Changes made in the TMS

1. High end diagnosis option is available for Medical Cases.
2. Patient registration can be done through Medco offline role also.
3. The system will allow MEDCO/MITHRA to upload attachment from the respective screens without going to attachments tab.
4. The system will allow user to enter page number manually in the text box provided above work list, to directly go to the requested page number.
5. The system will allow the users to Zoom in, Zoom out, and rotate all the attachments.
6. The system will allow MEDCO/MITHRA to select the LAMA or DAMA case while discharging beneficiary for adjusting the claim amount as per applicability of the case.

TMS Workflow

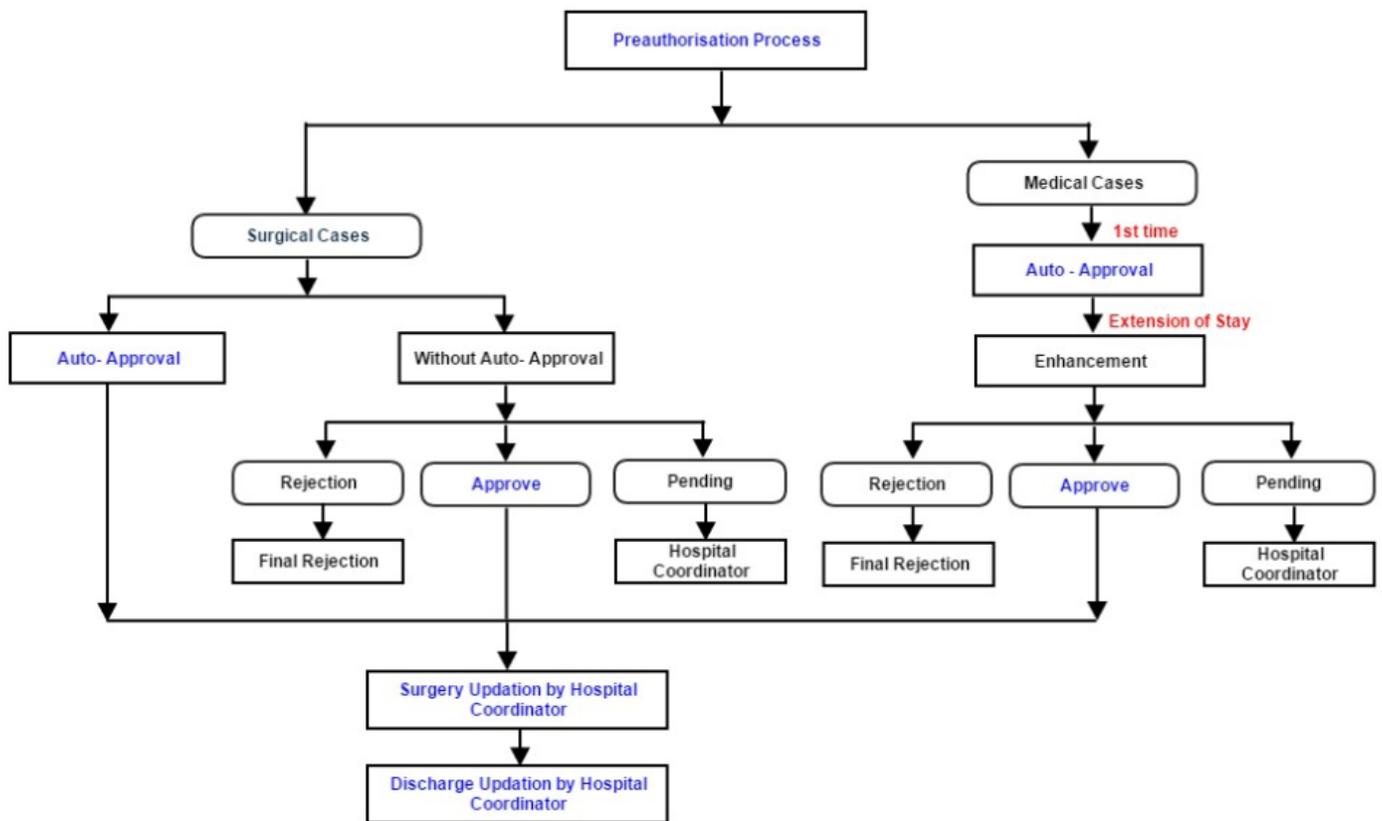

TMS Workflow explains all roles and responsibility involved in this process as mentioned below.

Preauthorization Workflow

Preauthorization Workflow explains all roles and responsibility involved in this process as mentioned below.

* **Hospital Co-Ordinator:** It could be MEDCO and /or PMAM.

Menus and Sub Menus

Below are the Menus and Sub-Menus involved in TMS Application.

Patient Registration

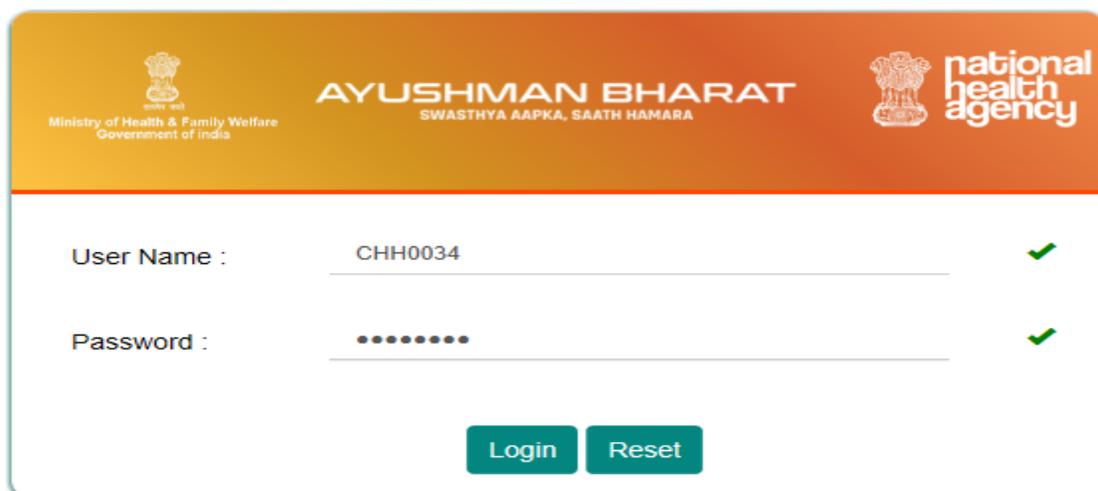

Any patient wants to take the services through AB PM-JAY scheme he should be registered either through Direct or Telephonic Registration (In case of Emergency).

1. **Direct Registration** - Arogya Mitra /MEDCO (A person appointed by the insurance who is present at the hospital for registering Pradhan Mantri Jan Arogya Yojana (PM-JAY) patients into the scheme) for entering the Patient details, if patient visits the hospital directly.
2. **Telephonic Registration** - In case of an emergency, when a surgery needs to be done immediately (emergency cases) telephonic approval is taken from concerned Approvers. Later the Arogya Mitra will have to register the case into our system.
3. **Registration by Offline Medco** – In offline registration, there is a new role called “Offline- Medco” in TMS, where the offline medco will be able to register patients. Each Offline- Medco will be mapped to few hospitals. Once the Offline- Medco register the patient in any particular hospital, the case will be shown in that respective hospital and the process continuous to be the same.

Direct Registration

Arogya Mitra / MEDCO should be able to register the Patient by entering the Patient details using TMS, if patient visits the hospital directly.

Login to the operations worklist by giving Arogya Mitra /MEDCO credentials and click on Login button to initiate cases for the registration of the patient as shown in the screenshot.

The screenshot shows the login page for the TMS system. The header is orange and contains the Ministry of Health & Family Welfare Government of India logo, the text "AYUSHMAN BHARAT SWASTHYA AAPKA, SAATH HAMARA", and the National Health Agency logo. The main form area is white and contains two input fields: "User Name" with the value "CHH0034" and "Password" with masked characters. Both fields have green checkmarks to their right. Below the fields are two buttons: "Login" and "Reset".

Dashboard appears first which has all the statistical data for cases initiated by the EHCP while Arogya Mitra logins.

Patient:

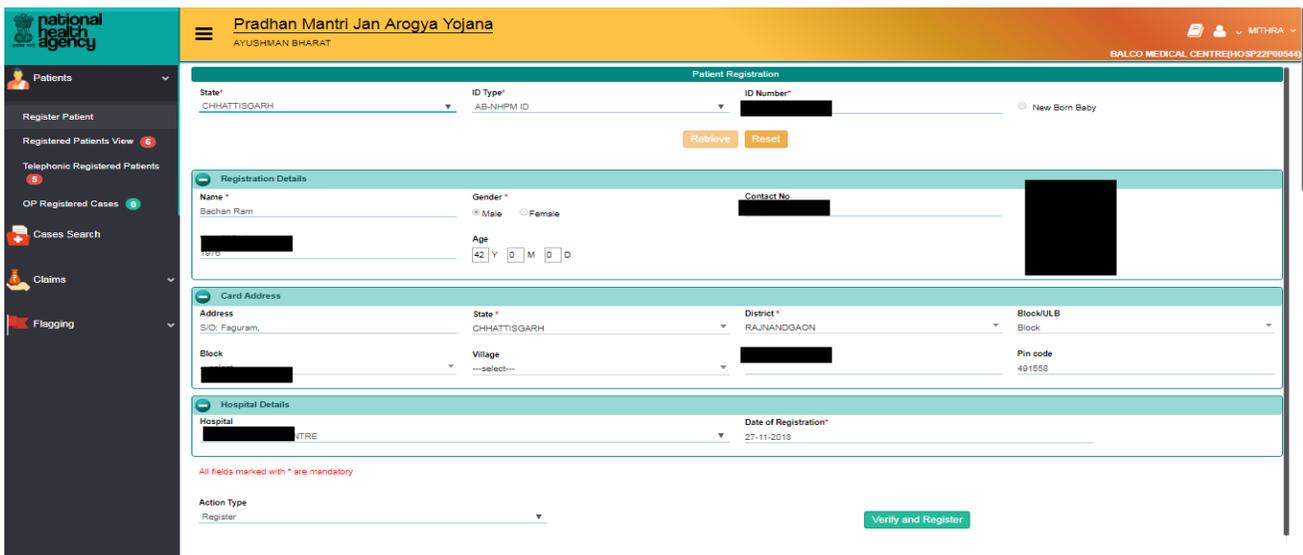

Register Patient:

Retrieve the beneficiary details by populating fields such as id type (AB PM-JAY ID, Mobile Number, Aadhar card, Ration card, and any other card), id number and New born baby which is a non-mandatory field as shown in the screenshot.

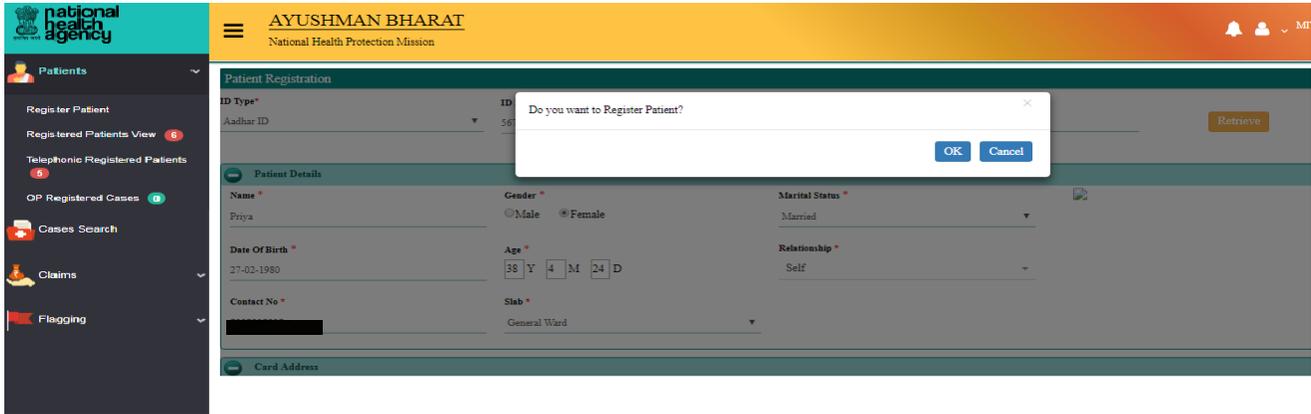

Select the Date of Registration and click on Register button by providing the patient details and Action Type as Register as shown in the screenshot.

