Process followed for Data Collection

| Sl. No. | | |
|---------|---|--|
| 1 | No. of available LIF Indicators with line department functionaries | |
| 3 | Criteria for selection of GPs for Data collection | |
| 5 | Key steps involved in data collection at GP level | |
| i) | Organizing meeting at GP level | |
| ii) | Whether dept. Wise indicator explained | |
| iv) | Whether data validate at GP office | |
| v) | Whether any meeting has been organized for correct interpretation of indicators with GPs | |
| vi) | Any other (pls specify) training, handholding provided to data collection team & other stakeholders | |

Challenges faced during data validation process at GP level

1. No facilitator at Gram Panchayat Level
2. Lack of manpower at all levels.
3. One GP secy. appointed to multiple GPs
4. Unorganised Data Source

Suggestions in respect of Local Indicators & its data Points (in respect of revision, modification & addition (if any))

1. Data verification offices name need to be rename (not editable)
2. Field offices name to be editable
3. Facilitator appointed to fill indicator need to save one by one, therefore auto-save option should be enabled.
4. For Data entry Facilitator should be well familiar with the process.
5. Fix monetary compensation may be declared for facilitators (who aren't employees).

Feedback on PDI Portal

1. A comprehensive Mobile Application should be launched.
2. “Read- Aloud” option in local language may be enabled for data points.
- 3.

Institutional Mechanism for Validation

1. Line Departmental Committees may be constituted at Block, District and State level for data validation.
2. Remarks from Elected representatives (GP, Block & District) may be used for data collection.

Plan of Action for Rolling out PDI in the State/UT

1. State, district and block Level Workshop may be organized for launching of PDI
2. Dedicated manpower should be identified in each line department for data collection and validation.

Thank You
