D.O. No.: N-11013/2/2020-PESA

Dated: 09th November, 2020

Dear

This letter is regarding timely holding of Panchayat elections in your State.

2. As you are aware, Article 243 (1) of the Constitution of India provides holding of elections to the Panchayats every five years. Further, Article 243E (3) of the Constitution states that elections to constitute a Panchayat shall be completed before the expiry of its duration. Therefore, the timely holding of Panchayat Elections in a State is a Constitutional requirement. Any delay in holding elections, not only deprives rural citizens from the exercise of their democratic fundamental right but also impacts timely devolution of funds recommended by the Finance Commission.

3. It has been observed that the elections to the Panchayats, at different levels, are often delayed on grounds of amendments proposed by the State Government in the Panchayati Raj Act, commencement and completion of delimitation exercise, court cases, preparation of electoral rolls, reservation issue etc. Such issues are administrative in nature and hence can be undertaken/completed without affecting the election schedule if timely action is taken in advance by concerned authorities. Taking a cue from the functioning of the Election Commission of India, preparations for the Panchayat Elections should ideally start at least 6 months prior to the tenure completion date of PRIs, as is the case with the election for Parliament and State Legislature. This would facilitate completion of electoral process before expiry of the term of Panchayats as envisaged by the Constitution.

4. In light of the above, you are requested to review the matter personally and take appropriate steps to ensure timely preparation and conduct of Panchayat Elections in your State in conformity with the Constitutional provisions.

Yours sincerely,

-Sd/-
