

TRAINING DIRECTIVE 2022-23

GENERAL

1. The biggest asset of a nation is its youth and National Cadet Corps (NCC) is a primary contributor in moulding the youth and through them the future of our country. The NCC has increasingly found itself at the centre stage in many national level youth activities, contributing positively towards nation building. From its humble beginning, today it stands proud as the largest uniformed youth organisation in the world, representing the Nation. To continue on the path of excellence it is imperative that training imparted to the cadets is focused on the attributes and qualities as enshrined in the aims of NCC.

2. As the organisation and expectations grow, constraints of judicious utilisation of resource pose challenges, calling for innovative use of time and effort to achieve high standards. NCC quickly adapted itself to online mediums to impart the cadet training through the NCC training App developed in the year 2020. We have had some very outstanding achievements in the last training year which have been duly acknowledged. Post COVID-19 pandemic wave in the country, now the situation is returning to normalcy in all spheres of activity. Thus, it is imperative that we also return to the physical mode of training at all levels, keeping COVID-19 prevention protocols in mind. New NCC units have been raised in the border and coastal areas, thus the directorates should endeavour to give maximum exposure to cadets of these units in the centrally organised camps and adventure training.

3. In continuation of our pursuit for excellence, I want training year 2022-23 to have a sharp focus on optimisation of pragmatic training, transcending across all units of NCC and attaining highest standards. This can be achieved only if each member of the organisation sets excellent standards of personal and professional conduct and commitment.

KEY RESULT AND FOCUS AREAS

3. Our KRA remains '***To empower cadets to become potential leaders and responsible citizens of our country***'. This shall always be the central thread of all our activities. While we build on the strengths and address short comings observed in the last training year, I would like increased emphasis on following aspects in 2022-23: -

- (a) Institutional Training.
- (b) Module based training to cover:-
 - (i) Character building and competence development.
 - (ii) Basic Military Training.
 - (iii) Personality Development.

- (iv) Social Awareness and Service.
- (v) Compliance to the stipulated Training Syllabus.
- (c) Reach out to all cadets in all districts – no focus on select few.
- (d) Ensure quality training & highest degree of transparency and probity in conduct of all camps.
- (e) Enhance competence level of trainers viz ANOs and PI Staff.
- (f) Comprehensive training for 'Empowerment of Youth' to learn the 'Skills to Lead'. Leadership & Personality Development including communication skills. In doing so, the cadets to be suitably coached to enable them to pass SSB and join Armed Forces.
- (g) Encourage integration in all activities particularly during centrally organised camps.
- (h) Each Group to attempt identification of talent and facilitate grooming of minimum two cadets for joining Armed Forces.
- (j) Offer a global perspective and exposure through Youth Exchange Programmes.

Training Philosophy and Methodology

4. **Training Philosophy.** In consonance with the aims of the NCC, the philosophy of NCC training is to instil in the cadets **qualities like nationalism, patriotism, discipline, team spirit, esprit-de-corps, leadership, self-confidence, national integration and improve their personality.** NCC gives tremendous opportunities to all cadets for self-development, irrespective of caste, creed, religion or economic status.

5. **Objectives.** The basic activities of the NCC are conducted to achieve the following objectives:-

- (a) Train volunteer youth to become confident, committed and competent leaders in all walks of life.
- (b) Enhance awareness levels of cadets to become empowered and responsible citizens of the country.
- (c) Provide opportunities and encourage cadets to enrich their knowledge, develop communication skills and build character.
- (d) Conduct social activities and community development programmes to educate and make constructive contributions towards society.
- (e) Undertake adventure activities to hone leadership qualities and risk taking abilities.

(f) Provide a platform to launch 'Good-will Ambassadors' to project the image of the country overseas.

(g) Conduct military training to develop awareness about Armed Forces, leadership skills and military values and thus, provide an environment to motivate cadets to join the Armed Forces.

6. **Training Concept.** The NCC training concept envisages reaching out to the cadets in all districts within a State and carry out comprehensive leadership training for 'Empowerment of Youth' by following a laid down Module based training Programme.

7. **Training Methodology- Broad Parameters.** Successful implementation of any training philosophy lies in formulation and implementation of its methodology of conduct. The parameters and methods laid down for imparting training are given below: -

(a) **Training of Trainers.** The key to effective training is high quality instructors. The trainers must be empowered with requisite knowledge and necessary materials, to teach their subjects effectively through centrally organised courses/cadres at OTAs and local cadres at Directorate level.

(b) **Institutional Training.** The aim of the training is to nurture core values, develop self-confidence, enhance awareness and **give exposure to basic military skills and knowledge.** Emphasis is on practical training. Examples from India's freedom struggle and wars fought by India, post-independence, supplement relevant subjects to generate secular and patriotic fervour. Equal emphasis is given to Drill, Map Reading, Weapon Training and Firing, Camp Training, leadership development programme and SSB screening. All SD/SW cadets are facilitated to pass their 'C' Certificate examination to avail the opportunity to join the Armed Forces. Stipulated syllabus both JD/ JW & SD/ SW are complied with during training in institutes and Battalion/ Group HQs camps.

(c) **Camp Training.** The basic aim of Camps is to **introduce cadets to a regimented way of life.** Camp training should be a practical manifestation of institutional training. In addition to the **Annual Training Camps**, National Integration Camps in form of **Special National Integration Camps(SNIC) & Ek Bharat Shreshtha Bharat (EBSB) camps** are conducted to make cadets understand and value the rich heritage of cultures that forge unity despite the diverse languages, traditions and religions of our country.

(d) **Social Service and Community Development.** The cadets must imbibe their social and moral responsibilities as an Indian. They must comprehend their duties to their fellow citizens as also to their environment. Social Service activities are structured to inspire and encourage the cadets to participate voluntarily towards improvement of the physical and social environment and channelize their energies in the task of nation building. The focus is on social ills prevailing in the society and the programmes initiated by the government to alleviate them.

(e) **Youth Exchange Programme (YEP)**. The Youth Exchange Programme, presently, being carried out with **ten countries**, is planned to be extended to more countries so as to enhance awareness among participants and appreciate each other's socio-economic, cultural realities and act as goodwill ambassadors to project our Nation's image abroad. Cadets from diverse background and also from far flung areas must be selected to be part of the program.

(f) **Adventure Based Learning**. Adventure based activities are planned to be enhanced to enable cadets from all areas to hone leadership skills and enhance their character qualities. Treks and other centrally organised adventure activities are to be increased to allow larger participation. The aim of these treks is to **inculcate a sense of adventure and also to develop a liking for nature**. Cadets with high degree of expertise and proficiency are to be given opportunities to participate in various expeditions.

(g) **Sports**. The NCC facilitates access to high potential sports like Football, Hockey and Shooting to talented cadets with the aim to participate in national level tournaments. **Talent hunting and nurturing there upon, is intrinsic.**

(h) **Personality Development**. The life skills of the cadets is enhanced through a structured Personality Development Programme with specific attention to citizenship, social responsibility, parenting and peer management. Basic Leadership Camps for Junior Division/Junior Wing and Advanced Leadership Camps for Senior Division/Senior Wing to enable honing of leadership and team skill of cadets are organised.
