PayManager
Online Bill Preparation & Payment System

MeitY

➤ Electronic Payments Facility for all types of bills.

➤ Auto Salary Processes for employees.

➤ Auto process for SIPF Loan & Telephone Bill reimbursement.

➤ Integration with Department Applications – RajPoshan, Palanhar, Social Pension, Civil Pension, Scholarship, SIPF, PFMS, IGRS, Education, Panchayati Raj and SJED.

➤ Payments through e-Kuber of RBI.

NIC एनआईसी National Informatics Centre **Rajasthan**

https://paymanager.rajasthan.gov.in, https://ifms.rajasthan.gov.in

RajKosh
Core Accounting for Treasuries

➤ Treasury Accounting system to authorise bills, compile Accounts and submission to AG Office.

➤ About 48 lacs Bills every year.

➤ Budget Control.

➤ Bill Authorization.

➤ Bill Payment / Cheque Payments.

➤ Voucher generation.

➤ Challan Entry.

➤ Electronic Scroll from Banks.

➤ Preparation of Monthly Accounts for AG.

➤ Interface for AG & Banks for data exchange.

- Accounting and Reconciliation of receipts received from GSTN.

- E-Treasury / DTA are playing the role of Accounting Authority for GST (circular issued on 30-06-2017)

- Rajasthan GST Accounting System has been developed under IFMS

- GST- TDS process has also been associated with IFMS.

Public Works Management System

Works Management is the complete suite of applications used for the IT enabled online management of the Work in Works-Departments.

BSR Computerization System

- Basic Schedule of Rate(BSR) contains items and their rates.
- Online availability of BSR Books of all departments.
- Flexibility to prepare new BSR Book using Excel Import/Export facility.

A&F Sanction and TS Preparation

- Digitally Signed A&F & TS Sanction preparation.
- Detailed estimate preparation by compiling BSR and non BSR items.
- Non BSR tem Approval form competent Authority.
- Linking of Technical Sanction to A&F Sanction.
- BOQ Preparation and Excel File generation for tendering of work.

Work Order and Measurement Book Computerization

- G-Schedule, H-Schedule Generation.
- Digitally signed Work Orders.
- Online vendor registration.
- MB Book Management.
- Hindrance Management.
- Geo Tagging based entries.
- Abstract and Bill preparation.

Work Accounting System

- Captures Work Order, HR Payment, Deposit Refunds Bills, Cash Receipts & Remittance to Treasuries.
- Geo Tagging of site photographs.
- Generating Various Reports for Account Submission to AG Office.
- Integration with Budget, Payment Engine, Government Receipt System, GST & Treasuries.
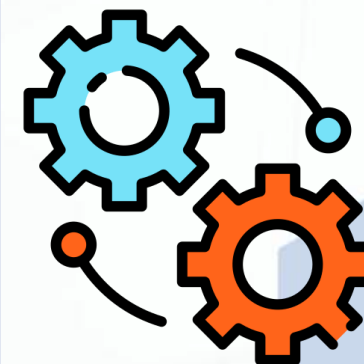

Seamless Integration with eGRAS & PayManager

Stamps Inventory System(OSIS) – Application for managing Stamps Inventory, issuance and supply.

Long Term Advance(LTA) - Government Employees Advance Management.

Single Nodal Account (SNA) – Sanchalan/Sparsh Portal to manage fund released to the state under the CSS through Single Nodal Account(SNA). Integration with 11 Banks. Unified PD Accounts Payments.

Social Security Pension

Services

- Auto approval / Sanction of Social Security Pension.
- Total Pensioners 94 lacs.
- Pension Payment through PayManager.
- Annual Pensioner's Verification through Aadhaar based face recognition.
- Online Application through Aadhaar based face recognition.
- Application through eMitra and Single Sign on.
- Integrated with Jan Aadhaar, NSAP & Jan Soochna Portal.
- Online Status enquiry for Applicants.
- SMS on sanctioning of pension.

Impact

- Savings Crores of expenditure per Year (Money Order Commission).
- De-Duplication of Pensioners.
- Regular Monthly Payments
- DBT 99%
- Money order printing reduced to 1%
- Data Sharing with central portal.
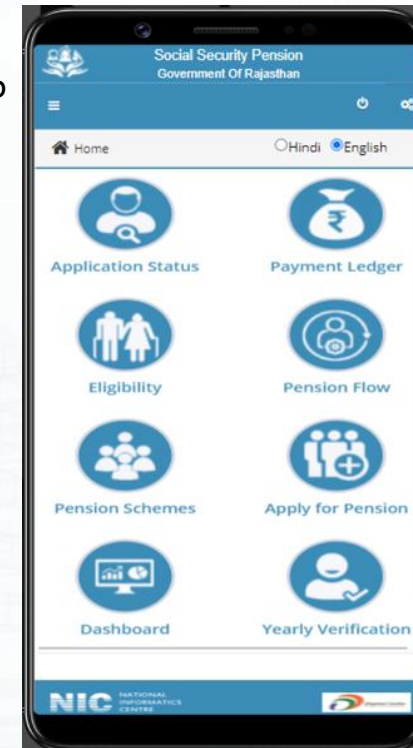

MeitY

➢ GePNIC implemented successfully since the year 2011 in Rajasthan.

➢ Adheres to GFR and CVC guidelines.

➢ Approved by World bank and ADB.

➢ GePNIC have been used in 30 state governments and 822 central government ministries-departments and PSUs. More than 1.25 lac tenders floated every month.

➢ In eProc Rajasthan Portal more than 7,22,208 tenders of Rs. 12,84,892 Crore are floated. So far 25,16,547 bids received on the portal.

➢ e-Tendering facilities to Tender Inviting Authorities (TIAs) and Bidders.

