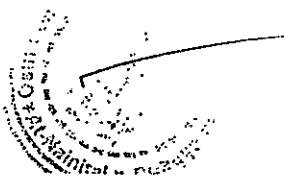

27. REGULATION OF PAY, ALLOWANCES, PENSION, ETC.:-

Except as otherwise provided in these Regulations or as specially covenanted in any Service Agreement, the pay, allowances, pension, leave and other conditions of service shall be regulated by such corresponding rules of the State Government applicable to similar category of officers and may have been adopted by the Board until promulgation of regulations in this behalf by the Board.

28. SAVING:- Not withstanding anything contained in these regulations:(1) the conditions of service of persons who have been appointed to posts in the cadre of the Service, on foreign service, from the State Government or on deputation from elsewhere shall be governed by such terms and conditions as may have been or may be settled between the Board and State Government or other appointing authorities until they are absorbed in the service of the Board.

Provided that the conditions of service of such persons as are absorbed under the Board shall be governed by the Regulations of the Board which will not be less favourable than immediately prior to their absorption in the Board's service.

(2) The conditions of service of persons of the Electricity Supply Undertakings which have been taken over or may, in future, be taken over by the Board who may be holding or who may hold posts in the cadres of the service or posts declared in addition to cadres of the service shall be governed by the Board's standard terms and

conditions of service if they have been taken over the Board on such terms and conditions if they have been taken over on such terms, as the case may be, unless they are given option and they opt to be governed by such rules and regulations as may be promulgated by the Board hereafter in this behalf.

#### 29.Relaxation:-

JUDGMENT

DATED: NOVEMBER 07, 2017

(Hon'ble Mr. Ram Singh, Vice Chairman (J))

1. By way of this original petition, the petitioners have prayed for a direction to quash the final seniority list dated 03.1.2015, select list/recommendation of departmental promotion committee dated 04.01.2015 and the promotion order dated 05.01.2015 issued by the respondent no. 2 and for any other suitable orders along with cost of the petition.
2. Briefly stated facts are that the petitioners the Junior Engineers, were promoted on the post of Assistant Engineers (Electrical & Mechanical) in the year 2007-08 and 2008-09. The other private respondents were appointed on the post of Assistant Engineers in the year 2008-09 after selection and completion of training against the vacancies of 2006-07. The respondent department issued a combined seniority list of the cadre of Assistant Engineers (Electrical & Mechanical) in which respondents No. 3 to 22 were given seniority right from the date when they joined the services as Trainee after their selection on the basis of advertisement. The petitioners have challenged their seniority on the ground that their substantive appointment cannot be treated from the date of their induction as trainees but from the date of their substantive appointment in the cadre by the department after completion of their training.
3. The tentative seniority list was challenged in the department on the various grounds. The petitioners filed objections against the tentative seniority list dated 26.12.2013 which were decided in casual manner and without deciding the objections of the petitioner No. 7, the final

Hifzul  
D-2

223

seniority list was issued. The matter was challenged before the Hon'ble High Court wherupon a direction was issued to the respondent department to decide the objections of the petitioners as well as other employees and to issue final seniority list within a period of one month from 06.06.2014 with a direction to proceed further for promotion only after final seniority list is issued. According to the petitioner, in gross violation of the order of Hon'ble High Court, final seniority list dated 03.1.2015 was issued and was uploaded on the website of the department on 04.1.2015 and on the same day, promotions were made after conducting the DPC proceedings. Hence, the petitioners have filed this petition for seeking the relief to quash the final seniority list dated 03.1.2015, the select list and the recommendations of DPC dated 4.1.2015 and promotions letters issued thereafter on 5.1.2015 by the respondent department.

4. The petition was opposed by the respondent department as well as by the private respondents on the ground that direct selection for the post of Assistant Engineer was commenced pursuant to the advertisement issued in October 2006 against the vacancies of 2006-07. The private respondents were appointed as Trainee Engineers vide order dated 30.04.2008 followed by another order dated 30.06.2009 and the selection of the respondents pertains to the recruitment year 2007-08 and they were given status of the Trainee Engineers. The seniority in the cadre of Assistant Engineer shall be determined from the date of their initial appointment as Trainee Engineers. The petition filed by the petitioners is misconceived and the seniority list and promotions are as per law and the petition deserves to be dismissed.
5. After hearing both the parties, the petition was decided on the basis of the relevant concerned Regulations of 1970. The judgment of this Tribunal dated 09.11.2016 was challenged before the Hon'ble High Court in appeal wherein, it was argued that the relevant Rules of seniority for the concerned persons were amended in 1998 and the

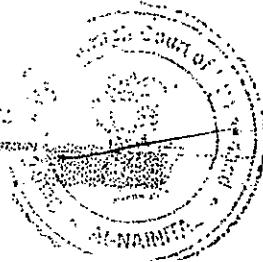

78

224

petition was decided on the basis of the old Regulations. After considering the points raised before the Hon'ble High Court, the Hon'ble High Court set aside the decision of this Tribunal and the matter was remitted back for hearing afresh and the concerned department was directed to file all the relevant Rules and Regulations before the Tribunal and all the persons having interest were given opportunity to appear before the Tribunal and put their submissions as interveners.

6. In compliance of the order of the Hon'ble High Court, the matter was again heard before the court. The respondent department was directed to file all the concerned Regulations as applicable upto date. Other interveners were also heard in the petition. All the parties were again given opportunity to file the relevant documents and copy of the Rules and Regulations before the Court.
7. We have heard the arguments of learned counsel for the petitioners, respondents and the interveners and gone through all the records.
8. The basic question before the court is to decide whether the Training period of the direct recruits (trainees) for the Electrical & Mechanical Branch of Assistant Engineers is to be counted for the seniority or not. To answer this question, it is necessary to ascertain all the relevant Rules or Regulations relating to the matter.
9. It is an admitted fact that in the concerned Service Regulations for the Assistant Engineers (Electrical & Mechanical) Branch is the Uttar Pradesh State Electricity Board Services of Engineers Regulations, 1970 (hereinafter referred to as 'said Regulations'). As per Regulation-2 of the said Regulations, cadre consisting the post of Chief Engineer, Additional Chief Engineer, Superintending Engineer, Executive Engineer and Assistant Engineer. Regulation 3(30) of the said Regulation, defines the terms of Trained Engineer as follows:

NAT

J2

*JG*

225

"3(30) 'Trained Engineer' means a Trained Engineer who after a course of successful training under the Board is declared fit for appointment as an Assistant Engineer under the Board."

Regulation-4 provides for Strength of Service, which may be prescribed by the Board from time to time and is prescribed in Appendix 'A' to the Regulations. Regulation-5 is the most relevant Rule mentioned in Part-III Sources of Recruitment and the relevant extract of the Regulation 5(1) reads as under:

"5.(1) Initial recruitment to the service shall be made to the post of Assistant engineer in the following manner:-

(a) By appointment from amongst Trained Engineer's 65 1/3%

(b) BY promotion from amongst members of Junior Engineers Service in the Selection Grade in the manner prescribed in Appendix 'C' 33 1/3%

(c) By promotion from amongst the confirmed and qualified Computers (Selection Grade) (E/M) in the manner prescribed in Appendix 'C'. 1 1/3 %

Provided that as between members of Junior Engineers and Computer the vacancy shall be shared by them in the proportion of their respective cadre strength from time to time."

10. Regulation-7 provides for number of recruits to be taken; according to which the Board shall ascertain the probable number of vacancies likely to occur in the various classes of posts in the Service during the course of the next year. Board will also decide the number of vacancies to be allocated to Graduate Engineers and the number of vacancies for the reserved candidates.
11. The definition clause in Regulation 3(13) prescribes for direct recruitment, which reads as under:

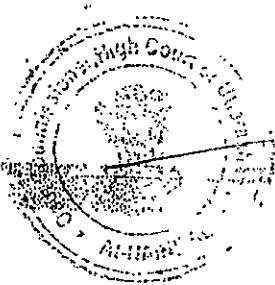

*AM 104**JM*

80

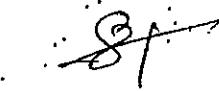

226

"(13) 'Direct Recruitment' means recruitment made against a post in the cadre of the service under clause (a) of sub-regulation 1 of Regulation 5 of these Regulations."