This step helps Mithra to verify the patient in the hospital with the details coming in system

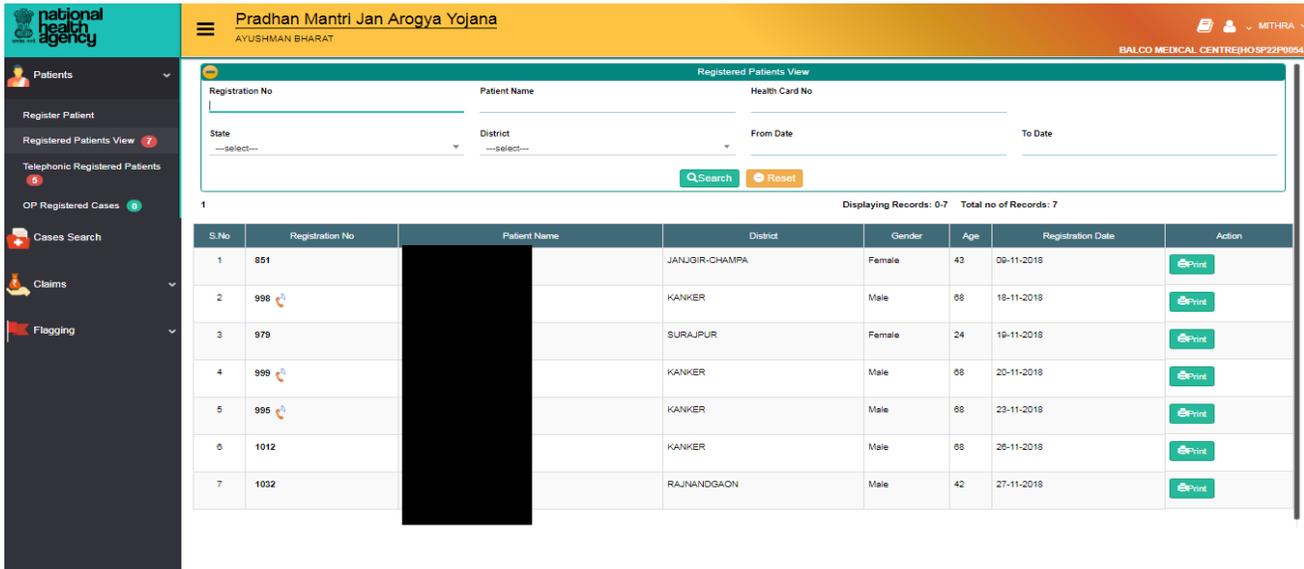

Click on OK button for registering the patient as shown in the screenshot

Unique patient id will be generated on clicking OK button after registering the patient in PM-JAY.

Patient Registered View: In registered patient view, registered patients will be displayed as shown in the screenshot.

Pre-Auth Executive would be able to register the patient using TMS as shown in the screenshot.

The screenshot displays the 'Patient Registration' form within the 'AYUSHMAN BHARAT' interface. The form is divided into several sections for data entry:

- Registration Details:** Includes 'ID Type' (dropdown), 'ID Number' (text), and a radio button for 'New Born Baby'. A 'Return' button is present.
- Personal Details:** Fields for 'Name', 'Gender' (Male/Female), 'Date of Birth', 'Age' (YY, MM, DD), 'Contact No.', and 'Relationship' (dropdown). A 'Photo Not Available' placeholder is shown.
- Card Address:** Fields for 'Street No.', 'Street', 'State' (dropdown), 'District' (dropdown), 'Block/TEB', 'Block', and 'Pin code'.
- Communication Address:** A section with a note 'If Card and Communication Address are Same' and fields for 'Street No.', 'Street', 'State' (dropdown), 'District' (dropdown), 'Block/TEB', 'Block', 'City/Town/Village', and 'Pin code'.
- Clinic Details:** Fields for 'Hospital' (dropdown), 'Clinic Name', 'Designation', and 'Phone Number'.
- Diagnosis:** Fields for 'Diagnosis Type', 'Main Category Name', 'Category Name', 'Sub Category Name', 'Disease Name', and 'Disease Anatomical Name'.
- Provisional Approval Details:** Fields for 'Category Name', 'ICD-Category', 'ICD-Procedure', and 'Indication for Telebank: Indication'.
- Provisional Approval Authority Details:** Fields for 'Name of the Doctor', 'Designation', 'Phone Number', and 'Date and Time of Indication'.
- Remarks:** A text area for notes, including a pre-filled statement: 'This is a Provisional Approval given for the patient'. Below it, a note says 'Enter the procedure!' and another says 'Enter the diagnosis. Note: Based on the indication stated by the Treating Doctor, user places the Provisional Authorization has to be placed within 72 Hrs with Complete Clinical and Documentary evidence from this telebank Indication ID only.' A red note states 'All fields marked with * are mandatory.'
- Actions:** 'Register' (dropdown) and 'Submit' / 'Reset' buttons.

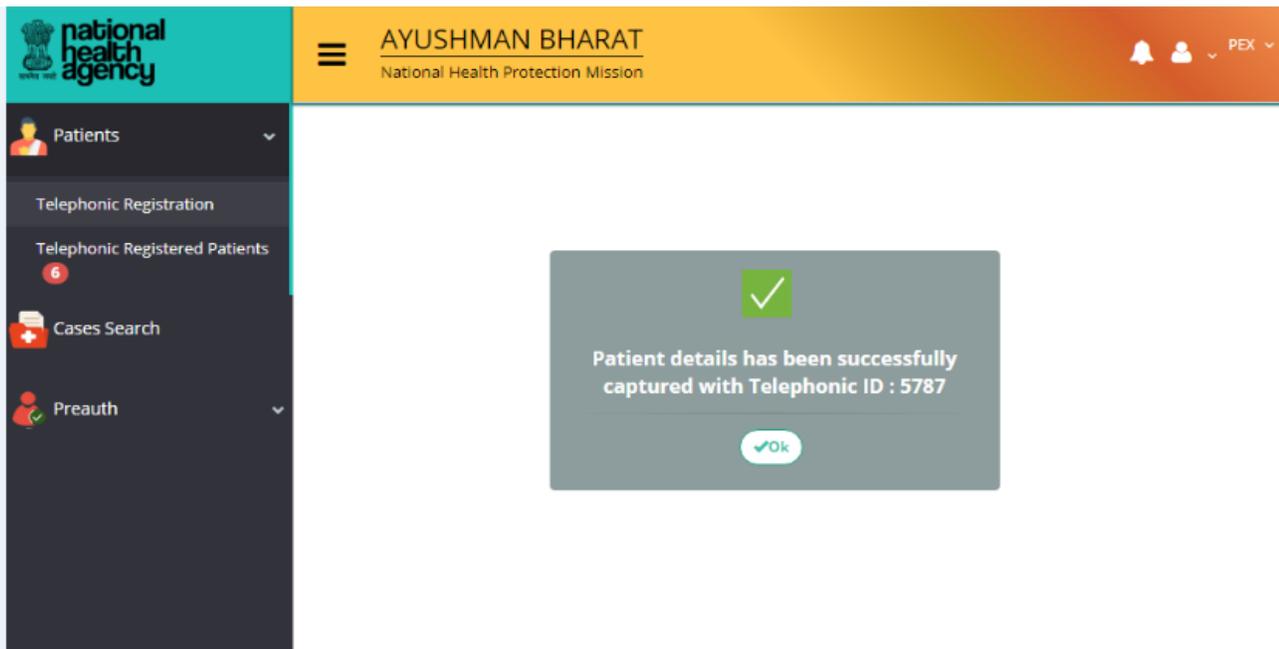

Click on OK button for registering the patient as shown in the screenshot.

The screenshot shows the 'Patient Registration' form in the Ayushman Bharat TMS interface. A modal dialog box is displayed in the center with the text 'Do you want to Register Patient?' and two buttons: 'OK' and 'Cancel'. The form fields are partially visible behind the dialog:

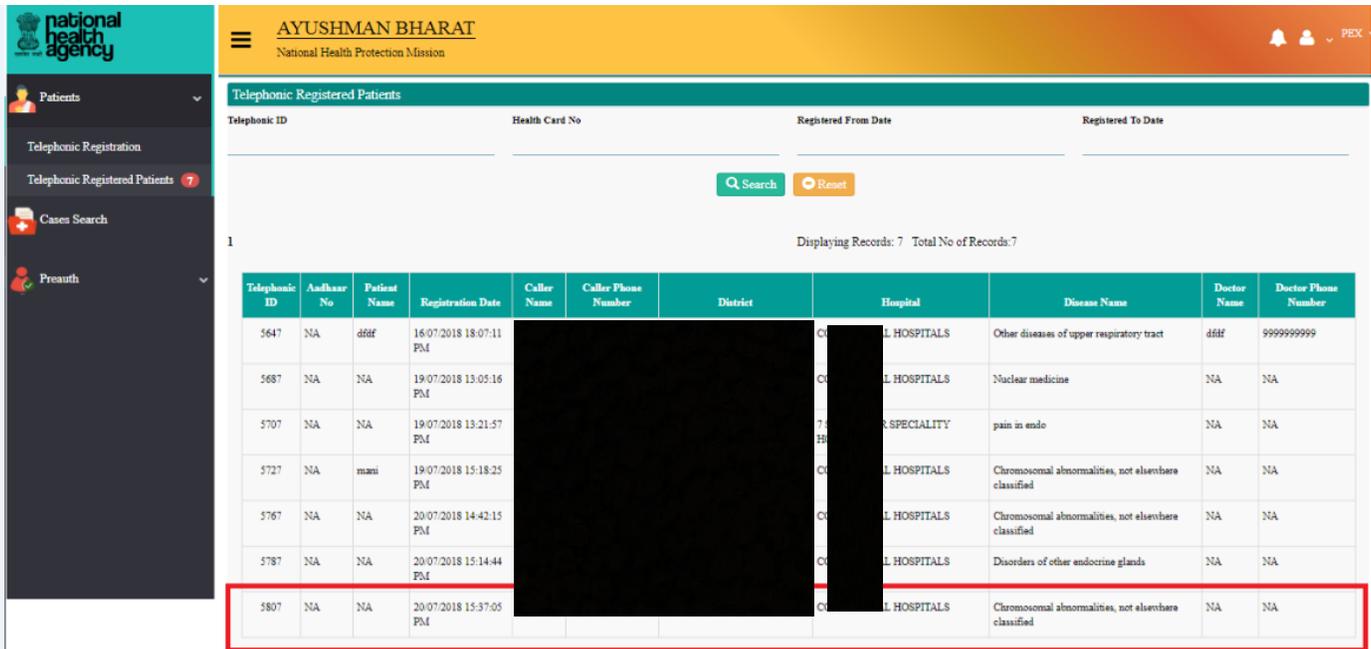

- ID Type***: ID
- Aadhar ID**: 56
- Patient Details**:
 - Name***: Priya
 - Gender***: Male Female
 - Marital Status***: Married
 - Age***: 38 Y 4 M 24 D
 - Relationship***: Self
 - Contact No***: 7897897897
 - Slab***: General Ward
- Card Address**: (collapsed)

Unique Telephonic id will be generated on clicking OK button after submitting the patient details through Telephone as shown in the screenshot.

The screenshot shows the 'Patient Registration' form after successful submission. A large grey message box is centered on the screen with a green checkmark icon and the text: 'Patient details has been successfully captured with Telephonic ID : 5787'. Below the message is an 'Ok' button with a green checkmark icon. The left sidebar menu is visible, showing 'Telephonic Registered Patients' with a count of 6.

In Telephonic registered patient view, registered patients through telephone will be displayed as shown in the screenshot.

