Chapter-I

Introduction

1.1 The participation of local people for development of rural areas through Panchayati Raj System was provided through 73rd Amendment in the Constitution of India. Part IX was inserted in the Constitution as a sequel to the 73rd Constitution Amendment in 1993. Consequently 'Panchayats' have assumed Constitutional mandatory status.

1.2 Vision of the Ministry of Panchayati Raj

To attain decentralized and participatory local self-government through Panchayati Raj Institutions (PRIs).

1.3 Mission of the Ministry of Panchayati Raj

Empowerment, enablement and accountability of PRIs to ensure inclusive development with social justice, and efficient delivery of services.

Mandate of the Ministry of Panchayati Raj

1.4 The Ministry of Panchayati Raj was created on 27th May 2004. It has the primary objective of (i) overseeing the implementation of Part IX of the Constitution, (ii) implementation of 'The Provisions of the Panchayats (Extension to the Scheduled Areas) Act, 1996 (PESA Act) in the Fifth Schedule areas and (iii) operationalizing District Planning Committees in terms of Article 243ZD of Part IX-A of the Constitution. Since most of the actions including the framing of laws rests with the State Governments, the Ministry

strives to achieve its goals with regard to improvements in the functioning of Panchayats primarily through policy interventions, advocacy, capacity building, persuasion and financial support.

1.5 The aim of the Ministry is to make Panchayati Raj Institutions (PRIs) an effective, efficient and transparent vehicle for local governance, social change and public service delivery mechanism meeting the aspirations of local population.

1.6 The role of MoPR involves strengthening the administrative infrastructure, basic services etc by leveraging technology and capacity building of the functionaries of Rural Local Body (RLB) institutions. Ministry's roadmap, to realise the above objectives, is through three pillars:- (i) provision of basic services through the Finance Commission funding, (ii) capacity building of RLBs through revamped Rashtriya Gram Swaraj Abhiyan (revamped RGSA) and (iii) convergent holistic planning through inclusive and participatory process through Gram Panchayat Development Plan (GPDP) and advocacy work.

1.7 The Role of States

The Constitution envisages that Panchayats will function as institutions of local government and prepare plans and implement schemes for economic development and social justice, but leaves the precise devolution of powers and authority to Panchayats to the States. Article 243G of the Constitution stipulates that

Panchayats should plan for and implement schemes for local economic development and social justice. Article 243ZD provides for setting up a District Planning Committee to prepare District Plan by consolidating plans of rural areas prepared by Panchayats and of urban areas prepared by Urban Local Bodies.

The State legislatures are to consider the 29 subjects illustratively set out in the Eleventh Schedule (**Annexure-I**) for devolution to the Panchayats; for the planning and implementation of schemes; for economic development and social justice. Powers to impose taxes by and provisions of funds to the Panchayats are determined by the States. Moreover, States play a critical role in building Panchayat capacities and in creating an

appropriate framework for accountability and transparency as well.

1.8 Areas Not Covered under Part IX

While Part IX of the Constitution applies to a vast area of the country, as per Article 243M of the Constitution, some areas are exempt from Part IX. These include the States of Nagaland, Meghalaya and Mizoram; tribal areas in the States of Assam, Meghalaya, Tripura & Mizoram; the hill areas in the State of Manipur (for which District Councils exist); and the district level Panchayats in the hill areas of Darjeeling of State of West Bengal. Various kinds of grassroots level local governance structures exist in these areas e.g Village Councils.

1.9 Basic Data on PRIs (as on 31.12.2022)

| Sl. No. | Units | Number |
|---------|------------------------------------|--------|
| 1. | Number of Village Panchayats | 255623 |
| 2. | Number of Intermediate Panchayats | 6697 |
| 3. | Number of District Panchayats | 665 |

A Brief History of Panchayati Raj

Chapter-3

A Brief History of Panchayati Raj

3.1 The Rig Veda, one of India's oldest sacred books and historical sources, mentions village communities across the sub-continent that were self-governing over millennia, serving as the main interface between the predominantly agrarian village economies and the higher authorities. Custom and tradition elevated these earlier councils or assemblies called "Sabhas" to a position of considerable authority. Slowly, they assumed the form of the "panchayat" (an assembly of five respected elders). These panchayats in north and south India became the pivot of administration, the focus of social solidarity and the principal forum for the dispensation of justice and resolution of local disputes. During the medieval and Mughal periods these characteristics of the village panchayats remained unchanged.

