

LAUNCHING OF VHSND (VILLAGE HEALTH SANITIZATION & NUTRITION DAY) MOBILE APP BY DISTRICT COLLECTOR, MAHASAMUND DISTRICT, CHHATTISGARH

VHSND app, designed & developed by NIC District Centre Mahasamund, Chhattisgarh was launched by Shri. Doman Singh, IAS, Collector & District Magistrate, Mahasamund on 22nd March 2021 in the presence of Dr. Ravi Mittal (IAS), CEO Zila Panchayat, Shri. Anand Kumar Soni, Scientist-C & DIO, Mahasamund, Miss. Pooja Bansal Deputy Collector & OIC Health Department, Dr. Mandape CMHO, Mr. Rohit Verma District Program Manager (NRHM) and other officials.

The purpose of the App is to serve as a platform for provision of preventive services to all sections of the population especially to marginalized and vulnerable communities and also monitor the execution of VHSND day at grass root level as per the pre planned annual roster prepared by Health Department. The App will also help the citizen to view the VHSND calendar and notification published by Health department. Citizen can visit nearest VHSND place accordingly.

While launching the App, Collector and DM expressed his pleasure and appreciated the efforts of NIC.

Introduction & Objective:

VHSND (VILLAGE HEALTH SANITIZATION & NUTRITION DAY) is organized in every village once in a month at the Anganwadi Centre in which health services are being provided by Health & WCD departments to pregnant women. Health services are very important from the nutritional point of view for the prevention of malnutrition in children, so that proper care and health check up of pregnant mother could be monitored through VHSND. So proper monitoring of execution of VHSND session in root level is very important and mobile application would be an effective way for the same.

Expected Output:

- Improve the availability of health, nutrition, early childhood development and sanitation services at the community level.
- Citizen can view the VHSND session / Roster Calendar.
- Improve the participation of pregnant woman/ citizen at VHSND session.
- Improve the quality of health services delivering at VHSND session.
- Improve the percentages of organizing VHSND session at root level.
- Health department can easily send health related Notification to field level staff as well Citizen's.

Target Users: - -Health staff, WCD staff and Citizen (pregnant woman/ Family Member)
