Centre of Excellence for Application Security

Lucknow, Uttar Pradesh

- At present, this center provides the testing/auditing facilities for the 7 states of India.
- The center provides facility for SAST, DAST, WAF, Manual Scans and Penetration testing. The center delivers state of art output by the suggestions and capacity building for the developers.

The Center of Excellence for Application Security has been established in Uttar Pradesh in order to mitigate the vulnerability in the applications being hosted at the NIC data center.

Dhwani is a AI based Chatbot developed using open source python AI/ML libraries as well as Laravel libraries for responding the queries of visitors. It supports both plain text queries as well as menu driven queries.

FEATURES

- Easy Integration with Web Portals
- AI Based Queries or Menu Based FAQ
- Enrich training data through Dhawni Dashboard
- Provision to store users queries & answers
- Integration Sample Code with Dhawani Icon
- Easy navigation to the page of interest in integrated website
- 24/7 Virtual assistant for services offered by websites
- Can answer thousands of users simultaneously

A web based GIS framework built up around village boundaries polygon uniquely identified and used by all departments. The portal has been designed and implemented to represent complex data on maps.

Key Features

1

It provides the common layer (spatial data for boundaries) at state level with standard codes which can be integrated with non-spatial data available with different departments.

2

Developmental activities over period of time can be observed on thematic maps easily.

3

Maps for Blocks, Tehsils/Talukas, Districts, Divisions and State are being generated dynamically clubbing village boundary polygons on respective standard codes.

4

It strengthens e-governance in the state, also works as a tool for decision making up-to village level.

Applications Integrated

Census 2001 village level Amenities and Population mapping

Uttar Pradesh PWD Road Asset Management Sytem

Natural Resource Information System (NRIS)

UP Police Examination Centre Mapping

MNREGA Works Mapping

Paddy Crop Residue Burning Incidence Mapping

Covid-19 Home Isolation Cases Reported

UP Village Mapping 2011

Implementation Status

GIS based maps of 75 districts, 821 Blocks and 1,07,410 villages.

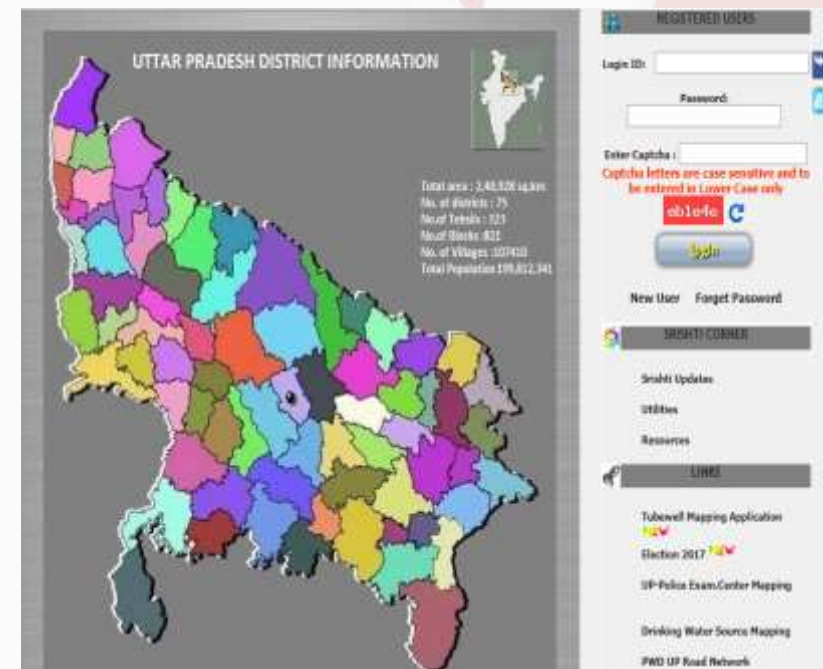

Data from Health, Education, Drinking Water, Irrigation Facilities, Communication sectors linked with village maps.

MIS & GIS data of 2 lakh kilometers of road network along with quality parameters such as width, shoulders state, color etc of each km of road.

Covid-19 Weekly Home Isolation cases reported in Gorakhpur district plotted onto Google Maps depicting its spread pattern and intensity.

Visualization of incidences of paddy crop residue burning during month of October and November on BHARAT MAPS.

Spatial data under NRIS having Rail Track, Road, Canal, Forest, Structural Lineament, Drainage Line, Drainage Polygon, Land Category, Ground Water, Lithological, Land Use-Land Cover, Watershed, Geomorphological, Soil, Settlement Area layers linked with villages maps.

DARPAN – Dashboard for Analytical Review of Projects Across Nation

DARPAN is comprehensive, generic and configurable multilingual Dashboard product for Hon'ble Governors, Chief Ministers, Chief Secretaries, Divisional Commissioners and DMs/DCs across Districts & States. It facilitates presentation of real time data on Key Performance Indicators (KPIs) of selected schemes/projects to the senior functionaries of the State Government as well as District Administration which can be used for planning, evaluation and monitoring. It enhances analysis through data collection by consolidating multiple data sources into one centralized, easy-to-access platform. Identifying trends in data to gain enhanced perspectives of the projects, the dashboard allows users to personalize their view to prioritize the information they require.

GOLD of National Award for e-Governance 2018-19

STATISTICS

Divisions/Districts/Tehsils	18/75/350
Revenue Villages	1,08,848
Khatas in Khatauni (RoR)	3.38 Crores
Revenue Plots (Gatas)	7.65 Crores
Plot Owners	11.19 Crores
Total Land Area	2.35 Crores Hectares
Revenue Courts	2642
Revenue Court Cases Registered & Judgements	1.56 Cr / 1.23 Cr
Digitization of Cadastral Maps & Linking with RoR	90000+ Villages

FEATURES

Unique codes for Revenue Plots (Aadhar Number of Plots)

Fixation of individual shares of Khatedars in Khatauni (RoR)

Coding of Village Boundary pillars

Online applications for Mutation and other permissions

Map digitisation and linking with Khatauni (RoR)

SVAMITVA – (Survey of Villages And Mapping with Improved Technology for Village Areas)

IMPACT

Reduction of drudgery and minimising corruption

Use of Farmers data in DBT Scheme " PM Kisan Samman Nidhi Yojna"

Touches the lives of nearly 1 Crore (10 Million) citizens every day.

Digitally Signed Copy from Tehsils & CSCs.

Revenue >400 Cr collected as user charges @ Rs. 15/- per RoR

Fund collected at Tahsil level is being utilised for upkeep and modernisation of Records and meeting various other expenses.

ROLLOUT IN OTHER STATES

- Component based approach has been used for developing the portal.
- The Software can be easily used by other states after some customization.
- The component design model makes portal replicable.
- BULEKH and RCCMS applications have already been replicated and rolled out in the state of Uttarakhand.
- The Ministry of Rural Development has also acknowledged and appreciated the work done for plot and boundary pillar Codification in Uttar Pradesh.

Security Features

QR Code & Digital Signatures on Record of Rights

SMS Broadcasting to Land Owners

Locking of Chakbandi Grams and Survey Grams

Maintaining of IP and Mac Address in ROR Log

Signing of Mutation Orders with Digital Signatures

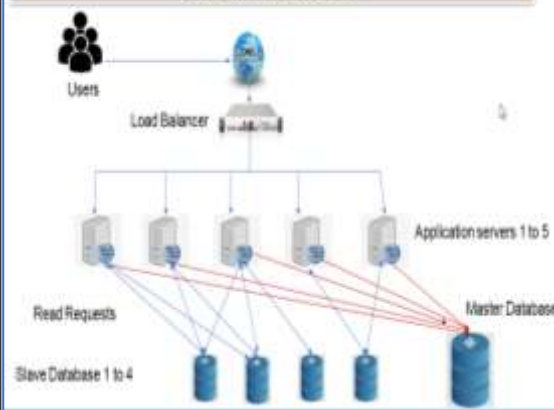

SELF SUSTAINABLE

- The BHULEKH software is self-sustainable as the project implementation has been done by NIC UP State Unit, which is available for s/w support on 24 x 7 basis and software is being worked upon by the officials of the Department of Revenue.
- The project is **self sustainable** as it collects Rs. 13,00,000+ per day through generation of 90,000+ RoR Daily. The average number of hits per day are one Cr.
- It satisfies the requirement of all the stakeholders and all modules within the project are inter-dependent and efficiently managed.

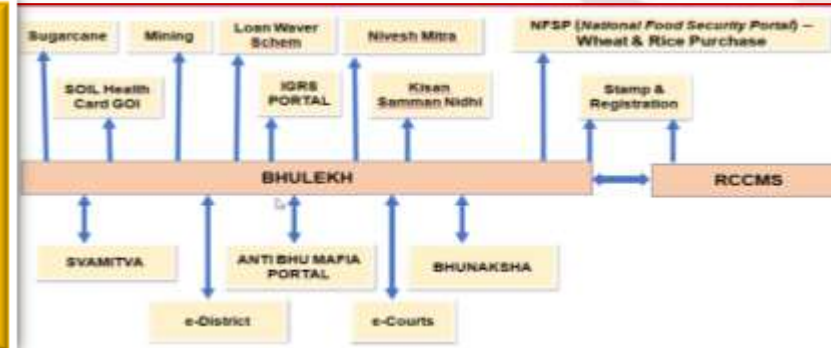

Year-wise Revenue Generation

Jansunwai Portal aims at improving delivery of Government services to citizens and department with the vision: “To create an environment where a citizen can freely and conveniently file a grievance and receive speedy response to their satisfaction in terms of quality.”

JANSUNWAI (IGRS) is an integrated system for grievance redressal in Uttar Pradesh to achieve the goal of good governance using latest technology involving all stakeholders. A citizen can file a grievance, give suggestions or make a demand, track grievance lodged on all integrated platform and receive response to his satisfaction both in terms of quality and time.

- CM references References-include applications from CM Office & CM Janta Darbar, Ministers/MP/MLA's.
- CM Helpline:1076-IGRS
- Online through Portal(<http://jansunwai.up.nic.in/>) & mobile application
- DM/SSP/Commissioner/IG/DIG and other field officer's references.
- Sampurna Samadhan Diwas (Tehsil Diwas) references
- CSC/Lokvani-Applications received from various Jansewa Kendra.
- References registered through PG Portal (Government of India)
- CM Relief Fund-Action taken reports from DMs
- Anti-Corruption Portal
- Anti-BhuMafia Portal
- Mahila Helpdesk references

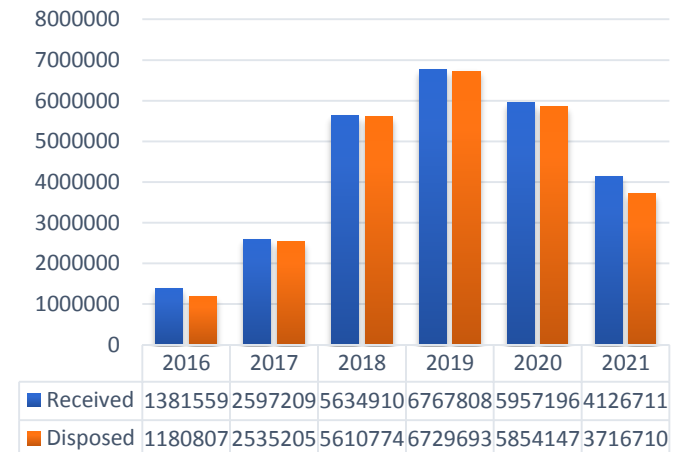

JANSUNWAI – SAMADHAN (2/2)

Features

- Citizen can file applications, track, send reminder & give feedback
- Uniform forms for all channels using single user name/password
- **Complete electronic flow** of references and action taken reports
- **SMS/email alert** at every stage and System generated reminders
- Feedback upon disposal and mandatory action on unsatisfied feedback
- **Searching and tagging of duplicate references** received through all channels
- Approval/ Disposal of references through **Digital Signature**
- **Automatic Speech Recognition** to register applications & upload action taken
- **MIS & GIS Dashboard** and several analytical reports for monitoring
- Automatically generated **Monthly Performance Reports** for all level officers
- Provision to increase quality of disposal through **random checking and physical verification**

Achievements

- Total Registrations: **2,99,04,883**, and **2,94,30,519** has been disposed
- Intensive monitoring leading to overall defaulter to approx. 1 percent only.
- Jansunwai App for Citizens have **1 Million+ Downloads** with Rating of 3.85 & App for Officers have **1 Lakh+ Downloads** with Rating of 4.18
- Disposal of PG Portal complaints increased drastically.

