Memo. No.AB-HHPA/SAFU/HR/2025/ 2479

Dated:- 7/5/25

Subject:- Show casue notice for clarification why hospital should not be de-empanelled regarding irregularities and fraudulent activities found during field visit by DIU, Hisar team (JD Jindal Hospital, HOSP6P148103, Barwala, Hisar.

On the above mentioned subject, it is brought to your notice that a field visit was conducted by DIU, Hisar on dated 26.04.2025 and a below mentioned observation / recommendations regarding the visit was received. Further, on verification of the record following information was found:-

Sr. No.	Name of the Hospital & date of the Visit	Observations by the District Team	Recommendations by the District Team	Record at SHA
1	JD Jindal Hospital, (HOSP6P148103), Barwala, District Hisar 26.04.2025	As per the above input, the DIU AB-PMJAY Hisar team conducted a surprise visit to the hospital on 26/04/2025 for inspections. During the visit team has found some serious irregularities and fraudulent activity. All related evidence and other supportive documents were collected by DIU. The hospital registered 8 patients at the TMS portal, and 3 were physically found, but 5 patients, Mr. Surendar, Naveen, Aman, Wazir Singh, and Ajay, were not available in the hospital, but as per the portal and patient treatment file, treatment was undergoing. The MD doctor was not available and did not visit the hospital. The team also visited in patient Surendar villages, Nangthla. The patient was admitted in the hospital as per the file and portal, but Mr. Surendar was working in the village. As per his statement, he was visited in the hospital on 25/04/2025 at approximately 3 PM and he was got admitted there in Ayushman Bharat and his pictures were taken with canula which was not inseted, actually just pasted on hand with leucoplast and a mask was applied. After taking pictures, I was sent back home after staying there approximately an hour. My Ayushman card was not handed over to me and asked to come after 3 days to take your Ayushman card. The hospital registered all patients in 3 days back at the TMS portal and raised fake preauth under general medicine in the ICU/HDU. On inspection, it was found that CBC machine was not working and showing an error but reports of the CBC were attached with the files. The hospital was unable to provide CCTV footage and memory (data) of lab machines when asked. Only one MO is available in the hospital; blank pages were found in the patient's file. The pharmacist and pharmacy records were not available during the visit. The lab record and the Lab technician were not available. The general ward was considered as an HDU. Three patients were present in the General ward but claimed books under the HDU category.	In view of all these facts, DIU has found that serious irregularity and hospital involvement in fraudulent activity. DIU recommends to suspend the hospital with immediate effect.	1. Letter vide memo.
