MemoNo.3PM2/2025/3201-22

Dated 17.03.25

Sub: Regarding legible prescription and prescribing generic medicines.

Kindly refer to the subject cited above. It has been observed that many doctors are writing prescriptions which are illegible and not prescribing generic medicines. The matter has also been raised by the Hon'ble High Court of Punjab & Haryana in the CRM 30302 of 2024. Therefore it is once again reiterated that as per the notification issued by the erstwhile Medical Council of India dated 21.9.2016

“ Every physician should prescribe drugs with generic name legibly and preferably in capital letters and he/she shall ensure that there is a rational prescription and use of drugs ”

Therefore, you are directed to ensure that all doctors under your jurisdiction implement these instructions in letter and spirit.