12. Regulation 15 provides for publication of combined waiting list on the basis of the list received under Rule 6 of Appendix-B and the Select List referred to in Rule 7 of Appendix 'C'. According to Regulation 17, appointment to the cadre of Assistant Engineer, shall be made in the same order in which their names appear in the combined waiting list prepared under Regulation 15. Regulation 19, prescribes for determination of seniority.
13. Regulation 19 of the said Regulation has now been amended by the 1998 Regulation and now the 1998 Regulations are the relevant rules for determination of the seniority. The U.P. State Electricity Board Employees Seniority Regulations 1998 were published on 24.02.1998 and its Regulation 3 provides that Regulations will be effective even after being adverse to any matter in any other service regulation framed earlier to it. As per Regulation 2, these Regulations will be applicable for determination of seniority of all those employees of the U.P. State Electricity Board, whose appointment are made under the Regulation framed under Section 79C of the Electricity supply Act, 1948.
14. Hence, it is an admitted fact now that for the appointment on the post of Assistant Engineer (Electrical & Mechanical), the relevant service Regulations are of 1970, whereas, for determination of the seniority, the relevant Regulations are the U.P. State Electricity Board Employees Seniority Regulation, 1998. Regulation- 4 of the Regulation of 1998, defines the cadre, feeding cadre, Basic/Original Appointment and the Recruitment Year. Feeding cadre now has been defined as the cadre of service, out of the members of which under the relevant

*M*  
*J-2*

227

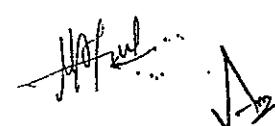

service regulations promotion may be made at the higher service or post.

15. Regulation 4, Clause-h of the Regulation defines the Basic/Original appointment as under:

*"(h)- The meaning of "Basic/Original Appointment" is such appointment at any post in the cadre of service, which is not the ad hoc appointment and such appointment which has been done after selection according to the service Rules; concerned with the service."*

16. Regulation- 8 of 1998 Regulations, provides for the situation when the appointment to a cadre are made by the direct as well as by promotion and it provides that when the appointments are made by both the sources, the seniority will be counted from the date of their substantive appointment and when two or more persons are appointed by the same appointment letter then according to the serial their names are mentioned therein. Provisions of Regulation 8(1) also provides for a proviso to the fact that if by any order the appointment is made with effect from back date, then substantive appointment will be treated from the date mentioned in the order otherwise the appointment will be treated from the date of order of appointment. This is very relevant and important provision to be seen in this matter.

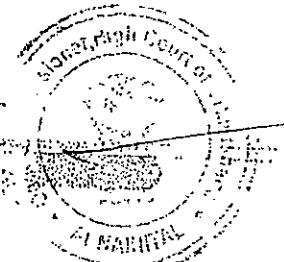

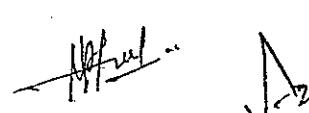

17. Coming back to the crux of the points to be decided is that what will be the date of substantive appointment for the persons who are recruited directly. Learned counsel for the petitioner has argued that the substantive appointment should be considered, which is made to the cadre post. We agree with this argument. As per the Uttar Pradesh State Electricity Board Services of Engineers Regulations, 1970 (the said Regulations), the cadre of posts are Assistant Engineer, Executive Engineer, Superintending Engineer and Chief Engineer. There is no post of Trainee Engineer in the cadre. Regulation 5 of the said

Regulations provides for source of recruitment i.e. 65 1/3% appointment from amongst trained engineers, and it does not mention the words direct recruitment from the graduate engineers. Trained Engineers have been defined in the Regulations as an engineers who after completion of successful training under the board, is declared fit for appointment as Assistant Engineer under the Board. Learned counsel for the petitioner has argued that there is no provision of direct recruitment for the post of Assistant Engineer in Electrical & Mechanical Branch unlike the provisions of direct recruitment for Assistant Engineer (Civil) branch as provided in another Rules of 1970. Their contention is acceptable because the said direct recruitment to the post upto 65 1/3 % of cadre is to be made only from those engineers who have earlier been selected by a direct recruitment process and completed successful training. In view of the court it is a separate group, which is selected by a procedure mentioned in Appendix 'B' for training. Learned counsel for the petitioner has argued that may it they be directly recruited candidates, but they are not directly recruited to the cadre of Assistant Engineer but they are directly recruited to train the Engineers and the trained engineer is nowhere in the cadre, hence their initial appointment on the post of Trained Engineer cannot be said to be substantive appointment in the cadre of Assistant Engineer.

18. We have gone through the Appendix 'B' which relates to sub clause-(a) of sub clause (1) of Regulation 5, that provides for the appointment from amongst trained engineers. Learned counsel for the respondents have argued that Appendix 'B' prescribes the procedure for direct recruitment and when a person selected by following this procedure, is given appointment for training and after completion of training, his substantive appointment to the post of Assistant Engineer will automatically relate back to his first date of appointment as trainee. Whereas, learned counsel for the petitioner has argued differently and

83

229

has submitted that the person will be directly appointed for training and he may be given increment etc. but for the purpose of seniority, his substantive appointment to the cadre will be from the date when his appointment to the cadre of Assistant Engineer is made after completion of successful training.

19. Hence, the main issue to be decided by this court is whether initial appointment as trainee should be treated as substantive appointment to the cadre or his appointment after completion of training will be treated as a substantive appointment to the cadre.
20. We have gone through the Appendix 'B' of the said relevant Rules. The title of this Appendix provides only "Procedure for Direct Recruitment", and it does not write as "procedure for direct recruitment of Assistant Engineer". This Appendix 'B' prescribes different stages while directly recruiting the candidates for training, as its clause-1 provides for publication of vacancies by the Board in the newspaper; clause-2 provides for submission of application by the candidates to the Secretary of the Board; clause-3 provides for a written test and/or interview to be held by the Board; clause-4 provides for fees to be paid by the candidates; clause-5 provides for constitution of selection committee; clause-6 provides for the procedure how marks will be awarded in the competitive examination; clause-7 provides for physical standard and medical examination; clause-8 provides for training; clause-9 provides for facilities during training; clause-10 provides for conditions by which during the training period trainee will be governed such rules and regulations may be prescribed from time to time and he has to pass necessary test failing which the services of the trainee will be terminated.
21. After completion of this stage, Clause-11 of the said Appendix 'B' comes into play and it provides as under:

11/11/2012  
✓

*84*

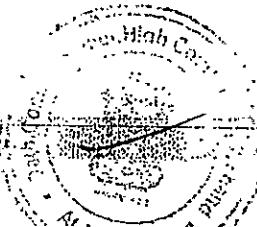

230

11. On completion of the training and before appointment as Assistant Engineer, a trainee will be required to pass a final test, as may be prescribed. He may also be required to sign a Service Agreement setting forth the terms and conditions of his appointment as may be prescribed."

Hence, a bare reading of clause-11, clearly provides for a stage after completion of the training and before his appointment to the cadre of Assistant Engineer and that the trainee will be required to pass final test. This clause presumed the appointment of a trainee as Assistant Engineer only after passing the successful training test because this provides that if he fails to complete the training, he will not be appointed as Assistant Engineer.

22. The court is of the view that simultaneous reading of this provision with Regulation 5 (i.e. source of recruitment) of the said Regulations, clearly demonstrate that the substantive appointment on the post of Assistant Engineer cadre can only be made after completion of successful training and he is appointed to the cadre and such appointment stage to the cadre of Assistant Engineer comes only at the stage which is prescribed in clause-11 of Appendix 'B' i.e. when directly recruited candidates after completion of training, is considered for appointment to the cadre. Hence, in our view, the substantive appointment to the cadre post of Assistant Engineer is the date when a trained engineer is appointed to the cadre.

23. The argument of learned counsel for the respondents had been that after completion of training, his appointment to the cadre of Assistant Engineer, will relate back to the date of his initial appointment as trainee. We do not agree with this argument because of the reasons that *prima facie* by reading clause-11 of Appendix 'B' and Regulation 5 of the said Regulations, the appointment to the cadre post of Assistant Engineer is made only from amongst the trained engineers. It

*MMH**J*

*85*

231

cannot be said to be a direct recruitment to the Assistant Engineer post. The direct selection/recruitment is made for selecting the trainees and only after their successful training, the persons became eligible for the appointment as Assistant Engineer cadre and this is the General Rules that a person cannot be appointed to a post before acquiring the essential eligibility qualification.

24. The respondents have argued that the Regulation 13 of Appendix 'B' provides for loosing of seniority, hence it conveys the meaning that the seniority will be counted from the date of their initial appointment as trainee. The court do not agree with this argument because of the reasons that this provision pertains to the inter -se seniority of the direct selectees as this Appendix 'B' pertains to them only and not the promotees.