Telephonic ID	Aadhaar No	Patient Name	Registration Date	Caller Name	Caller Phone Number	District	Hospital	Disease Name	Doctor Name	Doctor Phone Number
5647	NA	dddf	16/07/2018 18:07:11 PM				L HOSPITALS	Other diseases of upper respiratory tract	dddf	9999999999
5687	NA	NA	19/07/2018 13:05:16 PM				L HOSPITALS	Nuclear medicine	NA	NA
5707	NA	NA	19/07/2018 13:21:57 PM				SPECIALITY	pain in endo	NA	NA
5727	NA	mani	19/07/2018 15:18:25 PM				L HOSPITALS	Chromosomal abnormalities, not elsewhere classified	NA	NA
5767	NA	NA	20/07/2018 14:42:15 PM				L HOSPITALS	Chromosomal abnormalities, not elsewhere classified	NA	NA
5787	NA	NA	20/07/2018 15:14:44 PM				L HOSPITALS	Disorders of other endocrine glands	NA	NA
5807	NA	NA	20/07/2018 15:37:05 PM				L HOSPITALS	Chromosomal abnormalities, not elsewhere classified	NA	NA

Then it will go to Arogya Mitra's pool and he will register the corresponding patient which will be like direct registration process mentioned earlier.

Initial Diagnosis and Admission

Initial Diagnosis and Admission explains how an Inpatient and Outpatient Registration will be done. If any patient wants to take the services through this scheme he should register either as Inpatient or Outpatient through MEDCO (network hospital doctor).

In-Patient Registration: Provisional diagnosis will be done at the Network Hospitals. Patient will be recommended for certain tests and based on the reports MEDCO (network hospital doctor) will convert the patient as **Inpatient** (patient will be admitted in the hospital and surgery needs to be done).

Out-Patient Registration: MEDCO (network hospital doctor) will convert the patient as **Outpatient** (If no Surgery is required), If no further treatment is required based on the examination of the reports with respect to certain tests after completion of provisional diagnosis.

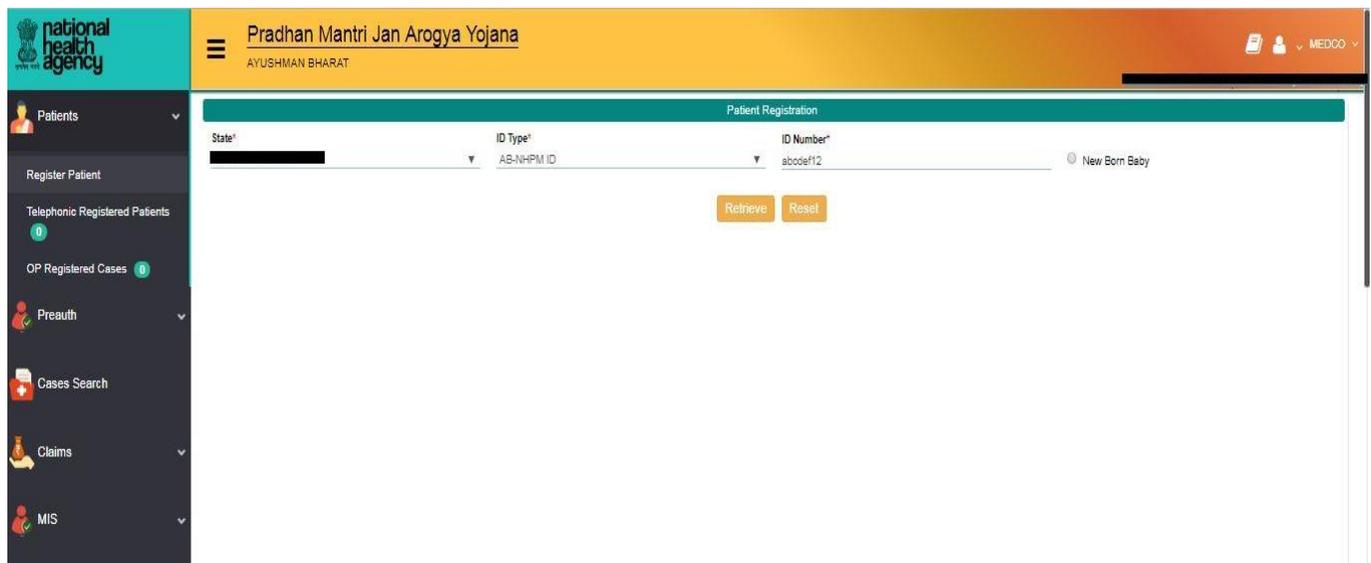

In-Patient Registration:

MEDCO should be able to register the Patient as In-Patient by diagnosing the patient.

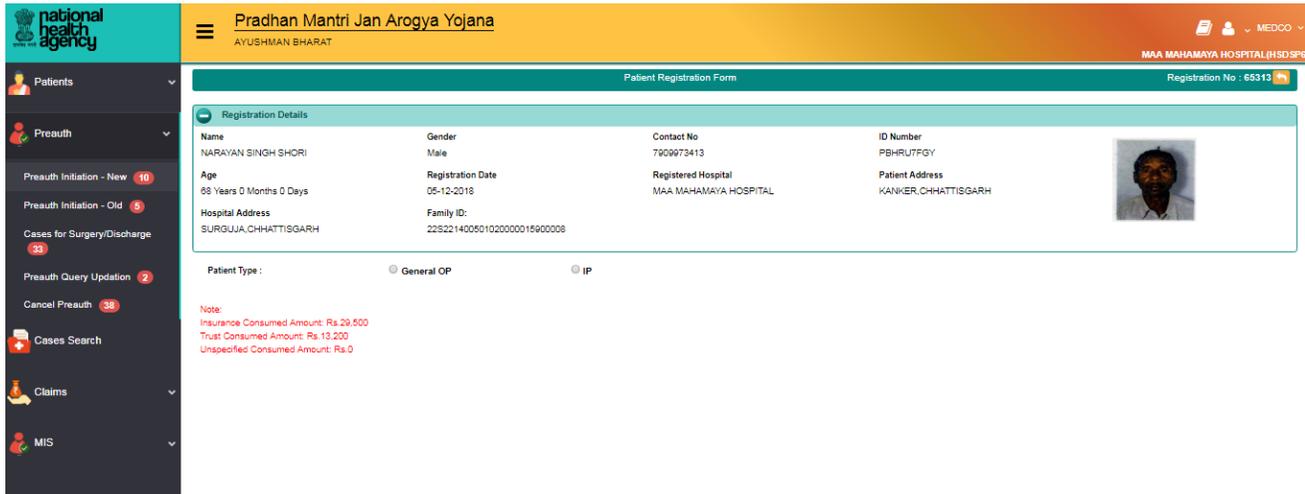

Login to the operations worklist by giving MEDCO credentials and click on Login button to initiate in-patient cases as shown in the screenshot.

Retrieve the registered ported patients by clicking the Registered Patient View as shown in the screenshot.

Click on Registration No. for registering the patient as In-Patient or General Out-Patient

Preauthorization

Preauthorization Process Initiated by MEDCO

MEDCO/Medco-offline should be able to initiate the Preauthorization by submitting the inpatient details.

Login to the operations work list by giving MEDCO credentials for initiating the Preauthorization process and retrieve the State-wise In-Patient registered patients by clicking the Pre-Auth Initiation as shown in the screenshot.

In “Preauth Initiation – New” registered patients will be displayed as shown in the screenshot. Arogya Mitra /MEDCO/Medco -offline can print the case details and can also cancel the case by using “print” and “cancel” button respectively as shown below .

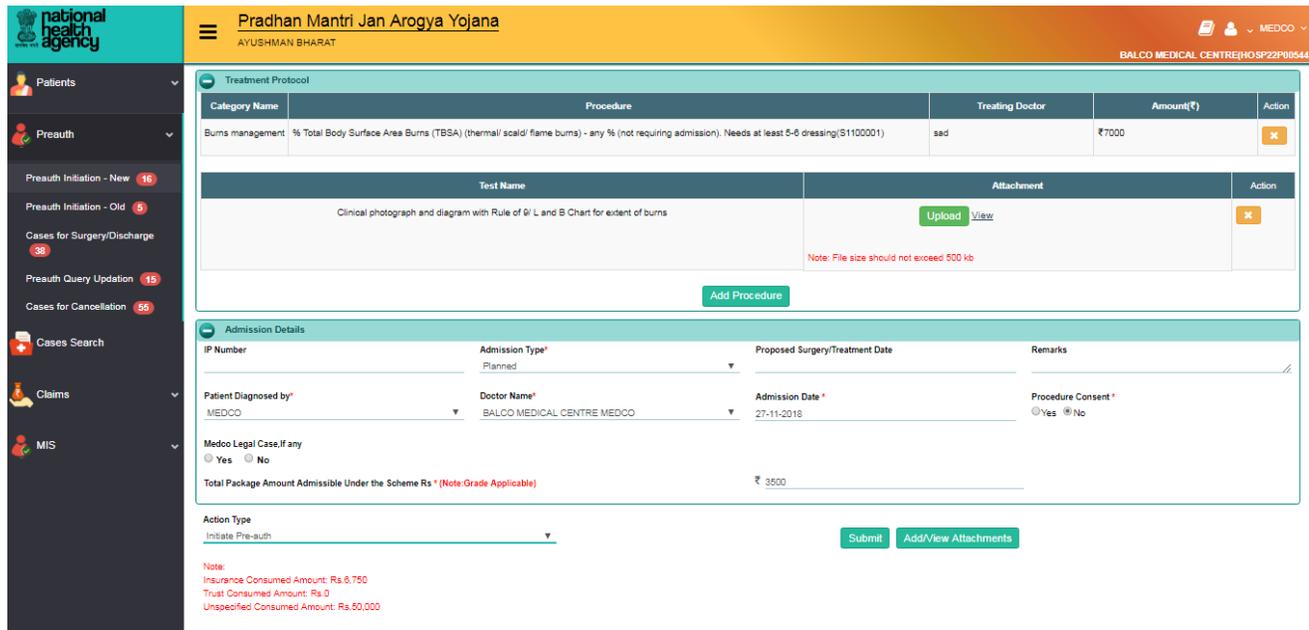

The screenshot displays the 'View Registered Patients' interface. It includes a search filter section with fields for Registration No, Patient Name, Card Number, State, District, Scheme, Registered From Date, and Registered To Date. Below the filters is a table of 16 records. A blue arrow points to the registration number '901' in the 7th row of the table.

Burns management	% Total Body Surface Area Burns (TBSA) (thermal/ scald/ flame burns) - any % (not requiring admission). Needs at least 5-6 dressing(S1100001)	sad	₹7000	

Test Name: Clinical photograph and diagram with Rule of 9/ L and B Chart for extent of burns

Attachment: [Upload](#) [View](#)

Submit all mandatory attachments for Pre-Auth tab as shown in the screenshot.