Local Government in British India:

3.2 At the advent of British colonial administration Sir Charles Metcalfe, the provisional Governor General of India (1835-36), referred to the Indian village communities as "little republics".

In urban areas, a municipal corporation came to be formed in Madras, on the British model of a town council, as early as 1687. The Madras Municipal Corporation was empowered to levy taxes for building schools and was endowed with a guild hall. As the sphere of activities of this corporation expanded (as happened in similar bodies set up in other major towns), correspondingly their powers of taxation also widened. These municipal corporations symbolized local government of sorts, but continued to comprise nominated members with no elective element whatsoever.

3.3 Evolution of Panchayati Raj System:

| Sl. No. | Year | Major Development |
|---------|------|---|
| a | 1870 | Lord Mayo (Viceroy of India - 1869-72), Governor General-in-Council, secured the passage of a resolution for the decentralization of power aimed at bringing about greater administrative efficiency in meeting the demands of the people but primarily designed to augment imperial finances. A significant first step towards reviving the traditional village panchayat system in Bengal was taken through the Bengal Chowkidari Act, 1870, which empowered District Magistrates to set up Panchayats of nominated members in the villages. These nominated Panchayats could levy and collect taxes to pay for the chowkidars, or watchmen, engaged by them. The Famine Commission of 1880 pointed to the absence of local bodies as a major impediment in delivering relief supplies to famine- |

| | | |
|---|-----------|--|
| | | stricken people, and underlined the need to expand self-government to the villages as well. |
| b | 1882 | The Magna Carta of local democracy in British India was the Ripon Resolution of 1882 (Lord Ripon was Governor General and Viceroy of India - 1880-1884) providing for rural local boards with two-thirds of membership to be composed of elected, non-official representatives and presided over by a non-official Chairperson. Actual progress in implementation was slow, but the role of rural local administration was elevated, and the term "self-government" gained currency. |
| c | 1907-1909 | In 1907, the Government constituted a six-member Royal Commission on Decentralization, released in 1909, elaborated the principles enunciated in the Ripon Resolution, and recognized the importance of Panchayats in the governance of India. |
| d | 1919 | The Montagu - Chelmsford reforms of 1919 (Edwin Samuel Montagu was Secretary of State for India - 1917-22 and Lord Chelmsford was Viceroy of India - 1916-21) made local self-government under the proposed scheme of Dyarchy a "transferred subject", bringing self-government under the domain of Indian Ministers in the provinces. To make local self-government both fully representative and responsible, the Montagu-Chelmsford reforms suggested that there should be, as far as possible, complete popular control in local bodies and the largest possible independence for them from outside control. |
| e | 1935-39 | The Government of Indian Act, 1935 and the inauguration of provincial autonomy under it marked another crucial stage in the evolution of Panchayats. With popularly elected governments in the Provinces, almost all provincial administrations enacted legislation for further democratization of local self-government institutions, including the village Panchayats. |
| Panchayats in Post - Independence India: | | |
| f | 1948-50 | The amendment, eventually numbered as Article 40 reads: "The State shall take steps to organise village panchayats and endow them with such power and authority as may be necessary to enable them to function as units of self-government". It is noteworthy that right from the beginning, "self-government" has been considered as the essence of Panchayati Raj. Entry No. 5 (Local Government) of the State List of the Seventh Scheduled of the Constitution since its enactment on 26.11.1949. |
| g | 1952 | Community Development projects were inaugurated in 1952, modelled after the earlier experiments at Santiniketan, Baroda (Vadodara), and Nilokheri. |