➢ Solution with e-Payment and e-refund facility submitted to the state government. Implementation pending.

https://eproc.rajasthan.gov.in

➤ **Record of Right (RoR) for all villages on portal**

➤ **Integration with Cadastral maps**   **– 422 Tehsils.**

➤ **Integrated with Registration & Stamps**   **– 400 Tehsils and 568 Sub Registrars.**

➤ **Online Mutation Process Implemented**   **– 422 Tehsils.**

➤ **Generating Perennial Jamabandi**   **– 422 Tehsils.**

➤ **Digitally Signed RoR**

➤ **ULPIN, Unique Id for each khasra implemented.**

➤ **Integration with - Banks, Registration & stamps, revenue courts, Krishak Sarthi, Jan Soochna Portal, PM Kisan portal, Raj Kisan Portal, Rehan Portal, Crop Insurance, e Mitra, Khasra Girdawari App, Dhara App etc.**

DIGITAL INDIA LAND RECORDS MODERNISATION PROJECT
Digitization · Transparency · Governance

Apna Khata — Public Land Records Portal **1**
- Online Jamaband, Khata & Khasra Nakal
- Name-wise & land-wise record access
- Jamabandi with integrated map view
- Online mutation & nakal services
- Integrated with eDharti & Bhunaksha

eDharti — Land Registration & Mutation System **2**
- Role-based, SSO-enabled portal
- Paperless mutation workflow
- Apply, verify & approve mutations
- FIFO-based processing system
- eSign & QR-enabled mutation orders

Bhunaksha — Digital Land Mapping System **3**
- Digitized & geo-referenced cadastral maps
- Plot-based map visualization
- Revenue unit creation & updation
- Map updation through survey/resurvey
- Integrated with Apna Khata & Bhunaksha

APIs Integration — Inter-Departmental Service Exchange **4**
- Providing land record services to other departments
- Seamless data sharing via secured APIs
- Integrated With:
- IGRS, e-Seva, Agriculture, Crop Devesthan, eMitra, Food, Girdawari, Jan Sochana, AgriStack, 90A (IDA)

Transparency & Efficiency — Governance Enablement **5**
- Single source of land data
- Reduced manual intervention
- Faster service delivery
- Real-time verification
- Improved dispute resolution

Citizen-Centric Outcomes — Digital Governance Impact **6**
- Anywhere, anytime access
- Paperless services
- Integrated ecosystem
- Trust & transparency
- Data-driven decision making

11 Crore	12 Crore	20 Crore	17 Lakh	15 Lakh	.95 Thousand
Nakal Issued	API Hits	Apna Khata Visitors	Mutations Processed	Public Applications	IGRS Auto Registry

Registration & Stamps (ePanjiyan)

➢ 661 Sub Registrar Offices, 20 DIG and IG office on ePanjiyan.

➢ Payment for Registration through e-GRAS Payment Gateway.

➢ 1.25 Crore+ Documents Registered.

➢ 43,000+ Crore Government Revenue generated.

➢ Auto Mutation for eDharti for sale deed of Agriculture land in more then 400 SR offices.

➢ Online time slot booking for registration.

➢ Online refund facility for citizens.

➢ Online Searching of registered documents.

➢ Anywhere registration facility in Jaipur, Jodhpur, Ajmer, Udaipur, Bikaner, Kota, Alwar, Bhilwara and Pali.

➢ Integration with Land records, IFMS and SHCIL (Stock Holding Corporation of India Ltd.

➢ Mobile App for stamp vendors for stock maintenance.

Pregnancy, Child Tracking & Health Services Management System

➢ Online tracking of pregnant women till safe delivery and tracking of children for their complete immunization.

➢ Auto-identification and monitoring of High Risk Pregnancies (HRP).

➢ Identification of Cases for Sterilisation.

➢ Location wise surveillance of Sex Ratio at birth to help in minimizing female foeticide.

➢ Monthly Performance Appraisal card for every health facility.

➢ Indicator wise Ranking of Health Institutions.

➢ Online generation of MAA Vouchers for eligible women for free sonography once during her pregnancy period.

➢ Online issuance of Coupons of Desi Ghee to the BPL women at the time of delivery and monitoring of Desi Ghee Scheme.

➢ Provision for online application processing for registration/renewal of MTP centres.

➢ Mobile alerts to the citizen for their child's vaccination.

➢ Periodic Work plans on mobile phones of ANM to help her schedule the services properly.

➢ Date wise ANC schedule for individual pregnant woman and Vaccination Card of the child for the parents.

➢ Integration with Pehchan for issuing Birth Certificate of newly born child, Raj-Poshan of ICDS for IGMPY, Shala Darpan of Education, Jan Aadhaar Portal, Jan Soochana Portal of Hon'ble CM, RCH portal & HMIS Portal of GoI, etc.

➢ PCTS is ABDM-M1 certified and has facility to create the ABHA Id of women registered on PCTS.

➢ PCTS Mobile App for ASHAs & ANMs for real time data of health services (ANC, HBNC, Immunisation, etc.) provided by them to the citizen at village level.

➢ Prasav Watch App for the doctors & nursing staff in labor room to save the lives of mothers and newborns by keeping close monitoring of the woman during delivery.

➢ The Mobile Apps facilitate for speech to text (Hindi and English both) conversion through **Bhashani**.

➢ Bluetooth enabled iOT devices have also been integrated with both the Apps to record its data directly on App for error free entry.

➢ Online records of more than 2.34 Crore mother and 1.99 Crore children.

➢ Online records of more than 27.47 Crore vaccination for children.

https://pctsrajmedical.rajasthan.gov.in

- Maternal Mortality Rate Reduced to 113 per lac live births from 318
- IMR reduced to 32 per thousand live births from 63
- Institutional Delivery increased to 98 % from 45 %
- Immunisation coverage increased to 90 % from 49 %

➢ Workflow based application for Performance measurement and Direct Benefit Transfer for ASHAs.