Food & Civil Supplies Department

Government of Uttar pradesh

- ❖ The Department of Food & Civil Supplies, Government of Uttar Pradesh ensures enforcement and compliance of Public Distribution System on the targeted citizens through the policies established by the Government of Uttar Pradesh and Government of India.
- ❖ The Department of F&CS is responsible for the fair implementation of National Food Security Act across the state.
- ❖ The Department of F&CS is responsible for procurement of food grains and other essential commodities, maintenance of food grain stocks and their storages, food security measures and control over food grain transportation and delivery.

Hon'ble PM, in presence of Hon'ble CM-UP, interacts with beneficiaries of PM Garib Kalyan Anna Yojana in UP
NIC U.P State Centre, Lucknow

Food grain e-Procurement (e-Uparjan)

- Wheat/Paddy/Maize e-Procurement from farmers and payment directly to farmer's account through PFMS.

Ration Card Management System (RCMS)

- Work Flow based Management of Digitized Beneficiary Database as per NFSA.

Supply Chain Management System (SCMS)

- Management of Food grain movement from FCI Depot to State Godowns and further to Fair Price Shops

Food grain distribution through ePoS

- Aadhaar based biometric authentication to distribute commodities at FPS and capturing transactions through ePoS device.

Mobile Apps

- Mobile applications have been developed for Dispatch of food-grains, receiving at State go-downs and FPS, Inspection of Fair price shops by officials, and AAPURTI app for beneficiary information.

Grievance Redressal System

- Online Management of Public Grievances

01

The procurement of food grain is done through a highly secure farmer registration mechanism where at the time of registration, the land records are verified through a service provided by the Board of Revenue, the Aadhaar numbers are seeded through UIDAI and the accounts are verified through PFMS

02

e-PoP (Point of Purchase) devices are being used at all **5678** wheat purchase centres and all **4453** paddy purchase centres.

03

Biometric authentication of farmer(seller) and procurement centre incharge (buyer) is done during purchase and transactions are captured in real time using e-PoP devices.

04

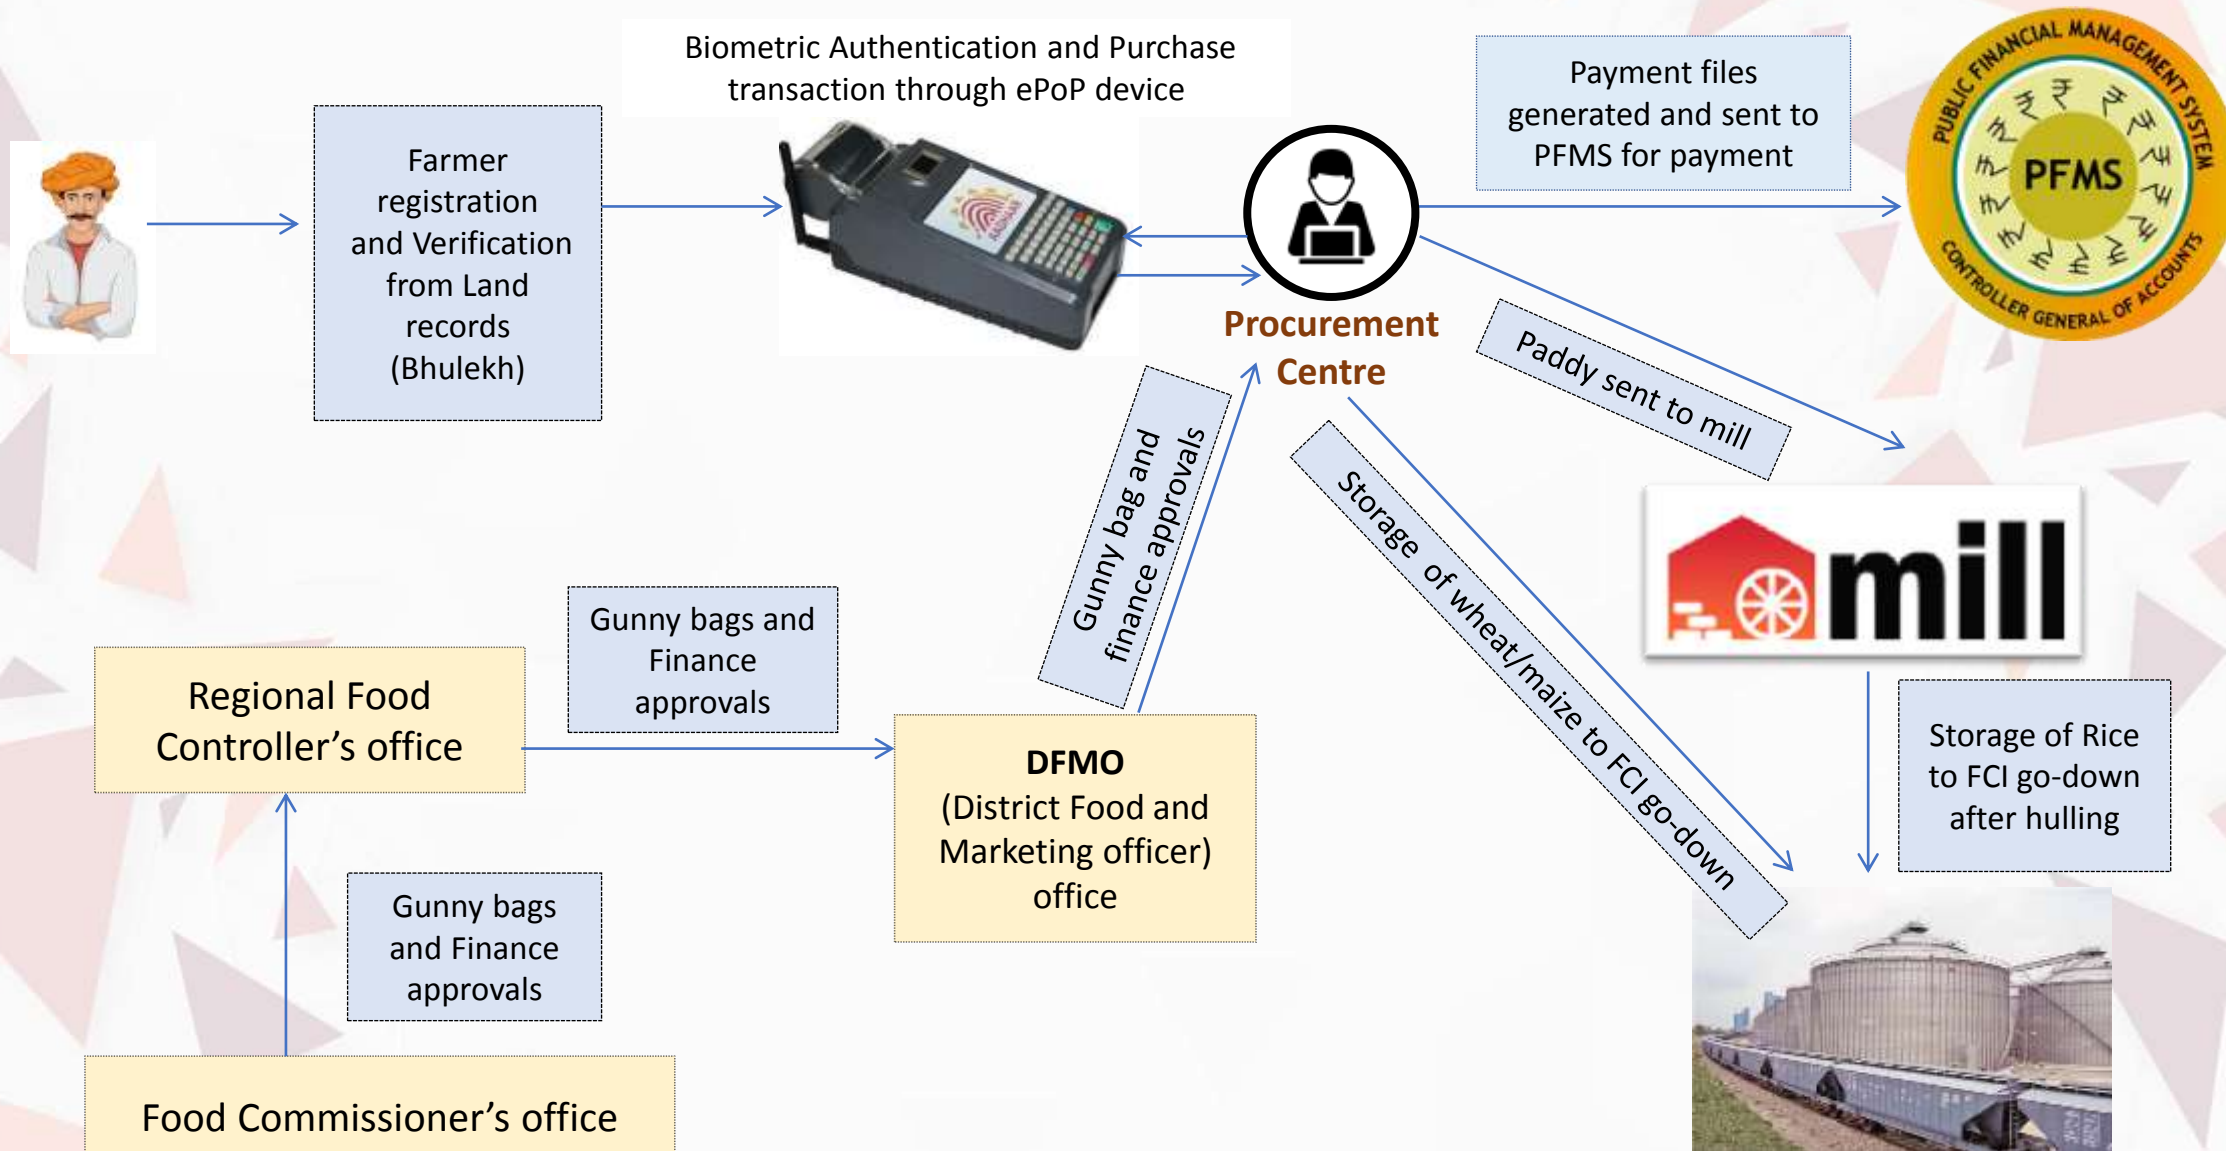

Payment to nearly **13 lakh** beneficiary farmers (Sellers) is being done through online **PFMS** system.