25. Learned counsel for the respondents has argued that the direct recruits, were appointed after due selection process, they were given salary with increments as other regular employees, hence they will be deemed to be appointed on the cadre on the very first day. The court is of the view that the seniority is to be counted only from the date of their substantive appointment. Appointment as trainee is not an appointment to the cadre because a trainee becomes eligible only after completion of training and if the Rules had meant for this purpose, then for the source of recruitment, the word 'direct recruitment' instead of "appointment amongst trainee engineers" would have been used like another set of Regulations for the recruitment of Engineers in Civil Branch, where terminology has been different and the source of recruitment of 65 1/3% has been written as direct recruitment. Whereas, the word direct recruitment has not been used in the said Regulations relating to Engineers in Electrical & Mechanical Branch.

86

232

26. Learned counsel for the respondents has also argued that as per new seniority rules of 1998, their appointment will be treated from their basic/original appointment. We do not agree with this argument because in these Rules also basic/original appointment has been defined such appointment to any post in the cadre of service, whereas, trainee is not in a cadre of service and if as per law, their training was to be included in the service then in their appointment letter which were issued after training for example (Annexure A-1), which was issued after training on 30.06.2009, the date of absorption in the cadre should have been mentioned with back date. Whereas, in the appointment letter i.e. 30.06.2009 (Annexure-A1), it has been specifically mentioned that the trainees were first appointed on the date mentioned in column-7 and they were absorbed in the regular cadre of Assistant Engineer on the date mentioned in column-8 which is almost one year later of their recruitment as trainee.

27. For the purpose of seniority, Regulation-8 of the 1998 Regulations is very specific and its clause (i) specifically provides that the seniority will be given from the date of substantive appointment and when two persons are appointed by one appointment letter, their seniority will be in the order in which their names are given therein. This provision of Regulation 8(1) specifically further provides that where according to the service regulations appointments are made by promotion and direct recruitment i.e. in both the ways, in that case the seniority of the persons appointed in this way will be determined under the provisions of the following sub rule from the date of order of their basic appointment and if two or more persons are appointed together, then in that sequence in which their names have been kept in the order of appointment. Hence as per this provision, the substantive appointment will be deemed to be effective from the date of appointment order issued to the cadre unless this appointment has been made effective from an earlier date. In the present case, when

HAI

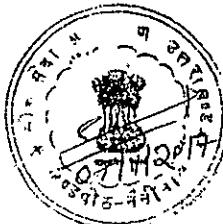

JAY

87

233

the respondents were absorbed in the regular cadre after training they were not absorbed in the cadre with back date. Had it been so, then their training period could be counted for the seniority but in the absence of this, as per Regulation 8 of 1998 Regulations, their seniority will be counted from the date of their substantive appointment to the cadre and the substantive appointment to the cadre is obviously the date on which the respondents (direct recruits) were absorbed in the cadre after training.

28. Relying upon the above rule position, court is of the view that as per the facts admitted to the parties, petitioner no. 1 was appointed in the year 2007-08 and rest of the petitioners were appointed in the recruitment year 2008-09 against the vacancies of 2007-08 and 2008-09, whereas, the respondents were appointed in the year 2008-09, against the vacancies of 2006-07. Learned counsel for the respondents have argued that except the petitioner no. 1, other petitioners have no locus standi because of the reasons that they were appointed in the same year when the respondents were appointed. The Rule 8 of 1998 of seniority Regulations provides for the restriction, which provides that where the appointment from any source are less than prescribed quota and against such unfilled vacancies, the appointments are made in the subsequent year or years then the persons appointed in this way will not get seniority of any previous years but they will get seniority of that year, in which their appointments are made, but their names will be kept at the top, after which the names of other appointed persons will be kept in sequence of turn. Hence in accordance with this provision, the respondents who were appointed to the cadre after training against the vacancy of earlier year they will rank en bloc senior against other appointees who were appointed beyond their quota in the previous year. Hence on that basis, the court is of the view that the respondents will not get seniority from the back years but they will get seniority in the year

88

234

when their substantive appointments are made but they will be placed in en block senior to the extent of their earlier vacancy against the other appointees i.e. promotees.

29. In the present case, the petitioner no. 1 was appointed earlier where other petitioners were appointed in the later year but they need to be adjusted vis-a-vis the respondents appointed in that year as per Rule 8 enumerated as above.

30. Learned counsel for the petitioners has also argued that as per the direction of the Hon'ble High Court, the respondent department was directed to finalize the seniority list as per the rules but they have finalized the seniority list in a haste on 03.1.2015 which was published on their website on 04.1.2015 and same day after four minutes of such uploading, DPC was held and recommendations were forwarded and next date i.e. 5.1.2015 promotion order was issued. It has been argued that the whole exercise was done in so haste, which proves that it was not done in the manner as it appears. This court is of the view that the act of the respondents on Sunday completed in a few minutes by issuing of seniority list, conducting of DPC and completing the whole exercise of promotion was not done in proper manner. The respondents were required to follow the rules and regulations and as well as condition of appointment letters issue by the department, which were totally ignored. Hence, the seniority list as well as promotional exercise by the DPC and issuing of promotion letters, which are on the basis of seniority list challenged therein, deserves to be set aside.

ORDER

The claim petition is allowed. The final seniority list dated 03.1.2015 issued by the respondent no. 2, select list/recommendations of DPC dated 4.1.2015 and the promotion letter/order dated 5.1.2015 issued by the respondent no. 2 are hereby set aside.

*89*

235

The respondent no. 2 is hereby directed to prepare a fresh seniority list according to the Rules and Regulations and as per the observation made above, treating the appointment of the respondents (direct recruits) from the date of their substantive appointment to the cadre, after completion of their training period for the purpose of seniority, within a period of three months from the date of receipt of copy of this order and after publishing the seniority list; the promotional exercise can be taken accordingly as per law. No order as to costs.

JUDGMENT

DATED: NOVEMBER 07, 2017

(Hon'ble Mr. Ram Singh, Vice Chairman (J)

1. The petitioner has prayed for a direction to quash the final seniority list dated 19.10.2013 and promotion letter/order of the respondent No. 5 dated 02.08.2014 issued by the respondent No. 2, with a further direction to restrain respondent no. 2 from promoting Assistant Engineers to the post of Executive Engineers during the pendency of claim petition and any other suitable relief alongwith cost of the petition.
2. The petitioner who was appointed as Junior Engineer (Civil) in Uttarakhand Power Corporation has staked his claim against the respondents on the basis that private respondents, who were directly recruited as Assistant Engineer (Civil) (Trainee) by the respondent no. 2 on 21.06.2008, will get their seniority only after completion of the successful training of one year as Assistant Engineer (Trainee), whereas, in the seniority list issued by the respondent no. 2, they have been assigned the seniority from the date of their joining as Assistant Engineer (Trainee). The petitioner has taken a stand that after completion of training, their appointment will be counted as substantive appointment and they will get seniority only after completion of training as Assistant Engineer (Trainee). According to the petitioner, the service conditions are regulated by the U.P. State Electricity Board Assistant Engineers (Civil) Service Regulations, 1970.
3. The claim has been contested by the respondent department as well as private respondents mainly on the ground that relevant regulations for the post of Assistant Engineers (Civil) is the U.P. State Electricity Board Assistant Engineers (Civil) Service Regulations, 1970

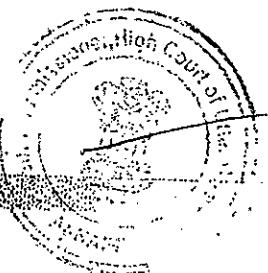

92

238

and the U.P. State Electricity Board Assistant Engineer Regulations, 1970, are not applicable to the Civil Engineers but are applicable to the cadre of Mechanical & Electrical Engineers only and in the relevant regulations for the Civil Engineers, there is no provision of training and the source of recruitment for the Assistant Engineers (Civil) is by way of the direct recruitment as per Appendix-A while the procedure for promotees is laid down in Appendix 'B'. Unlike the Assistant Engineers In Electrical & Mechanical Branch, there is no definition of trained engineer in the Rules and training has not been prescribed under the Rules before any substantive appointment, hence, according to the respondents, the seniority has been fixed as per relevant rules and the petition deserves to be dismissed.