➢ Tool for Performance based incentives for services in 53 different activities to ASHAs.

➢ Claim form submission as received by ASHA.

➢ Online verification of individual record of beneficiary under each activity at institute level.

➢ Automatic calculation of activity wise incentive.

➢ Online generation of sanctions by each MOIC (Medical Officer Incharge) at institute level.

➢ Release of payment by CMHOs at district level by using DSC (Digital Signature Certificate).

➢ DBT of more than Rs 1909.33 Crore made to the ASHAs through ASHA-Soft.

➢ Integration with Jan Aadhaar portal for sharing DBT details of ASHAs.

➢ Shared with Karnataka and Uttarakhand for implementation.

O J A S

DBT System for JSY, Shubh Laxmi and Rajshree Schemes

➢ DBT System for online payments for beneficiaries of Janani Suraksha Yojana of GoI

➢ DBT also on birth of Girl Child under Rajshree and Lado Protsahan Yojana of GoR

➢ DBT within 48 hours of discharge from Hospital

➢ DBT to Private Sonography Centres for sonographies done by centres against MAA Voucher Yojana

➢ Online verification of records (including bank account details) of individual beneficiary by health facility level

➢ Online sanctions generation by respective MoIC at health facility level

➢ Approval by Accounts person at district level

➢ Final approval and forwarded the payment file to Jan Aadhaar portal for DBT by each Jt. Directors at division level

➢ Implemented for 19700+ institutions including all government institutions and government accredited private hospitals

➢ DBT of more than Rs. 3203.26 Crore transferred to more than 166 lacs beneficiaries' accounts.

➢ Integration with Jan Aadhaar portal for sharing DBT details of beneficiaries

IMPACT
(Integrated System for Monitoring of PCPNDT ACT)

MeitY

NIC एनआईसी
National Informatics Centre
Rajasthan

➤ Provision for online application processing for registration of sonography centers with online payment of registration fee by centers.

➤ Integration with SBI ePay payment gateway of State bank of India to get registration fees online from centres.

➤ Online application for registration of new vendors with a provision to pay registration fee to the Government through SBI ePay payment gateway.

➤ Provisions to monitor FIR (Decoy operations under PCPNDT Act) and complaints.

➤ Child Sex Ratio has been increased due to close monitoring and other efforts done by department.

➤ Online monitoring of all sonography cases of pregnant women.

➤ Online monitoring tool for all sonography centres in state.

➤ Online record of 8507 radiologist working in these centres.

➤ Online records of more than 4.27 Crore sonography of pregnant women available.

➤ 761 cases registered against sonography centres.

➤ Curbs Girl child foeticide determination.

➤ Mobile App for State & District authorities to upload inspection report (PIR).

➤ Shared with Karnataka, Haryana and Himachal Pradesh for implementation.

MAA Voucher Yojana
(PCTS, IMPACT and OJAS)

NIC एनआईसी
National Informatics Centre

Rajasthan

MeitY
सत्यमेव जयते

The MAA Voucher Yojana was launched by the government to minimize the maternal and infant mortality. The scheme meant for the pregnant women for getting at least 1 Sonography test done at no cost (free) at government / private sonography Centre during her pregnancy tenure.

For effective and efficient implementation and monitoring of scheme, necessary software modules are developed in the PCTS, IMPACT and OJAS systems of the department of Medical & Health, GoR.

➤ A pregnant woman in her 2nd or 3rd trimester comes to health center for ANC checkup, the MOIC of that health center will get the list of said women for generating MAA Voucher in PCTS. The MoIC will generate and print the voucher through PCTS and will give it to the woman for getting Sonography done at any Sonography Centre (Government or Private).

➤ MAA voucher printed through PCTS will have a QR Code displayed on it. The MAA voucher will be generated only once for a woman during her pregnancy tenure. This voucher will also sent to woman on her registered mobile number through PCTS.

➤ The said voucher will be scanned through IMPACT system when the woman reached to Sonography Centre for her Sonography test.

➤ The Sonography details of said woman is entered into IMPACT by the Sonography Centre and if Sonography Centre is private then government pays amount for this Sonography to the centre.

➤ The DBT for that Sonography will be made directly to the bank account of the Sonography Centre through OJAS system.

➤ DBT of more than Rs. 4.5 Lac has been made to more than 13760 sonography centres.

RajHealth

- ➤ Intends to provide one stop solution to many HRH (Human Resource in Health) related problems and real time accessibility, transparency and tracking of applications.

- ➤ Implemented and rolled out for all more than 98,000 employees posted at 17,000+ offices across the state.

- ➤ Real time status of all employees in various offices.

- ➤ Real time status of vacancies and appointments..

- ➤ Facilitation and empowerment of employees of the department for their day-to-day activities. Employees need not come to their controlling offices or Directorate, saving time and money and enabling them to concentrate on duties assigned to them

- ➤ Business process re-engineering was done for the appointment process. Earlier, the process was done manually and real time status was not available for it. The successful appointment of 1763 new medical officers has been done through the portal with the following features:

  - ✓ Online choice submission by new medical officers.

  - ✓ Allotment of posting place according to submitted choices.

  - ✓ Online submission of self-declaration and joining by new medical officers.

  - ✓ Exemption from submission of affidavits.

  - ✓ Online document verification by CMHOs/PMOs.

  - ✓ Online joining confirmation by DDOs.

