# Integrated Grievance Redressal System

**जनसुनवाई** पर एक बार आपकी शिकायत दर्ज होने के बाद संबंधित विभाग कम से कम समय में आपकी समस्या का निवारण करेगा और जब तक आपकी शिकायत का निवारण नहीं हो जाता है तब तक आप ऑनलाइन माध्यम से UP शिकायत की स्थिति देख सकते हैं। जनसुनवाई के जरिए आप अपनी समस्या का समाधान निर्धारित समय में प्राप्त कर सकते हैं और शिकायत की स्थिति (Status) भी देख सकते हैं।

भूमि पर भू-माफियाओं द्वारा अवैध कब्जे के प्रकरणों में जनसामान्य को अपनी शिकायत सुगमतापूर्वक दर्ज कराने, शिकायत पर कृत कार्यवाही की जानकारी प्राप्त करने, अपना फीडबैक एवं सुझाव देने व वरिष्ठ अधिकारियों द्वारा इन शिकायतों पर की गयी कार्यवाही का सतत् अनुश्रवण किये जाने के उद्देश्य से इस **'एन्टी भू-माफिया पोर्टल'** का विकास किया गया है।

# E-Cabinet & CMIS Portal

- Eliminates use of paper in **Cabinet meetings**.
- Provides an End-to-End ICT solution - Automate all major activities of Cabinet meetings.

- **CMIS (Chief Minister Information System)** is an e-Governance initiative which aims at bringing all the projects having investment of Rs. 1 Crores or above on a single platform for monitoring its financial & physical performance.

# Nivesh Mitra – Single Window System,UP

- **528 services of 43 departments are integrated.**
- **Complete end to end solution without any physical touch points application submission, online payment, tracking & monitoring, approvals, online availability of approved certificates/NOCs, etc.**
- **Consolidated payment for all submitted applications.**
- **Information wizard to suggest required pre-establishment & pre-operation applications.**
- **All information available at one place through the Investor Kit.**

- **Uttar Pradesh ranked "Top Achiever State" in two categories of Business Reforms Action Plan (BRAP) 2022.**
- **17.5+ Lakhs NOC's/Licenses have been issued.**

# UP CM 'DARPAN' Dashboard

**UP CM Dashboard is one of the flagship generic & configurable bilingual dashboard powered by 'DARPAN' Product of NIC.**

## Features

- DARPAN empowers *the Chief Minister's Office, the Chief Secretary, Divisional Commissioners, District Magistrates, Chief Development Officers (CDOs), Police Commissioners/Senior Superintendents of Police (SSP)/Superintendents of Police (SP),* as well as the heads of various departments and directorates at the district, division and state levels in strategic planning, performance evaluation, and ongoing monitoring of schemes.
- *Descriptive Analytics, Comparison Analytics, Demographic Analytics, Trend Timeline Series and Peer Analytics* provides comprehensive insights into government schemes.
- Generates monthly Ranking and Grading (Projects, Departments, Districts, and Divisions), Score Card, Leading (Top 5 & Bottom 5) districts & Delta Ranking using Dynamic Ranking Formula.
- Generates DQI & Star Rating ensuring healthy competition among departments.
- Displays information in an objective and quantifiable way to get a comprehensive view for Centre, State or District specific projects in a single window with integrated department drill-down MIS.

## Statistics - UP

| | |
|---|---|
| **Departments** | **67** |
| **Projects** | **934** |
| **KPIs** | **6966** |
| **Districts** | **75** |
| **Divisions** | **18** |

# Food and Civil Supplies Department

## Farmer Registration

- Farmer category-individual, contractor, trust.
- Land records of applicant (farmer) verified through service provided by Board of Revenue and crop survey data from AgriStack
- Aadhaar verification through UIDAI

## ePoP with Biometric authentication

- Crops purchased – Paddy, Wheat, Maize & Millets
- Biometric authentication of farmer(seller) and procurement center in charge (buyer) is done through Electronic Point of Purchase (ePoP) devices for all purchases.

## Payment through PFMS

- Payment to all stakeholders i.e. Farmers, Handlers, Transporters, Millers, FPS owners is done through PFMS.

## Dispatch and Depot Module

- Vehicle status verification & Gunny Bag Inventory module.
- Fortified Rice Kernel (FRK) module.
- FCI module for analysis and acknowledgement.

## Accounting & Billing

- Online Accounting and Billing for single stage transporter, FPS margin money, FCI, Mandi, Handler, Transporter & Miller.
- Handling provisional cost sheets.

## Ration Card Management System (RCMS)

- Applications received through CSC, e-Saathi portal or FCS office.
- Work Flow based Management of Beneficiaries as per NFSA.
- Verification of Aadhaar through UIDAI & Income through e-District API.
- eKYC of beneficiaries through biometric authentication.

## Supply Chain Management System (SCMS)

- End-to-end management of food grain movement from FCI Depots to FPS including allocation, release order, dispatch and receiving.
- Transporter registration and movement tracking of consignment vehicles through GPS.

## Food grain distribution through ePoS

- Aadhaar based biometric authentication to distribute commodities at FPS through ePoS devices with Electronic Weighing Scale.
- Capturing transactions in real-time.

## One Nation One Ration Card

- Successful implementation of National Portability (One Nation One Ration Card Scheme) through which any ration card holder of UP can get ration from all states/UTs of India and vice-versa.

## Mobile App

- UP Kisan Mitra, Single Stage Dispatch, FPS Stock Receiving, Procurement Centre/Mill/FRK supplier/FPS inspection.

**Received Digital India Award 2020 (SILVER)**

Contd.....

