Therefore, to standardise system for the assessment of the training a module has been made functional on the Training management Portal. It facilitates the assessment of learning outcomes of the participants of training. The question bank for the assessment of training has been prepared and made available in the portal. However, the States/

UTs may add the training specific questions for each training.

4.3.3 Leadership/Management Development Programme:

With a view to enhance the leadership capacity at the grassroots and infusing professional leadership skills, the Ministry has come up with the scheme of Leadership/Management Development Programme for the Elected Leaders as well as Functionaries of Panchayati Raj Institutions. Special Gram Sabha Meetings were held in Panchayats of District Kathua, Jammu and Kashmir to finalize and approve the Gram Panchayat Development Plan (GPDP) 2023-24

5.1 Gram Panchayat Development Plan (GPDP):

i. The Gram Panchayats are constitutionally mandated for preparation of GPDP for economic development and social justice utilizing resources available with them. The Ministry prepared model guidelines for GPDP and circulated the States /UTs. Consequently, all the states notified their State specific guidelines for GPDP. The GPDPs formulated and implemented by States since then, as per their respective State guidelines.

5.2 Thematic Gram Panchayat Development Plan (GPDP):

i. The Ministry of Panchayati Raj has adopted a thematic approach towards SDG where 9 themes have been identified. Adopting a thematic approach will enable easy understanding; acceptance & implementation by Panchayats with community involvement.

ii. Each of these themes covers many SDGs, which in turn are mapped to different ministries &

schemes, adopting a thematic approach. Therefore, it will lead to convergence of resources and augment their availability at Panchayat level adopting 'Whole of Government and Whole of Society' approach.

iii. Since all major initiatives of LSDGs are to be reflected in Gram Panchayat Development Plan (GPDP), therefore, the GPDP should also be prepared adopting a thematic approach with the focus on 'Sankalp' taken by Gram panchayats.

iv. The basic purpose of preparation and implementation thematic GPDP is to achieve saturation on all SDG goals by 2030. Hence, following approach has been adopted:

A. Activities implemented by different departments under all flagship programmes must be included in Thematic GPDP.

B. Panchayats may allocate minimum 25% of untied resources on the themes on which the panchayat has taken Sankalp with approval of Gram Sabha.

C. The remaining part of untied resources can

be used on other activities as approved by Gram Sabha.

5.3 People's Plan Campaign (PPC)-2023 for Plan Year 2024-25:

PPC 2023 was rolled out as 'Sabki Yojana Sabka Vikas' in a national workshop for stakeholders consultation in NIRD&PR on various issues of PRIs on 4th September, 2023.

During the campaign, structured Gram Sabha/Ward Sabha/Mahila Sabha/Bal Sabha meetings were held for preparing the **thematic GPDP** for the next financial year i.e. 2024-25.

With the adoption of the thematic approach, GPDP is to be prepared with focus on themes of LSDGs, which is different from earlier GPDP. Further, some new instructions have also been given to the States/UTs to prepare comprehensive quality GPDP. Hence, intensive environment creation, orientation/ Capacity Building of ERs, Functionaries & other Stakeholders required.

CHAPTER-7

PANCHAYAT DEVELOPMENT INDEX (PDI)

Ministry of Panchayati Raj has initiated the process of localization of Sustainable Development Goals involving all the stakeholders embodying the spirit of the whole of government and whole of society by adopting 9 thematic frameworks.

7.2 To assess and measure the progress made by Grassroots level Institutions in achieving Localized SDGs and thereby attaining SDG 2030, Ministry has initiated Panchayat Development Index (PDI). It is a composite index that monitors the performance of Panchayats based on local indicators for outcome-oriented development goals. It provides a holistic and evidence based assessment of the development status of panchayats, highlighting their strength & weakness areas.

7.4 Panchayat Development Index will provide a baseline data to set local targets & local action points in preparation of thematic Gram Panchayat Development Plan by converging different resources through structured institutional mechanisms involving all stakeholders. Baseline Report of PDI will reflect the current status on defined measured indicators of Panchayat which would spur them to take action to achieve local goals with support from line departments and other key stakeholders

7.5 Thematic scores, across nine themes of Localized Sustainable Development Goals, obtained in preparation of PDI and the composite PDI score of the Gram Panchayats will help to assess their progress in achieving localized SDGs. PDI will also

7.3 An Expert Committee has been constituted by the Ministry on preparation of Panchayat Development Index with the officers & experts from the key Ministries, NITI Aayog, Ministry of Statistics and Program Implementation, State Department, NIRDPR, National Information Center and other domain experts. Ministry has released a report on Panchayat Development Index on 28th June, 2023 at New Delhi, which recommended 577 indicators, 144 Local targets and illustrated mechanisms for calculation of scores across 9 themes using data points of recommended indicators.

help in comparing the Panchayats in their progress of development goals across nine themes as well as in composite PDI score.

7.6 The incremental progress measurement through scores achieved by different Gram Panchayats will grade them into one of the following – Achiever A+, A Front Runner (75 to below 90); Performer B (60 to below 75); Aspirant C (40 to below 60) and Beginners D (0 to below 40). It will be the report card of the performance of Panchayats in rural areas in achieving their goals of sustainable development.

7.7 Joint Advisory with 9 Union Nodal Ministries/ Departments has been issued to the States/UTs for ensuring active participation & collaboration of the frontline workers of the line departments in data collection and data validation for building a strong ecosystem of data for sustained development.