  - ✓ Real time availability of monitoring reports to track the status of joining at different administrative levels.

https://rajhealth.rajasthan.gov.in

ShaalaDarpan - Online School Portal

- Integrated bilingual, workflow based School Management System, covering online information of 91+ Lacs Students, 4.5+ Lacs Teachers/Staff details of 66+ Thousand Management's (Elementary Setup/Secondary Setup/Sanskrit Dept/SJE/TADA etc.) State Government Schools.

- Backbone for Decision Support from Planning (School's Open/Upgrade/Merge/Close) to School operations (admissions, promotions, results, TC) and Staffing (recruitment, posting, Joining/relieving, Transfer) and real time data availability for Assembly/RTI/Court reply.

- **Core Modules** – Student Admission Management, OOSC Tracking and Mainstreaming, Assessment / Exam Management, School Rating, District/Block Ranking, ShalaSamblan App for School Inspection, School Allotment for Internship (B.Ed., D.EL.Ed.), Student Attendance, Great School Award, Teacher Award, Civil Works Inspection, KGBV (Girls Hostel) Monitoring, Vocational Education Tracking.

- **Staff HRMIS** : Complete Human resource management includes; Profile with Photograph, Leave and Attendance Management, Staff Selection & Posting through Counselling, Joining/Reliving, Annual Performance Report(APR), ACP(Annual Career Progression), Apply & Track for Grievance / Foreign Tour / NOC for Additional Qualification/Work Arrangement Posting, Seniority/ Training Details, Online Apply for Transfer/Posting etc.

- **Beneficiary Schemes Management** : Aadhaar/Jan Aadhaar Capturing & Authentication, Pre-Post Metric Scholarship, Free Text Book/Work Book Distribution, RAJSHREE Scheme Payments, Cycle/Laptop/Transport Voucher Distribution, Balika Shiksha Protshahan, Gargi Puraskaar, NMMS.

Private School Portal

- Integrated portal for Private Schools of Rajasthan State working as bridge between Private Schools and School Education Department.

- Covering School Profile with infra details, Admission & TC, Manyta, RTE Admissions & Payment reimbursement etc.

- Flow based online School Recognition / CBSE NOC, Approval Processing along with Manyta Certificate generation

- Online RTE Application, transparent centralized lottery, Online Reporting, Physical verification along with automated token wise Claim bill generation and related payment to school's a/c. 8 + Lakhs RTE students benefitted so far.

- Payments to participating schools through IFMS Portal. About 2,177 Crore reimbursed so far

- 92+ Lakh Students info of 45+ Thousands Private General / Sanskrit Schools, Madarsa and KVs

- 5th and 8th board exam online

- Special initiative – Integrated Manyta Certificate

Gyan Sankalp – CSR Funding

- An online platform (G2C & G2G) to mobilize CSR funding, donations and voluntary contributions for development of govt. schools in Rajasthan.

- Infrastructural gaps in government schools displayed for donors, data pulled from department's own online real-time School-MIS "ShaalaDarpan".

- Online payment through state govt. secured payment gateway & receipt from donors and online payment to schools.

- More than 99% D2S amount transferred to schools through Disbursement process.

- Hall of Fame for acknowledging support.

- **Mobile App** facilitates digitization of Student's assessment data using OMR assessment sheet.

- Artificially Intelligence based data analysis to identify special attention areas where student is lacking in the studies.

- Analysed data is made available to subject teachers through the App. Analysis engine gives student wise / Class wise / School wise / District Wise / state wise assessment reports to various stakeholders.

- Helps the department to pay proper attention to each student to strengthen their capabilities.

https://play.google.com/store/apps/details?id=com.dpu.rjdoe

Innovative project developed for RSCERT, Udaipur for assessment of the student's educational knowledge.

Portal facilitate Class, Subject, Hardness level and topic wise question bank creation, moderation and approval. After approval, question paper for any class may be prepared and downloaded by the subject teachers. Question paper may be prepared in English and regional language.

MeitY

NeVA is a work-flow system which helps the Chair of the House to conduct the proceedings of the House smoothly, Hon'ble Members to carry out their duties in the House efficiently and to conduct Legislative Business of the House in a Paperless manner.

Hon'ble Speaker of Rajasthan Legislative Assembly has decided to implement the NeVA in the Assembly. Prescribed DPR of NeVA project has been prepared in coordination with RLA. iPad, PCs, Laptop etc. have been procured & installed in the Assembly and approx. 400 LAN nodes have been provided on table of each Hon'ble member in the House.

NeVA system has been implemented in the budget session of the 16th Rajasthan Legislative Assembly for Questions & List of Business (LoB) successfully.

The huge legacy data of Rajasthan Legislative Assembly i.e. Questions, Motions/Notices, Members' Who's Who, Bills, House Proceedings etc. have been migrated to the NeVA system.

Vahan

➤ Implemented in all Transport offices (57 RTOs/DTOs) and registered Dealers in the state for Vehicles Registration (RC).

➤ 82 automated fitness centers are running on VAHAN.

➤ Around 1.71 Crore Vehicles are registered in Rajasthan

➤ Online Fee through eGRAS payment gateway.

➤ Online Check Post, Implemented and integrated with VAHAN.

➤ Faceless services.

➤ eRC Issuance through Parivahan Portal, eMitra Kiosks and eMitra Self Service Kiosks in the state.

Vehicle Registration Related Services

➤ Paying Tax

➤ Application for Ownership Transfer, Address Change, Duplicate RC, Hypothecation Addition / Termination

➤ Renewal Of Registration

➤ Alteration of Vehicle

➤ RC Particulars

➤ Mobile No Update

➤ Apply For NOC

➤ Withdrawal of Application etc.

Permit Services

For Goods Permit, National Permit, Contract Carriage Permit, Private Service Vehicle Permit

➤ New Permit

➤ Duplicate Permit

➤ Renewal of Permit

Sarathi

➢ Implemented in all Transport Offices (57 RTOs/DTOs) and 24 sub offices in the state for issuance of Driving License (DL) as well as for availing services on Driving License.

