

**Annual Administration Reports
of
Cantonment Boards
(2011-2012)**

सत्यमेव जयते

**Government of India
Ministry of Defence
Directorate General Defence Estates**

FOREWORD

The Annual Administration Report for the year 2011-12 pertaining to the administration of 62 Cantonment Boards along with their Annual Consolidated Accounts have been compiled and published by the Directorate General Defence Estates. The Report on the administration of each of the 62 Boards is required to be submitted to the Central Government under Section 50 of the Cantonments Act, 2006. The report encompasses the basic data of Cantonment Boards and their functional aspects.

The biggest challenge presently faced by the Cantonment Boards across the country is the lack of capital resources needed to renew the decaying urban infrastructure and upgrade the existing municipal services in Cantonments. Unlike most Municipal Councils in the States, which are no longer required to provide educational and health services to the local residents, the same being with the concerned State Government Departments, most Boards maintain schools, dispensaries/ hospitals as part of their mandatory functions. There are 205 schools, 40 hospitals and 41 dispensaries being maintained by various Cantonment Boards. These schools, dispensaries and hospitals provide services to the poorest sections of society. However, the infrastructure of these hospitals, schools and dispensaries is in dire need of financial support not only to maintain efficiently the present level of services but also to upgrade these to meet the growing needs of the residents.

Cantonment Boards, though deemed Municipalities under clause (e) of Article 243P of the Constitution, as per sub-section (2) of section 10 of the Cantonments Act, 2006, for the purposes of receiving grants and allocations; or implementing the Central Government schemes of social welfare, public health, hygiene, safety, water supply, sanitation, urban renewal and education; are not being given grants and allocations given to municipal bodies all over the country and, as a result, are not able to implement the Central Government schemes for urban renewal and social welfare. Ministry of Urban Development has now accepted the need to extend schemes like JNNURM to the Cantonment areas keeping in view the recommendations of the Thirteenth Central Finance Commission. If these schemes are implemented, this would enable integration of services like water supply and underground sewerage system from the adjoining municipal areas into the Cantonment areas.

A proposal to extend the 'Plan Funds' to the Cantonment areas is under the consideration of the Ministry of Defence which is aimed at meeting the demand of much needed capital funds for Cantonment Boards. A new Budget Head called, "Grants for creation of capital assets" has also been opened in order to channelize funds to Cantonment Boards for implementing developmental plans and schemes.

New initiatives undertaken by Cantonment Boards during 2010-11 were continued and strengthened during 2011-12. By the end of 2011-12, 55 Cantonment Boards have established vocational centers and have successfully completed various courses in imparting skills to the school children as well as other residents of Cantonments. Schools Management Committees(SMCs) have been constituted under the Right of Children to Free and Compulsory Education Act, 2009 in 52 Cantonments where schools are being run by Cantonment Boards. Regular meetings are being held by these SMCs. Cantonment Boards have been asked to increase enrolment of children of school-going age, particularly the girls, and to simultaneously curb the drop-out rate.

Environment protection measures like tree plantation, enforcing ban on polythene bags, implementing provisions of Municipal Solid Waste (Management & Handling) Rules, 2000 etc. were continued. By the end of March 2012, Centers for differently abled children were established in 11 Cantonments. The Public Grievance Redressal Software "Samadhan" has been implemented in 40 Cantonments.

To build capacities of the staff of Cantonment Boards and to enable them to meet new functional challenges, two Regional Training Centers (RTCs), one in Dehradun Cantonment and the other in Dehuroad Cantonment, were established during the year. The two RTCs organized 10 courses in various streams during the year.

As a part of strengthening land management system and preserving precious land records, an Archival Unit & Resource Centre (AU&RC) has been established in the Directorate General Defence Estates. Cantonment Boards have also undertaken indexing, scanning, digitization and micro-filming of their records in a phased programme. Digitization of records will ensure preservation of precious defence land records for a long time and ensure their easy retrieval by the users.

It is the vision of the Defence Estates Organization to transform Cantonments, through perseverance and sustained efforts, into model urban townships.

(Ravi Kant Chopra)
Director General
Defence Estates

OVERVIEW

1. There are 62 Cantonments in the Country which are located in 19 States. Cantonment Boards are statutorily constituted local bodies and comprise elected representatives besides ex-officio and nominated members. The Station Commander, who is a military officer, is the Ex-officio President of the Cantonment Board. An officer of the Indian Defence Estates Service (IDES) is posted as Chief Executive Officer in each Cantonment to perform the executive functions of the Board. He also functions as the member-secretary of the Board.
2. Cantonment Boards are constituted under the provisions of the Cantonments Act, 2006. These are under the administrative control of Ministry of Defence, Government of India. Section 50 of the Cantonments Act, 2006 provides that every Board shall, as soon as may be, after the close of the year, submit to the Central Government, through the Officer Commanding-in-Chief, the Command, a report on the administration of the Cantonment Boards. Accordingly, reports for 2011-2012 are being tabled.
3. GOC-in-Chief of the Army Command concerned acts as the overseeing authority for the administration of the Cantonments situated within the respective Commands. Principal Director, Defence Estates, from the Indian Defence Estates Service, is posted at the Headquarters of each Army Command, who apart from being advisor to the GOC-in-C, is answerable to the Director General Defence Estates, Ministry of Defence.
4. The basic data indicating the year of establishment of each Cantonment, its population, classification and financial assistance by way of grant-in-aid by the Government is indicated in Annexure-I. A table showing the number of meetings held by the Cantonment Boards during 2011-2012 is given in Annexure-II. Details of income and expenditure of the Cantonment Boards are furnished in Annexure-III and IV respectively. Data regarding the schools, hospitals and dispensaries maintained by the Cantonment Boards is given in Annexure-V.
