

Minutes of the 5th Central Empowered Committee (CEC) of Rashtriya Gram Swaraj Abhiyan (RGSA) held on 20th May 2021

The 5th Meeting of Central Empowered Committee (CEC) of Rashtriya Gram Swaraj Abhiyan (RGSA) for the year 2021-22 was held on 20th May 2021 through Video Conference under the chairmanship of Secretary, Ministry of Panchayati Raj. The meeting was convened for consideration and approval of the Annual Action Plans (AAPs) received from the 10 States/UTs comprising Andhra Pradesh, Daman and Diu & Dadar and Nagar Haveli, Himachal Pradesh, Haryana, Jammu & Kashmir, Ladakh, Punjab, Rajasthan, Telangana and Tripura.

Welcoming the Secretary, members of the CEC and the representatives from States/UTs, Joint Secretary (CB) shared the agenda of the CEC meeting. Secretary, MoPR and Chairman of the CEC addressed the CEC members, NIRD&PR and the representatives of 6 states/UTs.

The following observations were made by the Chairman:

- Availability of all details of Elected Representatives (ERs) on State Panchayat portals within a month of their election. It was observed that State PR departments should work together with State Election Commissions to get updated details immediately after the elections to upload those details on public domains. A web based intervention through NIC should be explored to avoid manual re-entry of data.
- States should focus on capacity building of ERs. Institutions of Local Self Governance should be strengthened with thrust on Public health especially during these pandemic days so that PRIs are prepared enough for effective management of Covid in the rural areas.
- Role of NIRD&PR/ SIRDs and other training institutions is very important in assessing the training requirement so that training of elected representatives of Panchayats is undertaken in the core areas in identified thrust areas which cover multi-dimensional aspects of Covid management.
- In the wake of 2nd wave of Covid, all PRIs should follow Standard Operating Procedures (SoPs) set-forth by the Ministry of Health and other Central Ministries so that Covid's spread is contained in rural areas. He observed that SoPs issued needs to be shared among all Panchayats so that they follow all 59 indicators to ensure their preparedness with necessary information, knowledge base and the operational skills.
- Public health functionaries including nutrition committees in the villages should be equipped with all skills to enhance capacities of its members in these crucial times.
- ERs should also play a major role on adoption of covid related behaviour, isolations of Covid centres etc

- On replication of good practices and good work, The chairperson emphasized that good work needs to be documented for its dissemination for replication in Panchayats all over the country.

Observations from CEC Members:

- Dr Suparna S. Pachouri, JS & FA (MoPR) inquired about the continuation of the scheme beyond March 2022. It was apprised that the 3rd party evaluation is under way. After the receipt of the report; on the basis of the recommendations of the report as well as inputs from States, a revised scheme would be prepared.

Thereafter, CEC took up for consideration the agenda wise items as follows:

Agenda Item Number 1: Request from UT of Daman & Diu for allowing the expenditure during out of funds released during 2014-15 under RGPSA

Moving on this agenda item, Joint Secretary (CB) informed CEC that UT of Daman & Diu was released 1.509 Crs in 2014-15 under RGPSA. Further to that no Annual Action Plans were submitted for next 3 years by the UT. The next AAP submitted and approved was under present RGSA scheme in 2018-19. Meanwhile during the said period an expenditure of 12.97 lac only was incurred and state had an unspent balance of 1.38 cr. Thereafter AAP for 2019-20, 2020-21 were approved but no funds released as no utilisation was done. Further no revalidation of activities was allowed against the available funds purportedly on account of the funds pertained to earlier scheme. The UT was asked to refund the amount. This has led to an anomalous situation whereby the funds which were unspent earlier, have been spent now but in absence of revalidation are not being considered as valid expenditure. Hence the UT has requested to reconsider the refund of the unspent amount and allow the same for the tied-up activities.

To this end, the matter was accordingly reviewed in the Ministry. It is observed that there is no rationale for first refund of this amount and subsequent release against new AAP 2021-22. Hence it has been decided with the approval of SPR to seek post facto approval of CEC for allowing the expenditure occurred against the fund of Rs 1.509cr released to the UT.

Accordingly, the proposal for allowing the expenditure of Rs 1.509 cr incurred by UT as per approved AAPs is submitted for consideration and post facto approval of CEC.

The CEC considered the matter and accorded post facto approval to the proposal

Agenda Item Number 2 –Hiring of consultants for NPMU from open market

Joint Secretary informed CEC that under RGSA scheme, a National Programme Management Unit (NPMU) was established in 2019 through NIRDPR, to provide professional and technical support to States / UTs for overall implementation and monitoring of the scheme of RGSA. It was stated that there are 12 vacancies of Consultants in NPMU.

JS further informed CEC that there have been a large number of new interventions under the scheme including BPDPs, DPDPs, setting up of PMUs at different levels, In-depth analysis of different studies, Research work, revamping of TMP and RGSA MIS. It is further aimed to move from just quantitative action of release of funds and their accountal through UCs to a more objective, result oriented qualitative assessment of CB & training activities and strengthening of Institutional Infrastructure. Rationalisation of work pertaining to states to enable more efficient working.

Considering the new interventions as brought out above coupled with continuous attrition of available manpower and also that all out efforts made for early engagement of NPMU consultants through NIRDPR not yielding positive results, it was proposed that while NIRDPR may be vigorously pursued for expediting the engagement of consultants , at least 4 domain experts may directly be engaged on the lines of NITI Ayog, M/o WCD, in areas like SDGs, generation of OSR, water, sanitation, waste management etc.

This proposal as approved by SPR was put up for CEC's ratification and sanction for which CEC accorded sanction.

As regards their remuneration, JS proposed to engage the consultants at Rs 90,000 Per Month and in case of those with doctoral and post-doctoral qualifications in domain area to be engaged at Rs 1,10,000 pm (in line with the pay band initially approved for NPMU viz 70000-120000), which will enable MoPR to attract quality consultants. JS mentioned that the salary shall be charged to professional services head under the scheme.

CEC's approval was also sought for salary of remaining consultants of MoPR to be brought to parity and salary of NPM suitably revised. In this regard, it would not out of place to mention that the existing consultants (hired in band Rs70000-120000) were being paid Rs 70,000 and though there was a provision for yearly increment, same has not been provided since 2019. It is felt that this may also have contributed to their large-scale attrition.

The CEC considered the matter of remuneration of consultants and approved the proposal. CEC was also apprised that in view of the emphasis being placed on the qualitative aspects of CB as well as the keen need for an analytical unit PPEC is being constituted.

Thereafter, Annual Action Plans submitted by 10 States/UTs namely. Andhra Pradesh, Daman and Diu & Dadar and Nagar Haveli, Haryana, Himachal Pradesh, Jammu & Kashmir, Ladakh, Punjab, Rajasthan, Telangana & Tripura were considered. The details of amount proposed by States and CEC decision/observations are as under:
