Choices must be "locked" by the deadline, or the last saved choices will be automatically locked. Locked choices cannot be edited unless an online request is submitted and validated with an OTP before the deadline. Candidates should download and print their locked choices. They are advised to use mock seat allocations and choose all programs they are willing to join.

Q34. How is seat allotment carried out?

Answer: Seat allotment is based on the JEE (Main) 2025 Common Rank List (CRL). Other factors include the candidate's category tag (DASA-CIWG, DASA (SAARC), DASA (Non-SAARC)), the order of preference of academic programs chosen, and the availability of seats for which the candidate is eligible. Seat allotment results are published online.

Q35. What is 'Online Reporting' and 'Exercising Willingness'?

Answer: When a candidate is allocated a seat for the first time, they must complete 'Online Reporting' which involves downloading the "Initial Seat Allotment Intimation Slip" and exercising a willingness option to accept the allocated seat. The willingness options available are 'Freeze', 'Slide', 'Float', 'Surrender', or 'Withdraw'.

Q36. What do the different willingness options ('Freeze', 'Float', 'Slide', 'Surrender', 'Withdraw') mean?

Answer: The meaning of the options are mentioned below:

- **Freeze:** Accepting the allocated seat and **not wishing to participate in further rounds** while retaining the seat. These candidates are not considered in subsequent rounds.
- **Float:** Accepting the allocated seat and indicating willingness to accept a higher preference academic program in **any institute** in subsequent rounds, otherwise keeping the current seat.
- **Slide:** Accepting the allocated seat and indicating willingness to accept a higher preference academic program **within the same institute** in subsequent rounds, otherwise keeping the current seat.
- **Surrender:** **Rejecting the allotted seat** and wishing to participate in the next round for choices higher than the surrendered seat. The allotted seat is cancelled. This option is not available in the last round.
- **Withdraw:** **Rejecting the allotted/accepted seat and not wishing to participate in subsequent rounds** of seat allotment. The seat is cancelled, and the candidate is out of the process. Further details are in Section VIII of DASA 2025 information brochure.

Q37. What happens if a candidate does not exercise a willingness option?

Answer: Candidates who do not exercise the available willingness option will be **AUTOMATICALLY MOVED to the next round with 'Float' as their DEFAULT**

willingness option. However, if the allocated seat is the candidate's first choice, the default willingness option will be 'Freeze'. In the last round, all allotments are presumed to be accepted with 'Freeze' option.

Q38. What happens if a candidate is allocated their first choice?

Answer: If the candidate is allocated their first choice, they will **not be shown 'Float', 'Slide', and 'Surrender' options.** They must exercise the 'Freeze' option to retain the seat. The default willingness in this case is 'Freeze' if the candidate does not exercise an option.

Q39. Can a candidate change their willingness option?

Answer: Once a candidate opts 'Freeze', it cannot be changed to 'Float', 'Slide', or 'Surrender' in subsequent rounds. Candidates who exercised 'Slide' cannot change to 'Float' or 'Surrender'. Exercised willingness continues unless changed in subsequent rounds.

Q40. What is the 'Exit' option?

Answer: The 'Exit' option is available only to candidates who have **NOT been allotted any seat** in DASA 2025. Exercising 'Exit' means the candidate is not willing to participate in subsequent rounds and will be out of the seat allocation process. This option is available from the 1st round up to the end of the 2nd round of seat allocation. There is no 'Exit' option after the commencement of the last round.

Q41. What should a candidate do after being allocated a seat?

Answer: When a seat is allocated for the first time in any round, the candidate needs to download the "Initial Seat Allotment Intimation Slip" and **complete the steps of "Online Reporting"** within the deadline for that round to accept the allocated seat. This includes **mandatorily exercising one of the willingness options** ('Freeze', 'Slide', 'Float', 'Surrender', or 'Withdraw').

Q42. What happens if a candidate chooses the 'Exit' option?

Answer: If a candidate chooses the 'Exit' option (only available if no seat has been allotted), they will not be considered for subsequent rounds of seat allotment. The candidate forfeits eligibility for admission to any participating institute through DASA 2025. This option is not available after the commencement of the last round.