| | | |
|---|-----------|--|
| h | 1957 | <p>In 1957, a historic breakthrough in establishing Panchayati Raj was effected through the Report of the Team for the Study of Community Development Projects and National Extension Service, headed by Shri Balwantrai Mehta, which recommended that "Public participation in community works should be organized through statutory representative bodies".</p> |
| | | <p>Subsequently, the National Development Council endorsed the basic principles of democratic decentralization enunciated in the Balwantrai Mehta report and laid on States the duty of working out the structures suitable to each State.</p> <p>It was during this period that the term "Panchayati Raj" gained currency as a process of governance organically linking the will of the people from the Gram Sabha to the Lok Sabha.</p> |
| i | 1959 | <p>The system of Panchayati Raj was first implemented in Rajasthan on 2nd Oct, 1959, at Nagaur, 260 KMs from Jaipur.</p> |
| j | 1978 | <p>The Ashoka Mehta Committee Report of 1978 recommended that Panchayati Raj be included in the Constitution. In keeping with the spirit of the Ashoka Mehta Committee recommendations, some states, including West Bengal, Karnataka and Andhra Pradesh, revisited their respective Panchayati Raj systems and undertook several new initiatives to endow local bodies with more powers, leading to these initiatives being cited as "second generation" Panchayats, which served as a prime inspiration and example for subsequent reform.</p> |
| k | 1991-1993 | <p>The Government introduced the 72nd (Panchayats) and 73rd (Nagarpalikas) Constitution Amendment Bills, based substantially on the Bills moved in the Eight Lok Sabha but also incorporating some of the changes wrought by the then Government in power. These two Bills were referred to a Joint Select Committee of the Parliament, which effected some further changes but conformed in very considerable measure to the earlier 1989 initiative.</p> <p>The Lok Sabha and the Rajya Sabha passed both Bills on the 22nd and 23rd December, 1992 respectively. By the time the Parliament passed the two Bills, their sequence changed to 73rd and 74th respectively. Following their ratification by more than half the State Assemblies as required under the Constitution, the President of India gave his assent, and the Acts came into force as the Constitution (Seventy-third Amendment) Act, 1992 on 24th April, 1993, and the Constitution (Seventy-fourth Amendment) Act, 1992 on 1st June, 1993, adding two new Parts to the Constitution, namely Part IX titled "The Panchayats" and Part IXA titled "The Municipalities".</p> |

Localization of Sustainable Development Goals Through Panchayati Raj Institutions

सशक्त पंचायत सतत् विकास

Chapter-7

Localization of Sustainable Development Goals Through Panchayati Raj Institutions

7.1 Sustainable Development Goals (SDGs)

7.1.1 The Sustainable Development Goals (SDGs) are the blueprint to achieve a better and more sustainable future for all. The 17 SDGs and 169 related targets were adopted and signed by all UN Member States in September 2015, as part of the 2030 agenda for Sustainable Development.

7.1.2 Government of India is also a signatory to the United Nations Sustainable Development Goals (SDGs) 2030 agenda and committed to achieve the Goals and targets adopting multipronged strategy with the involvement of NITI Aayog, Central Ministries, State Governments, UN agencies specialised in respective fields, Panchayati Raj Institutions (PRIs) etc.

7.2 Role of Central Government in SDGs:

7.2.1 NITI Aayog, has been entrusted with the responsibility of coordinating the SDGs among the Central Ministries and the State Governments, and monitoring the progress.

7.2.2 Ministry of Statistics and Programme Implementation (MoSPI) is responsible for the formulation of the National Indicator

Framework (NIF) to monitor the SDGs;

7.2.3 Central Ministries and their schemes are mapped with SDGs and targets. The ministries are also responsible for providing data for the National Indicator Framework (NIF);

7.3 Role of Panchayats in LSDGs

7.3.1 The PRIs are mandated for delivery of critical public services including water supply, sanitation, internal roads, drainage, street lighting, health, education and nutrition etc. in villages. The 29 subjects listed in eleventh schedule of the Constitution are quite relevant for achieving SDGs. Therefore, role of the PRIs assumes greater significance in achieving the SDGs at panchayat level. Given that nearly 70% of India lives in rural areas, attainment of Sustainable Development Goals at National level will require actions at the grassroots level through Panchayati Raj Institutions (PRIs). Hence role of Panchayati Raj Institutions especially Gram Panchayats is very crucial in localizing the SDGs.

7.3.2 Accordingly, MoPR setup an Expert Group on 'Localization of SDGs through Panchayati Raj Institutions' to provide guidance on localization of SDGs. The report of expert group was released on 07.12.2021 by Hon'ble Minister of Panchayati Raj.