7.8 Ministry has also developed a robust PDI portal (www.pdi.gov.in) with database management application for online entry of data by the Gram Panchayats which will be subjected to rigorous validation at different levels before computation of thematic and composite PDI scores. The portal also has structured functionality of data validation at different levels for ensuring accuracy & authenticate of PDI data.

7.9 2-Day National Workshop on significance of PDI and features of the PDI Portal was organised with all States/UTs on 10-11 August, 2023 at New Delhi. The workshop has aimed to develop the understanding of PDI and built the capacity of the State/UT in use of the PDI for evaluation of the progress of the Panchayats towards the attainment of SDGs.

7.10 In continuation of the National Workshop, Series of State level Workshop/ Training have been

organised with State Nodal Officers; State Nodal Departments; District & Block Officials; Technical Officers and State Master Trainers on significance of PDI for measuring the progress towards the attainment of SDGs; role of different stakeholders; flowchart of validation mechanism of PDI Data and functionality of PDI Portal. E-GOVERNANCE AND ICT INITIATIVES

8.1 E-Governance seeks to re-define relations between citizens, businesses, and other arms of government by providing citizens with easy access to information, National e- Governance Plan (NeGP) was introduced in 2006. e-Panchayat project was identified as one of the Mission Mode Projects under this NeGP.

Fig – Journey of e-Panchayat

8.2 In order to strengthen e-Governance in Panchayati Raj Institutions (PRIs) and to eventually ease the complexities involved in e-Governance Applications, a Simplified Work Based Accounting Application, eGram SWARAJ, was launched on the occasion of National Panchayati Raj Day on April 24, 2020. (<https://egramswaraj.gov.in>). Subsequent to the launch of eGramSwaraj application, eGramSwaraj – PFMS Interface was completed in same year to not only to effect e-payments by the Panchayats but also track all expenditure activities. The latest integration of eGramSwaraj with eMarket Place (GeM) has extended the usability of eGramSwaraj to procurement by at the Panchayat level. **This integration was launched** by the Hon'ble Prime Minister of India on 24th April 2023

on the occasion of National Panchayati Raj Day. The interface has enabled all the Panchayats to utilize XV Finance Commission grants to procure their items/services through GeM and make plans/payments through eGramSwaraj in a seamless manner. The integration will have a huge boost on rural demand and supply ecosystem as States are encouraging Self-help groups, local artisans, and handicraft makers etc. to register themselves in GeM. The app aims to empower rural communities by providing easy access to critical information discussed during a Gram Sabha, verifying facts, and increasing transparency and efficiency in the functioning of Panchayats. The app is expected to enhance the reach, scope, and outcome of government actions in the course of development and is a significant step towards realizing the vision of 'Minimum Government, Maximum Governance' at the grassroots level.

8.4 e-Services: Panchayats in many States are now electronically providing services such as issue of certificates of birth, death, income, marriage, domicile, permission for construction and trade and remittance of property and house tax etc. Maharashtra, Jharkhand and Chhattisgarh are using ServicePlus Application developed for providing services electronically. CHAPTER-11

SVAMITVA (SURVEY OF VILLAGES AND MAPPING WITH IMPROVED TECHNOLOGY IN VILLAGE AREAS)

11.1 SVAMITVA is a Central Sector Scheme launched by the Hon'ble Prime Minister on 24th April 2020, on the occasion of National Panchayati Raj Day. The scheme aims to provide the 'record of rights' to village household owners possessing houses in inhabited rural areas in villages and the issuance of property cards to the property owners.

11.2 Need for the Scheme

Survey of rural land in India for Settlement and record of rights had last been completed many decades back and moreover, Abadi (inhabited) area of villages were not surveyed/ mapped in many States. Hence, in the absence of a legal document, the owner of the property in the rural areas are not able to leverage their own property as a financial asset acceptable by the banks for the purpose of providing loans and other financial assistance. Therefore, to provide the legal right of the property to the household owners, there is a need to leverage latest Drone Technology and Continuously Operating Reference Station (CORS) technology for demarcation of land parcels and preparation of digitized maps. The Survey of India (SoI) has evolved standard operating procedures for acquiring very high-resolution aerial images of 5 cm accuracy and provide very large-scale maps of Abadis areas at 1:500 scale using Drones.

11.3 Objective of the scheme

- Creation of accurate land records for rural planning and reduce property related disputes
- To bring financial stability to the citizens in rural India by enabling them to use their property as a financial asset for taking loans and other financial benefits
- Determination of property tax, which would accrue to the GPs directly in States where it is devolved or else, add to the State exchequer
- Creation of survey infrastructure and GIS maps that can be leveraged by any department for their use
- To support in preparation of better-quality Gram Panchayat Development Plan (GPDP) by making use of GIS maps

11.4 Period of implementation and coverage

The entire work is likely to be spread over a period of five years (FY 2020- 25). The Scheme covers all inhabited villages across 31 states/UTs that have signed MoU for implementation of the scheme. Drone survey has been completed in Madhya Pradesh, Uttar Pradesh and UTs of Ladakh, Lakshadweep, Delhi, Dadra Nagar Haveli and Daman & Diu. Scheme is completed in Haryana, Uttarakhand, Puducherry, Goa, and A&N Island.