4. The matter was decided once by this Tribunal, but the relevant rules were not submitted by the Corporation before the court and the Hon'ble High court after setting aside the decision has remitted it for fresh hearing.
5. Both the parties as well as interveners' were heard.
6. The petitioner has staked his claim on the basis of Rule 19 of the Uttar Pradesh State Electricity Board Service Engineer Regulations, 1970 which pertains to the cadre of the Electrical & Mechanical wing of Engineers in the Uttarakhand Power Corporation Ltd. The respondents have submitted that for the Engineers in the Civil Branch, separate rules were framed and the same were submitted before the court. The court is of the view that the U.P. State Electricity Board Service Engineers Regulations, 1970 pertains to the Electrical & Mechanical cadre of engineers and the relevant service rules for the Assistant Engineers (Civil) branch is the Uttar Pradesh Electricity Board Assistant Engineer (Civil) Service Regulations, 1970 (hereinafter referred to as the relevant Regulations).

(239)

7. It is an admitted fact that on 01.10.2006, Uttarakhand Power Corporation issued an advertisement for the post of Assistant Engineer (Civil) for the recruitment year 2006-07 and the private respondents appeared for the same. The petitioner, Sanjeev Kumar was promoted as Assistant Engineer (Civil) after getting some relaxation against the promotion quota vacancy in the recruitment year 2008-09.

8. In the relevant Service Regulations of 1970, the source of recruitment has been mentioned in Regulation-5, which reads as under:

*"5. Source of Recruitment:-(1) Recruitment to the Service, In any year, shall be made as follows:-*

- (i) *By direct recruitment in accordance with the rules and procedure, laid down in Appendix 'A'* 65 1/4%
- (ii) *By promotion of Junior Engineers (Civil) in the manner prescribed in Appendix 'B'* 33 1/3%
- (iii) *By promotion from amongst the confirmed and qualified Computers (Selection Grade) (Civil) in the manner prescribed in Appendix 'B'*

It makes clear that unlike the source of recruitment of Electrical & Mechanical Engineers, relevant Regulations, 1970 for Civil Engineers provides for direct recruitment in accordance with the procedure in Appendix 'A' upto 65 1/4% of the posts. Whereas, in the concerned Regulations of 1970, for Electrical & Mechanical Engineers, the word 'direct recruitment' has not been used and their source of recruitment is from amongst the trained engineers. For Civil Engineers, there is no definition for trained engineers in the rules. It makes a basic difference between two rules.

9. The court is of the view that the relevant Regulations for the post of Assistant Engineer (Civil) to which the petitioner belongs is the Uttar

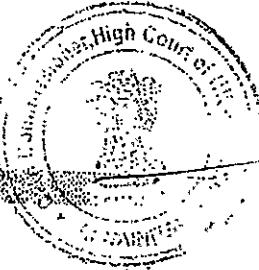

290

94

Pradesh Electricity Board Assistant Engineer (Civil) Service Regulations, 1970 and its Regulation 18, provides for seniority in service and it says that the seniority shall be determined according to the date of appointment in a substantive vacancy in the cadre of the Service. The rules prescribes the direct recruitment for the post of Assistant Engineer and neither there is provision of training in the rules nor there is any definition of any trained engineers unlike the Regulations of Assistant Engineers for the Electrical & Mechanical Branch. It reveals that the private respondents were substantively appointed through direct recruitment quota posts on 30.04.2008 during the selection year 2007-08.

10. To determine the seniority, the said Regulation 18 lays down the procedure for determination of seniority and 4<sup>th</sup> proviso provides that between the candidates who are appointed by direct recruitment and who are recruited by promotion in the same year, the seniority shall be determined in the order in which their names are arranged in the Combined waiting list, prepared under Regulation 15.
11. Regulation 18 further provides that if, in any year, it has not been possible to prepare the Combined Waiting List due to late selection either from J.E. (C) or from Computer (S.G) (Civil) or from outside or due to any other unavoidable reason, the names in the gradation list shall be arranged in the same order in due course in respect of the vacancies allotted to each of the categories of candidates in that particular year, as in the Combined Waiting List, and seniority determined accordingly. This rule provides that in any year recruitment for a particular source fall short of the number of vacancies then the names in the gradation list shall be arranged in the same order in due course in respect of the vacancies allotted to each of the categories of candidates in that particular year, for determining of vacancies.

(241)

95

12. In the present case, private respondents were appointed against the vacancies of 2006-07 pursuant to the order dated 30.04.2008 while the claim petitioner was promoted as Assistant Engineer (Civil) with one time relaxation on 30.04.2009 against the promotion quota. The petitioner has also argued that the Regulations, 1998 shall be applied for determination of seniority. Although, this Regulation 18 of the relevant Regulations was not amended by the Regulation of 1998 like the amendment in Regulation 19 of the Regulation concerning to Electrical & Mechanical Engineers. However, Rule 3 of the 1998 Regulation provides that Regulation 1998 will have overriding effect upto the inconsistency of earlier Regulations. Whereas in the present case, 1970 Regulations of Civil Engineers are not inconsistent with 1998 Regulations. Even if 1998 Regulations are applied for determination of the seniority, it makes no difference because as per proviso-II of Rule 8 (III) where appointments from any one source fall short of the prescribed quota and appointment against such unfilled vacancies are made in subsequent year or years, the persons so appointed shall not get seniority of any earlier year but shall get the seniority of the year in which their appointments are made, so however, that their names shall be placed at the top followed by the names, in the cyclic order of the other appointees. Hence, according to Regulation of 1998, if the persons appointed against their quota in the later year, they will get their seniority, not from the year of vacancies but from the year of substantive appointment vis-à-vis other appointees of that year, but they will rank en block senior to other. This is the law position set out by the Rules.

13. The petitioner has also argued that the appointment to the private respondents can be given only after training and their appointments were made so by the different appointment order. Learned counsel for the private respondents has argued that in the relevant

(242)

96

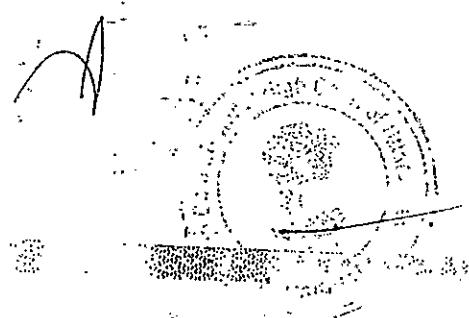

Regulations neither there is provision of training nor there is any such provision which makes it clear that after direct recruitment, their appointment will not be made in the department unless training is completed, hence, training will make no difference. The respondents have argued that the matter of Assistant Engineer (Civil) cannot be governed by the Regulations applicable to the Assistant Engineers (Electrical & Mechanical) branch, in which for the source of recruitment, it is clearly mentioned that the appointment shall be made from the trained engineers and the training is must for them. We agree with the argument of the respondents because of the reasons that in the relevant Regulations, the recruitment of service as per Regulation 5(1)(i) of the relevant Rules, which reads as under:

*"5. Source of Recruitment:- (1) Recruitment to the Service, in any year, shall be made as follows: (i) By direct recruitment in accordance with the rules and procedure laid down in Appendix 'A' 65½%.*

*(ii).....".*

In the Rules of Electrical & Mechanical Engineers, the source of recruitment is from amongst the trained engineers.

14. This court is of the view that for the Engineers in the Civil branch, training is not must as per the relevant Regulations. Appendix-'A' to the U.P. State Electricity Board Assistant Engineers (Civil) Service Regulations, 1970, lays down the procedure of direct recruitment but does not prescribe any type of training nor any precondition of completion of training before the appointment to the cadre of service. Appendix-'B' lays down the procedure for promotion and Regulation 15 lays down the manner in which the list of direct recruits and promotees selection during one selection year shall be maintained according to which the appointment shall be made and

(243)

97

no provision for training is mentioned. Learned counsel for the private respondents have also argued that the Civil Engineers are concerned with construction activities etc, therefore, training for civil engineers cannot be a pre-condition apart from the rules and after appointment of the private respondents, they were posted in the field and performed all the duties as regular Assistant Engineer. The respondents have also argued that the petitioner has no locus standi to challenge the appointment of direct recruits particularly when the petitioner was appointed on promotion against the subsequent year vacancies accrued in 2008-09. Whereas, the private respondents were appointed by direct recruitment on 30.04.2008 against the vacancies of previous year before the petitioner.

15. The court is of the view that the claim petitioner was promoted against the vacancies of 2008-09 and was promoted in the last of selection year 2008-09 and cannot claim seniority over the private respondents. It has also been contended that the corporation had issued a final seniority list on 19.10.2013 in which claimant was not included, as the said seniority list was in respect of Assistant Engineers (Civil) appointed upto selection year 2007-08. The petitioner was promoted in the selection year 2008-09, and there is no occasion for him to challenge the seniority list dated 19.10.2013, in which his name was not included.

