

## Hon'ble Minister of Agriculture and Farmers' Empowerment, Odisha inaugurated the web portals and mobile apps of e-Crop Demonstration and Integrated Farming System

Dr. Arun Kumar Sahoo, Hon'ble Minister of Agriculture and Farmers' Empowerment, Odisha inaugurated the web portals and mobile apps of e-Crop Demonstration and Integrated Farming System for the Dept of Agriculture and FE, Govt of Odisha on 31<sup>st</sup> May, 2022 at Bhubaneswar.

The e-Crop demonstration portal <https://odishaagridemo.nic.in> automates the entire process of demonstration starting from setting up of targets to district and block, generation of demonstration patches, capturing location details and photo in 3 stages of demonstration thru mobile app at GP level (VAW) to release of assistance. Online generation of permits for enabling the beneficiaries to purchase need based inputs from the registered dealers and get the input cost as per cafeteria of demonstration in his Bank Account through DBT.

The IFS portal <https://ifsodisha.nic.in> automates the entire process of integrated farming system starting from assigning targets to district and block, online application with document uploading by the farmer, pre field verification by the Block level official for finalisation of the model to be adopted, go-ahead letter generation. Lastly online financial assistance will be routed to different stake holders as well as farmer in DBT process.