The screenshot shows the 'Patient Registration Form' for Sushila Sonwani. A modal window titled 'Attachments' is open, displaying a table of required documents for Preauthorization:

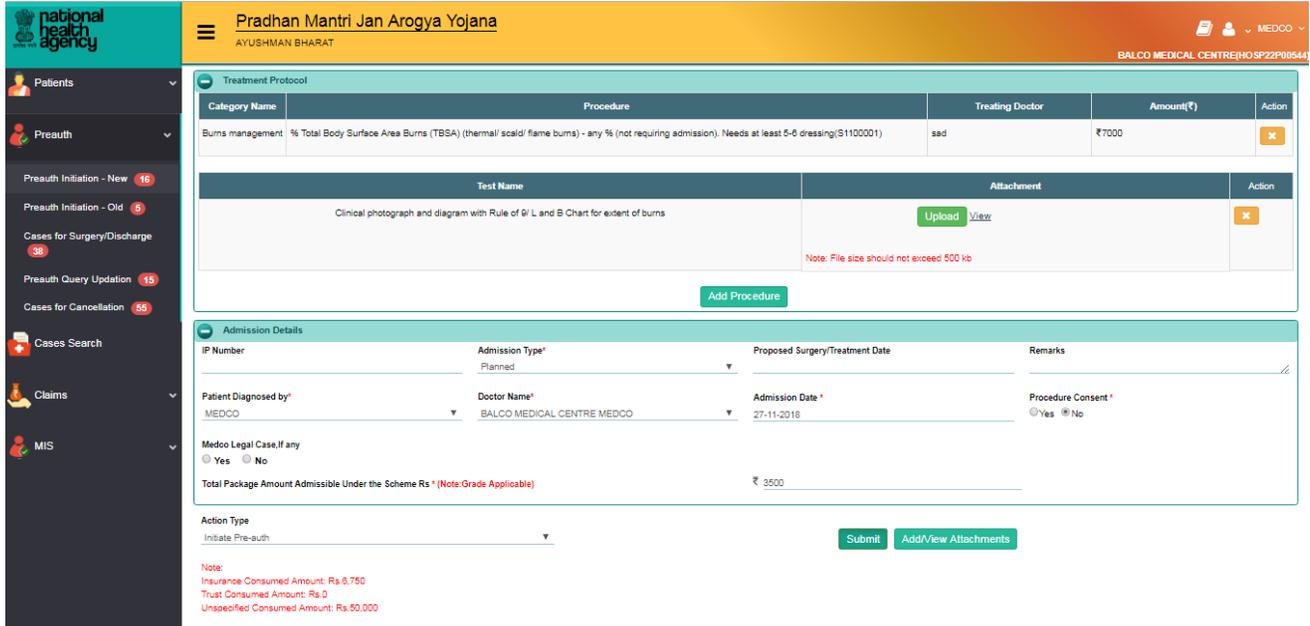

Attachment Name	View	Upload
Consent Documents		upload
DTRS		upload
Health Card		upload
On bed photo*		upload
Preauthorisation Clinical Photos		upload
Support Documents		upload

After successful uploading of the attachment, the below screen is shown.

The screenshot shows the same 'Attachments' modal as above. A small white dialog box is overlaid on top, displaying the message 'd.jpg uploaded' with an 'OK' button. The 'On bed photo*' attachment now has a red checkmark icon next to it, indicating it has been successfully uploaded.

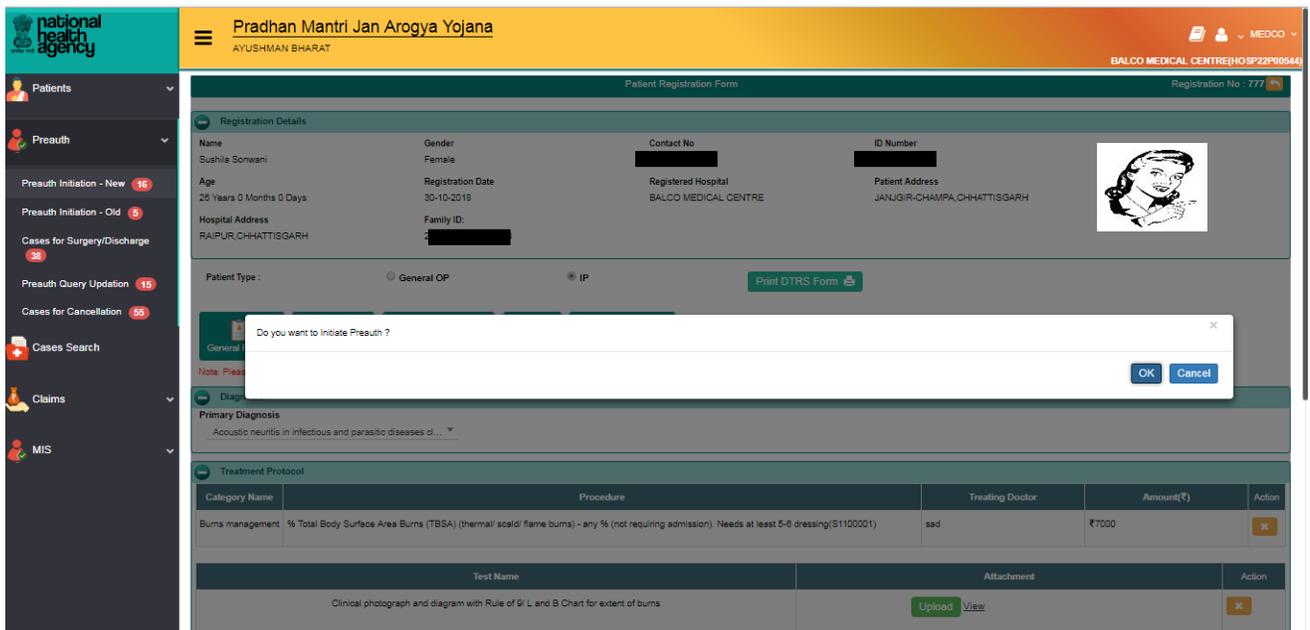

Click OK for initiating the Pre-Auth as shown below:

The screenshot shows the 'Preauth' form in the TMS system. The form is titled 'Pradhan Mantri Jan Arogya Yojana' and is for 'BALCO MEDICAL CENTRE(HOSP22P00544)'. The form is divided into several sections:

- Treatment Protocol:** A table with columns: Category Name, Procedure, Treating Doctor, Amount(₹), and Action. The first row shows 'Burns management' with a procedure description, doctor 'sad', and amount '₹7000'.
- Test Name and Attachment:** A table with columns: Test Name, Attachment, and Action. The first row shows 'Clinical photograph and diagram with Rule of 9/ L and B Chart for extent of burns' with an 'Upload' button and a 'View' link.
- Admission Details:** A form with fields for IP Number, Admission Type* (Planned), Proposed Surgery/Treatment Date, Remarks, Patient Diagnosed by* (MEDCO), Doctor Name* (BALCO MEDICAL CENTRE MEDCO), Admission Date* (27-11-2018), Procedure Consent* (Yes/No), and Medco Legal Case, if any (Yes/No). The Total Package Amount Admissible Under the Scheme Rs* is ₹ 3500.
- Action Type:** A dropdown menu set to 'Initiate Pre-auth'.
- Buttons:** 'Submit' and 'Add/View Attachments'.
- Notes:** Insurance Consumed Amount: Rs.6,750; Trust Consumed Amount: Rs.0; Unspecified Consumed Amount: Rs.50,000.

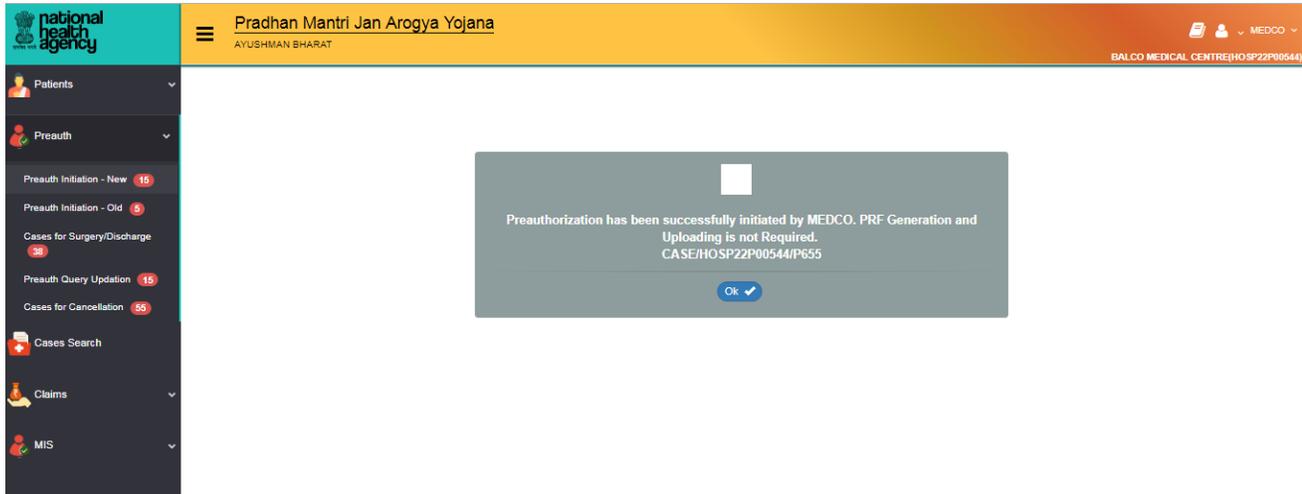

After submitting the Pre-Authorization, message will be generated as shown in the screenshot.

The screenshot shows the 'Patient Registration Form' in the TMS system. The form is titled 'Pradhan Mantri Jan Arogya Yojana' and is for 'BALCO MEDICAL CENTRE(HOSP22P00544)'. The form is divided into several sections:

- Registration Details:** A form with fields for Name (Sushila Sonwani), Gender (Female), Contact No., ID Number, Age (26 Years 0 Months 0 Days), Registration Date (30-10-2018), Registered Hospital (BALCO MEDICAL CENTRE), Patient Address (JANJIR-CHAMPA, CHHATTISGARH), Hospital Address (RAIPUR, CHHATTISGARH), and Family ID.
- Patient Type:** Radio buttons for General OP and IP.
- Primary Diagnosis:** A dropdown menu set to 'Acoustic neuritis in infectious and parasitic diseases d...'. A modal dialog box is open with the text 'Do you want to Initiate Preauth?' and 'OK' and 'Cancel' buttons.
- Treatment Protocol:** A table with columns: Category Name, Procedure, Treating Doctor, Amount(₹), and Action. The first row shows 'Burns management' with a procedure description, doctor 'sad', and amount '₹7000'.
- Test Name and Attachment:** A table with columns: Test Name, Attachment, and Action. The first row shows 'Clinical photograph and diagram with Rule of 9/ L and B Chart for extent of burns' with an 'Upload' button and a 'View' link.

After confirmation, the case number is generated with a message as shown below

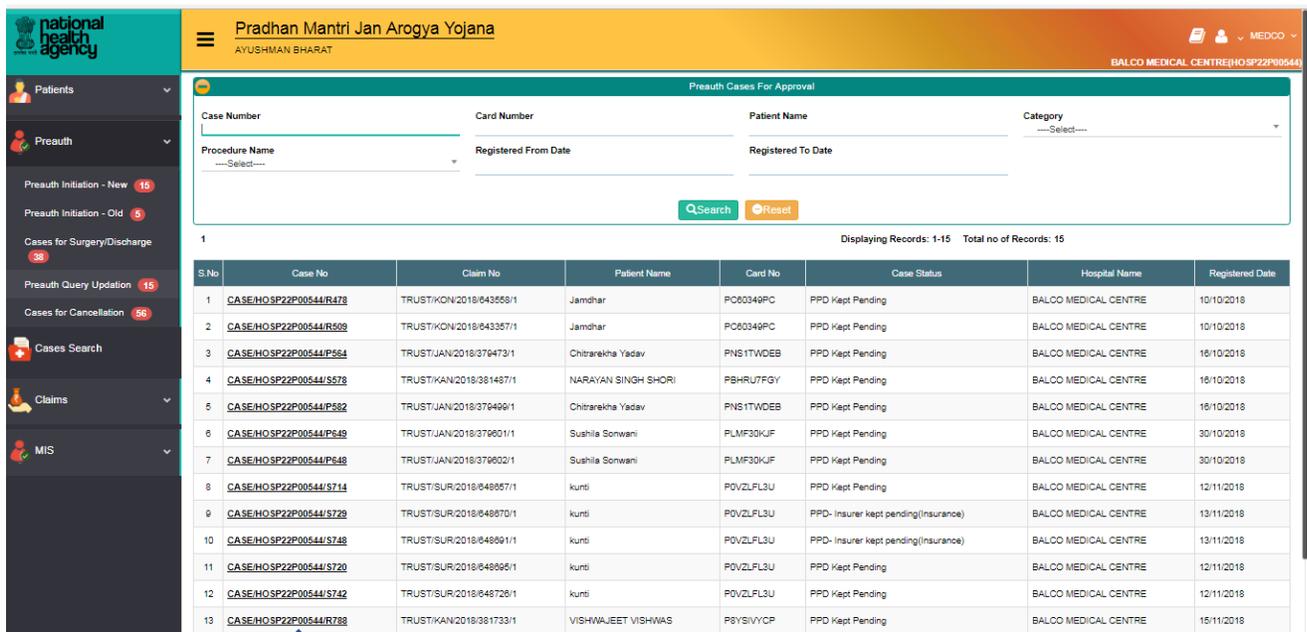

The screenshot shows the TMS interface with a success message in a grey box: "Preauthorization has been successfully initiated by MEDCO. PRF Generation and Uploading is not Required. CASE/HOSP22P00544/P655". The interface includes a sidebar with navigation options like Patients, Preauth, and Cases Search, and a top header with the Pradhan Mantri Jan Arogya Yojana logo and user information.

