Department of Environment, Forest & Climate Change

Forest Management Information System(FMIS)

Objectives:

Forest management Information System is a micro-level approach of managing the forest plantations, nurseries, welfare schemes covered under Joint Forest Management, forest offences, wildlife activities, Human Resource Management System and Eco-Tourism Development in the state through ICT use of integrated web, GIS and mobile technologies.

Scope of Implementation:

The project implementation covers all 8 circles, 28 divisions and 110 range offices of the department.

Mobile Apps for FMIS Project

Mobile Apps

Key Features

- ✓ Supports "Mission 5 crore Plantation for the year 2021 Site Registration, Plant Request & Plant Distribution Under the JalJeevan-Hariyali Campaign of Govt. of Bihar
- ✓ User friendly interface for public as well as govt. officials
- Real-time information of availability of species of plants
- ✓ Role Based Monitoring
- ✓ Available on Google Play Store

Key Statistics

- ✓ Total Registration –16212
- ✓ Total Plant Requested −16449023, Plant Distributed −8304911
- √ 10 K+ downloads

Key Features

- ✓ Real-time Monitoring of Forestry activities has helped to increase transparency
- ✓ Integrated platform for accessing various services of the department through a singleton app
- ✓ GIS integration provides geographical representation of schemes/activities/administrative boundaries on App
- ✓ Different types of reports can be viewed on a single click in Van App

Key Statistics

- ✓ User Registered 1206
- ✓ Registered Plantation Scheme-2300
- ✓ Registered Nursery Scheme-357
- Registered Others Scheme-258

Tatkal Sahayata Scheme for Drought Victims:

Under this scheme Rs. 3000 is being paid to all the families whose panchayats have been declared Severe Drought Affected.

Total Number Of Beneficiaries :- 732443 Total Amount Disbursed :- 223.76 Cr

DBT OPERATIONS

PMS – Post Matric Scholarship

- The Post Matric Scholarship portal has been developed for the SC, ST, BC and EBC students of Bihar for receiving the scholarship from State and Central government.
- The students of these categories pursuing various courses of higher education are awarded scholarship from SC & ST Welfare and BC & EBC Welfare departments of the State Government with Education Department being the nodal agency. The registration of valid colleges across India along with eligible courses are done, thereafter, the students apply for the scholarship providing detailed information such as the demographic information, courses, sessions, bank accounts and Aadhaar. Presently, the portal has been opened for the students of 2019-20, 2020- 2021 and 2021-22 sessions to apply for the scholarship.
- So, far more than 2000000 students has been registered in the portal and more than 1800000 students has been verified for payment by the verification team.

GIS based Solutions

GIS Layers as Service

GIS Project for Rural Roads -Rural Works Department,
 Govt. of Bihar:

With the objective of providing rural connectivity, Government of India had launched the Pradhan Mantri Gram Sadak Yojana (referred as PMGSY-I hereinafter) on 25th December, 2000 to provide all-weather access to eligible unconnected habitations as a strategy for poverty alleviation. However, a dire need to consolidate rural roads network by upgradation of selected Through Routes and some Major Rural Links (MRLs) was felt and accordingly a new intervention has been evolved namely PMGSY-II and then later with name PMGSY-III.

PMGSY –III is focusing on creation of DRRP road map and trace map and its verification and linking OMMAS with GIS.

- Road Layers under Core Network (OMMAS Online Management, Monitoring and Accounting System):
 - Spatial Adjustment and updating of Drainage System of Bihar.
 - ■Bridge and Culvert layers
 - Rural Market Layers
- GIS project Road asset Management system (IGram):

 Gram is an initiative of Boad Construction Department. Construction Department.

IGram is an initiative of Road Construction Department, Govt. of Bihar launched with an objective of Updating and digitization of NH, SH and MDR roads according to new status.

Sinchai Nischay

- State Government has decided to run a scheme "Har Khet Tak Sinchai Ka Pani", to ensure irrigation facility is to be provided in every farmer's field.
- After identification of the non-irrigated area of each village, on the basis of initial technical feasibility, the potential water source and irrigation plan has to be selected.
- This survey has been completed with five departments working together. Those five departments are Water Resources Department, Electricity Department, Minor Irrigation Department, Panchayati Raj Department and Agriculture Department. Water Resources Department was the nodal department among them.