05

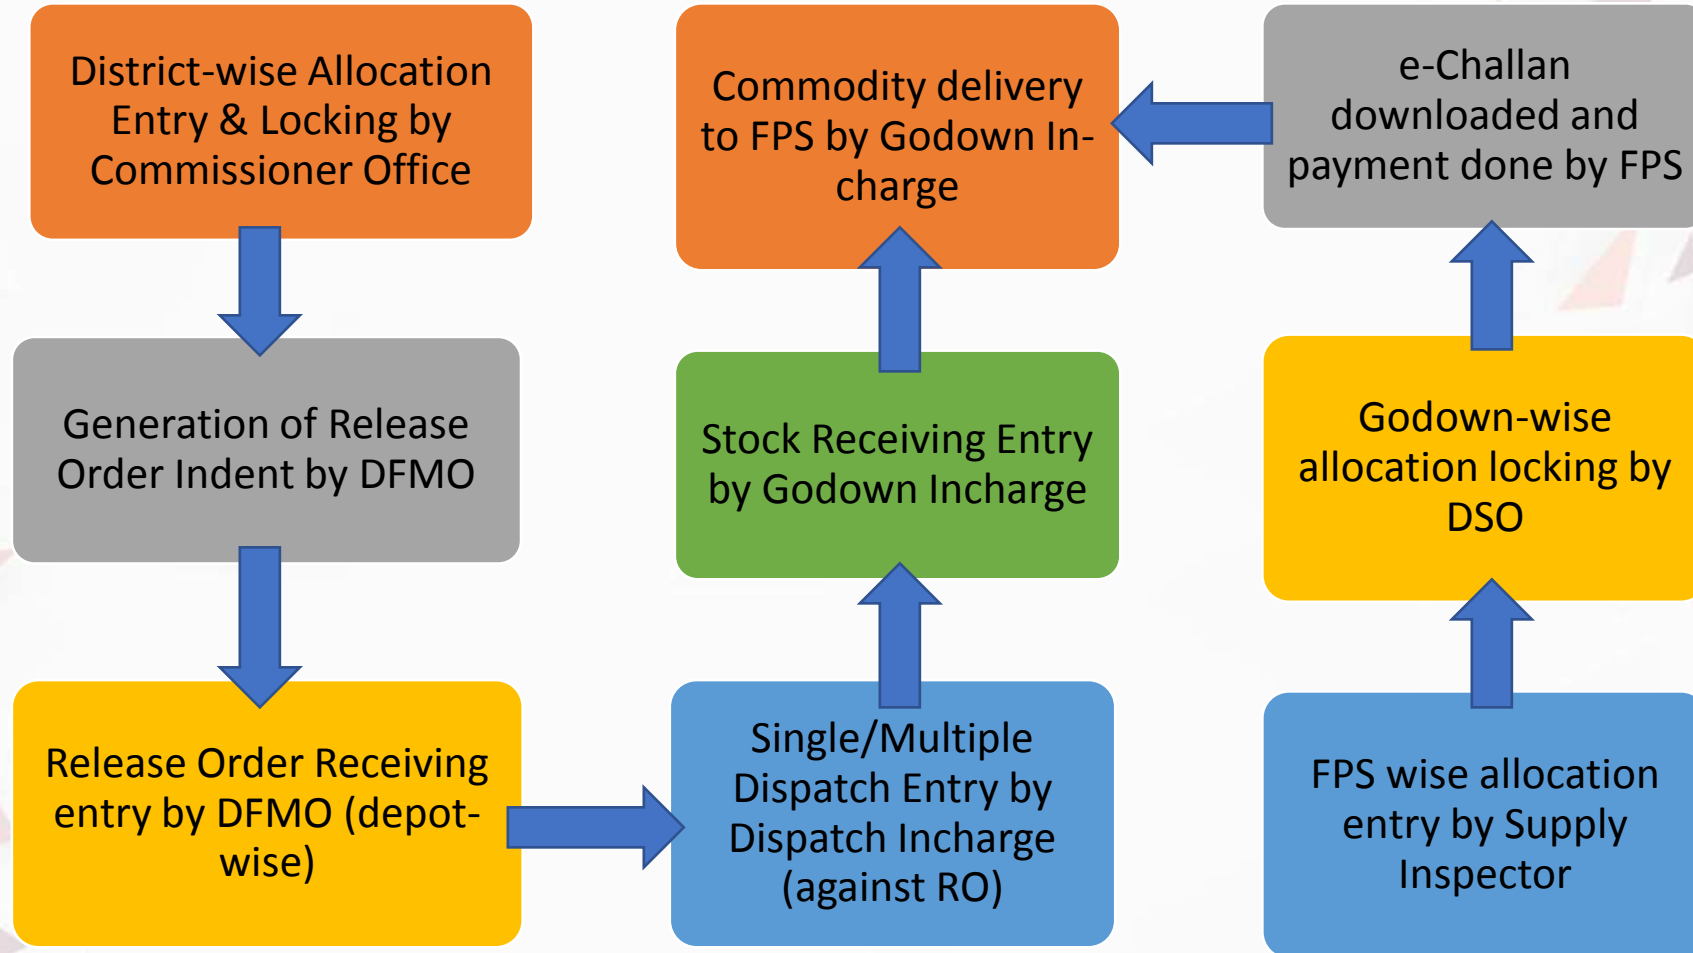

Gunny Bag Inventory module implemented. Gunny bags are received from various sources and stored in buffer godowns. Integration of gunny bag management with purchase modules.

06

Online Accounting and Billing for stakeholders has been implemented in e-Procurement System.

- 01 Work Flow based Management of **3.60 crore** Ration Cards and **14.87 crore** beneficiaries
- 02 Aadhaar Seeding of **14.74 Cr (99.12%)** beneficiaries completed through demographic validation service of UIDAI.
- 03 Verification of annual Income of Ration Card Applicant through web service provided by e-District.
- 04 SCMS is functional in all 975 state godowns of UP. Approximate 4.5 lac MT of wheat and 3 lac MT of rice is dispatched to state godowns every month through about 40,000 vehicle movement challans
- 05 Transporter registration along with vehicles, attachment of transporters to godowns and movement tracking of consignment vehicles through GPS is also catered by the SCMS
- 06 Live monitoring of vehicles moving from FCI depot to state godown is done on Digital wall.

01

In order to maintain transparency and authenticity, the distribution of food grains (free or on subsidized rates) is done with the help of e-POS machines installed at **79560** fair price shops across the state.

02

Aadhaar based biometric authentication to distribute commodities at FPS and capturing transactions in real-time through ePoS devices.

03

Successful implementation of Intra-district and Inter-district portability through which any ration card holder can get ration from anywhere within UP.

04

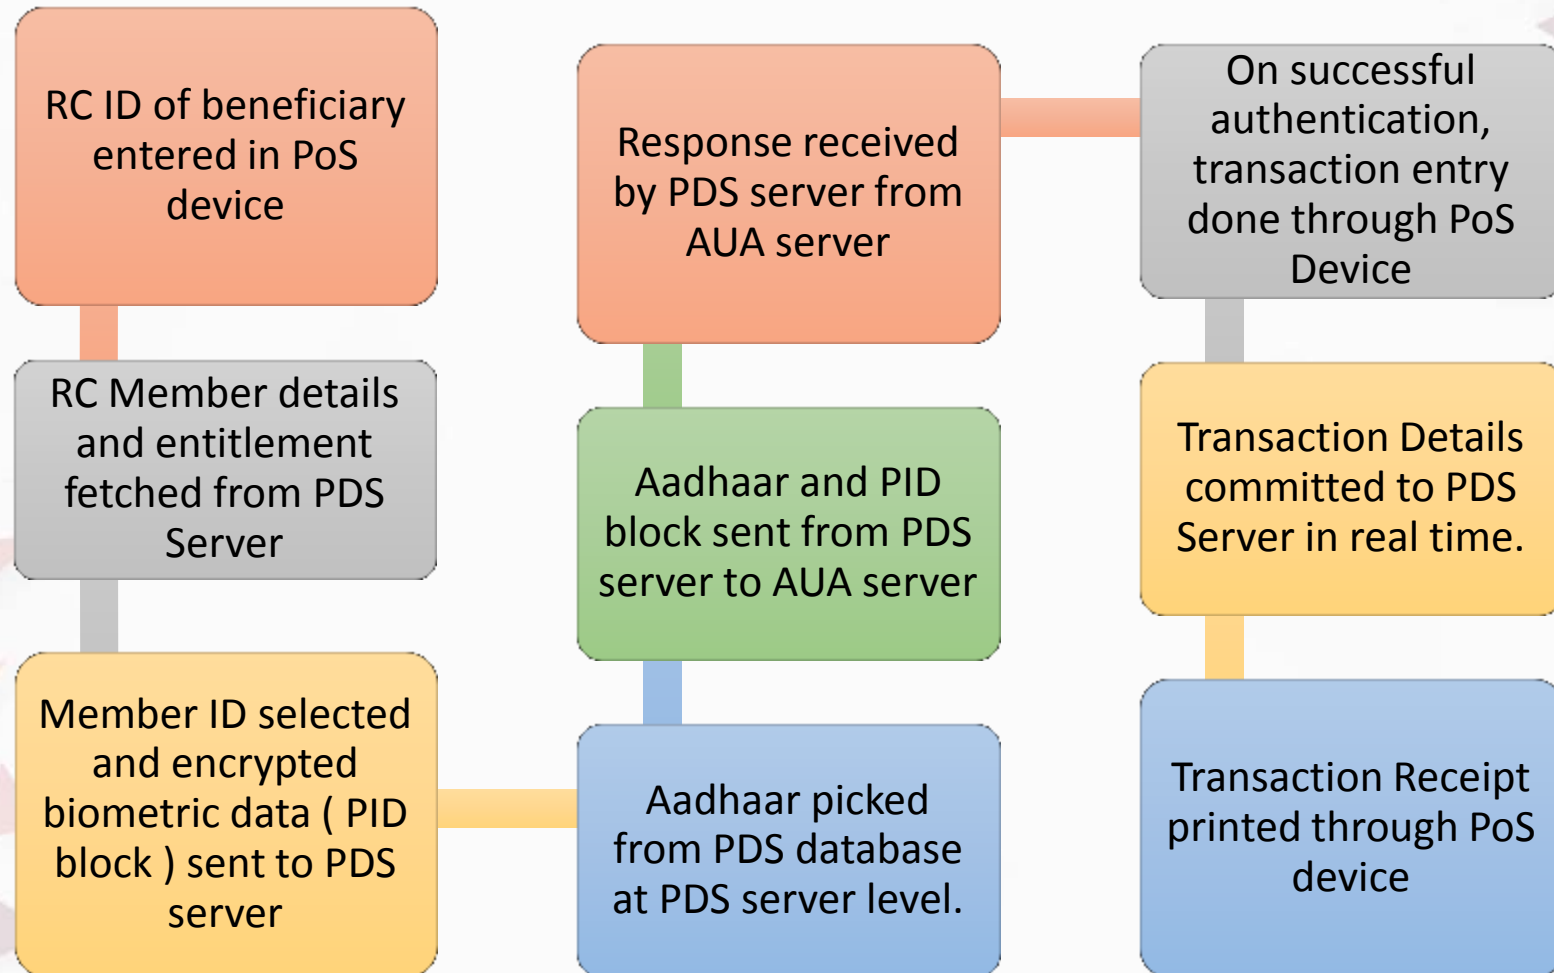

Successful implementation of National Portability (**One Nation One Ration Card Scheme**) through which any ration card holder of UP can get ration from 33 states/UTs of India and vice-versa.

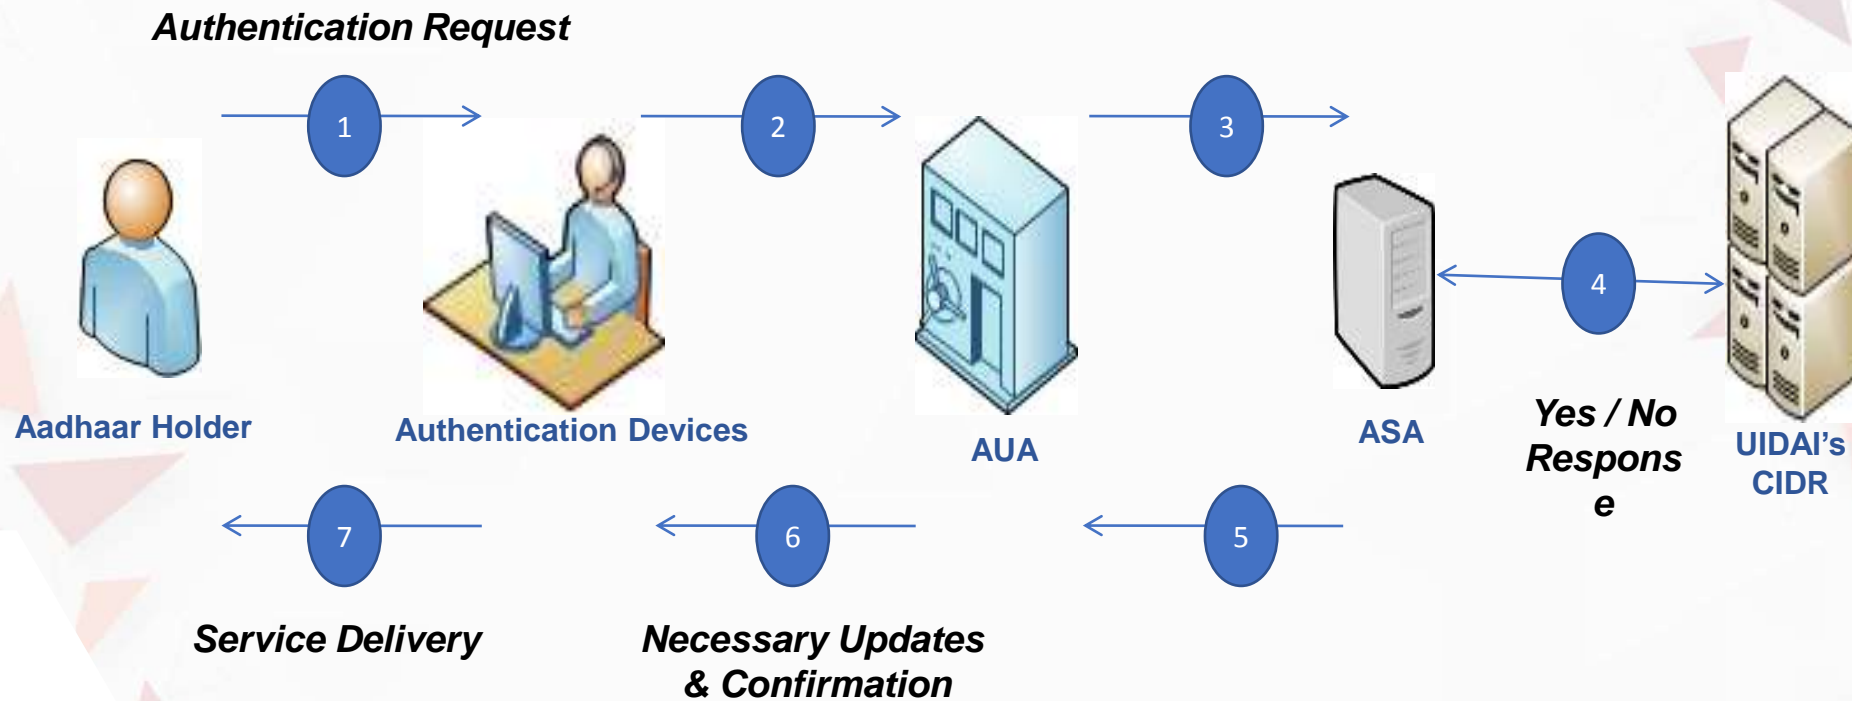

05

During Covid-19 pandemic period, successful implementation of **Pradhan Mantri Garib Kalyan Anna Yojana (PMGKAY)** for all ration card beneficiaries and **Aatma Nirbhar Bharat Anna Yojana (ANBAY)** for migrant laborers.

