

## Launching of online Registration and Renewal of Ultra Sound Units under PC & PNDD Act

**Shri P.K. Mohapatra, IAS, Addl. Chief Secretary to Government of Odisha, Health and Family Welfare Department** launched Online Application for Registration and Renewal of Ultra Sound Units under PC & PNDD Act on 11.12.2020 in the presence of **Smt. Kabita Roy Das, DDG & SIO** and **Dr. Dibya Kumar Panigrahi, Director, Family Welfare.**

The online application enables the applicant to track the status of his/her application and download the certificate of registration / renewal from the portal, helps the authorities e.g. the District Magistrate to review the status of implementation of the registration/renewal processes of PC & PNDD Clinics and ensures timely registration, renewal & permanent record maintenance.

In his inaugural speech **Sh. Mohapatra, Addl. Chief Secretary to Govt.**, applauded the efforts of NIC for developing the software which is first of its kind in the country.

This software has been developed in ServicePlus Platform of NIC with provision of online payment gateway system. Timeline for disposal of the registration and renewal of application is 70 days. The service can be accessed from <http://pndtorissa.gov.in> website

Ms. Nirupama Mohapatra, Sr TD & ASIO, Sri Rabindra Maharana, TD, Dr. Prativa Pradhan, Joint Director and other officers of the department were also present on the occasion.

PK Mohapatra launching the online system

## Registration of ultrasound + clinics goes online in State

**EXPRESS NEWS SERVICE**  
@ Bhubaneswar

THE State government on Friday launched online registration of ultrasound clinics. Odisha is the first state to adopt the online system to register ultrasound clinics having its own e-payment gateway.

Unveiling the online software in a virtual mode, Additional Chief Secretary of Health department PK Mohapatra directed all Collectors to roll out the online application system in their respective districts and ensure that the applications are disposed of in the given time frame.

Online application system for registration and renewal of ultrasound clinics under the Pre Conception and Pre natal Diagnostic Techniques (PC & PNDT) Act is a user friendly software developed by NIC.

It will help the authorities to monitor registration and renewal process, cross verification of procedural delay, review the average period taken for registration and renewal and maintain transparency in the process of registration of ultrasound facilities.

Mohapatra said the application has been developed to ensure timely registration and renewal besides facilitating permanent record maintenance and strengthening the implementation of the Act.

"The procedures for application submission and payment of fees have been made online. Timeline for disposal of the registration and renewal of application is 70 days. The districts have been directed to accept downloaded certificate as valid," he added.

The government had included the provision of registration and renewal of ultrasound facilities as per the Pre Conception and Pre natal Diagnostic Techniques (PC & PNDT) Rules 1996 under the Odisha Right to Public Services Act on October 28.