➢ Implemented in all 413 Motor Driving Schools for issuance of LL.

➢ Around 1.5 Crore Driving Licenses have been issued in Rajasthan.

➢ Sarthi services (LL, DL, LL Edit, Services on DL) are working through Emitra Kiosks.

➢ Online Fee through eGRAS payment gateway.

➢ Faceless services.

➢ eDL Issuance through Parivahan Portal, eMitra Kiosks and eMitra Self Service Kiosks in the state.

Sarathi Citizen Services (Driving License Services)

➢ Issuance of New Learner License

➢ Issuance of Duplicate DL

➢ Renewal of DL

➢ Change of Address in DL

➢ Surrender of COV's in DL

➢ Issuance of International Driving Permit

Sarathi Contactless (eKYC) services

➢ Issuance of Learners License

➢ Issuance of Duplicate DL

➢ Renewal of DL

➢ Address Change in DL

➢ Issuance International Driving Permit.

➢ Surrender of COVs in DL

E-Challan

The theme of e-challan is "**One Nation, One Challan**" which states that if a challan generated through E-challan, it will restrict a vehicle owner or a Driver to avail services on their vehicle/License throughout India.

➢ Around 500 PoS for Transport and 1000 PoS for police department are being used in e-challan application using debit/credit card and internet banking.

➢ Payment using UPI is in process. Started UPI in 50 PoS machines as pilot after the discussion with ADGP, Traiffic .

➢ Virtual court integration of echallan for Jaipur Commissionerate .

Other major Activities

Portable Weighing Machine Integration with E-challan App is under process.

Automated Driving Test Track Integration with SARATHI 4.0 has been done at 13 offices.

mVAHAN Fitness App has been launched and integrated with Automated Fitness Centers that will ensure the physical presence of vehicle at Test Center.

ITMS echallan integration Live in state for automatic challan generation for the Violation detection at Abhay Command Centre.

New flow of registration of vehicles is deployed, in which TRC is not required within the state. Now Any district Dealer will directly assign the registration no of any other district .

eDetection System, the information of vehicles passing through various toll plazas of Rajasthan will be regularly uploaded on the e-detection application by the toll plaza.

Hypothecation Removal Module has been added to Vahan 4.0 in such a way that the loan providing bank will provide the NOC data to Vahan 4.0 through API and based on that the hypothecation will be removed on Vahan 4.0.

Vehicle Location Tracking System, Rajasthan

- Real Time Application for Vehicle Tracking
- Integrated with NERS - 112
- Implemented for Ambulances and Roadways Buses tracking in Rajasthan

VLTS Portal Highlights

- VLT device to be fitted and registered on PARIVAHAN portal of MoRTH.
- 3894 devices have been entered and whitelisted in VLTS portal for Rajasthan.
- 2327 ambulances have been activated till date and can be tracked in real time.
- All vehicles to be fitted with PANIC button
- ALERT Dashboard for vehicle status & Real Time tracking
- EMERGENCY Dashboard for PANIC response
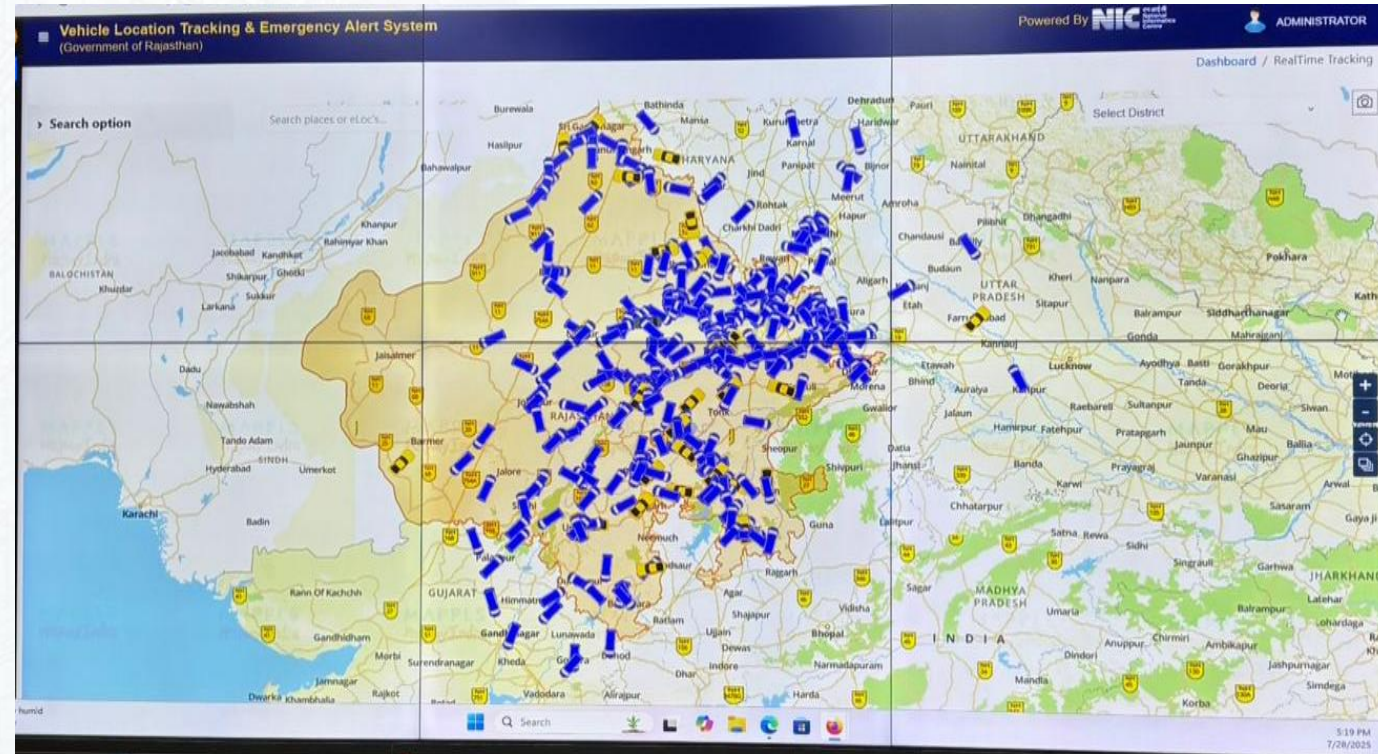

