

# Kutumba - an Overview

# Kutumba - a Social Protection System cum Entitlement Management System

- Created under sec 4(4)(b)(ii) of Aadhaar Act with following objectives
  - Easy access to government benefits by poor and needy - ***Bringing inclusive growth***
  - Prioritise poor and needy for getting government benefits – ***based on Need score***
  - Minimise or remove state machinery in assessing needs and condition of poor **AND** to administer benefits
  - Enable poor **to seek** and **get** state help when faced with sudden shocks
  - Evidence based planning
  - Ask data only once
  - Government benefits to **automatically reach poor as per their entitlement**

# Solution Explained

## 1. Social Registry

- Centralized ***dynamic, self updating*** data repository of 1.75 Crore families and 5.5 Crore Citizens in Karnataka consisting of the individual and family attributes
- PDS data used as a base and other registries integrated with it
  - ***No survey done – dynamic data update***
  - ***validated data from source systems – reliable and authentic***

# Kutumba marches forward

- Compliance to provisions related to Personal Data Protection
  - Privacy by Design Policy formulated and under implementation.
  - Data Privacy Policy formulated
  - Rights of data principal to access/view/update data enabled.
- Selected schemes to be taken up on Entitlement basis
  - PMMVY, JSY, RBSK, Nutrition Rehabilitation Programme etc
- Connect with UIDAI to get Aadhaar of a Birth EID to automatically include new born into beneficiary systems

# Kutumba Presentation Summary

- Form family database by connecting attributes to PDS from govt verified databases to the extent possible
  - Seek 4(4)(b)(ii) for each of the database
- Resort to field survey only if inevitable.
- Two way connections to Kutumba to department database is a must to keep Kutumba dynamic and up to date
- Seek 4(4)(b)(ii) for birth and death system and connect to Kutumba.
- Create beneficiary and benefits registry.
  - Aadhaar based DBT payment system would help to achieve above objective

Thank You