Preauthorization Updation by MEDCO

PPD kept pending cases will be seen in Pre auth Query updation, Medco can update the query for the case and submit it PPD.

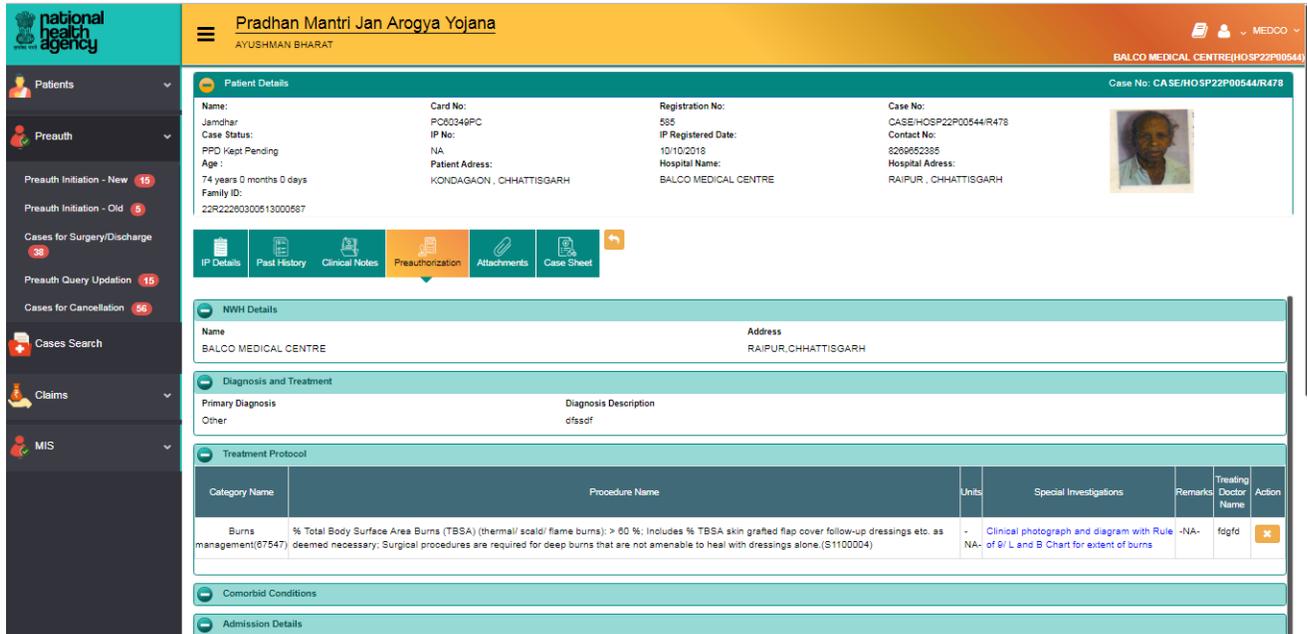

Preauth Query updation:

The screenshot shows the "Preauth Cases For Approval" search interface. It includes search filters for Case Number, Card Number, Patient Name, Category, Procedure Name, Registered From Date, and Registered To Date. Below the search form, there is a table displaying records. A blue arrow points to the first row of the table.

Note : PRF Generation and Uploading is not Required .

Click on OK button for updating the required information as shown in the screenshot.

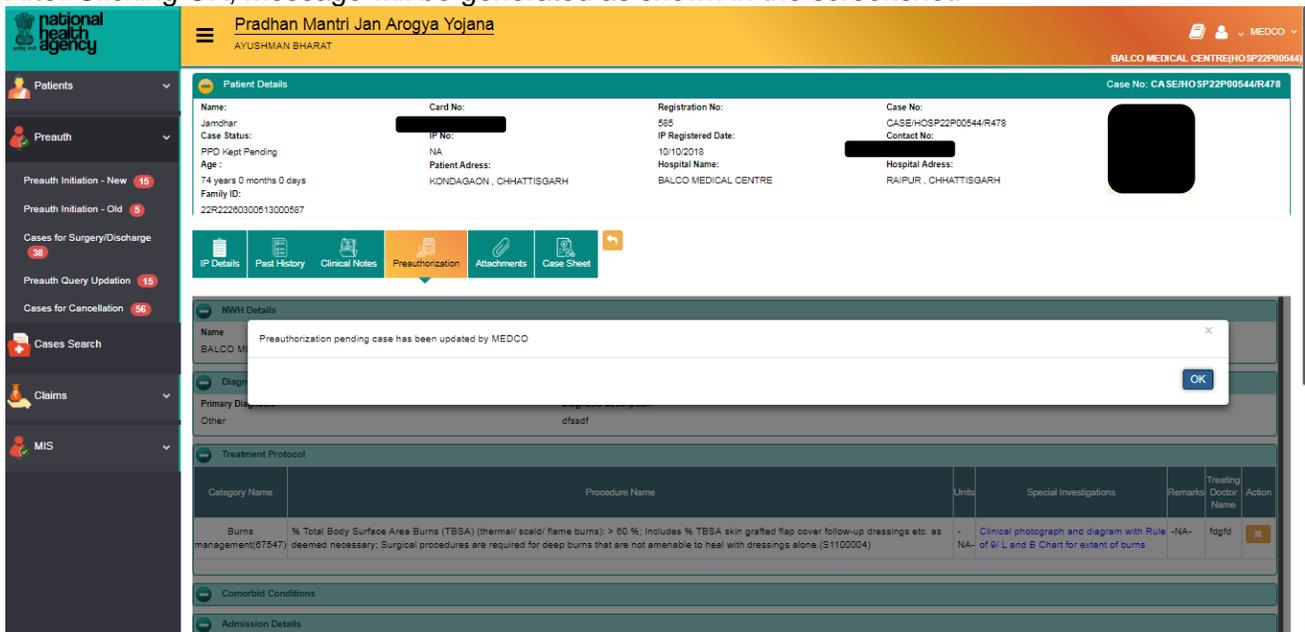

The screenshot shows the 'Patient Details' form in the TMS application. The form contains the following information:

- Name:** Jamdhar
- Card No.:** [Redacted]
- Registration No.:** 555
- Case No.:** CASE/HOSP22P00544/R478
- Case Status:** PPD Kept Pending
- IP No.:** [Redacted]
- IP Registered Date:** 10/10/2018
- Contact No.:** [Redacted]
- Age:** 74 years 0 months 0 days
- NA:** [Redacted]
- Hospital Name:** BALCO MEDICAL CENTRE
- Hospital Address:** RAIPUR, CHHATTISGARH
- Patient Address:** KONDAGAON, CHHATTISGARH
- Family ID:** 22R22260300513000587

A confirmation dialog box is displayed in the center of the screen with the text: "Do you want to Update the Case ?". The dialog has "OK" and "Cancel" buttons.

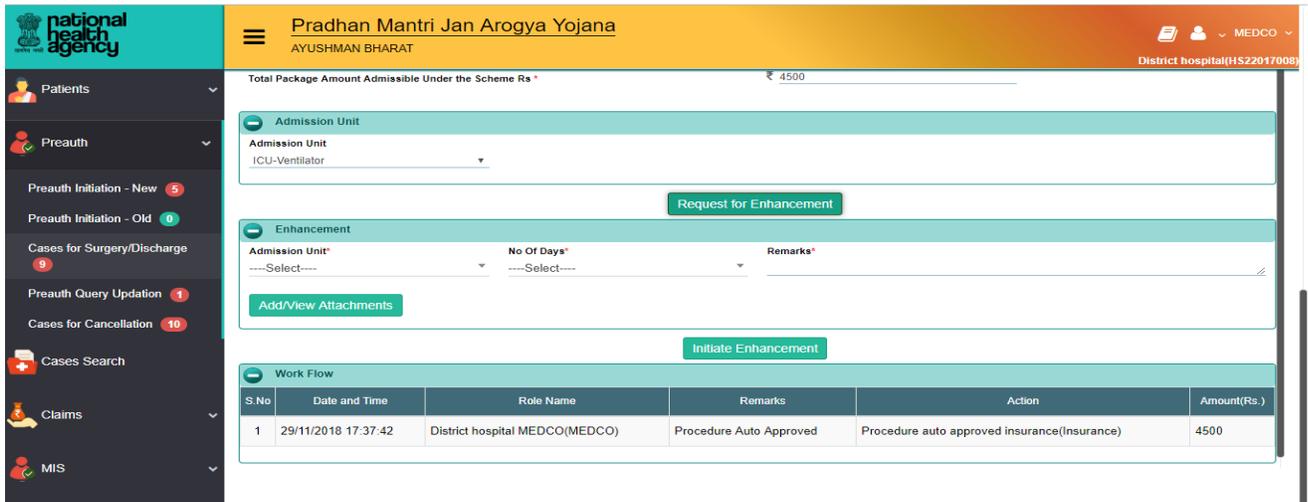

After Clicking OK, message will be generated as shown in the screenshot.

The screenshot shows the same 'Patient Details' form as above. A success message dialog box is displayed in the center of the screen with the text: "Preauthorization pending case has been updated by MEDCO". The dialog has an "OK" button.

Enhancement for Medical Cases

For some medical procedures which have per day package rate depending upon the type of ward selected, once Pre-Authorization has been approved or auto approved for the first day, an enhancement can be raised for a maximum of five days. Enhancement can be initiated from **Pre-Authorisation** tab under the **Case of Surgery/Discharge** worklist.

Pradhan Mantri Jan Arogya Yojana
AYUSHMAN BHARAT

Total Package Amount Admissible Under the Scheme Rs * ₹ 4500

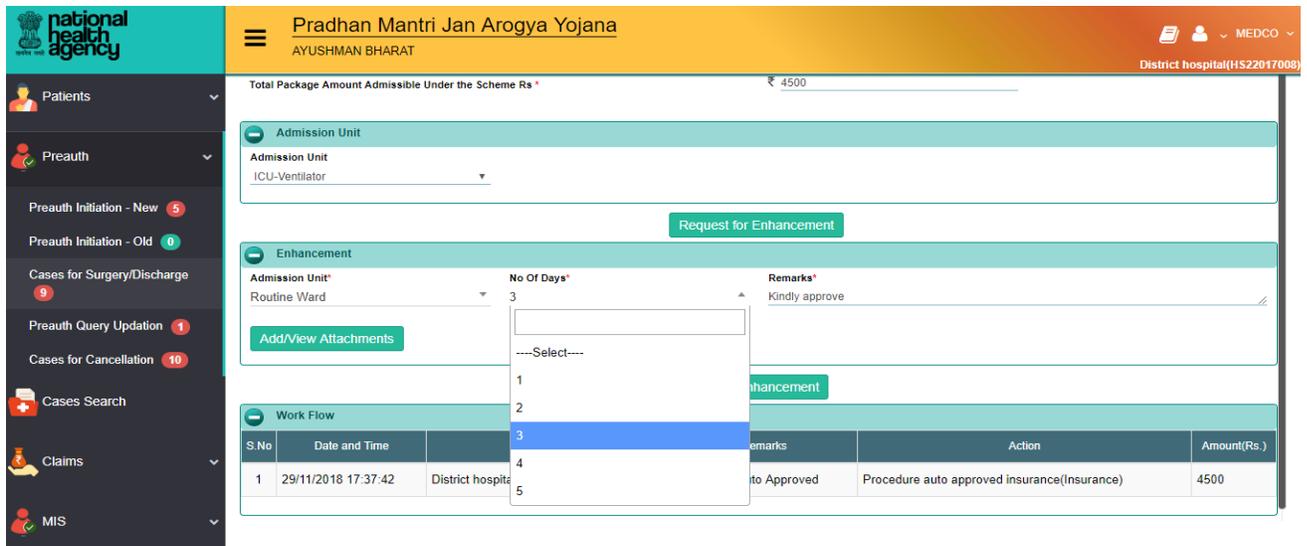

Admission Unit
Admission Unit: ICU-Ventilator

Enhancement
Admission Unit*: ---Select---
No Of Days*: ---Select---

Once MEDCO clicks Initiate Enhancement button, the system will prompt the user as per the below mentioned screenshot:

The screenshot shows the 'Patient Details' form for a patient named PRAKASH. The form includes fields for Name, Card No., Registration No., Case No., Case Status, IP No., IP Registered Date, Contact No., Procedure auto approved insurance, Age, Patient Address, Hospital Name, Hospital Address, and Family ID. A dialog box is displayed over the form, asking 'Do you want to Initiate Enhancement?' with 'OK' and 'Cancel' buttons.