16. This Court is of the view that when the petitioner was appointed through promotion against the vacancies of later year, he cannot claim seniority against the private respondents who were recruited against the vacancies of earlier year and even before the appointment of the petitioner. Even if the petitioner was appointed before the private respondents in the same year but private respondents who were appointed against the vacancies of previous year, will rank en bloc senior to the petitioner as per the rules. In these circumstances, the contention of the petitioner is not

**COMMON JUDGMENT** : (per Hon'ble The Chief Justice Ms. Ritu Bahri)

This order shall dispose of above mentioned 07 cases, as common questions of facts and law are involved in them.

2. By means of the present Writ Petitions, the petitioners are challenging the judgment and order dated 07.11.2017 passed by the Uttarakhand Public Services Tribunal, Bench at Nainital, whereby the Claim Petition of private contesting respondents, i.e. Claim Petition No.

01/NB/DB/2015, has been allowed, and the final seniority list, issued on 03.01.2015, as well as the select list/

recommendations of the DPC dated 04.01.2015, and the promotion letter/ order dated 05.01.2015, whereby the proforma respondents were promoted to the post of Executive Engineer, have been quashed, and set-aside. Further, the Tribunal directed the respondent in said Claim Petition to prepare a fresh seniority list according to the Rules and Regulations, and as per the observations made by the Tribunal by treating the appointment of the respondents (direct recruits) from the date of their substantive appointment to the cadre, after completion of their training period for the purpose of seniority.

3. The brief facts are that the U.P. State Electricity Board, in order to provide and regulate the recruitment and service conditions of the Assistant Engineers, framed and enforced 'the Uttar Pradesh State Electricity Board Services of Engineers Regulations, 1970' (hereinafter to be referred as "*the 1970 Regulations*"). The 1970 Regulations stood amended, to the extent of repugnancy only, by Regulations, namely U.P. State-Electricity Board Servants' Seniority Regulations, 1998, which were issued by the U.P. State Electricity Board.

249

4. Thereafter, the State of Uttarakhand was created on 09<sup>th</sup> November 2000. Consequent upon the creation of the State, Uttaranchal Power Corporation Ltd. (now renamed as "Uttarakhand Power Corporation Ltd.) (hereinafter to be referred as "UPCL"), was incorporated under the Companies Act, 1956 on February 12, 2001. UPCL has been entrusted to cater to the Transmission & Distribution Sectors inherited after the de-merger from U.P. Power Corporation Ltd., the erstwhile U.P.S.E.B since 01<sup>st</sup> April 2001. The Electricity Act, 2003 mandated the separation of Transmission functions under Power Sector Reforms. On 1st June 2004, the Power Transmission Corporation Limited (PTCUL) was formed to maintain & operate 132 KV & above Transmission Lines & substations in the State, and is a separate entity.

5. On 01.10.2006, UPCL issued an advertisement in all leading newspapers, inviting applications from eligible persons, for appointment to the post of Assistant Engineer (E&M). The upper age limit for applying, pursuant to the said advertisement, was 40 years as on 01.07.2006. By the said advertisement 37 vacancies of Assistant Engineer (E&M) were advertised. The

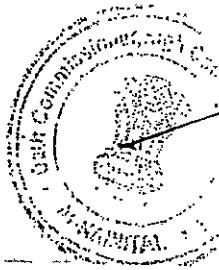

250

advertised vacancies were for the recruitment year 2006-07.

6. Respondent nos. 10 to 35 possess B.E. and B.Tech. degree, therefore, they all were eligible for appointment to the post of Assistant Engineer (E&M), as per the advertisement. After short-listing, admit cards were issued to eligible candidates, and on the strength of such admit cards, the proforma private respondents participated in the written examination, which was held on 31.12.2006. Those candidates, who qualified the written examination, were called for interview, and all the proforma respondents appeared before the Interview Board. On the recommendation of the Selection Committee, the competent authority appointed respondent nos. 10 to 29 as Assistant Engineer (E&M) for the selection year 2007-08. Pursuant to issuance of the appointment letters, respondent nos. 10 to 29 joined their duties as Assistant Engineer (Trainee) in UPCL up to June 2008. Respondent nos. 30 to 33 joined on the post of Assistant Engineer (Trainee) up to December 2008. The appointment letter was issued to the respondents nos. 34 and 35 in February, 2009. Respondents no. 34

251

joined in May, 2009 and respondent no. 35 joined in April, 2009 respectively at UPCL on their respective posts.

7. After examination, a list, in the order of merit, was prepared, and the successful candidates were offered to join as Assistant Engineer (Trainee). Here, it is relevant to state that the list of the successful candidates, so prepared, contained names of those candidates also, who were offered appointment, and were recruited, after the candidates placed at higher position in the list had not joined as Assistant Engineer (Trainee). It is worthwhile to mention that such candidates, who were in waiting-list, were offered appointment on the posts within one year from the date of publication of the result of the examination of recruitment process.

8. Thereafter, the petitioners in the Claim Petition were promoted on the post of Assistant Engineer (Electrical & Mechanical) in the year 2007-08 & 2008-09. The other private respondents were appointed on the post of Assistant Engineer in the year 2008-09, after selection and completion of training against the vacancies 2006-07. The respondent-department issued a combined seniority list of the cadre of Assistant Engineers

252

(Electrical & Mechanical), in which respondents nos. 3 to 22 were given seniority right from the date when they joined the services as Trainee after their selection on the basis of advertisement. The petitioners in the claim petition have challenged their seniority on the ground that their substantive appointment cannot be treated from the date of their induction as Trainees, but from the date of their substantive appointment in the cadre by the department, after completion of their training.

9. The Uttarakhand Public Services Tribunal has allowed the Claim Petition, and had set-aside the seniority list issued on 03.01.2015, and recommendation of the DPC dated 04.01.2015, and the promotion letter/order dated 05.01.2015, whereby the directly recruited Assistant Engineers have been given promotion on the post of Executive Engineer by treating them senior from the date of their joining the department. The Tribunal has held that these directly recruited Assistant Engineers can be given seniority from the date they have finished their training, and not from the date they joined after regular selection process.

11. Counsel for the petitioners in the present case has argued that the State of Uttarakhand was created on 09.11.2000, and, thereafter, Uttaranchal Power Corporation Ltd., now renamed as Uttarakhand Power Corporation Ltd., was incorporated under the Companies Act, 1956 on 12.02.2001. It is their specific case that for the purpose of regulating the recruitment and service conditions, the State of Uttarakhand has adopted the Uttar Pradesh State Electricity Board Services of Engineers Regulations, 1970, which were subsequently amended by Regulations, namely U.P. State Electricity Board Servant Seniority Regulations 1998 issued by the U.P. State Electricity Board. Hence, for the purpose of recruitment and seniority, the above-said Regulations are being applied till date, and reference can now be made to the above-said Regulations, with respect to seniority.

12. Reference again can be made to the Notification (Annexure No. 4) dated 31.03.2001 issued by the Managing Director of the Corporation, after creation of the State of Uttarakhand, wherein it is stated that till new Regulations are formulated, they will follow the Uttar Pradesh Power Corporation Regulations. This notification

254

has been issued until the new Regulations are made after the creation of the State of Uttarakhand, and the Regulations of the Uttar Pradesh Power Corporation shall be followed till then. Subsequently, another notification has also been placed on record by the Uttaranchal Power Corporation Ltd. - Annexure No. 5 dated 05.12.2001, whereby it has been clarified that no Rules and Regulations of the Uttar Pradesh Power Corporation enforced after 01.11.2001 will be applicable unless and until such Rules and Regulations are made applicable by the Corporation:

13. A reading of both the office memorandums dated 31.03.2001 – Annexure No. 4 and 05.12.2001 – Annexure No. 5 makes it abundantly clear that initially, vide office memorandum dated 31.03.2001 - Annexure No. 4, a conscious decision has been taken that unless new Regulations are framed the old Regulations of the U.P. Power Corporation will be applicable, and since this letter had already been issued, then as per the office memorandum dated 05.12.2001, it has again been said that the U.P. Power Corporation Regulations will not be enforced unless and until they are made applicable by the Corporation, and the Office Memorandum dated

255

31.03.2001 - Annexure No. 4 has been issued, and would be applicable till the new Regulations are made by the Uttarakhand Power Corporation. Till date, no new Regulations have been framed with regard to recruitment, and seniority of the employees of the Uttarakhand Power Corporation.