06

Sharing of data to National Annavitran Portal of DoFPD, Govt. of India.

Food & Civil Supplies Department, UP along NIC-UP had the honour to receive **Digital India Award 2020 (Silver Category)** for Excellence in Digital Governance from Hon'ble President of India.

PRAYAS Data Collection Portal powered by DARPAN is directly monitored by Prime Minister's Office (PMO) Office to gauge the performance of various Government projects/welfare schemes. DARPAN transforms complex government data into a compiled Visual form and Analytics, and provides at-a-glance views of key performance indicators (KPIs) relevant to schemes. It is a generic solution to integrate with heterogeneous system by handling multiple master databases with different data granularity. PRAYAS Data Collection Portal provides secure & robust channel with MIS of respective schemes to push data on real time basis through two open APIs, hosted at DARPAN server. Secure encrypted (AES encryption) web API has been deployed with compressed data (GZIP Compression) consumption for efficient network bandwidth utilization

MANAV SAMPADA UTTAR PRADESH
A HRMS APPLICATION FOR EMPLOYEE MANAGEMENT

An e-Governance effort By National Informatics Center

eHRMS Application was developed as the product model for providing a generalized human resource management solution for Government Departments to help them in taking right decisions at right time with proper monitoring, manpower planning, employee recruitment, postings, promotion and transfer based on their skill sets.

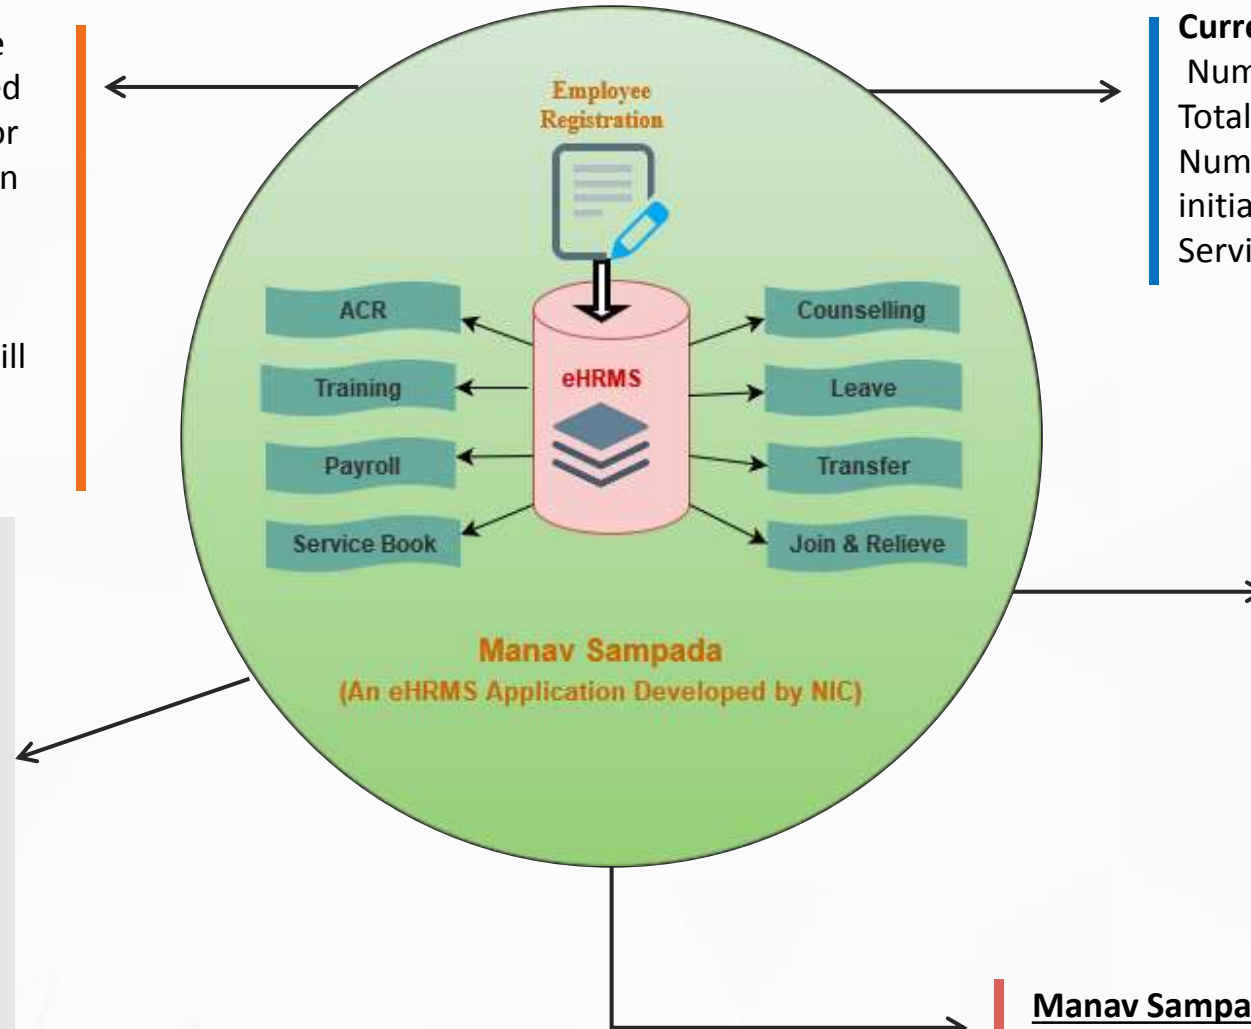

Integration with Other Applications

DDO module of Finance Department
GOUP.

DIKSHA portal of MHRD GOI.

Available Mobile Apps

mSthapana for Leave & Service
book Management
Available at website and Google play
store

Current Status:

Number of registered departments: 83
Total Employee registered: 13,88,000
Number of service books
initiated: 13,74,000
Service Book verified- 12,19,317

Current Status (Health) :

Employee registered 12,000 doctors &
1,50,000
Leave, ACR, Transfer and Training
modules are active

Current Status (Basic Education)

Coverage 100% (in all the districts)
Employee registered : 6,00,000 Basic
Teachers
Leave, Service Book & Office profile

eOffice

The eOffice product aims to support governance by ushering in more effective and transparent inter and intra-government processes. The vision of e-Office is to achieve a simplified, responsive, effective and transparent working of all government offices. The Open Architecture on which eOffice has been built, makes it a reusable framework and a standard reusable product amenable to replication across the governments, at the central, state and district levels. The product brings together the independent functions and systems under a single framework.

Benefits of eOffice

- Enhance transparency – files can be tracked and their status is known to all at all times.
- Increase accountability – the responsibility of quality and speed of decision making is easier to monitor
- Assure data security and data integrity.
- Provide a platform for re-inventing and re-engineering the government.
- Promote innovation by releasing staff energy and time from unproductive procedures.
- Transform the government work culture and ethics.
- Promote greater collaboration in the work place and effective knowledge management

Implementation Status

- eOffice has been implemented in various departments in the U.P listed below.
- UP Secretariat Administration Department (S.A.D) has 99 departments and 4003 active users.
- Directorate instance of Uttar Pradesh has 19 Directorates on boarded with 1924 active users till now.
- Lucknow District has 105 active users.
- Pilibhit District has 40 active users.
- Vidhan Sabha has 300 active users.
- A.K.T.U has 232 active users.

VC for eOffice Implementation During Covid Pandemic

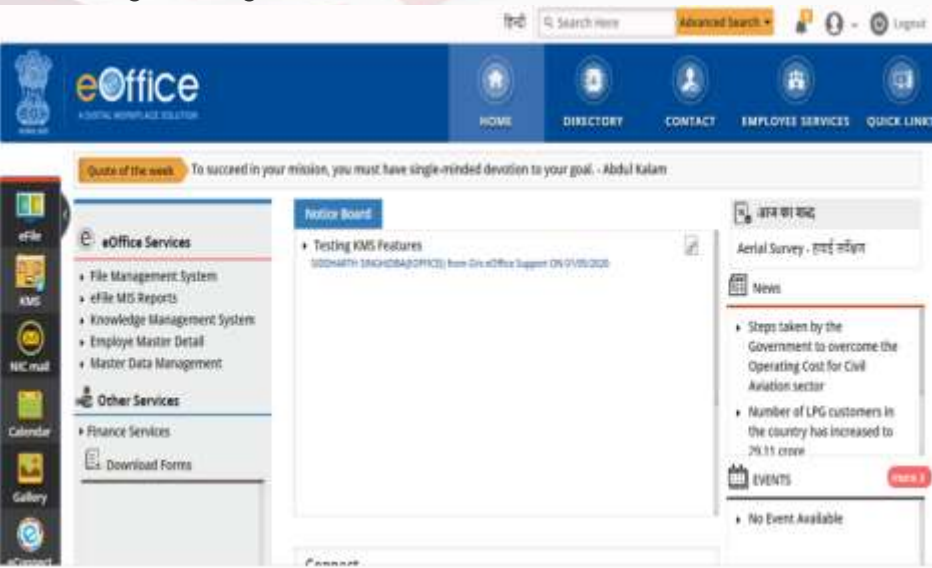

eOffice Implementation in Pipeline:

- Yamuna Expressway
- H.B.T.U
- Kanpur University
- U.P Legislative Council (UPLC)

Web Interface:

End-to-end mechanism for transferring funds

Developed under the guidance of MoRTH to enhance road safety.

Facilitates to build a Centralized Accident Database which is accessed through customized interfaces by various actors / stakeholders

Data Sources

Police Department,
Health Department,
Transport Department,
Highways / NHAI,
Citizen

Data Consumers

MoRTH, Police
Department, Transport
Department, Health
Department, Highways,
Insurance

iRAD FIELD APP

Credential based access

Capturing of GPS Location of accident site

SMS Alert to all Stakeholders

Hosting of WEB Application on National Cloud

Compliance of Web Security Guidelines of GoI

Adoption of Open Source RDBMS

Integration CCTNS, Vahan, Sarathi etc

13510 Registered Accidents
(in Field App: 15th Feb – 06th Sept'21)

1st Phase: 16 Pilot Districts (From 15th Feb 2021)
2nd Phase: 59 Other Districts (From 15th Mar 2021)

750+ Trainings,
8500+ Participants (by Jun'21)

Feature's of the ICJS Portal

<https://icjs.gov.in>

A Single interface for Stakeholders to view, query and consume interdependent information without any hassle.

Analyzing of criminal network by linking of a criminal with other criminals, based on common parameters, like FIRs/Cases, Visitors and Lodging in prisons, is visualized graphically for crime investigation purpose.