iRAD

➢ The iRAD Project is an initiative of the Ministry of Road Transport and Highways (MoRTH), Government of India with objective to reduce the road accidents and to improve road safety in the country.

➢ Major Stakeholders and data contributors are Police, Transport, Road owning agencies, Health departments

➢ Till date more than 13500 Participants(10098 Police/483 Transport/611 Highway/2502 Health) have been trained for iRAD app

➢ Access upto Thana level & IO level / DTO & MVI .

➢ Accident Locations are mapped on iRAD MAP.

➢ Mobile App for data capturing from the site of accident.

➢ 32738 accident cases reported since January 2021.

➢ CCTNS integration with iRAD app is in process with PHQ Rajasthan.

दुर्घटनाओं पर रोकथाम के लिए सघन सड़क सुरक्षा जांच अभियान के लिए विभिन्न राज्य राजमार्गों का iRAD ऍप के माध्यम से चयन

RajTransportRS

MeitY

➤ An important milestone in the direction of achieving transparency and stoppage of leakages.

➤ **Part of the World's biggest free food distribution Scheme**.

➤ **Data sanitization through de-duplication, thereby, accommodating other new eligible beneficiaries into the system by weeding out ineligible ones. This process made un-deserving beneficiaries refund ineligible subsidy amount to the Govt.**

➤ Automated Online allocation of wheat to the Fair Price Shops based on real-time information.

➤ Allocation made from the State HQ based on number of NFSA ration cards linked to concerned FPS, adjusting closing balances available with each FPS.

➤ All subsequent processes from generating truck challans to deliveries at concerned FPS and real-time monitoring by concerned departmental officials at all levels enabled through SCM.

➤ Ration distribution through Aadhaar-enabled PoS devices.

➤ **Ration portability implemented, enabling beneficiaries to lift ration from the FPS of their choice, thereby, triggering competition among FPS to offer better services to beneficiaries.**

➤ **One Nation One Ration Card (ONORC) implemented.** Eligible beneficiaries can lift their entitlements from anywhere in the country, beneficiaries of other states can lift their entitlements from anywhere in Rajasthan and vice-versa.

➤ Aadhaar enabled biometric authentication based ration distribution through PoS devices using real-time information available on Central portal under ONORC.

➤ Integrations with GoI Portals (NFSA portal for NFSA beneficiaries and Annavitran portal & Central Repository for PoS transactions) for day to day monitoring and unified decision making at GoI level.

Online State Procurement Portal for procurement of wheat on MSP from RMS 2022-23.

➤ Online registration of farmers through e-mitra/Self using Janadhaar Number.

➤ Integration of registered farmer data with state's land record portal (land details) & Settlement department portal (Girdawari).

➤ Integration with procurement centre and generation of bill of sale.

➤ Online payment to farmers using PFMS module.

➤ Management of delivery of wheat purchased (from purchase centres to FCI) and generation of acceptance note by FCI

➤ Generation of Online Bill from Prucurement Agency.

➤ Integration with GoI Portal **(Central Food Grains Procurement Portal)** for real time reporting of farmers benefitted, quantity procured, payment made etc .

MeitY

Rajasthan

Online Portal for Rajasthan State Cooperative Marketing Federation(RAJFED), Department of Cooperative to procure Mustard, Gram(Ravi Crop) and Groundnut, Moong, Urad, Soyabeen (Kharif Crop) for NAFED

- ➢ Integrated with Janadhaar. Janadhaar No. is mandatory for registration of farmers. All details of the farmer including bank details are fetched from Janadhaar.
- ➢ Aadhaar enabled biometric authentication is done of the farmer at the time of registration at eMitra centre.
- ➢ Payment is made to farmers through online mode.

- *LabourSoft* is a comprehensive **Labour Department Management System (LDMS)** designed to digitize and streamline labour welfare services in Rajasthan. It aims to automate **G2C (citizen), G2B (business), and G2G (government)** processes, including registrations, inspections, dispute resolution, and compliance under key labour laws (e.g., BOCW Act, Contract Labour Act).

- Submitted the proposal and signed an **MoU with the Labour Department**.

- Initiated **knowledge transfer**; awaiting fund transfer to **NICSI** for implementation.

- **Next Steps:** Finalize **System Requirement Specifications (SRS)** with stakeholders and develop the solution.

Rajasthan Revenue Case Monitoring System (RRCMS)

The Revenue Department is undertaking a transformative IT project aimed to modernizing its technological infrastructure and enhance Revenue Courts proceedings, online Transfer of cases from one court to another and real time status of any case to citizen.

➢ Project aims to implement an integrated IT solution for the Modernization of all revenue court that supports Recording statement at various stages during court proceeding, Issuance of notices, issuance of final order , Generation of Cause list.

➢ There are mainly two modules one is for Revenue official and second is for citizen/advocate. Revenue official module is Developed and Demonstration has been given to BOR. Citizen Module is under progress.