7.4 Outline of Recommendations:

7.4.1 The Expert Committee recommended a thematic approach to incorporate the 17 SDGs in 9 themes. These themes have been mapped to the 17 SDGs and the local targets have been aligned to the National Targets. The 9 themes and respective mapped SDGs are:

- ✓ Theme 1: Poverty Free and Enhanced Livelihoods Village (SDGs:1,2,3, 4, 5, 6, 7, 8,10,11,13 and 15)
- ✓ Theme 2: Healthy Village (SDGs:2 and 3)
- ✓ Theme 3: Child-Friendly Village (SDGs:1,2,3,4 and 5)
- ✓ Theme 4: Water Sufficient Village (SDGs: 6 and 15)
- ✓ Theme 5: Clean and Green Village (SDGs:6, 7, 12, 13, 14 and 15)
- ✓ Theme 6: Village with Self-Sufficient Infrastructure (SDGs: 1,2,3,4,5,6,9 and 11)

- ✓ Theme 7: Socially Just and Socially Secured Villages (SDGs:1,2,5,10 and 16)
- ✓ Theme 8: Village with Good Governance (SDGs:16)
- ✓ Theme 9: Women Friendly Village (SDGs:1,2,3,4,5 and 8)

These themes are interlinked and inter-related to each other, which ensure the achievement of SDGs at the grassroots.

7.4.2 Subsequently, Ministry of Panchayati Raj has adopted thematic approach towards SDG whereby 9 themes have been identified developed. Adopting a thematic approach will enable easy understanding; acceptance & implementation by Panchayats with community involvement. Each of these themes covers several SDGs, which in turn mapped to different ministries & schemes, adopting a thematic approach.

Table 7.1: Mapping of themes with Nodal and Key Ministries /Departments

| Theme | SDGs Mapped | Nodal Ministry | Key Ministries/Departments |
|---|---|---------------------------|---|
| Theme 1: Poverty Free and Enhanced Livelihood Village | 1,2,3, 4, 5, 6, 7, 8, 10, 11, 13 and 15 | Rural Development | Agriculture & Farmers welfare, Animal Husbandry, Fisheries, Skill Development |

7.4.3 The goals on these themes should be attained by 2030 in graduated manner by embracing following approach: (i) convergence of all flagship developmental and welfare programmes at Panchayat level, (ii) saturation of various activities in all villages in phased manner. And (iii) usage of digital technology for ensuring transparency and accountability of all concerned.

Chapter-9

Devolution of Power to Panchayats

9.1 Fiscal Devolution & Devolution of Powers

Article 243G of the Constitution of India dealing with powers, authority and responsibilities of Panchayats provides that the Legislature of a State may endow the Panchayats with powers and authority to enable them to function as institutions of self-government and such law may contain provisions for the devolution of powers and responsibilities upon Panchayats for the preparation of plans for economic development and social justice; and for the implementation of schemes for economic development and social justice on 29 subjects listed in Eleventh Schedule of the Constitution. Accordingly, 'Panchayat' is a State subject. The devolution of powers, responsibilities and resources to Panchayats is considered essential for sustainable decentralization and inclusive development.

9.2 Activity Mapping of Functions Devolved by States to Panchayats

9.2.1 For effective devolution there should be a clear cut delineation of functions for each level of the local government. Clarity on the role and responsibilities of the Panchayats of three tiers is provided by 'activity mapping', which becomes an important step in devolution of functions to the Panchayats.

9.2.2 Activity mapping means unbundling of subjects or sectors and assignment of various activities to the different levels of government on the basis of clear principles of public finance and public accountability, and above all, the governance principles of subsidiarity, democratic decentralization and citizen-centricity.

9.2.3 Updated status of implementation of Activity Mapping is required for preparation of requisite documents for drafting of detailed Memorandum to the 16th Finance Commission. Further, in view of Localization of Sustainable Development Goals; Activity Mapping assumes a very important role.

9.3 Role of Ministry of Panchayati Raj

Since its creation in the year 2004, Ministry of Panchayati Raj (MoPR) has been continuously advocating and persuading State Governments on:

- i. Devolution of powers to Panchayats as per the Constitution of India
- ii. Implementation of Activity Mapping time to time with all States & UTs

9.4 New Initiatives taken by MoPR

9.4.1 'Vibrant Gram Sabhas' Dashboard: Ministry has developed a 'Vibrant Gram Sabhas'

dashboard, which is an integrated real time online monitoring system to facilitate a complete automated online workflow configurable Gram Sabha management system where all the major performance parameters of the key focus areas at the GP/ Village levels would be tracked and displayed in the public domain.