Crime Pattern can be analyzed based on offences, place of incident, person profile etc. from the Police data. Case / FIR timeline-based analysis based on the Court data. Prison inmate data is analyzed based on inmate profile, offence and legal parameters

Interoperable Criminal Justice System aims to integrate CCTNS system with eCourt, ePrison, eForensics, eProsecution, Fingerprint, Women & Child Department (WCD) systems for seamless flow of information among these pillars of Criminal Justice System to achieve 'One Data Once Entry'. The ICJS portal also serves as an interface for various pillars of Indian Judicial System(IJS) to perform National Level Searches of accused/criminals based on Name, Relative Name, Mobile No, Email ID, Unique Identifiers (like FIR No, CNR No, Prison ID, etc.) and Addresses. It also provides customizable National Level Dashboard for Analytics on various metrics

Out of 7 Pillars 5 pillars are implemented by NIC, Uttar Pradesh

eProsecution

<https://prosecution.gov.in>

eForensics

<https://eforensics.gov.in/>

eCourt

<https://ecourts.gov.in>

ePrison

<https://eprisons.nic.in/>

**ALIS (ARMS
LICENSE)**

<https://alis.nic.in>

Web Interface

<https://ehospital.gov.in>

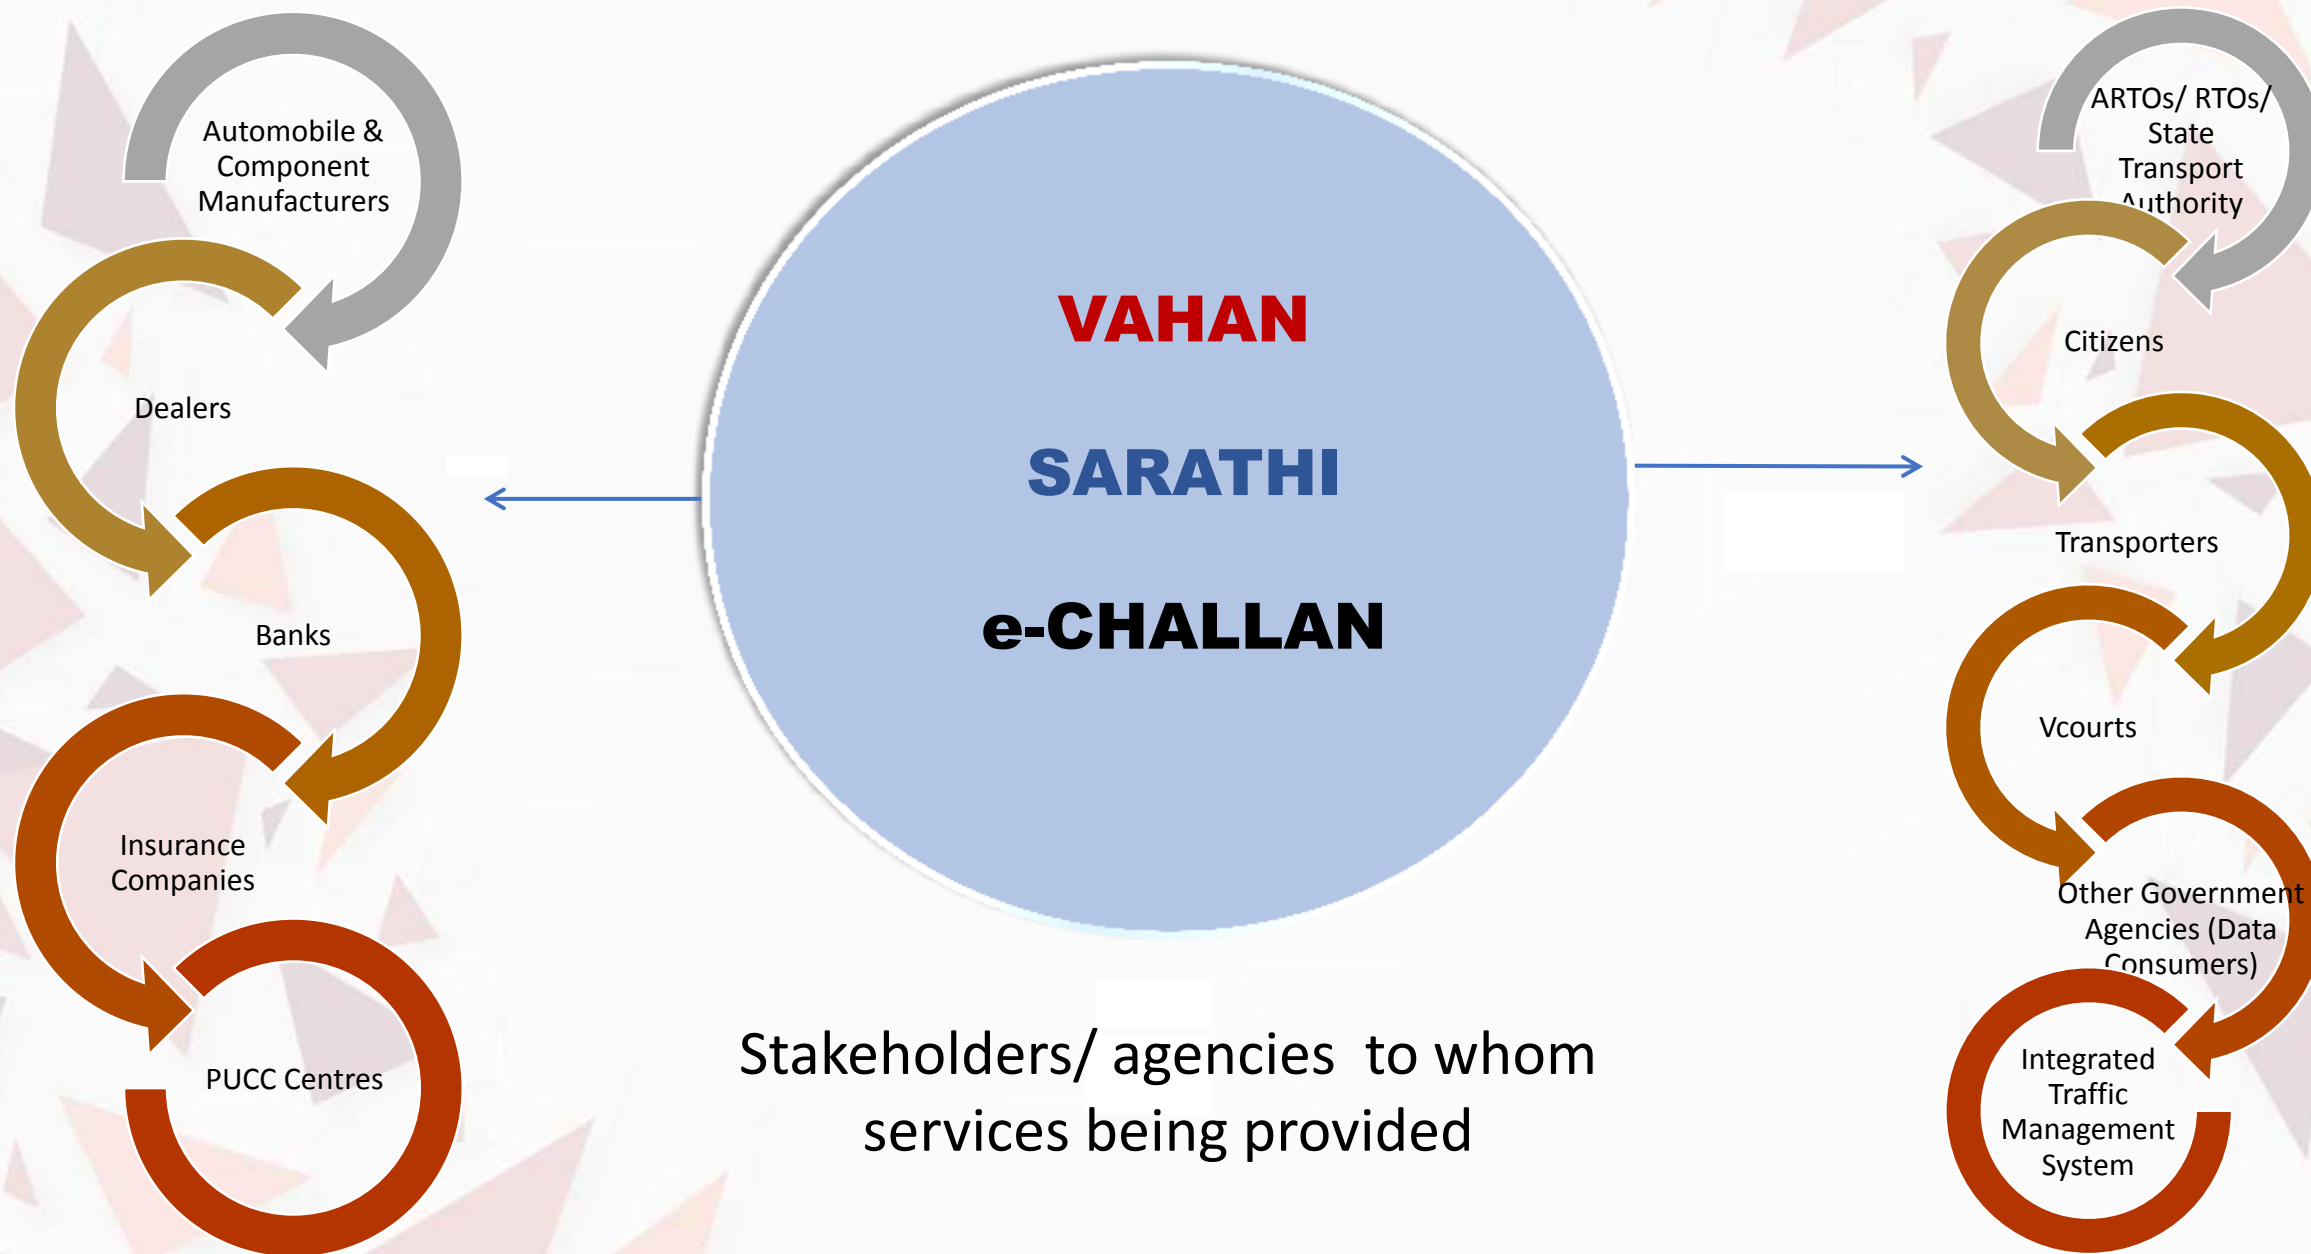

e-Hospital (Hospital Management System) is a workflow based ICT solution for the hospitals in Government Sector. This is generic software which covers major functional areas like patient care, laboratory services, work flow based document information exchange, human resource and medical records management of Hospital. It is a patient-centric system capturing the details of the patient right from registration to pathology and admittance in wards treatment etc. This system allows the citizens to book online appointments in hospitals. Thereby reducing time and efforts required to seek appointments of doctors in distant hospitals.

Implementation Status

The e-Hospital application has been implemented in 48 hospitals in the state. However, another 40 hospitals have also requested to on-board on the e-Hospital application and are under implementation. Currently, 48 hospitals *are* reporting live transactions on e-Hospital application.

- *Total Patients Registered in Uttar Pradesh – 4.4 Cr. +*
- *Patients Registered in Current Month – 9.4 Lakhs*
- *Nearly 40,000 patients registered daily*
- *As per the Chief Minister's announcement, planning is being done to implement in 100 government hospitals across the state.*