14. Hence, taking the office memorandum dated 31.03.2001 - Annexure No. 4 issued by the Managing Director for all intents and purposes, the rule of seniority, as per the 1970 Regulations, amended in 1998, have to be applied. The moment new Regulations come, the UP Regulations will not be applicable.

15. Now for the purpose of regulating determination of seniority, as per the provisions of 1970 Regulations and 1998 Regulations, the rule of seniority, as per 1970 regulations is as under. For the purpose of these Writ Petitions, Rule 19 deals with seniority, which reads as under:

**"19. Seniority.**

*The seniority of officers on their appointment to the service shall be determined according to the date of the order of appointment to a particular post in the cadres of the service;*

*Provided firstly that if two or more candidates are appointed on the same date, their seniority inter se shall be determined according to the order in which*

256

*their names appear in the orders of appointment issued by the Appointing Authority, or in other words, the order in which their names are placed in the 'Select List' or 'Combined Waiting List', as the case may be;*

*Provided secondly that the Appointing Authority may direct that an officer whose period of probation is extended for failure to prove his fitness for confirmation be placed in the seniority list next below the last confirmed member;*

*Provided thirdly that the relative seniority of members of the Service who are appointed by direct recruitment shall be in accordance with the order of preference in which they are placed by the Selection Committee at the time of selection, as approved by the Appointing Authority;*

*Provided fourthly that as between candidates who are appointed by direct recruitment and who are recruited by promotion in the same year, the seniority shall be determined in the order in which their names are arranged in the combined waiting list prepared under Regulation 15, provided that if in any year, it has not been possible to prepare the combined waiting list due to late selection either from Junior Engineers Service or from Computers (Selection Grade) or found outside or due to any other unavoidable reasons, the names in the gradation list shall be arranged in the same order in due course in respect of the vacancies allotted to each of the categories of candidates in that particular year, as in the combined waiting list and the seniority determined accordingly;*

*Provided fifthly, that the inter se seniority of Government Officers absorbed in the service of the Board, while officiating in any cadre of the Board's service, shall be the same as on the post held by them in the Government in a permanent/substantive capacity and in the case of those officers who were not permanent on any post at the time of absorption shall be the same as on the lower post held by them after regular selection in an officiating capacity."*

16. As far as the recruitment made in the year 2007-08 & 2008-09 of the Assistant Engineers is concerned, nobody is disputing the fact that the process of selection was made as per the advertisement, and

(252)

appointment was made as per the merit list prepared by the Recruitment Agency. With respect to fixation of seniority, Rule 19 is to be applied, and as per Rule 19, referred to above, the seniority of the officers has to be determined as per the date of order of appointment to a particular post in the cadre of the service. Hence, for all intents and purposes, after selection, when the Assistant Engineers joined the post to the cadre of the service, their seniority has to be determined from that date, and after joining if they are sent on training, that period is to be taken as part of their service after joining.

17. Similar is the provision of Rule 8 of the Regulations of 1998 relating to seniority, which is reproduced as under :-

**“8. In that condition seniority should be determined when appointments are made from promotions and direct recruitment.**

(1) Where according to the service regulations appointments, promotion and direct recruitment are to be done in both the ways, at that place the seniority of the persons appointed in this way will be determined under the provisions of the following sub Rule from the date of order of their basic appointment and if two or more persons are appointed together, then in that sequence it will be determined, in which their names have been kept in the order of appointment.

Restriction is this that if in the order of appointment any such specific prior date is specified by which any person is appointed basically, then when that date will be considered as the date of appointment, the date or order of

✓

258

the basic appointment and in other matters its meaning will be date of issuing order.

The further restriction is this that any candidate recruited directly may lose his seniority if on the proposal of any vacant post given to him, he fails in assuming charge without legal reasons. Regarding the legal acceptance of the reasons, the decision of the appointing authority will be final.

(2) Due to any one selection:

(a) The inter se seniority of persons appointed directly will be the same as it has been shown in the merit list prepared by the commission of committee as it is.

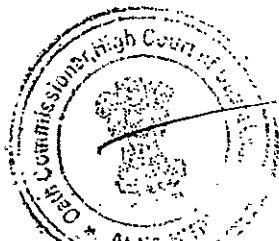

(b) The inter se-seniority of the appointment persons by promotion will be the same which according to this situation that the promotion is done from the single feeder cadre or from many feeder cadres. According to the principles given in the regulation 6 or regulation 7, as it is, may be determined.

(3) Where due to any selection the appointments are made in both the ways by promotion and by direct recruitment, at that place seniority of the promoted persons vis-à-vis a seniority of the persons recruited directly, so far it is possible according to the prescribed quota for both the sources in sequence of turns. Place will be of the promoted persons will be determined.

**As for example -**

(1) Where there is a quota of promoted persons and of the persons directly recruited is in the proportion of 1:1 at that place the seniority will of the following sequence :-

<i>1<sup>st</sup></i>	- promoted person
<i>2<sup>nd</sup></i>	- the person directly recruited and in this way further also

✓

259

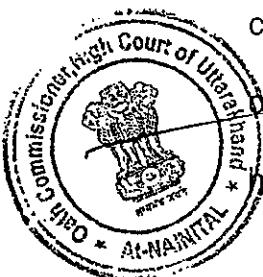

(2) Where the said quota is in proportion of 1:3 at that place the seniority will be in the following sequence :-

$1^{st}$ $2^{nd}$ to $4^{th}$ $5^{th}$ $6^{th}$ to $8^{th}$	<ul style="list-style-type: none"> <li>- <i>Promoted person</i></li> <li>- <i>persons directly appointed</i></li> <li>- <i>promoted persons</i></li> <li>- <i>directly recruited persons</i>  <i>and this way further also</i></li> </ul>
--	---

*Restriction is that :-*

- (1) *Where from any source appointment are made more than the prescribed quota, at that place for the seniority of the persons appointed more than the quota for those subsequent year or years will be increased, in which are vacancies according to quota.*
- (2) *Where the appointments from any source are less than the prescribed quota and against such unfilled vacancies, the appointments are made in the subsequent year or years then the persons appointed in this way will not get seniority of any previous years but they will get seniority of that year, in which their appointments are made, but their names will be kept at the top, after which the names of other appointed persons will be kept in sequence of turn.*
- (3) *Where according to the service Regulations in the circumstance mentioned in the relevant service regulations, the vacancies without being filled from any source may be filled from other source and appointments should be made more than the quota, at that place the person appointed in this way will get the seniority of that every year as if they are appointed against the vacancies of their quota."*

18. At this stage, the only dispute in the present case is with respect to the seniority, whether the period of training is to be counted as part of service. This issue has already come up before the Hon'ble Supreme Court in

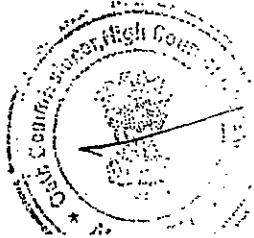

260

*Union of India and others etc. v. S.D. Gupta and others, AIR 1996 SC 3325.* In the said case, the Hon'ble Supreme Court was examining the question of seniority of direct recruits vis-à-vis the promotees. As far as the direct recruits were concerned, the Hon'ble Supreme Court observed that even if a person is appointed by way of direct recruitment on *ad hoc* basis, he will be confirmed after probation, however, he becomes part of the service cadre on the date of his initial appointment, and if a promotee is given promotion on the basis of rota quota of vacancies, where in a cadre 40% quota is to be filled by promotees, and 60% quota by way of direct recruits, the promotees, who are given promotion against their quota post, cannot be made junior to a direct recruit, even if the vacancy of direct recruit arose before their promotion. The direct recruit becomes part of the cadre only after appointment.

19. The Hon'ble Supreme Court, thereafter, in the year 2021 in the case of *Muzeeb Burrahman & Ors. v. U.P. Power Corporation Ltd. & Ors., (Civil Appeal Nos. 5646-5647 of 2021)* was examining the same Regulations of 1970 & 1998. While examining the U.P. Power Corporation Regulations, which are relevant in the

261

present case also, the Supreme Court held that a person appointed against a clear substantive vacancy in the direct recruit quota can legitimately claim to be born in the cadre from the date of his initial appointment and not after completion of training or probation. The Hon'ble Supreme Court observed as under :

*"This Court is of the opinion that the conclusions recorded by the High Court reflect the correct position of the Rules. A person appointed against a clear substantive vacancy in the direct recruit quota, under the existing Rules, can legitimately claim to be born in the cadre from the date of his initial appointment and not after completion of training or probation."*

20. Since, in the facts of the present case, as per the Office Memorandum dated 31.03.2001 - Annexure 4, till the new regulations were framed, the Uttarakhand Power Corporation Ltd. was to follow the Regulations of 1970 and 1998 of the U.P. Power Corporation Ltd. for the purpose of recruitment and fixation of seniority. It is not the case of the respondents that any new Regulations have been framed by the Uttarakhand Power Corporation Ltd. Hence, for all intents and purposes, as per the Office Memorandum dated 31.03.2001, the seniority Rules of the U.P. Power Corporation Ltd., i.e. the 1970 Regulations and 1998 Regulations, have to be followed, and the Rule 19, which is Rule 19 reproduced above, is very

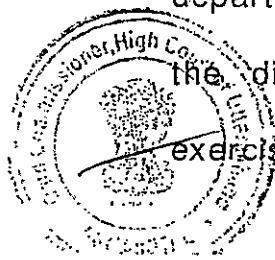

262

clear that the seniority has to be fixed from the date a selected candidate joins on the post. Hence, for all intents and purposes, the training period cannot be deleted once an Assistant Engineer, after due selection process, has joined the cadre.

21. Another fact, which can be highlighted, is that even if during service any employee is sent for further training, that period cannot be deleted from his seniority. It is part of his service, and at the initial stage if he is given training, or even after ten years he is sent for training, that period of training has to be part of his regular service record.

22. In view of the above discussion, the present Writ Petitions are being allowed. The order of the Tribunal is being set-aside. A direction is being given to the Uttarakhand Power Corporation Ltd. to fix the seniority after giving the benefit of seniority to all the Assistant Engineers, who joined in the year 2006-07, 2007-08 & 2008-09 from the date of their joining the department, and keeping in view the rota quota between the direct recruits and the promotees. The entire exercise shall be completed with a period of eight weeks

262

263

from the date of production of a certified copy of this judgment.

23. Pending application(s), if any, also stand disposed of accordingly.

### Hon'ble Ravindra Maithani, J.

The instant petition was decided on 27.06.2024. In para 22 of the judgment, the Court passed the final directions. It reads as follows:-

"22. In view of the above discussion, the present Writ Petitions are being allowed. The order of the Tribunal is being set-aside. A direction is being given to the Uttarakhand Power Corporation Ltd. to fix the seniority after giving the benefit of seniority to all the Assistant Engineers, who joined in the year 2006-07, 2007-08 & 2008-09 from the date of their joining the department, and keeping in view the rota quota between the direct recruits and the promotes. The entire exercise shall be completed with a period of eight weeks from the date of production of a certified copy of this judgment."

2. Now, the respondent nos. 17, 19 and 22 have filed a clarification application (MCC No. 19229 of 2024), by which modification is sought in para 18 of the judgment dated 27.06.2024.

266

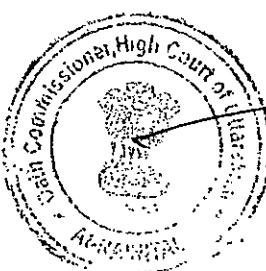

3. The petitioner has also filed clarification application (MCC No. 12930 of 2024). In para 4 of the clarification application, the petitioner writes that "**Thus, from what has been stated hereinabove a reasonable and genuine confusion has arisen – As to whether for application of rota-quota the Corporation has to take into consideration the date when Recruitment Process had commenced or the Date of Joining of the concerned incumbent?**" While raising its concern, the petitioner has referred to paras 18, 20 and 22 of the judgment dated 27.06.2024.

4. Heard learned counsel for the parties and perused the record.

5. Learned counsel for the petitioner would submit that insofar as the seniority is concerned, it may not be difficult to determine pursuant to the judgment dated 27.06.2024, but insofar as *rota quota* is concerned, there is some confusion by virtue of observations made in para 18 of the judgment, therefore, clarification is required.

6. Learned Senior Counsel for the respondent nos. 17, 19 and 22 would submit that in para 18 of the judgment dated 27.06.2024, this Court has made reference to the judgment in the case of Union of India and others, etc. v. S.D. Gupta and others, AIR 1996 SC 3325, but some observations are beyond as to what has been held in the case of S.D. Gupta (*supra*), particularly while fixing the *rota quota*.

7. Learned counsel for the respondent no. 6 would submit that there is no confusion as such. He would submit that a short point had fallen for consideration in the instant writ petition i.e. as to

(267)

whether the period of training has to be counted as part of service or not? He would submit that so far as question of *rota quota* is concerned, it would be fixed in accordance with statutory rules/regulations.

8. Learned counsel for respondent nos. 1 to 8 would submit that no clarification as such is required.

9. In para 18 of the judgment dated 27.06.2024, this Court has referred to the judgment in the case of S.D. Gupta (*supra*) and observed as follows:-

“18. At this stage, the only dispute in the present case is with respect to the seniority, whether the period of training is to be counted as part of service. This issue has already come up before the Hon'ble Supreme Court in Union of India and others etc. v. S.D. Gupta and others, AIR 1996 SC 3325. In the said case, the Hon'ble Supreme Court was examining the question of seniority of direct recruits vis-à-vis the promotes. As far as the direct recruits were concerned, the Hon'ble Supreme Court observed that even if a person is appointed by way of direct recruitment on *ad hoc* basis, he will be confirmed after probation, however, he become part of the service cadre on the date of his initial appointment, and if a promote is given promotion on the basis of rota quota of vacancies, where in a cadre 40% quota is to be filled by promotes, and 60% quota by way of direct recruits, the promotes, who are given promotion against their quota post, cannot be made junior to a direct recruit, even if the vacancy of direct recruit arose before their promotion. The direct recruit becomes part of the cadre only after appointment.”

10. Learned Senior Counsel appearing for the respondent nos. 17, 19 & 22 would submit that the observation of the Court in para 18 of the judgment that “where in a cadre 40% quota is to be filled by promotes, and 60% quota by way of direct recruits, the promotes, who are given promotion against their quota post,

268

cannot be made junior to a direct recruit" is creating confusion. He would submit that *rota quota* is to be made applicable as per statutory rules. He would also submit that the observation in the case of S.D. Gupta (*supra*) was on different aspect. Such observation was not made in the case of S.D. Gupta (*supra*).

11. This Court had in clear terms given direction as to what this Court has decided and this has been so stated in para 22 of the judgment. With regard to *rota quota* as such no direction has been made. The Court has simply stated "...and keeping in view the *rota quota* between the direct recruits and the promotees".

12. This Court only intends to clarify that *rota quota* shall be given in accordance with the existing statutory rules/regulations.

13. Clarification applications stand disposed of accordingly.

**A. The Committee first of all took on record the brief of factual position of the matter in chronological order as under:**

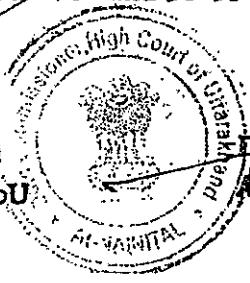

A seniority list was issued by UPCL on 03.01.2015. Shri B M Bhatt filed claim petition no. 01/NB/DB/2015 before PST Nainital challenging seniority list dated: 03.01.2015. PST vide order dated 07.11.2017 set aside the final seniority list dated 03.01.2015 and directed UPCL to prepare fresh seniority list based on completion of training period of direct recruits. The order of PST was challenged by UPCL before Hon'ble High Court of Uttarakhand, Nainital (WPSB 579/2017). The Hon'ble High Court passed interim order dated 13.12.2017 staying PST Order dated 07.11.2017 and directing for preparation of seniority list as per PST order and submit in sealed cover. The Seniority list was submitted by UPCL in the sealed cover on 14.03.2018 before the Court. The Hon'ble High Court vide order dated 27-06-2024 decided the case. Thereafter, the UPCL filed a clarification application regarding application of rota quota. The Hon'ble High Court vide order dated 14-02-2025 disposed off the clarification application with the directions mentioned herein below

**B. Apart from above factual position, the following important facts were also taken on record:**

- i. the Hon'ble High Court has directed to fix the Inter-se Seniority of the year 2006-07, 2007-08 and 2008-09.
- ii. From the perusal of the record it was ascertained that neither direct recruitment nor any promotions have been made in the year 2006-07.
- iii. For the year 2007-08, the seniority list between the direct recruits and the promotees is primarily settled. Although six direct recruits are from the waiting list of the vacancy advertised in 2006-07 and joined subsequently in year 2008-09 in addition of 18 of original selected list who joined in 2007-8. The year of selection of these 6 is also to be decided.
- iv. For the year 2008-09, the advertisement for the direct recruitment was published in Feb 2009, select list of 55 candidates was issued on 07.12.2009 against which 39 Assistant Engineers joined UPCL in December 2009 and onwards. In the year 2008-09 total 56 Junior Engineers were promoted to the position of Assistant Engineers as per quota vide DPC dated 19-11-2008 and 30-06-2009.