9.4.2 Minister of Rural Development & Panchayati Raj has written a letter on 13th Sept., 2022 to the State Panchayati Raj Ministers of all States and LGs/ Administrator of all UTs, inter-alia, suggesting District/Block Administration

officers to visit Gram Panchayats, attend the Gram Sabhas and share details of flagship schemes of the Government with Panchayats to ensure last mile reach of information and scheme related benefits. Also, it was suggested that starting from the 2nd of October, 2022 for a fortnight, officers of line departments at district/block level to visit all the Gram Panchayats and attend their Gram-Sabhas share relevant details of the National / State flagship programmes.

**Governance
in
Fifth Schedule Areas**

Chapter-11

Governance in Fifth Schedule Areas

Constitutional Provisions on Applicability of Part IX of the Constitution to Fifth and Sixth Schedule Areas

11.1.1 The Fifth Schedule of the Constitution deals with the administration and control of Scheduled Areas as well as of Scheduled Tribes residing in the areas other than the States of Assam, Meghalaya, Tripura and Mizoram. Article 244 of the Constitution makes special provisions for the administration of certain areas called "Scheduled Areas" in States other than Assam, Meghalaya, Tripura and Mizoram. Article 243M (1) of the Constitution exempts Scheduled Areas and tribal areas referred to in Clause (1) and (2) of article 244 from application of the provisions of Part IX of the Constitution. However, article 243M (4) (b) empowers the Parliament to legislate and extend the provisions of Part IX to the Scheduled Areas and tribal areas referred to in clause (1), subject to such exceptions and modifications as may be specified in such law and no such law shall be deemed to be an amendment of the Constitution for the purpose of article 368.

11.1.2 On the basis of report of Bhuria Committee submitted in 1995, the Parliament enacted "The Provisions of the Panchayats (Extension to the Scheduled Areas) Act, 1996" (PESA), for its applicability to Fifth Schedule Areas and tribal areas as per article 243M (4) (b) of the Constitution.

11.2 PESA Act, 1996 extends Part IX of the Constitution with certain modifications and exceptions, to the Fifth Schedule Areas notified under Article 244(1) of the Constitution. At present, Fifth Schedule Areas exist in 10 States viz. Andhra Pradesh, Chhattisgarh, Gujarat, Himachal Pradesh, Jharkhand, Madhya Pradesh, Maharashtra, Odisha, Rajasthan and Telangana. The details of notified Fifth Schedule Areas (FSA) are given in *Table 11.1 of Appendix:*

11.3 The Sixth Schedule of the Constitution provides for creation of Autonomous Districts to preserve tribal autonomy and protect the cultural and economic interests of the hill tribes.

11.4 Salient Features of the PESA Act

11.4.1 Powers exclusive to Gram Sabha

Every village shall have its own Gram Sabha. A village may consist of one or more habitations or hamlets comprising a community and managing its affairs in accordance with traditions and customs [Sec 4 (b)]. (In Part IX, all electors of Village Panchayat constitute a Gram Sabha)

11.4.2 Gram Sabha is "competent" to safeguard and preserve the

- (a) traditions and customs of the people, and their cultural identity,
- (b) community resources, and
- (c) customary mode of dispute resolution [Sec. 4(d)]

11.4.3 Gram Sabha has mandatory executive functions to

- (i) approve plans, programmes and projects for social and economic development [Sec 4(e)(i)]
- (ii) identify persons as beneficiaries under the poverty alleviation and other programmes [Sec. 4(e) (ii)]
- (iii) issue a certificate of utilisation of funds by the Panchayat for the plans; programmes and projects referred to in clause (e) above [Sec. 4(f)]

11.4.4 Powers exclusive to Gram Sabha/ Panchayat at appropriate level

- (i) right to mandatory consultation in land acquisition, resettlement and rehabilitation of displaced persons [Sec. 4(i)]
- (ii) Panchayat at an appropriate level is entrusted with planning and management of minor water bodies [Sec. 4(j)]
- (iii) Mandatory recommendations by Gram Sabha or Panchayat at appropriate level for prospective licenses/lease, concessions for mines and minerals [Sec. 4(k), (l)]