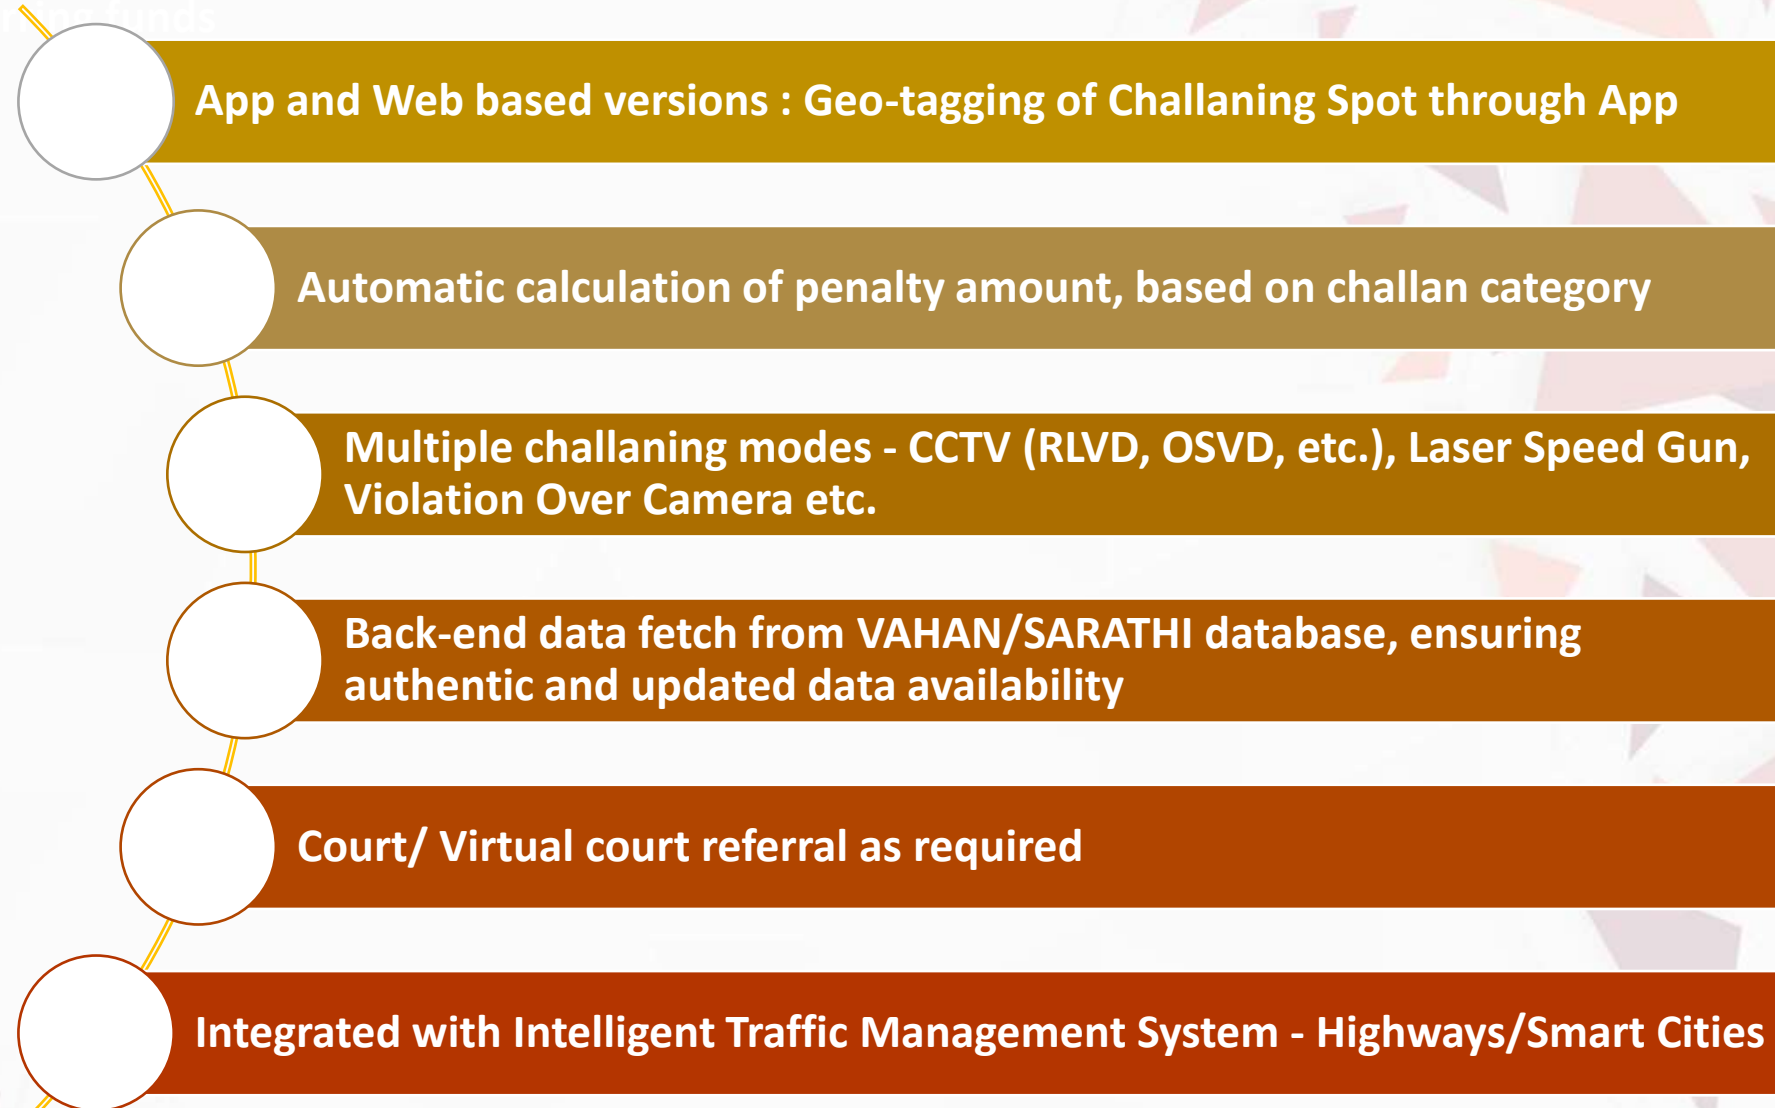

**Traffic Police &
Transport Department

Complete ICT solution for Library Computerization

Process of support

- Receiving Request
- Sending NICS PI and details
- Confirmation of payment
- Opening account
- Sending UID and PW
- Uploading of data
- Training of Library staff

e-Granthalaya is a Digital Platform developed by National Informatics Centre, Ministry of Electronics and Information Technology, Government of India for Automation and Networking of Government & Semi-government Libraries. The platform provides a complete ICT solution for Library Computerization with integrated Library Management Software, Digital Library Module, Cloud hosting environment and a Library Portal (OPAC) with NICS empaneled Roll-out Services and support. e-Granthalaya is useful to transform traditional libraries to e-Library with Digital Library Services and to provide various online member services using Single Window Access System. Latest version of e-Granthalaya i.e. Ver.4.0 is a 'Cloud Ready Application' and provides a Web-based solution in enterprise mode with a centralized database for cluster of libraries. The ICT solution is well compliance with International standards prevalent in Libraries with use of latest ICT technology and Cloud hosting. e-Granthalaya 4.0 uses PostgreSQL - an Open Source DBMS as back-end database solution and is made available in NIC National Cloud (Meghraj) for Government/Semi-government Libraries on request basis with hosting of application and databases for online access.

- PAN India Implementation of **e-Granthalaya** till August 2021 is 5545.

A Digital Agenda for Library Automation and Networking

CONFONET is a web portal to completely computerize the working of the Consumer Forums in the State

Functional Coverage : **100%** in Uttar Pradesh

- ✓ Running successfully in total 80 locations in UP.
- ✓ Cases Admissibility of Uttar Pradesh from 2007

State Commission	<ul style="list-style-type: none"> • Filing - 83032 • Disposal - 44484

Govt to Citizen(G2C)

Department of Geology and Mining, GoUP deals with the allotment of leases for the purpose of mining of minerals on leased areas. Through this process, the govt. earns revenue of more than Rs.1500 Cr. every year.

NIC UP developed Online Portal (<http://upmines.upsdc.gov.in>) for the allotment of licenses (Lease) and issuance of e-Transit Pass to the lease holders (Lessee), transforming entire manual lease system to electronic form. The portal also facilitates the department to maintain the details of lease holders, allotment of mineral wise/ plot no. wise leases, accounting of royalty and MIS for providing monitoring reports.

eMM11 is furnished by the Lessee to the vehicles carrying mineral out of the Mining Area. The vehicle driver has to carry a printed copy of the form during his journey to the destination. The delivery has to happen within the time stated in the eMM11 form.

Vehicles bringing Mineral into the state need to procure an **Inter-State Transit Pass (ISTP)**. They first need to register. After registration they can login and pay the regulating fees to obtain the Transit Pass.

FormC is generated by the Licensee for delivery of minerals picked from a Stockiest. This is generated by the stockiest. The vehicle driver needs to carry the eFormC during his journey to the destination.

Working Organization verify all types of transit pass like eMM11, eform-C, ISTP (Inter State Transit Pass) and OSTP (Other State Transit Pass) using Web API for other state and mining server database for intra district.

Nivesh Mitra –Single Window System

Snapshot

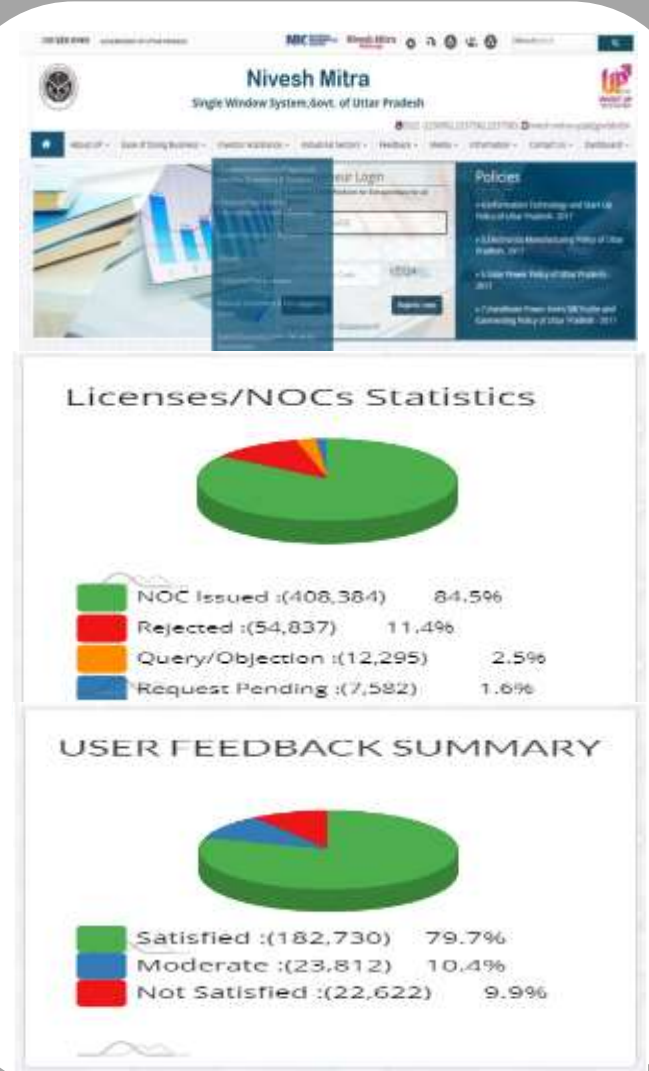

Nivesh Mitra is a **'Single Window Portal'** under BRAP guideline to provide services to entrepreneur for **establishment of business in Uttar Pradesh** for which different government **clearances/licenses/NOC's required.**

Features

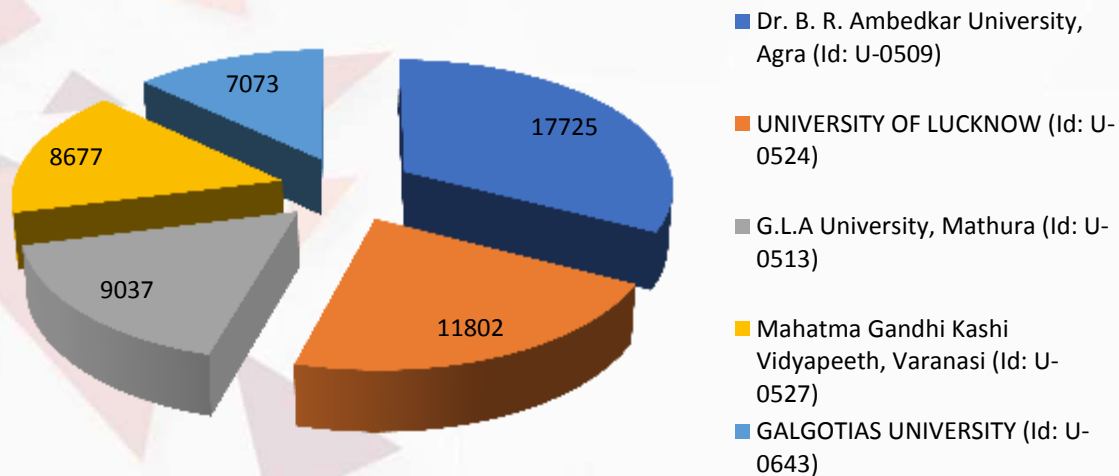

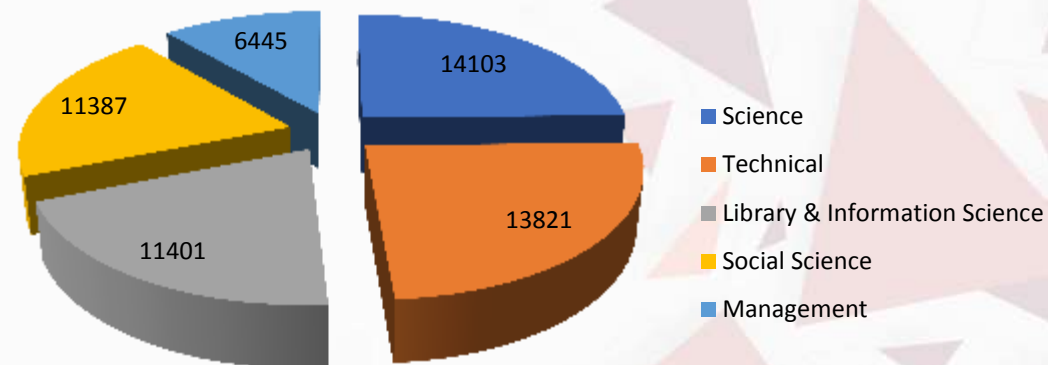

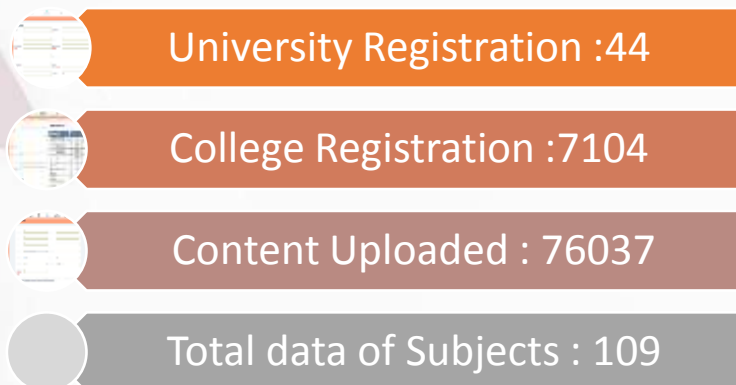

- **347 services of 27 departments are integrated.**
- Complete end to end solution without any physical touch points **application submission, online payment, tracking & monitoring, approvals, online availability of approved certificates/NOCs, etc.**
- Consolidated payment for all submitted applications.
- Information wizard to suggest required pre-establishment & pre-operation applications.
- All information available at one place through the Investor Kit.
- Process Reengineering adopted to minimize the service delivery time.
- A complete dashboard till field level is available for monitoring.
- Ticket-based industrial grievances mechanism.
- **Automatic funds remittance** to the integrated department.

