Minutes of the 2nd meeting of Central Empowered Committee (CEC) of Rashtriya Gram Swaraj Abhiyan (RGSA) held on 16th March 2021

The 2nd Meeting of Central Empowered Committee (CEC) of Rashtriya Gram Swaraj Abhiyan (RGSA) for the year 2021-22 was held on 16th March 2021 under the chairmanship of Secretary, Ministry of Panchayati Raj through Video Conference. The meeting was convened for consideration and approval of the Annual Action Plans (AAPs) of 5 States namely Maharashtra, Mizoram, Nagaland, Odisha & West Bengal.

CEC was informed that Ministry has initiated the submission and approval of AAPs in online mode through RGSA – MIS where the review and consideration of those AAPs by CEC shall also be done online .

Welcoming the Secretary, members of the CEC and the representatives from States/UTs, Joint Secretary (CB) shared the agenda of the CEC meeting.

Secretary, MoPR and Chairman of the CEC in his address informed the Committee and States that since the year 2021-22 will be the last year of the scheme, a third party evaluation of the scheme through NCAER is being made and the NCAER will be interact with the States in this regard. The prospects for extension/renewal of the scheme would be determined based on the outcome of evaluation. He requested the States to extend full cooperation to the agency so as to accomplish the evaluation study within the stipulated time. It was observed that during last year there were cases of delay or non-release of matching state share in several states, which led reduced release of funds. This not only adversely impacted the actualisation of approved activities but also resulted in drastic reduction of budgetary allocation at RE stage. It was emphasised that states should endeavour that once the central share is released, the funds including matching state share should be released in the state nodal account at the earliest.

As per the Govt. Guidelines, all funds under the Centrally Sponsored Schemes are to be channelized through PFMS only from the Ministry upto the last level of implementing agencies of the States to ensure transparency and accountability in timely release of funds to the States and also to help monitoring the end usage of funds. Therefore the States/UTs may ensure that all the user agencies receiving funds under the scheme are mapped on PFMS.

Thereafter, CEC took up the Agenda for consideration and decisions taken with respect to them have been described in succeeding Sections.

Agenda 1: Construction of Gram Panchayat Bhawan in North East states - Approval regarding.

It was informed to the committee that as per decision of CEC in its meeting held on 17th April 2020 and 19 May 2020, no new activities including construction of Panchayat Bhawan was approved during the current year and it was decided that new activities would be considered in the light of fund position later in the year. Construction of only 9 Gram Panchayat Bhawans (5 to Arunachal Pradesh and 4 to West Bengal) had been approved.

The availability of funds under the scheme of RGSA was reviewed after the 3rd quarter of the financial year and in the context of likely saving of funds under the NE component, which has an allocation of Rs. 65.68 Cr, it was decided with the approval of SPR and chairperson of the CEC to allow construction of 336 low cost Gram Panchayat Buildings in the NE states @10 lakh per Gram Panchayat Bhawan against the 841 GP building demanded by NE states in their Annual Action Plan (AAPs) for 2020-21, as per details given in item 1 of Agenda note. No GP bhawan construction was approved for those State/s to whom likelihood for release the fund during the current year was minimal due to higher unspent balance available with States viz. Arunachal Pradesh. In view of the above the proposal was put-up for ratifications of CEC.

The CEC considered the matter and accorded postfacto approval to the proposal

Agenda 2: Revalidation of Carry Over activities relating to training etc.

It was brought out that the Annual Action Plan of the States/ UTs for 2018-19, 2019-20 & 2020-21 had been approved before the onset of respective financial year/s. While the States were advised that only construction related activities and recurring cost on honorarium etc of the previous year were to be included as carry over activities in the next financial year Plan It was observed that in the some States/ UTs the approved activities other than the above activities of the previous year had been continued in the subsequent year using the funds available during the year, without including such activities in the subsequent year plan as a new activity or even as a carryover. This has led to problem in uploading the progress of such activities in the MIS of RGSA during a particular year because of non-existence of these activities in the approved activities of the given year. Such problems have been encountered in filling up the progress in respect of States.

In view of the above position, it was proposed to revalidate such spill over activities, other than construction and recurring cost of HR support etc, for that year when these activities were undertaken. This will facilitate the respective State in uploading the progress of such revalidated activities against the Annual Action Plan of that State, revised to that extent.

The CEC considered the matter and approved the proposal

Agenda 3: Annual Action Plan Received from the States

In pursuance of this Ministry's letter dated 28/12/2020 requesting States/ UTs to upload their Annual Action Plan (AAPs) under RGSA for the financial year 2021-22 for appraisal and approval by CEC, 5 more States namely.