GIS based Solutions

Jal Jeevan Hariyali

- **Jal Jeevan Hariyali** Mission is an initiative of Government of Bihar to address the problem of Climate Change by restrengthening our environment.
- This massive water conservation scheme "Jal-Jeevan-Hariyali" is spanning over 7 line departments of the government.
- All the water sources such as Well; Pond, Ahar, Pyne, Canal etc are being mapped along with various schemes to renovate/recharge these water bodies.
- A mobile application for identification, mapping, verification and inspection of renovation has been developed and launched by Chief Minister Bihar.

GIS based Solutions

Panchayat Nischay Soft Portal

- Panchayat NischaySoft has been designed to capture physical and financial progress of Mukhyamantree Grameen Peyajal
 Nishchay Yojana and Mukhyamantree Grameen Galee Naali Pakkeekaran Nishchay Yojana being executed by Panchayati Raj
 Department.
- It include modules such as Online registration of manufactures and their products, scheme details, fund transfers, physical progress, inspections, vouchers, utilization certificates, time stamped photographs with geo-tagging of schemes and payment advice.
- Till now 66,878 and 2,44,514 schemes are registered and being monitored Mukhyamantree Grameen Peyajal Nishchay Yojana and Mukhyamantree Grameen Galee-Naali Pakkeekaran Nishchay Yojana. IoT enabled devices have been placed at every Drinking Water scheme to know the status of working of motor and water extracted.

• The dashboard has been prepared from the data received from IoT devices to show the overall status of Drinking water supply to rural households of the State. This project has been awarded CSI-SIG e-Governance Award 2020 in "State

Government Entity" category of Computer Society of India

National Generic Document Registration System

NGDRS is a common, generic and configurable application developed for registration departments across the country

Empowered citizen by enabling property valuation, online document submission, Online payment of Stamp duties and fees and online appointment to visit registration office for registration of document.

Operational in 14 states and UTs

Decided to implement NGDRS in the state in November

Most of the popular Instruments has been configured and tested.

NGDRS

National Generic Document Registration System

https://registry.bihar.gov.in

Online services for payment of Stamp duties and Fee through OGRAS and estamp have successfully been configured.

Launched in the state on 29/03/2022

Two Sub-Registry offices Halsi (Lakshisarai) and Dheng (Sitarmarhi) have been selected for pilot implementation.

Provides simplified, responsive, effective and transparent working in Government offices for Inter-Government and Intra-Government transactions and processes

- Open Architecture makes it a reusable product amenable to replication across the Governments, at the Central, State and District levels and also at International level
- Eliminates the delays on account of manual handling of files and papers and to take informed and quicker decisions

Weights & Measurements Management Information System(WeMMIS)

- Mobile App for Traders
- Payment through online OGRAS portal
- Digitally-Signed Certificate
- Grievance redressal system
- Web portal (https://maaptaul.bih.nic.in)
- Web Application(https://wemmmis.bih.nic.in)

Key Features

e-Hospital

- e-Hospital is aimed at the implementation of Hospital Management Information System (HIMS) for internal processes and workflows of hospitals.
- The e-Hospital application is a one-stop solution which helps in connecting the patients, hospitals, other healthcare service providers and doctors on a single digital platform. It has been developed based on the global healthcare standards.

Basic Modules

- 1. Patient Registration (OPD & Casualty)
- 2. IPD (Admission, Discharge and Transfer)
- 3. Billing
- 4. Online Registration System (ORS)
- 5. e-BloodBank

Advanced Modules

- 1. Lab Information System (LIS)
- 2. Radiology Information System (RIS)
- 3. Clinic (OPD & IPD)
- 4. Store & Pharmacy
- 5. Dietary
- 6. Laundry
- 7. OT Management
- The application has been implemented in all 10 government hospitals of Jehanabad District, Bihar and It is planned to be implemented in all Government hospitals of Bihar.

e-Hospital Jehanabad Report – 07-07-2022