The Committee reviewed, examined and deliberated on the respective prevailing rules and regulations pertaining to the subject issue which are as under:

1. Uttar Pradesh State Electricity Board Services of Engineers Regulations, 1970

Rule 15

*Combined Waiting List For Assistant Engineers*

*A combined waiting list will be prepared on the basis of the list received under Rule 6 of Appendix 'B' and the 'Select List' referred to in Rule 7 of Appendix 'C' by taking candidates in such a manner that every 1st and 4th vacancy is filled by a promoted officer (J. E. or Computer as the case may be) and the remaining vacancies are filled by Trained Engineer.*

Rule 19

Seniority.....

*"Provided fourthly that as between candidates who are appointed by direct recruitment and who are recruited by promotion in the same year, the seniority shall be determined in the order in which their names are arranged in the combined waiting list prepared under Regulation 15, provided that if in any year, it has not been possible to prepare the combined waiting list due to late selection either from Junior Engineers Service or from Computers (Selection Grade) or found outside or due to any other unavoidable reasons, the names in the gradation list shall be arranged in the same order in due course in respect of the vacancies allotted to each of the categories of candidates in that particular year, as in the combined waiting list and the seniority determined accordingly;"*

2. U.P. State Electricity Board Servant Seniority Regulations 1998

Rule 8(3)

Where due to any selection the appointments are made in both the ways by promotion and by direct recruitment, at that place seniority of the promoted persons vis-à-vis a seniority of the persons recruited directly, so far it is possible according to the prescribed quota for both the sources in sequence of turns. Place will be of the promoted persons will be determined.

As for example -

(1) Where there is a quota of promoted persons and of the persons directly recruited is in the proportion of 1:1 at that place the seniority will of the following sequence:-

1<sup>st</sup> - promoted person

2<sup>nd</sup> - the person directly recruited and in this way further also

(2) Where the said quota is in proportion of 1: 3 at that place the seniority will be in the following sequence : -

1st - Promoted person

2nd to 4th - persons directly appointed

5th - promoted persons

6th to 8th - directly recruited persons and this way further also

*Restriction is that : -*

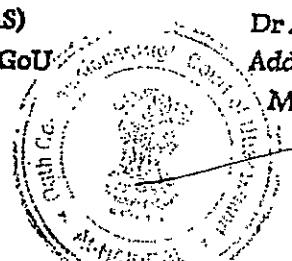

(1) Where from any source appointment are made more than the prescribed quota, at that place for the seniority of the persons appointed more than the quota for those subsequent year or years will be increased, in which are vacancies according to quota.

(2) Where the appointments from any source are less than the prescribed quota and against such unfilled vacancies, the appointments are made in the subsequent year or years then the persons appointed in this way will not get seniority of any previous years but they will get seniority of that year, in which their appointments are made, but their names will be kept at the top, after which the names of other appointed persons will be kept in sequence of turn

(3) Where according to the service Regulations in the circumstance mentioned in the relevant service regulations, the vacancies without being filled from any source may be filled from other source and appointments should be made more than the quota, at that place the person appointed in this way will get the seniority of that every year as if they are appointed against the vacancies of their quota."

The Committee also perused the order of Hon'ble High Court dated 27.06.2024 and 14.02.2025. The following extracts of the orders were deliberated and taken on record:

I. Hon'ble High Court of Uttarakhand Judgment dated 27-06-2024:

*"In view of the above discussion, the present Writ Petitions are being allowed. The order of the Tribunal is being set-aside. A direction is being given to the Uttarakhand Power Corporation Ltd. to fix the seniority after giving the benefit of seniority to all the Assistant Engineers, who joined in the year 2006-07, 2007-08 & 2008-09 from the date of their joining the department, and keeping in view the rota quota between the direct recruits and the promotes"*

II. Hon'ble High Court of Uttarakhand Order dated 14-02-2025:-

*".....This Court had in clear terms given direction as to what this Court has decided and this has been so stated in para 22 of the judgment. With regard to rota quota as such no direction has been made. The Court has simply stated "...and keeping in view the rota quota between the direct recruits and the promotees".*

*This Court only intends to clarify that rota quota shall be given in accordance with the existing statutory rules/regulations. Clarification applications stand disposed of accordingly."*

The Committee also reviewed the OM No 2646 dated 30-06-2016 of Uttar Pradesh Power Corporation Ltd wherein it is categorically stipulated that the promotees who were given promotion vide the aforesaid OM their Seniority of the year 2015-16 shall be amalgamated with the direct Recruits whose Advertisement has been published in year 2016 and their recruitment process is ongoing. The Committee also recorded its observation that the regulations are same in UPCL and UPPCL.

C. After detailed deliberations on regulations, orders and all related facts and aspects, the Committee summarised the provisions as under:

- i. The regulation of 1970 in the rule 15 provides for the Combined Waiting List For Assistant Engineers selected from both the sources.

- ii. That Rule 19 proviso 4 states that combined waiting list to be prepared for determination of the inter-se seniority between direct recruits and promotees.
- iii. Proviso 4 of rule 19 further states that in case combined list as mentioned in Rule 15 is not prepared for any reason then the names in the gradation list shall be arranged in the same order in due course in respect of the vacancies allotted to each of the categories of candidates in that particular year, as in the combined waiting list and the seniority determined accordingly.
- iv. Further rule 8(3) of 1998 regulation provides that where due to any selection the appointments are made in both the ways by promotion and by direct recruitment, at that place seniority of the promoted persons vis-à-vis a seniority of the persons recruited directly, so far it is possible according to the prescribed quota for both the sources in sequence of turns.

**D. Based on review of above factual position and provisions and orders, the findings of the Committee are as under:**

- i. That a combined waiting list is to be prepared and accordingly the seniority shall be determined. Further rule 8(3) provides for the rotation of the quota which is 1:1 in the UPCL. This means that the inter-se seniority of the direct recruits and promotees is to be prepared keeping promotee at first place and direct recruit at second place, then again promotee at third place and direct recruit at fourth place and so on so far it is possible according to the prescribed quota for both the sources in sequence of turns.
- ii. The issue for the year 2006-07 is already settled since neither promotions nor direct recruitment happened in the year.
- iii. So far as Year 2007-08 is concerned six candidate against the vacancy published in 2006-07 were recruited from the waiting list and joined in 2008-09 therefore they should be placed *en bloc* at bottom of the Seniority list of 2007-08.
- iv. So far as the year 2008-09 is concerned, the point noted is that combined list which was ought to be prepared as per Rule 15 read with proviso 4 of Rule 19 was not prepared. As per proviso 4 when the same is not prepared for any reason then the names in the

graduation list shall be arranged in the same order in due course in respect of the vacancies allotted to each of the categories of candidates in that particular year, as in the combined waiting list and the seniority determined accordingly.

236

v. That 56 promotions from JEs to AEs were made in year 2008-09 and 39 direct recruits (out of 55 in select list) joined in December 2009 and onwards against the vacancy of 68 as published in advertisement in February 2009. The said 39 direct recruits are to be given inter-se Seniority for the year 2008-09 with the promotees of 2008-09 based on the selection process which had been initiated in the selection year 2008-09. The position of the seniority list of direct recruits and the promotees will be ascertained as per the rule 8(3) of the 1998 regulations that is 1:1 where 1st will be promotee then 2nd will be direct recruit then 3rd again promotee and 4<sup>th</sup> direct recruit and so on.

## **E. Conclusion**

Based on the above factual position, review of provisions & Court Orders, deliberations and findings, the Committee unanimously is of the view as under:

- (1) The inter-se seniority list for the 2006-07 remains nil due to no selection for the post of Assistant Engineers from both the sources.
- (2) The inter-se seniority list for the year 2007-08 stands already settled, although the six candidates of the waiting list who joined in the year 2008-09 should be en bloc placed at the bottom of the seniority list of 2007-08.
- (3) Regarding the inter-se seniority list for the year 2008-09, the Seniority List shall be made in such a manner that direct recruits against the advertisement of the February 2009 who joined in December 2009 and onwards will be amalgamated with the promotees of the year 2008-09 by applying rota quota of 1:1 as envisaged in the Rule 8(3) of 1998 regulations.