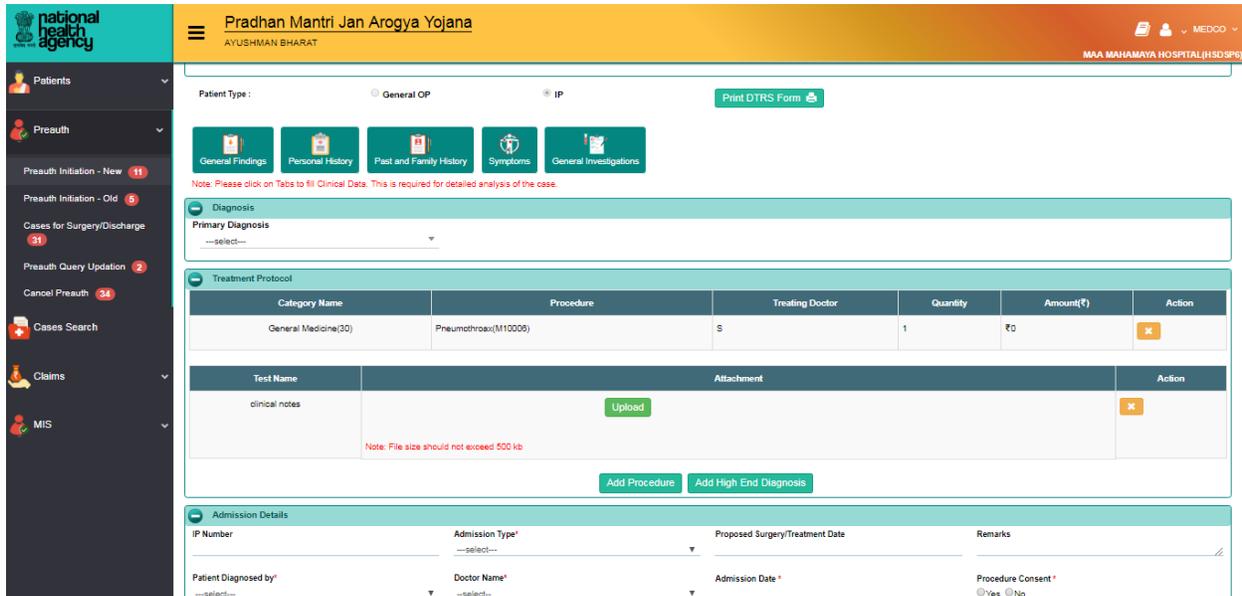

In order to initiate the enhancement request, MEDCO should click the OK button. The system will again prompt MEDCO with a confirmation that the Enhancement has been raised:

The screenshot shows the same 'Patient Details' form as above. A dialog box is displayed over the form, stating 'Enhancement Initiated Successfully' with an 'OK' button.

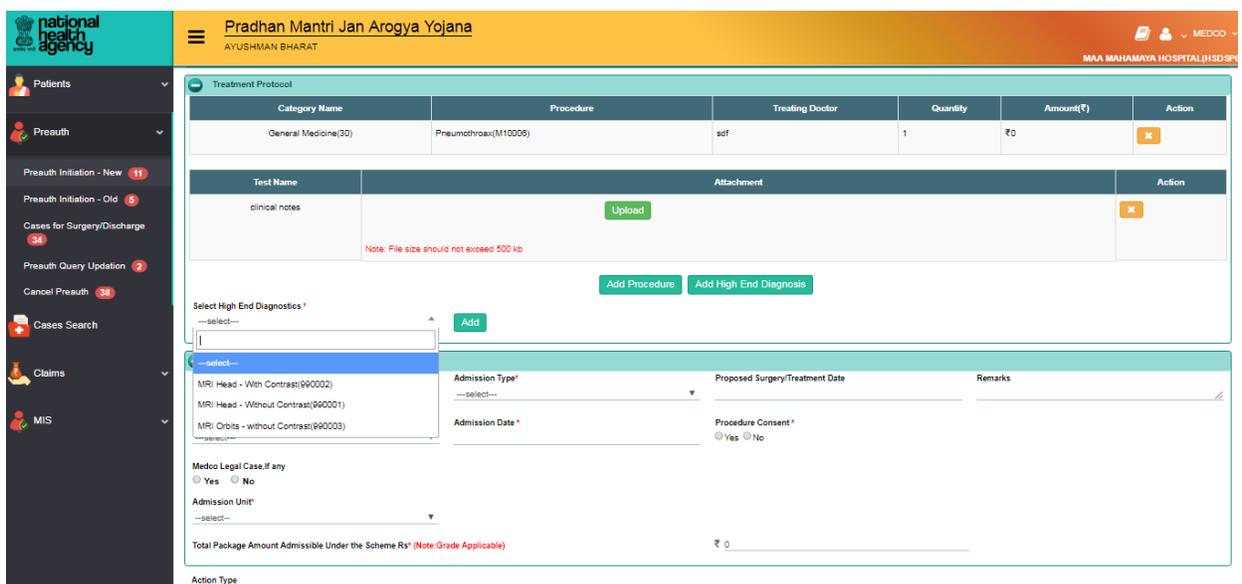

High End Diagnosis for Medical Cases

In case of Medical packages, where there is requirement of additional diagnosis user can give details using “ADD High End Diagnosis” button as shown below.

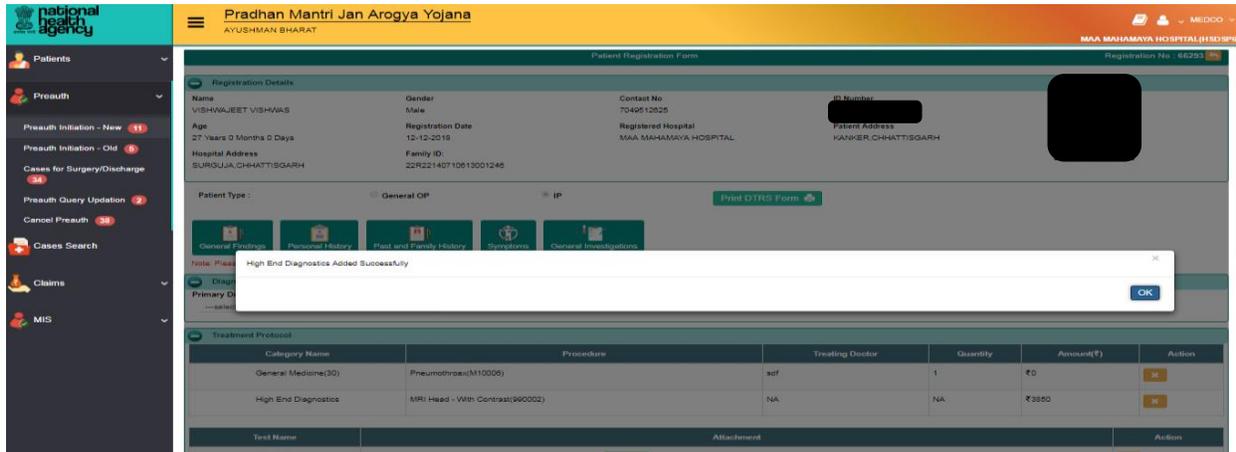

The screenshot shows the 'Pradhan Mantri Jan Arogya Yojana' interface. The left sidebar contains navigation options like Patients, Preauth, Cases Search, etc. The main content area is titled 'Treatment Protocol' and contains a table with columns: Category Name, Procedure, Treating Doctor, Quantity, Amount(₹), and Action. Below this table is an 'Attachment' section with a table for 'clinical notes' and an 'Upload' button. At the bottom of the 'Treatment Protocol' section, there are two buttons: 'Add Procedure' and 'Add High End Diagnosis'.

Once the user clicks on high end diagnosis button, a drop down with respective diagnosis type are shown

This screenshot shows the 'ADD High End Diagnosis' dropdown menu. The menu lists several diagnostic options: 'MRI Head - With Contrast(900002)', 'MRI Head - Without Contrast(900001)', and 'MRI Orbits - without Contrast(900003)'. Below the dropdown, there are fields for 'Admission Type', 'Admission Date', 'Proposed Surgery/Treatment Date', and 'Procedure Consent'. The 'Procedure Consent' field has radio buttons for 'Yes' and 'No'. At the bottom, there is a field for 'Total Package Amount Admissible Under the Scheme Rs*' with a value of ₹ 0.

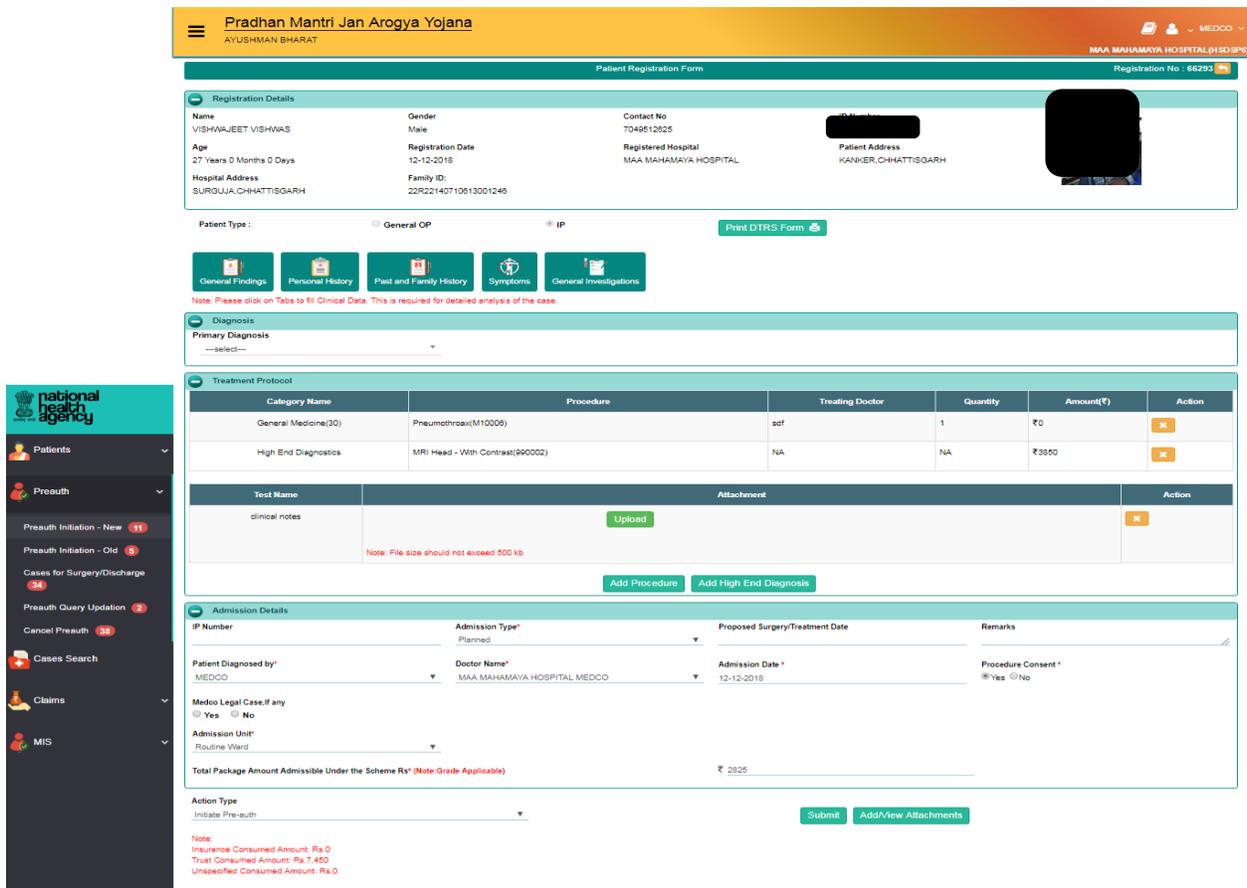

After adding the diagnosis, system throws a confirmation message as shown below

The screenshot shows the 'Patient Registration Form' for a patient named VISHVAJEET VISHWAS. A modal dialog box is displayed in the center with the message 'High End Diagnostics Added Successfully' and an 'OK' button. The background interface shows registration details, patient type (General OP), and a table of treatment protocols.