➢ Some of main Features of Portal are :
  ➢ Provision to upload all the proceedings from registration of cases to final disposal.
  ➢ Online exchange of cases in court.
  ➢ Integration with Land Records for khasra under litigation.
  ➢ Real time updation of case summary in RoR
  ➢ Provision of e-sign, digital sign on order, notices, advertisement.
  ➢ Case allotment and bench allotment module for revenue board.
  ➢ Module for registration of caveat.
  ➢ Mobile compatible portal.

Digital Evidence Collection for Criminal Investigations — eSakshya

NIC एनआईसी National Informatics Centre **Rajasthan**

A national platform for process recording of investigative events aligned with the Bharatiya Sakshya Adhiniyam, 2023. It integrates cutting-edge technology to collect, manage, and exchange digital evidence seamlessly across the country.

Key Components

🔒 **Sakshya Locker**:
- ❖ Encrypted storage ensuring integrity & confidentiality;
- ❖ Secure repository for all digital evidence

🔗 **API Bundle:**
- ❖ Effortless integration with existing systems;
- ❖ Secure authentication, authorization, and data sharing

📱 **Mobile App:**
- ❖ Capture evidence at crime scenes in real time;
- ❖ Record statements,
- ❖ document scenes,
- ❖ upload findings instantly

Implementation

- ✓ Started in Jul-2024 at 800 Police Stations in Rajasthan.
- ✓ 45,000 Police Officials on Boarded.
- ✓ eSakshya SID is Linked with FIR.

Impact

- ✓ Modernizes evidence management nationwide
- ✓ Accelerates investigations under new criminal laws
- ✓ Strengthens trust in justice delivery

NIC Network Services

NIC is connected through 3×10 Gbps links from NIC-HQ Delhi, NIC Hyderabad, and NIC Mumbai using Multi TSP connectivity (BSNL, PGCIL, RailTel) for robust statewide backbone.

33 NIC District Centres are connected to NIC Jaipur with 1000 / 100 / 34 Mbps links, supporting over 5000 NICNET nodes across Rajasthan.

More than 26 LANs are operational across Jaipur at key government locations such as RLA, PHED, High Court, Vitta Bhawan, Secretariat, and others, supported by network devices like MADM, DWDM, and equipment from BSNL, PGCIL, and RailTel.

Management of secure NICNET Wi-Fi services at key government locations including CJR, RLA, District HQs, Secretariat, and other offices.

Critical government institutions including CAG, CBI, FRRO, ITAT, PAO, ED, CAT, IBM, BOI, and others are connected via leased lines, along with 41 Treasuries using dedicated fiber/UTP or NICNET extensions.

Judicial and administrative connectivity includes 40+ District Courts via MPLS, Vidhan Sabha, Vitta Bhawan, High Court Jaipur, and 10 FCI offices with bandwidth ranging from 10–100 Mbps.

RSWAN integration connects all 33 districts to NIC, extending connectivity to 3000+ sub-offices at block, panchayat, and tehsil levels through vertical RSWAN links.

High-capacity bandwidth of 4 × 10 Gbps is provisioned to RSDC and RSWAN, ensuring uninterrupted data flow for critical state services.

**Video Conference services of Hon'ble PM, Hon'ble CM, Ministers and officials. High Definition VC Studios at Secretariat, High Courts, District Collectorates, District Courts.**

VC Studios

- ➢ Multipoint Studio Video Conferencing.
- ➢ Software VC Solutions on Desktop/Mobile.
- ➢ Instant Scheduling of Meeting.
- ➢ Camp VC Solutions.
- ➢ Software VC Integration with Studio VC.

NKN Services

Under the National Knowledge Network (NKN), over 80 premier institutions in Rajasthan are connected, including IIT Jodhpur, IIM Udaipur, MNIT Jaipur, AIIMS Jodhpur, ISRO Jodhpur, Rajasthan University, and SMS Medical College.

Hyper-Converged Infrastructure (HCI) at Jaipur consists of 12 servers forming a unified cloud, currently hosting 40+ virtual machines, 8+ applications, and serving multiple departments with application load balancing for high availability.

Cloud and email Services

Cloud and email services include 20+ live websites/applications hosted on HCI Jaipur and NIC HQ Cloud (NDC Delhi), along with 2000+ official email accounts.

Network Security Services

Cybersecurity infrastructure includes SentinelOne EDR deployed on 2500+ NICNET endpoints, along with TrendMicro DeepScan for servers, Palo Alto Firewall, Fortinet UTM, and McAfee IPS/IDS for layered threat protection.

Network monitoring and management covers leased line traffic up to 27 Gbps, firewall and UTM traffic inspection, antivirus services for 4500+ agents, Wi-Fi management, performance metrics (latency, jitter, packet loss), asset management, RMA handling, IP phone management, and comprehensive network documentation.

Bhamashah State Data Centre (BSDC)

NIC Supports in managing Bhamashah State Data Centre (BSDC) Rajasthan, which is one of India's largest and most advanced government-owned data centres, It stands as the only Tier IV Uptime-certified government data centre in the country, ensuring 99.995% uptime reliability

Capacity: Equipped with **600 Racks (150 Racks X 4 PoD)** with redundant power.

Tier IV Certification: BSDC is the only Tier IV Uptime-certified data centre operated by a state government in India, ensuring 99.995% uptime and high reliability.

