IMPLEMENTATION OF E-IB ONLINE RESERVATION SYSTEM OF WORKS DEPARTMENT, GOVERNMENT OF ODISHA

Marking a significant milestone in Odisha's digital governance journey, the Works Department under the digital initiative has officially launched the e-IB Online Reservation System (<https://eibworks.odisha.gov.in>).

The portal was formally inaugurated by Shri Prithviraj Harichandan, Honourable Minister of the Works Department at Lok Seva Bhawan, Odisha on 28th January 2026. The ceremony took place in the distinguished presence of Shri Sanjay Singh, Principal Secretary of Works, NIC Team and Engineers from all divisions across the state.

Scope:

As a part of its initial rollout, the e-IB system is being implemented as a pilot project in three strategic locations known for high administrative and tourist footfall:

- **Bhubaneswar:** PWD Inspection Bungalows (Satyanagar).
- **Puri:** Nirman Niwas.
- **Konark:** PWD Inspection Bungalows.

IMPLEMENTATION OF E-IB ONLINE RESERVATION SYSTEM OF WORKS DEPARTMENT, GOVERNMENT OF ODISHA

Features and Digital Workflow:

The primary objective of the e-IB portal is the integration of an end-to-end **online workflow management system**. This replaces manual, paper-based processing with a transparent digital pipeline.

- **User Registration:** To ensure ease of access, new applicants can register with minimal identification data, requiring only a mobile number and email ID. During the reservation process, users upload a government-issued ID for verification.
- **Automated Routing:** Once a booking form is submitted, it is digitally routed from the user's dashboard to the respective Approving Authority. This ensures that requests are tracked, time-bound, and audited.
- **Categorized Allotment:** To balance departmental needs with public service, reservations are managed across four distinct categories:
 - i. State Guests & VIPs.
 - ii. Government Officials on Duty.
 - iii. Retired Government Servants.
 - iv. Private Individuals / General Public.

IMPLEMENTATION OF E-IB ONLINE RESERVATION SYSTEM OF WORKS DEPARTMENT, GOVERNMENT OF ODISHA

Financial Integration and Monitoring:

The system enhances financial accountability through an integrated online payment gateway. Unlike previous manual systems, users can settle their dues digitally during the checkout process.

For administrative efficiency, the platform provides real-time dashboards and MIS reports at all levels of the hierarchy. These tools allow the department to monitor room occupancy, revenue collection, and pending approvals across all pilot locations instantly.

Technical Development and Management:

The e-IB platform has been designed, developed, and hosted by the National Informatics Centre (NIC), ensuring high standards of security and data integrity. The system is actively managed by the Chief Construction Engineer (R&B), Central Circle, Bhubaneswar, which provides oversight and technical support for the portal's day-to-day operations.

Conclusion:

The e-IB portal is a testament to the Government of Odisha's commitment to "Minimum Government, Maximum Governance". By digitizing the stay-lifecycle from registration to final payment, the Works Department has ensured that the management of public infrastructure is transparent, efficient, and citizen-friendly. Following the success of this pilot, the system is expected to be scaled across all the Inspection Bungalows in the state.

Odisha Launches e-IB Portal For Online Inspection Bungalow Booking

by OMMCOM NEWS — January 28, 2026 In Odisha

Bhubaneswar: Law, Works, and Excise Minister Prithviraj Harichandan on Wednesday launched the e-IB online application system for booking inspection bungalows (Dak bungalows) under the Works Department at Lok Seva Bhawan here.

The new digital platform aims to simplify and streamline the booking and allotment process of inspection bungalows. In its first phase, the system will cover bungalows located in Bhubaneswar, Puri and Konark.

Speaking at the launch, Minister Harichandan said the initiative would make the booking process more transparent, accountable and user-friendly. He noted that the e-IB platform (<https://eibworks.odisha.gov.in/eib/>) would help eliminate delays associated with the manual system and benefit both government officials and the general public. The minister also informed that the system would be implemented in phases across the state.

The event was attended by Works Department Principal Secretary Sanjay Kumar Singh, EIC-cum-Special Secretary Er. Laxmi Kanta Padhi, Engineer-in-Chief (Civil-cum-Roads) Er. Satyabrata Behera, OBCC Managing Director Sameer Hota, Regional Officer of the Ministry of Road Transport and Highways Sunil Kumar, along with other senior departmental officers.

Odisha's Minister for Law, Works and Excise, Prithviraj Harichandan, today formally launched two transformative digital initiatives by the Works Department: the upgraded Contractor Database Management System (CDMS) 3.0 and Contractor Database Management System (CDMS) 3.0 and the new e-IB online booking portal.

CDMS 3.0 marks a significant upgrade from the original system introduced in 2018, shifting to a modern technological architecture with advanced features including workflow management, analytical dashboards, MIS reports, and seamless integration with other government systems.