Category Name	Procedure	Treating Doctor	Quantity	Amount(₹)	Action

*In case of High end diagnosis, the medical case is not auto-approved, it should to Pre auth panel doctor (PPD) for approvals.

Case number is generated after medco initiating Pre-auth

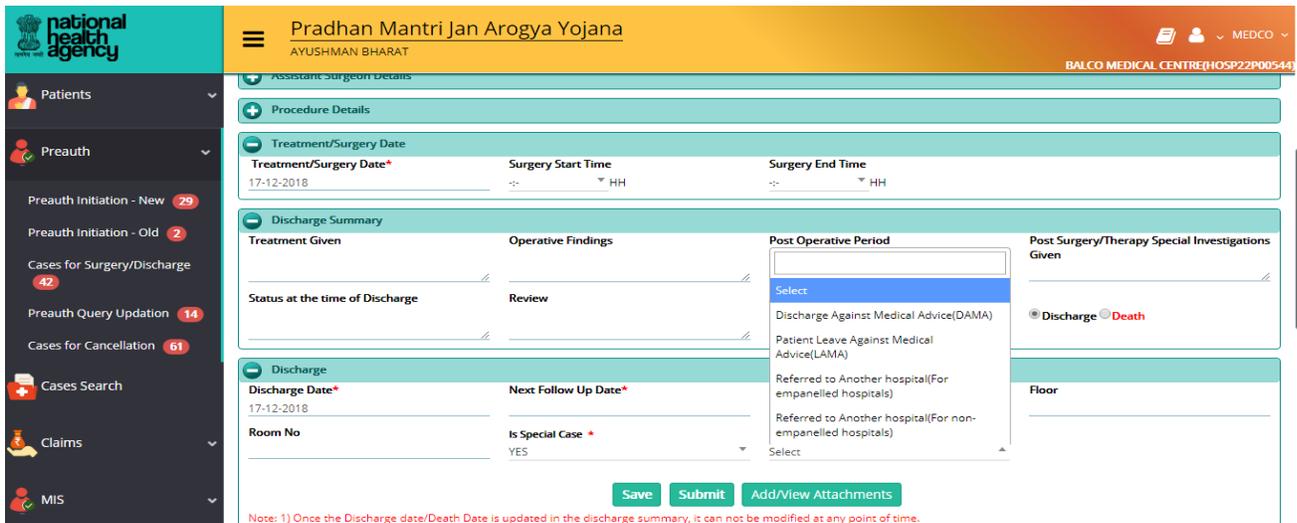

Preauthorization has been successfully initiated by MEDCO. PRF Generation and Uploading is not Required.
CASE/HSDSP6/R5351

OK

Special Cases

The system will allow MEDCO/MITHRA to select the LAMA or DAMA case while discharging beneficiary for adjusting the claim amount as per applicability of the case.

In case the Medco selects special case as “Yes”, Special case type drop down is enabled as shown below:

The screenshot displays the 'Pradhan Mantri Jan Arogya Yojana' interface. The left sidebar contains navigation options: Patients, Preauth (with counts for New, Old, Surgery/Discharge, Query Update, and Cancellation), Cases Search, Claims, and MIS. The main content area shows the 'Discharge Summary' form. A dropdown menu is open, showing options: 'Discharge Against Medical Advice(DAMA)', 'Patient Leave Against Medical Advice(LAMA)', 'Referred to Another hospital(For empanelled hospitals)', and 'Referred to Another hospital(For non-empanelled hospitals)'. The 'Is Special Case' field is set to 'YES'. The 'Post Surgery/Therapy Special Investigations Given' field has radio buttons for 'Discharge' (selected) and 'Death'. A note at the bottom states: 'Note: 1) Once the Discharge date/Death Date is updated in the discharge summary, it can not be modified at any point of time.'

Medco can select the options from drop down and submit the case. Later on this special case will get reflected in CPD login.

In case the Medco selects special case as “NO”, Special case type drop down is not enabled as shown below:

Patient Management and Discharge

Patient Management is giving treatment to the patient who want to avail hospital services, he has to be admit in the hospital either for the Surgery or for Medical. After completion of the treatment, process will be ended by discharging him.

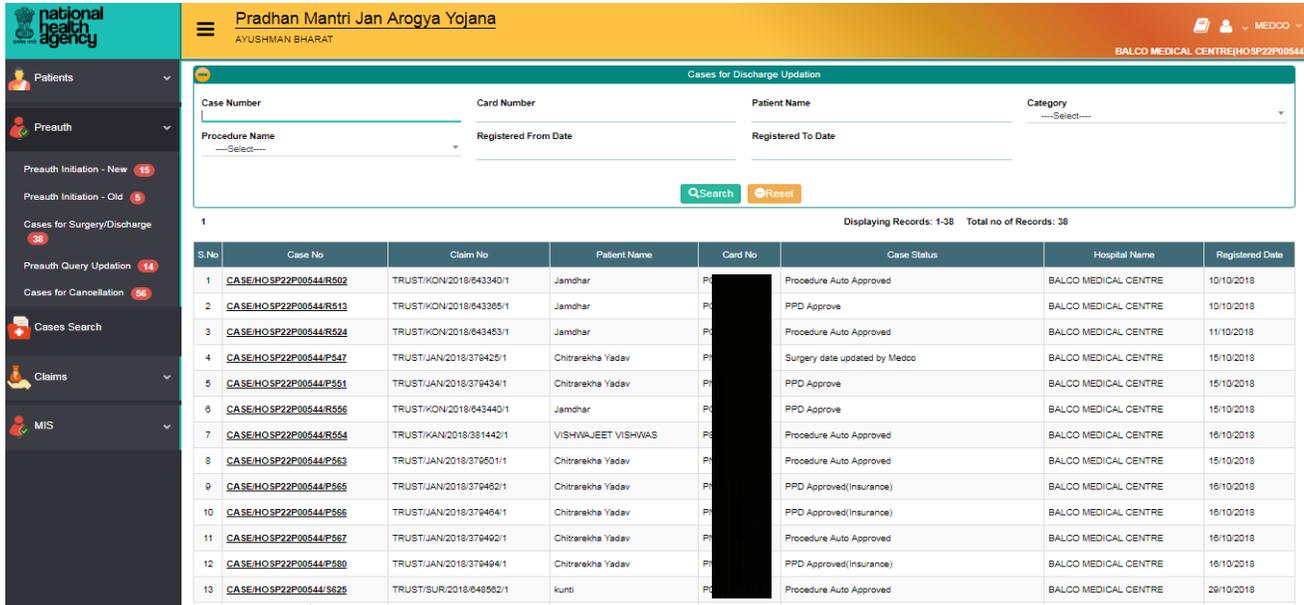

- Patient Management: After Preauthorization, MEDCO (Network Hospital Doctor) verifies whether the beneficiary can go for Surgery or Therapy. Based on the procedure, he has to submit by providing treating doctor details, Daily Clinical Notes like Medicines, B.P and some attachments like post-surgery photos. After this Case Status will be changed as Pre-Auth to Surgery update.
- Patient Discharge: After Surgery update, MEDCO (Network Hospital Doctor) will provide Discharge Summary and attachments like Post Surgery/Therapy Special Investigation, patient photo, Treating doctor and Arogya Mitra photo's, Satisfaction Letter and Transport Acknowledgement Letter (As Transport facility will be provided freely) at the time of Discharge. Hospital has to treat freely up to 10 days after discharge, if any complications came for the patient.

MEDCO should be able to view Pre-Authorization Approved cases in the 'Cases for Surgery /Discharge' tab as shown in the screenshot.

Assistant Treating Doctor Details

Treatment/Surgery Date

Treatment Start/End: 20/11/2018

Discharge Summary

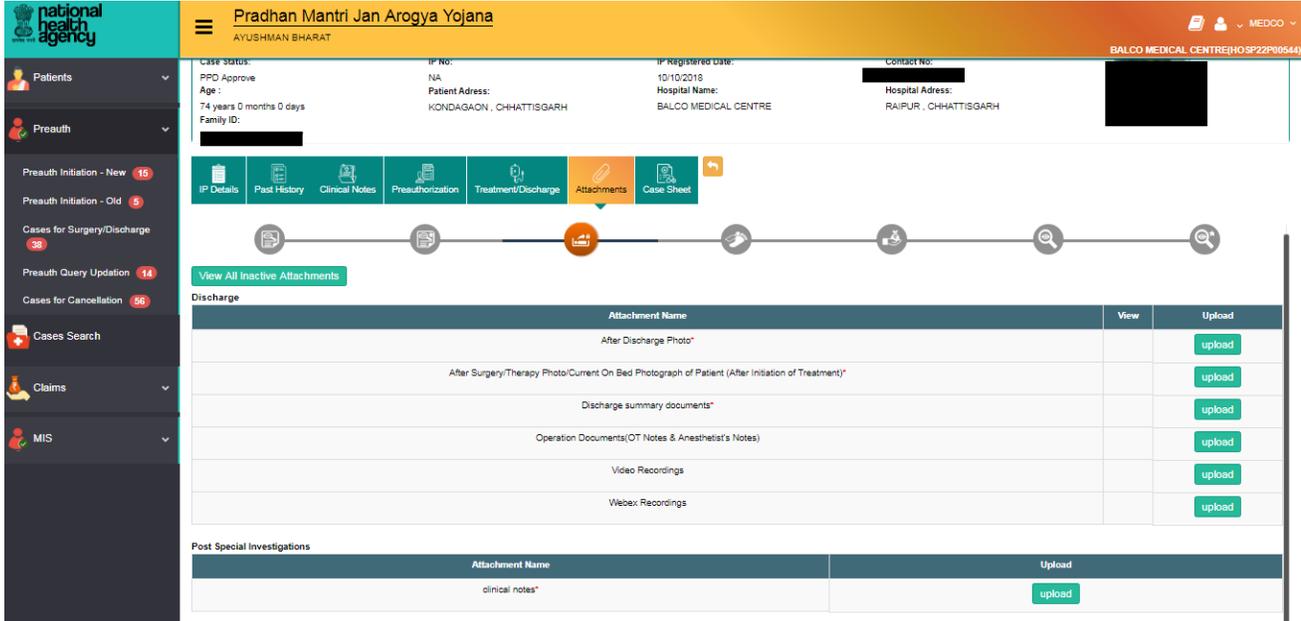

Treatment Given: Operative Findings: Post Operative Period: First Surgery/Therapy Special Investigations Given:
 Status at the time of Discharge: Review: Advice: Discharge Death

Discharge

Discharge Date: 20/11/2018 Next Follow Up Date: 20/11/2018 Consult at Block Name: Floor:
 Room No:

Note: * If Discharge date/Death Date is entered in the discharge summary, it can not be modified at any point of time.