Achievements

- Since its inception **more than 3,74,613 NOC's/Licenses granted** within approved timelines to about **4,09,627 registered enterprises** who applied.
- Only 0.02% applications are pending beyond the allowed time limit
- Uttar Pradesh ranked **second in EoDB** after implementation of **'Nivesh Mitra'.**

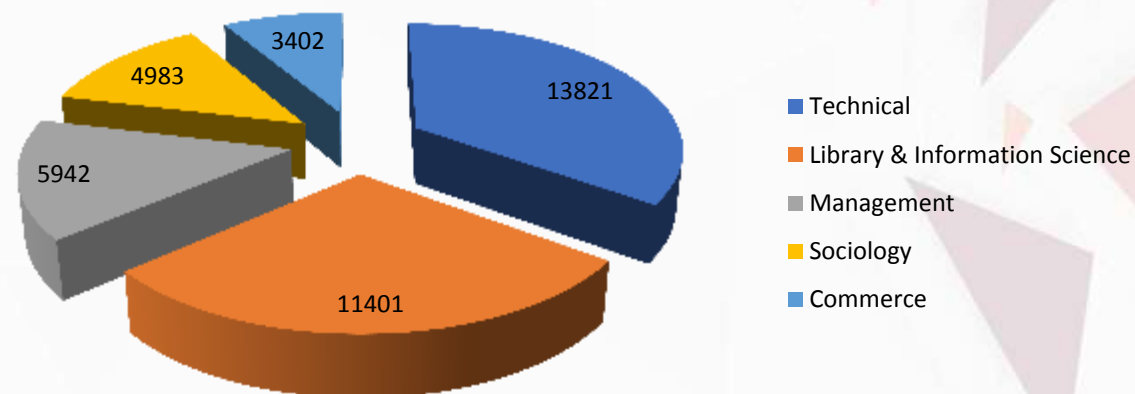

Digital library project is being used by the students for reading/upgrading their skills through online study.

Sanskrit Secondary Education Board provides its education through 1151 Sanskrit Schools in UP spread across the state. Since certificates provided by the board are still not popular among the people, its authenticity is always in question. The manual verification of the certificates is also very difficult. Therefore board has decided to develop its official website with the technical support of NIC, UP state.

Hence, NIC, UP has developed sanskrited.gov.in website for Sanskrit Secondary Education Board, UP. This website keeps public information, Board Result, Marks sheet data for the variation of marks sheets.

Honorable Chief Minister of UP has inaugurated this website on 06/06/2018 to make Sanskrit Education more responsive for the public and to develop an easy way to access board's data. Honorable CM has also first time uploaded the result of board on the website he has also talked with toppers of different courses through VC during the inauguration session.

Web Interface

<http://sanskriteb.gov.in/>

Sanskrit Secondary Education Board gives following five certificates for its students:-

- प्रथमा (equivalent to 8th)
- पूर्वमाध्यमाप्रथम (equivalent to 9th)
- पूर्वमाध्यमाद्वितीय (equivalent to 10th)
- उत्तरमध्यमाप्रथम (equivalent to 11th)
- उत्तरमध्यमाद्वितीय (equivalent to 12th)

End to end mechanism for transferring funds

UPFS portal designed and developed by NIC UPSU is an online web based application, primary objective of this web-application is to provide Fire No Objection Certificate (NOC) online , which was earlier done manually. Web application provide a user friendly environment for the applicant, through which they can easily apply for the NOC and download the digitally signed certificate as and when required.

Statistics

NOC Applications Received	37176
NOC Applications Approved	25423
Fire Damage Applications Received	2116
Fire Damage Applications Approved	1884

Web Interface :

<https://upfireservice.gov.in>

Fire NOC

It is issued by the Fire department of the state after ensuring that the building is designed as per the Fire Acts and Norms & regulations. Inspection of the building is done by FSO under the supervision of NOC issuing authority.

Assessment of Damage due to Fire

Any building damaged due to fire and owner wants to take insurance claim or any benefit provided by government has to obtain the Fire Damage Report from Deptt. Applicant has to register himself over UPFS portal and apply for the Fire Report after filling forms online and paying a nominal charge of Rs.21 /- through Rajkosh Portal.

Registrar Firms, Societies and Chits UP provides users/public to get register their societies and firms online, make payment using Online banking & they can download their certificates through website.

Bal Vikas Seva Evam Pushtahaar Vibhag of Uttar Pradesh has decided to develop a portal "ICDS- Recruitment of Aganwadi Workers, Mini Aganwadi Workers and Aganwadi Helpers". Their purpose is to provide online platform for registration of Aganwadi Workers, Mini Aganwadi Workers and Aganwadi Helpers.

This website is accessible to applicants who are desired to register themselves for various posts such as Aganwadi Workers, Mini Aganwadi Workers ,Aganwadi Helpers and different categories such as General/OBC/SC/ST.

District will create Master Entries of Gram Sabha and Aganwadi Centers, Entry of Advertisement and Vacancies after which the applicants can apply for vacant post.

Operational with

1. All the District Programme Officer(DPO)
2. All the State HQ Directorate Personals
3. At present 56 District is live

CHIEF MINISTER INFORMATION SYSTEM

Snapshot

CMIS is an e-Governance initiative which aims at bringing all the projects having investment of Rs. 1 Crores or above on a single platform for monitoring its financial & physical performance

Features

- User-friendly and flexible system
- Provisions to monitor physical & financial progress of projects, activities & sub-activities
- Provisions to monitor revised cost of projects & their approval processes
- Provision to define weightage for activities over all or monthly basis
- Projections on estimated completion time, leading & lagging activities
- Decision oriented system and Warning signal generation
- Android based Mobile app to upload physical & financial progress
- Interactive and drillable Dashboard & Analytical reports
- Graphical representation such as PERT charts

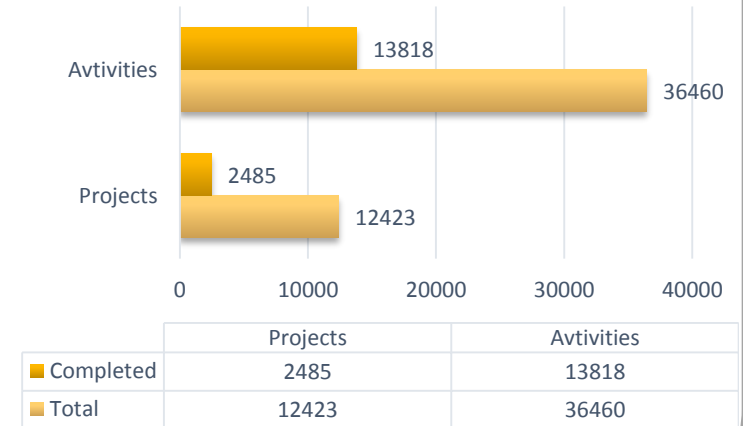

Achievements

PHYSICAL PROGRESS

- Total Projects:12423;
- Completed Projects:2485;
- In-Progress Projects: 9700
- Total Activities:36460;
- Completed Activities:13818 ;
- In-Progress Activities: 17392

FINANCIAL PROGRESS

- Estimated Cost (in Rs.Cr) : 6628488.98
- Released Funds(in Rs.Cr) : 209600.02
- Expenditure (in Rs.Cr): 201500.05

E-Abhilekhagar is a Comprehensive System for Archival & Retrieval Management for Digitized Ancient Documents. State Archives is the repository of lakhs of printed documents of historical value which are of immense significance for the scholars, historians, academicians, students and public. More than 35 lakh out of approx 2.5 Crore Ancient documents have already been digitized and their meta data have also been prepared in two phases.

Aim of the e-Madarsa

An end-to-end interface to execute Administration, Examination and Results.

Ensure the user friendly, transparent and trouble free online mechanism.

Rollout the lapses and deficiencies in the present system.

Evolved the system for making the rules in regard of exams & recognition.

Modular approach that can be enhanced in regard of other functionalities.

IMPACT

- Projected a clear picture of valid & fraudulent institutions
- Hundreds of fake Madarsa left the system
- Online examination controlling eliminated bogus and fraudulent students.
- Examination centers has enabled in reporting absentee transparently.
- Evaluation Centers has transparently prepared final Marks Registers.
- Board indentified loopholes causing leakage in the system
- Impact on transparency by fixing responsibilities digitally.
- Made Madarsa level staff aware of IT solution
- Number of papers decreased by 50% against a course.

Sankhyikiya Patrika

Internet based Data Entry & Retrieval System (SPIDER)

Sankhyikiya Patrika (SP) is an important annually published document of the State Planning Department, GoUP. Information on more than 4000 parameters is available related to 18 socio-economic sectors like Agriculture and Allied Activities, Industry, Social Sector, Power, Transport and Communication, Banking, Urban Facilities, Rural Infrastructural Facilities etc. in the form of more than 100 tables/ sub-tables at Village, Block, District and Divisional levels. Data are captured from various censuses (Population, Agriculture, Live-Stock, Economic etc.), surveys and as a by-product of different Government Departments.

'SPIDER' is unicode compliant & annual data entry/updation is being done online from all the districts of the state in a decentralised manner since 2004. Web based information retrieval is available for the last 25 years, starting from 1995. Over the years, input formats, tables, levels etc. have been standardized, while the consistency, accuracy, integrity & transparency in the data increased. Inter operability of the data coming from different sources & departments have become possible. Time lag has been reduced significantly. Online village, block, district & state level queries are now possible.

Website: <http://updes.up.nic.in/spatrika>

Monitoring of Aspirational Blocks Programme

The 'Transformation of Aspirational Blocks' programme aims to quickly and effectively transform these blocks. The broad contours of the programme are Convergence (of Central & State Schemes), Collaboration (of Central, State level nodal Officers & CDOs), and Competition among blocks driven by a mass Movement. With Blocks as the main drivers, this program will focus on the strength of each block, identify low-hanging fruits for immediate improvement, measure progress, and rank blocks.

The Government is committed to raising the living standards of its citizens and ensuring inclusive growth for all – "Sabka Saath Sabka Vikas". To enable optimum utilization of their potential, this program focuses closely on improving people's ability to participate fully in the burgeoning economy. Health & Nutrition, Education, Agriculture & Water Resources, Financial Inclusion & Basic Infrastructure are this programme's core areas of focus. After several rounds of consultations with various stakeholders, 100 blocks of 34 districts have been identified as aspirational blocks. Approx 49 key performance indicators have been chosen to measure progress of the districts. Blocks are prodded and encouraged to first catch-up with the best blocks within their district and then in state, and subsequently aspire to become one of the best in the country, by competing with, and learning from others in the spirit of competitive & cooperative federalism.

The dashboard has been developed to monitor the progress of the aspirational blocks.