11.4.5 Powers endowed to Gram Sabha and Panchayat at appropriate level to

- regulate sale/consumption of intoxicants [Sec. 4 (m) (i)]
- ownership of minor forest produce [Sec. 4 (m)(ii)]
- prevent land alienation and restore alienated land [Sec. 4(m) (iii)]
- manage village markets [Sec.4 (m)(iv)]

- control over money lending to STs [Sec.4 (m)(v)]
- control over institutions and functionaries in social sector, local plans including Tribal sub plans and resources [Sec. 4(m)(vi) and (vii)]

11.5 The Directive Principle of State Policy about establishment of virtual 'Village Republics' as envisaged in article 40 of the Constitution has been incorporated in the PESA Act for the Fifth Schedule Areas. Its effective implementation will bring about the following benefits to the tribal population:

- (i) Institutionalize self-governance and people's participation in decision making. By notifying Gram Sabha at village (hamlets or group of hamlets/habitation or group of habitations) level, people will feel more comfortable in taking part in the governance of the village.
- (ii) Reduce alienation in tribal areas as they will have control over the utilization of public resources in the village through Gram Sabha.
- (iii) Reduction of alienation and resentment among tribal population will have a positive impact in reducing left wing extremism in the districts affected by it.
- (iv) Reduce poverty and out-migration among tribal population as they will have control over natural resources such as minor water bodies, minor forest produce, minor minerals, etc. Control over and management of these resources will improve their livelihoods and incomes.

- (v) Minimise exploitation of tribal population as they will be able to control and manage money lending, consumption and sale of liquor and also village markets.
- (vi) Check illegal land alienation and also restore unlawfully alienated tribal land. This will not only reduce conflict but will also improve socio-economic status of tribals.
- (vii) Better implementation on developmental schemes and programmes due to enhanced people's participation in planning and identification of beneficiaries.
- (viii) More accountable and responsive local administration due to control over functionaries of social sector and also power to issue utilisation certificates.
- (ix) Promotion of cultural heritage through preservation of traditions, customs and cultural identity of tribal population.

The PESA Act is given at Annexure-IV

Implementation Status of PESA in the States

SVAMITVA

13.1 About Scheme:

SVAMITVA (Survey of Villages and Mapping with Improvised Technology in Village Areas) is a Central Sector Scheme launched by the Hon'ble Prime Minister on 24th April 2020, on the occasion of National Panchayati Raj Day. The scheme aims to provide the 'record of rights' to village household owners possessing houses in inhabited rural areas in villages and the issuance of property cards to the property owners.

The entire work is likely to be spread over a period of five years (FY 2020- 25). The Scheme covers all inhabited villages across 31 states/UTs that have signed MoU for implementation of the scheme. Drone survey has been completed in Haryana, Uttarakhand, Puducherry, Lakshdweep, Dadra Nagar Haveli Daman & Diu, Goa, A&N Island, Delhi.

13.2 Need for the Scheme

Survey of rural land in India for Settlement and record of rights had last been completed many decades back and moreover, Abadi (inhabited) area of villages were not surveyed/ mapped in many States. Hence, in the absence of a legal document, the owner of the property in the rural areas are not able to leverage their own property as a financial asset acceptable by the banks for the purpose of providing loans and other

financial assistance. Therefore, to provide the legal right of the property to the household owners, there is a need to leverage latest Drone Technology and Continuously Operating Reference Station (CORS) technology for demarcation of land parcels and preparation of digitized maps.

The Survey of India (SoI) has evolved standard operating procedures for acquiring very high-resolution aerial images of 5 cm accuracy and provide very large-scale maps of Abadis at 1:500 scale using Drones.

13.3 Objectives of the Scheme

- i. Creation of accurate land records for rural planning and reduce property related disputes
- ii. To bring financial stability to the citizens in rural India by enabling them to use their property as a financial asset for taking loans and other financial benefits
- iii. Determination of property tax, which would accrue to the GPs directly in States where it is devolved or else, add to the State exchequer
- iv. Creation of survey infrastructure and GIS maps that can be leveraged by any department for their use
- v. To support in preparation of better-quality Gram Panchayat Development Plan (GPDP) by making use of GIS maps