Attachments to be submitted are given in the attachments tab as shown below:

The screenshot shows the 'Attachments' tab selected in the TMS interface. The patient details are as follows:

Case status: PPD Approve	IP No: NA	IP Registered Date: 10/10/2018	Contact No: [REDACTED]
Age: 74 years 0 months 0 days	Patient Address: KONDAGAON, CHHATTISGARH	Hospital Name: BALCO MEDICAL CENTRE	Hospital Address: RAIPUR, CHHATTISGARH
Family ID: [REDACTED]			

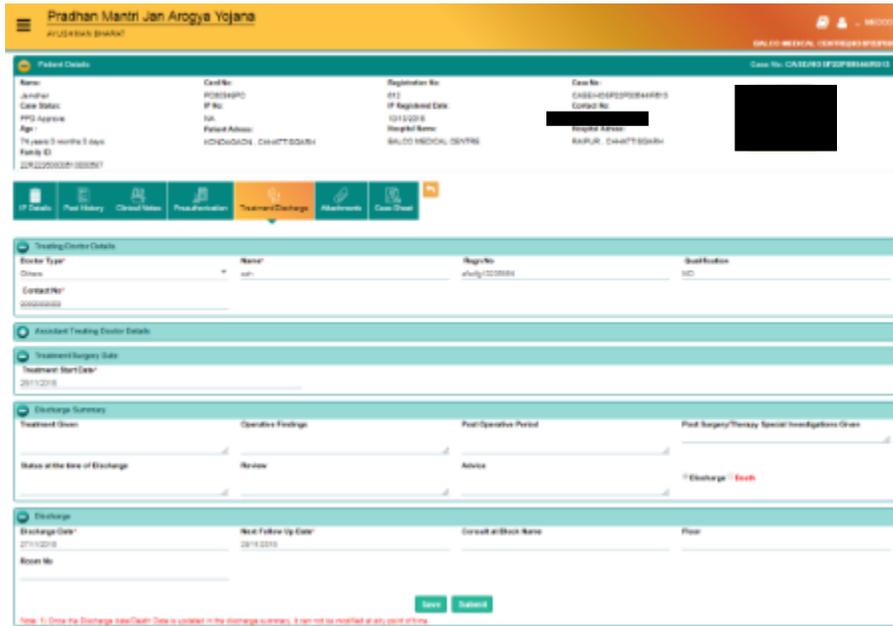

The 'Attachments' tab is highlighted in the navigation bar. Below it, a timeline shows the current step as 'Attachments'. A table lists the required attachments for discharge:

Attachment Name	View	Upload
After Discharge Photo*		upload
After Surgery/Therapy Photo/Current On Bed Photograph of Patient (After Initiation of Treatment)*		upload
Discharge summary documents*		upload
Operation Documents(OT Notes & Anesthetist's Notes)		upload
Video Recordings		upload
Webex Recordings		upload

Below this table, there is a section for 'Post Special Investigations' with one entry:

Attachment Name	Upload
clinical notes*	upload

Click on the submit button which is enabled, as shown below

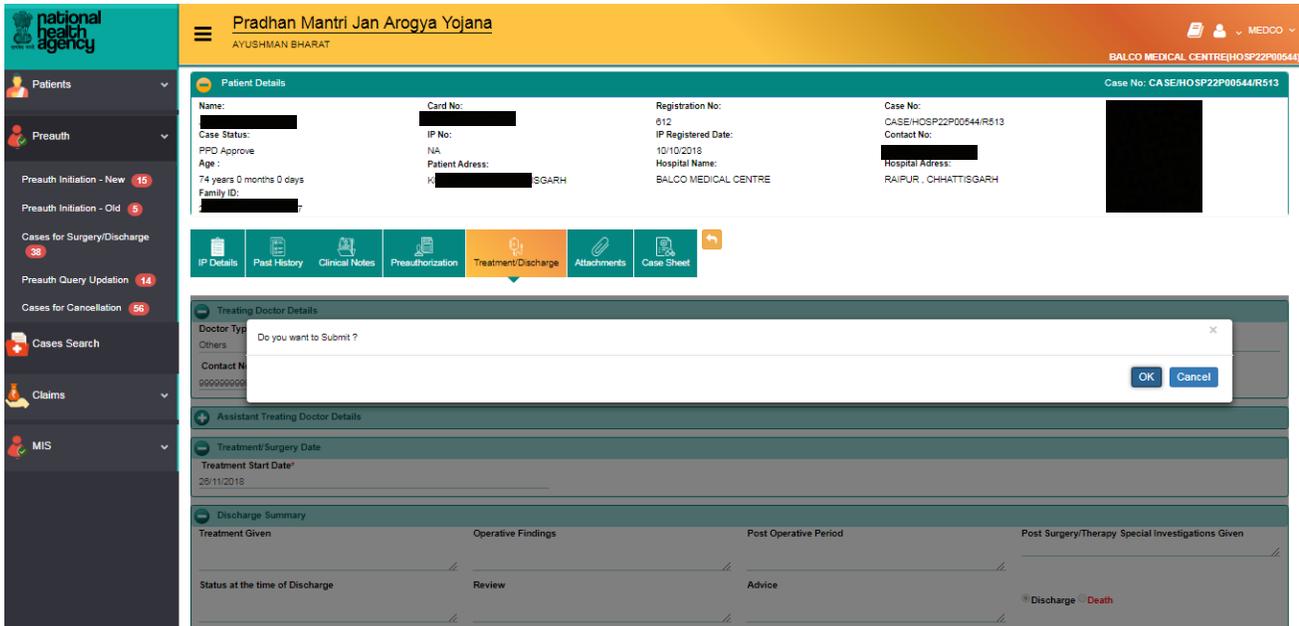

The screenshot shows the 'Discharge Summary' form in the TMS interface. The form includes the following sections:

- Patient Details:** Name, Gender, Case Status, Age, Family ID, Card No., IP No., Patient Address, Registration No., IP Registered Date, Hospital Name, Hospital Address, Case No., and Contact No.
- Treating Center Details:** Center Type, Name, District, Register No., and Sub Station.
- Resident Treating Center Details:** (Empty field)
- Treatment Surgery Date:** Treatment Start Date (20/11/2018).
- Discharge Summary:** Treatment Given, Operative Findings, Post-Operative Period, and Post-Surgery/Therapy Special Investigations Given.
- Discharge:** Discharge Date (20/11/2018), Next Follow Up Date (20/11/2018), Consult at Block Name, and Floor.

At the bottom of the form, there are 'Save' and 'Submit' buttons. A note at the bottom states: "Note: Once the Discharge and/Or Date is entered in the discharge summary, it can not be modified at any point of time."

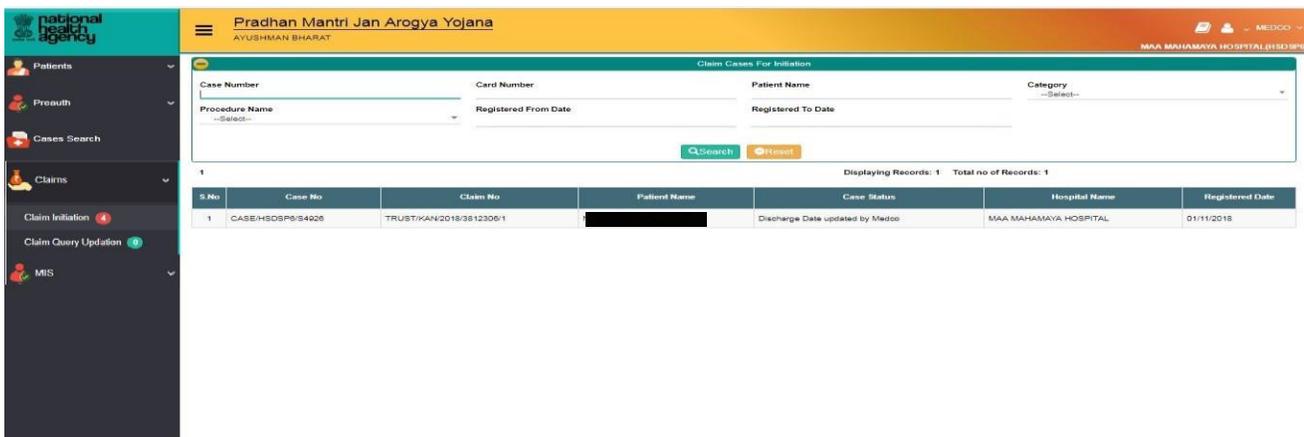

Click on OK button for updating the Surgery/Discharge details as shown in the screenshot.

The screenshot shows the 'Patient Details' page for Case No: CASE/HOSP22P00544/R513. A confirmation dialog box is displayed over the 'Treating Doctor Details' section, asking 'Do you want to Submit?'. The dialog has 'OK' and 'Cancel' buttons. Below the dialog, the 'Assistant Treating Doctor Details' section is visible, showing 'Treatment/Surgery Date' as 29/11/2018. The 'Discharge Summary' section is also visible, with columns for 'Treatment Given', 'Operative Findings', 'Post Operative Period', and 'Post Surgery/Therapy Special Investigations Given'. The 'Status at the time of Discharge' is 'Review', and the 'Advice' is 'Discharge - Death'.

Claim initiated by MEDCO

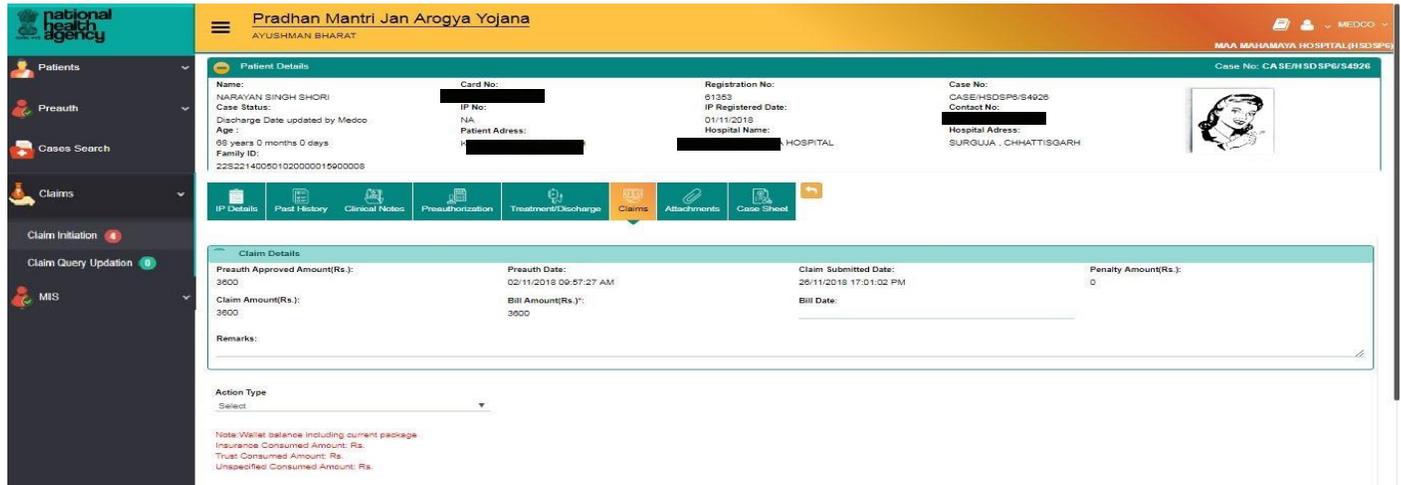

MEDCO should be able to view Discharge updated cases in Claim Initiation tab as shown in the screenshot. Click on Case No. for submitting claim details for a specific case.

The screenshot shows the 'Claim Cases For Initiation' page. It features a search form with fields for 'Case Number', 'Card Number', 'Patient Name', 'Procedure Name', 'Registered From Date', and 'Registered To Date'. Below the search form, a table displays the search results. The table has columns for 'S.No', 'Case No', 'Claim No', 'Patient Name', 'Case Status', 'Hospital Name', and 'Registered Date'. One record is shown with Case No: CASE/HSOSP/134928, Claim No: TRUST/KAN/2018/3812305/1, Patient Name: [REDACTED], Case Status: Discharge Date updated by Medco, Hospital Name: MAA MAHAMAYA HOSPITAL, and Registered Date: 01/11/2018.

S.No	Case No	Claim No	Patient Name	Case Status	Hospital Name	Registered Date
1	CASE/HSOSP/134928	TRUST/KAN/2018/3812305/1	[REDACTED]	Discharge Date updated by Medco	MAA MAHAMAYA HOSPITAL	01/11/2018

Click on Submit button by selecting Action Type as Initiate Claim and updating the mandatory Claim Details in the Claim tab as shown in the screenshot.
