Letter No. 619

Date 19/06/2024

NIC Cuttack has been extending excellent support to Cuttack District Administration in various e-Governance applications.

I appreciate the IT Intervention and Support of **Smt Itishree Nanda** (DIO, NIC) in Simultaneous General Elections-2024 to Lok Sabha and Odisha Legislative Assembly where the IT Nodal Officer of the district and her team has carried out almost all applications developed by ECI, NIC and CEO, Odisha for free, fair and peaceful General Election-2024 in the district.

The role of DIO is praise worthy in every application like PPMS,EMS, ENCORE, cVIGIL, ESMS, ETPBMS, ERO NET, OEVTS, Daily Law & Order Reporting on Electoral events.DIO NIC has taken proactive measures to educate and raise awareness among election officials and other stakeholders about the potential vulnerabilities and the importance of cyber security hygiene, including the looming threat of cyber-attacks.

The National Informatics Centre (NIC) stands at the forefront of leveraging IT interventions to support electoral systems, amplified by its crucial role in the Simultaneous General Elections 2024.

I wish all the best to NIC in its endeavor.

Arindam Dakua, IAS
DM & Collector, Cuttack
