

State level DRM Meet 2023 organised by NIC Odisha under iRAD project at Puri on 15th and 16th April

Lighting of lamp by Dr Ashok Kumar Hota, DDG & SIO, Odisha

Under iRAD (Integrated Road Accident Database) Project District Rollout Managers have been deployed at all the 30 NIC District Units of the state. The DRMs Coordinate, Manage, Support and impart Training to all the officers of stake holders of Road Safety like Police, Transport, Highways and Health.

A two days Orientation programme 'DRM MEET 2023' was organized by NIC Odisha for the District Rollout Managers working under iRAD project in collaboration with Road Safety Cell of STA Odisha at Puri on 15th and 16th April in the presence of Dr. A. K Hota, DDG & SIO NIC Odisha and Shri Sanjay Kumar Biswal, Joint Commissioner, Road Safety State Transport Authority, Odisha.

Initially Project coordinator Shri P. K. Nayak, STD presented the annual progress report and highlighted the iRAD activities done during last year. In his address Joint commissioner STA praised the DRMs and the support of NIC for successful data collection of all live accidents through iRAD application.

DDG & SIO Odisha focused on the advantages of implementation of iRAD to reduce the accidents and fatalities in the state and advised the DRMs to work hard to successfully achieve the objectives of iRAD. The nodal officers of the stakeholders department assured their support for the proper implementation of iRAD and discussed on the issues at their side also.

The best performing DRMs were felicitated by DDG & SIO NIC Odisha

Sri Ajit Kumar Pattanayak, GM, NICS, Shri Biswanath Panda, DIO, Shri Durga Prasad Jena, ADIO, RTO, Puri and state nodal officers of all lead agencies of road safety Odisha participated in the meet. The meet was hosted by Shri Rajiv Mahapatra, SRM, iRAD, Odisha with proper coordination by Shri P.K.Nayak STD, NIC. The meet concluded with Vote of thanks by Er. Rabin Patnaik, RTO, Puri.
