No choice should be included in a half-hearted manner. It should not happen that after getting an allotment you say Oh! I did not want it. If that is so, it should not have been in the list of choices. Maintaining strict order of preference is also very important. Assume that what you really want is at no. 17 in your list but you get choice no. 13. In the subsequent rounds, choice no. 1 to 12 only will be considered.