Green Data Centre: Certified by Green Building Rating Systems, it achieved a 40.81% reduction in energy consumption compared to GRIHA benchmarks and holds a 4-star GRIHA provisional rating

ISO Certification: BSDC maintains high standards through the following ISO certifications:
    ISO 20000:2018 (IT Service Management)
    ISO 27001:2022 (ISMS-Information Security Management System)

Power Infrastructure:
    Total Power Capacity: 7.2 MW, sourced from 2 dedicated substations
    Backup Power: 8 diesel generator sets with a combined **50,000-litre diesel tank** capacity
    Cooling Capacity: 1,750 TR through 5 chillers, equipped with **Hot Aisle Containment**

Network Connectivity:
    Primary Bandwidth: 10 Gbps via National Knowledge Network (NKN)
    Backup Bandwidth: 5 + 5 Gbps from BSNL

Security Infrastructure: Following security devices are in place
    DDoS , Firewall, IPS/IDS,Web Application Firewall

Disaster Recovery Site: A dedicated **Disaster Recovery (DR) data centre** with **80-rack capacity** is located in **Jodhpur**, Rajasthan, ensuring continued service availability and data protection.
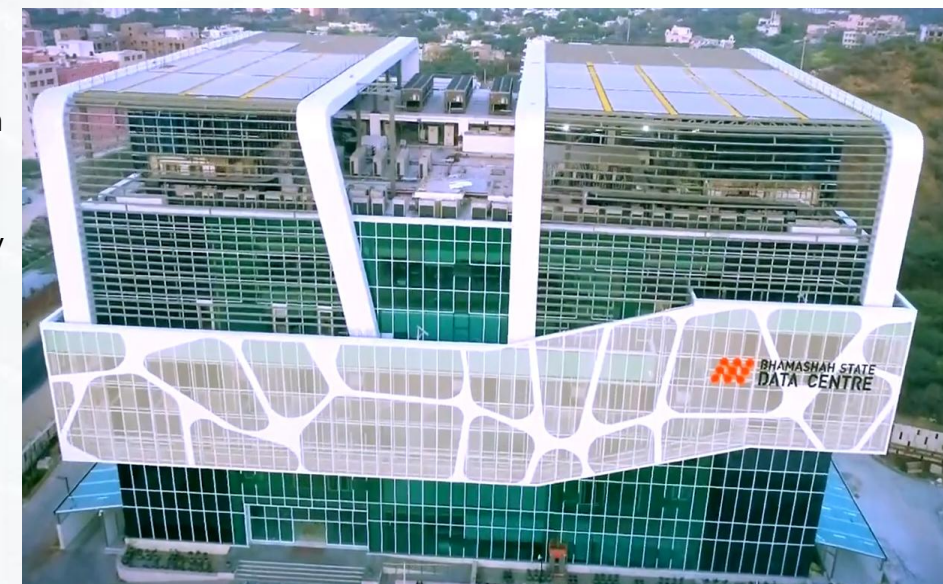

- **All systems developed by NIC Rajasthan are hosted at BSDC. NIC team deputed at BSDC are monitoring and managing the applications infrastructure requirements.**

- **NIC network is the Primary network at BSDC**

District Centres Supports

- NIC Network Services.

- NIC eMail Support.

- NIC Video Conferencing Services.

- COVID related support (RT-PCR APP, Cowin, Arogya Setu, Quarantine App etc.)

Sri Ganganagar – Gang Canal Regulation System, Krishi Mitra Mobile App, Barabandi

Tonk – PadhaiWithAI, Revolutionizing Math Education

PadhaiWithAI is an AI-powered learning platform that provides unlimited practice and real-time support, revolutionizing student learning and teaching efficiency.

- **Objective**: Transform mathematics education for Class 10 students using AI in 350+ government schools in Tonk district.

- **Key Challenges**:
  - ➤ Widespread fear of math, High absenteeism, Lack of practice materials.
  - ➤ Weak fundamentals (Class 5 & 8) and Vacant teacher posts.

- **Innovative Edge**: Uses cutting-edge frontier large language model to provide:
  - ➤ **Solve**: Instant solutions to all textbook questions available for viewing and selecting.
  - ➤ **Generate**: AI-powered generation of new practice problems with difficulty control.
  - ➤ **Bilingual Support**: Detailed explanations in both Hindi and English.

- **Key Features**:
  - ➤ Personalized learning and homework based on performance.
  - ➤ Weekly tests, automated analysis and dashboards for Schools, Blocks & Collector.
  - ➤ Digital attendance and performance reports for real-time student monitoring.
  - ➤ Public recognition of toppers on home page of the portal.

- **Impact**:
  - ➤ Over **11,500 students** across **350+ schools** are actively using **PadhaiWithAI**.
  - ➤ **Real-time dashboards** have enhanced accountability and data-driven performance monitoring.
  - ➤ The platform implements a **structured revision calendar**, significantly improving student outcomes.

➢ Text to speech facility
➢ Bot Rules
➢ Regional Language Support
➢ Translation facility to Assamese, Bengali, Gujarati, Kannada, Malayalam, Marathi, Oriya, Punjabi, Tamil, Telugu and Urdu languages.
➢ User database search
➢ Helpdesk Panel for LIVE interaction.
➢ Implemented in various portals across Country

D-flow
The enterprise Framework for Data Management

NIC एनआईसी National Informatics Centre
Rajasthan

MeitY

D-Flow is an innovative and generic e-governance tool from NIC Rajasthan. The application is extremely useful in cases where data is to be collected from large number of cascaded field locations either on an adhoc basis or as a regular schedule. The system permits user at any level to create its own data collection form , name it and circulate it to any number of users for data collection. The form can be scheduled for reporting on one time basis or any frequency of collection, such as one time/ weekly/ monthly / annually etc. The user is also given the facility to attach scanned sheets which can be merged automatically while compiling the data forms received from various users. Presently implemented in Rajasthan Police department for approximately 2000 users ranging from state level users to the police station level. It is a generic application which can be used by any department without the need of coding and can be rolled out immediately.

MeitY

- A Digital Workplace Solution in Government offices, initiated in 2009.
- Based on Central Secretariat Manual of Office Procedures
- On premises implementation facility.