UP Purv Sainik Kalyan Directorate & Punarwas & Sainik Kalyan Nigam

Portal developed for UPPSKD to capture the data of all 4.5 lakh ESM (Ex-Servicemen), Veer Nari (Widow of ESM as battle casualty) and their Dependents including medals and gallantry awards won, rehabilitation and training, automation of schemes etc. - as per the directives of Hon'ble Governor of Uttar Pradesh. Project is categorised in two major sections: -

1. Portal for Directorate.
2. MIS for managing Ex-servicemen, NoK and Widow records.
 - Total Ex-Servicemen records entered : **47,583**
 - Total NoK/Widow records entered : **2,933**

<https://skpn.up.gov.in>

Mobile App for Ex-Servicemen

Mobile App provide as an interface to the ex servicemen to view their records & detail available with directorate.

Automation of Uttar Pradesh Purva Sainik Kalyan Nigam

Portal of Nigam is proposed to be developed along with complete automation of their HR related activities. Proposal submitted after detailed discussion with the department. Approximate Project Cost is 2.2Cr. including development, hosting and 5 years of technical support through NICSI.

‘MukhyaMantri Kanya Sumangla Yojana’ (<https://mksy.up.gov.in>) is an important initiative of Hon’ble Chief Minister, Uttar Pradesh to help girl child and eliminate the social vices and discrimination like female feticide, skewed sex ratio, child marriage and negative mindset for girls in the family etc prevalent in the society, which are barriers for girls and women to achieve their fundamental rights including protection, health and education. This is a conditional cash transfer scheme that ensures social security to the girl child along with her development.

Rs.3000/- Girl child enrolled in Standard 9 during the current academic year

Rs. 5000/- Girl passed standard 10/12 and enrolled into a bachelor degree

The MKSY portal inaugurated by Sri. Yogi Aditya Nath, Hon’ble Chief Minister, Uttar Pradesh on **25th October 2019** in the esteemed presence of Hon’ble Governor Smt. AnandiBen Patel and , Hon’ble Cabinet Minister, Women & Child Development, GOI, Smt. Smriti Jubin Irani

An online portal has been designed and developed for 'MahilaSammanKosh' nicknamed "U.P. Rani Lakshmi Bai MahilaSammanKosh", a priority project of GoUP. It was conceptualized to provide medical & monetary relief to women, who are victims of violence and for maintenance, education & reconstructive surgery of such victims & minor children of such victims. MSK also aids with women/girl child who may not be direct victim of violence but require critical social and economic empowerment.

Implementation Status

Number of Payments made so far under the following categories-

A transparent online interactive public portal.

Linked with Rajkosh for e-Payment/e-Receipt through Treasury.

Instant availability of Information and Application Status online

Secured & Authentic Data Management

Transfer of monetary relief to banks through PFMS

Integration with Darpan Dashboard.

Integration of various Stake Holders (Police, Medical, Legal, Probation, Treasury, District Administration & Public).

Developed State Portal for Panchayatiraj Department with state of the art services to implement the eGovernance in the Department.

- Content Management System for department's regular website updates.
- Monthly Progress Reporting System for works of PRIs. Presently 52 Formats have been made online.
- Internal Communication System for Department Officers.
- HelpDesk to resolve the issues related to all implemented Softwares.
- Document Management System for paper-less flow of information in the department.
- On-demand Customized Data Collection Module and linked reporting to accommodate ad-hock requirements.
- SMS and Email Gateway Integration.

Implementation Status:

- MPR Implemented in all 75 Districts and 821 blocks of UP.
- Implementation in 59020 Gram Panchayats.
- At Present there are 55 MPR Formats which are functional for Progress Reporting.
- 1710 Tickets have been generated through e-Support for various software related problems encountered out of which 1676 have been resolved till date.
- Disposal Rate of Tickets through e-Support is 98%
- Two Gram Panchayat of Unnao Districts namely Jagatpur and MaroundaSuchit have been declared Smart Gram Panchayat.

PANCHAYAT ENTERPRISE SUITE

Uttar Pradesh eCabinet Portal

- Eliminates use of paper in Cabinet meetings.
- Provides an End-to-End ICT solution - Automate all major activities of Cabinet meetings :
- **Schedule** meeting -> **Conduct** meeting -> Prepare **Outcomes** -> Monitor **Action**
- Portal designed with **Easy to Use** interface, for it's acceptance by stakeholders ie Cabinet, VIPs, Senior officers of Govt. Implemented **text editor** tool of eOffice.
- Provides portal in language of Govt (Cabinet meetings are **language sensitive**). It is now Bi-Lingual (Hindi & English).
- Enforces tight **security** mechanism, as Cabinet meetings are extremely confidential. **Push & Pull Mechanism**.
- Provides **Value Added services** :
 - Include Agenda points in online mode, till last minute
 - Build Institutional memory
 - Carry over points of last meeting
 - Simulate **paper like experience** of meeting in Tablets
 - Update meeting progress
- Enables remote participation of Ministers in Meeting through VC, with Electronic meeting papers.

Sewayojan Portal is Designed, developed and implemented by NIC UP for Employment Department, UP. The portal provides responsive, transparent and decentralized employment services (For Government and private sector both), e-governance and employability of job seekers, motivating employers to seek candidates from portal online and achieve equitable socioeconomic development. It facilitates -

- Registration and Placement of Job Seekers,
- Automated SMS/e-mail Alerts for eligible job seekers
- Registration of Employers,
- Notification of jobs from Govt. & Private sectors.
- Uploading of vacancies by Employers
- Mobile App – for Jobseeker

Implementation Status

Functional Coverage:

A fully automated system with 100% electronic workflow – right from jobseekers/Employment registration to Employment.

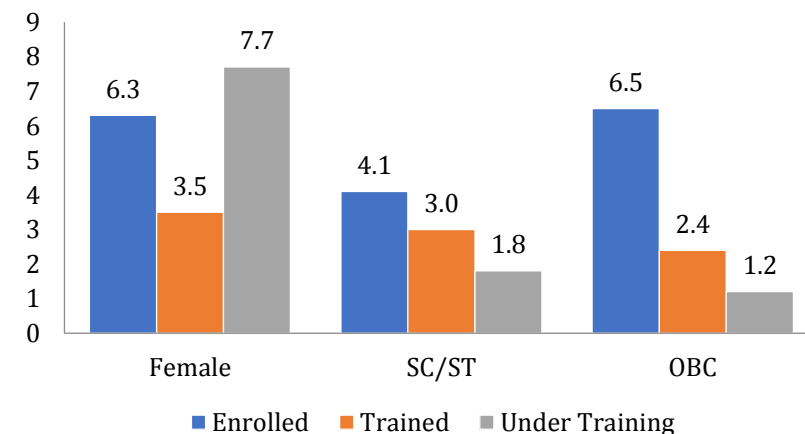

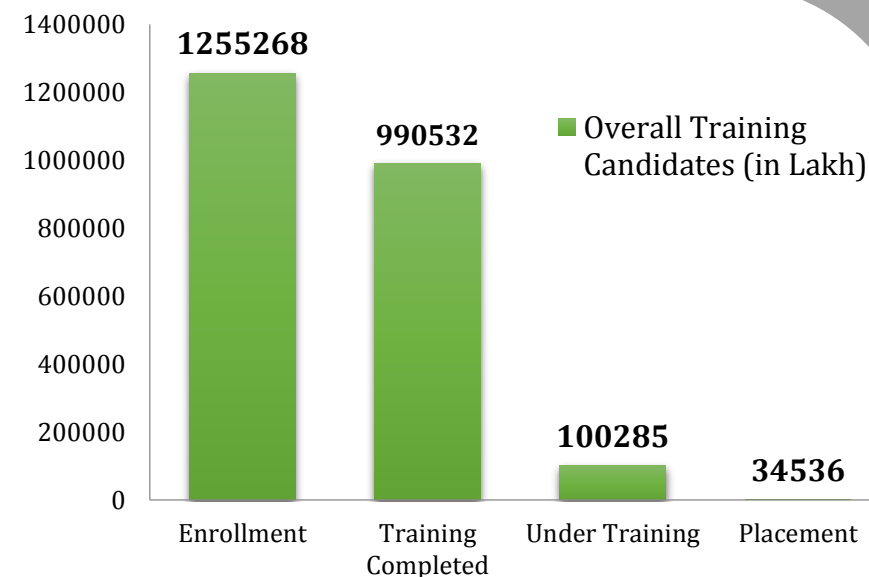

Current Status:

- **Total Job seekers Registered at Sewayojan Portal – 39,10,090**
- **Total Registered Employers at Sewayojan Portal - 20,352**
- **Total active vacancies - 8640**

UP Skill Development Mission (UPSDM)

- UPSDM developed an end to end comprehensive portal as digital solution which is active from the stage of enrolment of trainees to completion of their training extending to their tracking after placement.
- The end objective is to ensure optimal transparency, minimum, human interference and checking any vacillations and hum and haw in entire process chain of skill training component.
- This new portal contains many solitary features viz: auto alerts, digital signatures for genuine authentication of approvals, Auto invoice processing etc.
- Out worn portal replaced by new holistic and comprehensive version.
- Entire process of training transformed End to End digitization affected.
- IT enabled delivery module from training to placement with inbuilt due diligence processes.
- Manual intervention almost nullified. Least chances for maneuvering or intentional disruptions.
- Seamlessly Integrated with other portals of GoI and GoUP for hassle less data migration; Policy propositions facilitated.
- Auto alerts featured at critical stages; determining timelines; streamlining monitoring.
- Payment delays prevented Portal generates invoices and auto schedules them.

Rojgaar Sangam (Integrated Employment Portal) (1/2)

The Objective of this portal is to provide a one stop solution for all employment related issues in state of UP. It facilitates all type of job seekers (unskilled / semi skilled / skilled / degree holders / highly educated etc) and all types of job providers (Private Sector Industries / Service sector / Private Individuals / Governments) in the match making of suitable employers with suitable employees and also helps in career progression of all registered workforce.

- Ease of registration and placement of White collar job seekers.
- Identified and Bridged digital divide between Blue Collar workforce and Employers.
- Harbinger in the country to provide Transparent and AI driven manpower engagement process for Outsourcing vacancies in state Government departments
- Astute Utilization of resources in responding to Pandemic affected Migrant Labour Employment issue through Sewamitra module in G2B and G2E modes.

Achievements-

- **Functional Coverage:**
- A fully automated system with 100% electronic workflow – right from jobseekers/Employment registration to Employment.
- **Current Status:**
- Total Job seekers Registered at Sewayojan Portal – **39,10,093**
- Total Registered Employers at Sewayojan Portal - **20,352**

Rojgaar Sangam (Integrated Employment Portal) (2/2)

Features

- Registration and Placement of Job Seekers,
- Automated SMS/e-mail Alerts for eligible job seekers
- Registration of Employers,
- Notification of jobs from Govt. & Private sectors.
- Uploading of vacancies by Employers (Govt. & Private)
- Mobile App – for Jobseeker
- Unlock user with OTP by user on public page
- Password reset option in employer and departmental officer login
- Employer profile updating
- Departmental officer profile updating
- Jobseeker profile unlock from admin login
- Employer/departmental officer profile unlock from admin login

Impact:

ANTI BHUMAFIA PORTAL

In its effort to curb against the threat of land mafia and encroachment in Uttar Pradesh, a complete IT based system has been developed and implemented where any individual can lodge a complaint of encroachment on the portal against encroached land in the village. Complaints of illegal occupation of government and private properties by land mafia are received at the government and administration level through this portal. It helps in identification of land mafia and take effective action against them, so that a sense of security is generated in the public. Complainant can view status of complain and send reminders, can give their feedbacks. Each complaint has a unique registration no. and is forwarded to DM and concerned SDM in case of Revenue Village and for monitoring purpose it is also forwarded to Pr. Sec Revenue and Board of Revenue till the complaint resolved.

Features

- Provides a common interface between the Citizens and the Government
- Online lodging of complaint of illegal occupation of public and private land by land mafias
- Web based tracking of application by the applicant and action taken by the government authorities from any geographical location
- Facility to send reminder and feedback by citizen
- Action Taken Reports are attached by the respective thanas and verified by the concerned SDM's.
- Analytical reports and Dashboard for monitoring

Implementation Status

- 100% coverage
- Number of complaints registered- **3,06,537**
- Number of complaints disposed off - **3,04,580**

Dashboard/Portal for monitoring of Sustainable Development Goals (SDGs) for Uttar Pradesh

The Sustainable Development Goals (SDGs) are a collection of 17 global goals designed to be a "blueprint to achieve a better and more sustainable future for all". The SDGs, set in 2015 by the [United Nations General Assembly](#) and intended to be achieved by the year 2030, are part of UN [Resolution](#) 70/1, the 2030 Agenda. Government of Uttar Pradesh has identified 301 district and state level indicators to achieve SDGs for Uttar Pradesh. An online system has been developed for collection and monitoring of indicators on dashboard.