The centralized database will store comprehensive contractor details, licenses, certificates, and performance records. Leveraging AI/ML, data analytics, and the 'One PAN-One Licence' framework, the platform aims to reduce corruption, enhance work quality, and boost productivity across Odisha's infrastructure sector.

Contractors will benefit from easy profile updates, real-time application tracking, and timely notifications, while government departments gain efficient data management tools for better monitoring and faster, informed decision-making.

Simultaneously, the e-IB portal digitizes the booking process for PWD Inspection Bungalows (IBs) in Bhubaneswar, Puri, and Konark. The platform offers online room booking and cancellation, real-time availability checks, centralized booking information, and status tracking from anywhere with internet access. Replacing the manual system, e-IB promises greater transparency, accountability, and elimination of delays, benefiting both government officials and the general public.

These launches underscore the Works Department's commitment to e-Governance, efficiency, and citizen-centric services in Odisha.

निरीक्षण भवनों की ऑनलाइन बुकिंग के लिए ई-आईबी पोर्टल लॉन्च

JAN 28, 2026

निरीक्षण भवनों की ऑनलाइन बुकिंग के लिए ई-आईबी पोर्टल लॉन्च

भुवनेश्वर, 28 जनवरी: ओडिशा के विधि, कार्य एवं आबकारी मंत्री पृथ्वीराज हरिचंदन ने बुधवार को लोक सेवा भवन में कार्य विभाग के अंतर्गत निरीक्षण भवनों (डाक बंगले) की बुकिंग के लिए ई-आईबी (e-IB) ऑनलाइन आवेदन प्रणाली का शुभारंभ किया।

यह नया डिजिटल प्लेटफॉर्म निरीक्षण भवनों की बुकिंग और आवंटन प्रक्रिया को सरल और सुव्यवस्थित बनाने के उद्देश्य से शुरू किया गया है। पहले चरण में यह प्रणाली भुवनेश्वर, पुरी और कोणार्क में स्थित निरीक्षण भवनों को कवर करेगी।

लॉन्च कार्यक्रम के दौरान मंत्री हरिचंदन ने कहा कि यह पहल बुकिंग प्रक्रिया को अधिक पारदर्शी, जवाबदेह और उपयोगकर्ता-अनुकूल बनाएगी। उन्होंने बताया कि ई-आईबी पोर्टल (<https://eibworks.odisha.gov.in/eIB/>) में नुअल प्रणाली से जुड़ी देरी को समाप्त करने में मदद करेगा और इससे सरकारी अधिकारियों के साथ-साथ आम जनता को भी लाभ मिलेगा। मंत्री ने यह भी जानकारी दी कि इस प्रणाली को चरणबद्ध तरीके से पूरे राज्य में लागू किया जाएगा।

इस अवसर पर कार्य विभाग के प्रमुख सचिव संजय कुमार सिंह, ईआईसी-सह-विशेष सचिव इंजीनियर लक्ष्मी कांत पाटी, मुख्य अभियंता (सिविल-सह-सड़क) इंजीनियर सत्यब्रत बेहरा, ओबीसीसी के प्रबंध निदेशक समीर होता, सड़क परिवहन एवं राजमार्ग मंत्रालय के क्षेत्रीय अधिकारी सुनील कुमार सहित विभाग के कई वरिष्ठ अधिकारी उपस्थित थे।

IMPLEMENTATION OF E-IB ONLINE RESERVATION SYSTEM OF WORKS DEPARTMENT, GOVERNMENT OF ODISHA

Law Minister Prithviraj Harichandan.

Bhubaneswar: Now, people can book rooms at Inspection Bungalows (IBs) of the Public Works Department (PWD) in the [Odisha](#) capital as well as at [Puri](#) and [Konark](#) through a designated online portal.

Works Minister Prithviraj Harichandan today launched the online portal, e-IB, to digitize the booking process of PWD IBs at the three urban areas.

The platform will simplify the procedure of room booking and allotment in PWD IBs through a digital interface. The initiative will be beneficial for government officials as well as general public, said the Works Department.

Online room booking and cancellation facilities, availability of all booking-related information at a single point, ease of access from any location and the ability to track booking and allotment status online are the key features of the initiative.

"The initiative will be more transparent and accountable than the manual booking system. It will help eliminate delays in the booking process and play a significant role in providing services to the users in a simple, efficient and convenient manner," added the department.

Notably, the capital city of [Bhubaneswar](#), the Holy City of Puri and the seaside town Konark are the three major tourist destinations in Odisha. These three places witness the footfall of visitors round the year.

The e-IB platform aims to replace the manual booking system with a transparent, efficient and accountable digital interface. In the first phase, the online system will facilitate booking and allotment of dak bungalows located in Puri, Konark and Bhubaneswar.

Speaking on the occasion, the minister said the initiative would significantly benefit both government officials and the general public by reducing delays and simplifying the booking process. He added that the digital system would ensure faster service delivery and greater ease of access.

The minister further informed that the e-IB system is planned to be implemented across the entire state in a phased manner in the coming days.