# Food and Civil Supplies Department

# RTI UP Online Portal

1. File RTI Request online
2. File First Appeal online
3. Received Reply online
4. Track the Status & History
5. E-District , SMS & Email Integration
6. Fee Payment Online

(https://rtionline.up.gov.in)

RTI UP online portal automation started in January 2019 to file Right To Information application/first appeal online along with payment gateway. Fee payment can be made through Net Banking. RTI application/first appeal can be filed by Indian Citizen only for the Departments/Public Authorities of the Govt. of Uttar Pradesh. RTI request and first appeal can also be filled through e-district portal. RTI request and first appeal are shown directly to Public Information Officer and first appellate authority in RTI UP online portal. The form 4(1)(b) online is integrated for the Departments of UP. The creation, verification of PIO/FAA profile is managed by Nodal Officer of respective department.

**Total Public Authority: 544**

**Public Information Officer: 9,570**

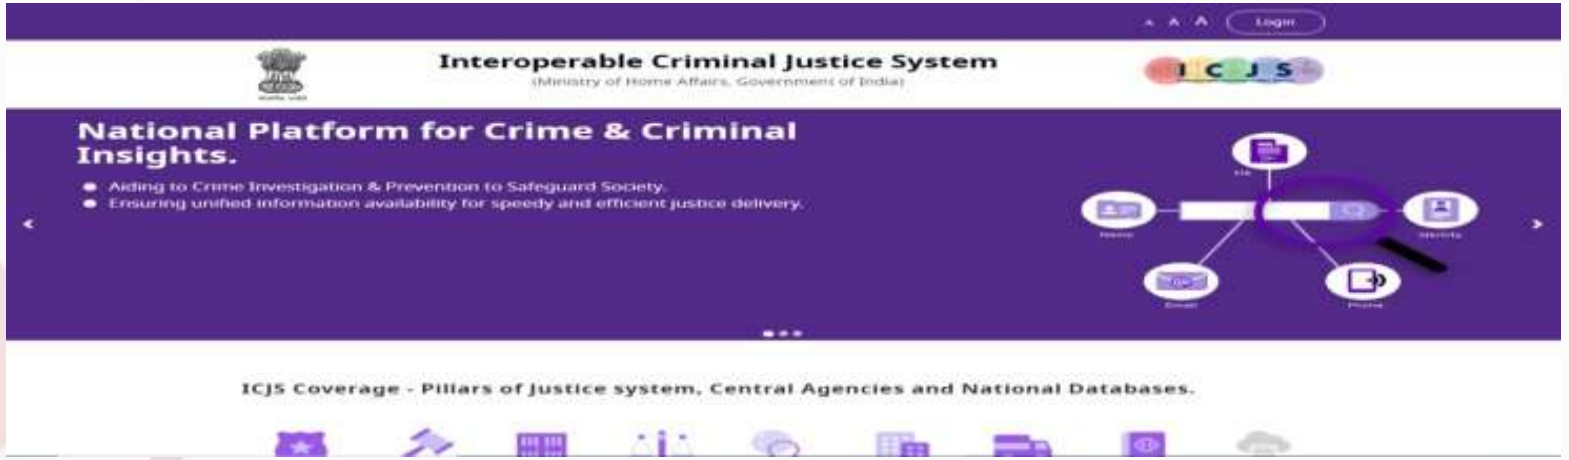
**Request Details**

| Requests | Disposed | Rejected | Pending |
|---|---|---|---|
| 4,54,911 | 3,72,838 | 44,427 | 82,067 |

**Appeal Details**

| Appeal | Disposed | Rejected | Pending |
|---|---|---|---|
| 97,277 | 62,647 | 13,539 | 34,620 |

# InterOperable Criminal Justice System (ICJS)



Interoperable Criminal Justice System is Ministry of Home Affairs(MHA) initiative , aims to integrate CCTNS system with eCourt, ePrison, eForensics, eProsecution, Fingerprint , Women & Child Department (WCD) systems for seamless flow of information among these pillars of Criminal Justice System to achieve 'One Data Once Entry. The ICJS portal also serves as an interface for various pillars of Indian Judicial System(IJS) to perform National Level Searches of accused/criminals based on Name, Relative Name, Mobile No, Email ID, Unique Identifiers (like FIR No, CNR No, Prison ID, etc.). ICJS UP team of e-prosecution has received 1st position award from MHA in year 2021 and 2022. E-prosecution also received SKOCH award of 2022. E-forensics of UP also received 2nd position award from MHA in 2021.

**Out of 7 Pillars 4 pillars are implemented by NIC, Uttar Pradesh**

| e-Prosecution | e-Courts | e-Forensics | e-Prisons |
|---|---|---|---|
| (75 districts) | (75 districts) | (12 Labs) | (77 Prisons) |
| https://prosecution.gov.in | https://ecourts.gov.in | https://eforensics.gov.in | https://eprisons.nic.in |

## Features of the ICJS Portal, MHA

https://icjs.gov.in

A Single interface for Stakeholders to view, query and consume interdependent information without any hassle.

Analyzing of criminal network by linking of a criminal with other criminals, based on common parameters, like FIRs/Cases, Visitors and Lodging in prisons, is visualized graphically for crime investigation purpose.

Crime Pattern can be analyzed based on offences, place of incident, person profile etc. from the Police data. Case / FIR timeline-based analysis based on the Court data.

*Central Application for Urban Local Bodies of Uttar Pradesh*

| |

# Challenges faced by NIC UP and expectations from DoIT, Govt of UP.

# Challenges Faced & Expectation from GoUP

- **Video Conferencing** – The growth of Video Conferencing has been exponential in the last couple of years. NIC strength has depleted in terms of human resources in districts. Many districts have only one official posted – **2 Manpower Resources are required in each district for managing Video Conferencing**.
- NIC District Centres are equipped to handle only studio based VC Sessions. For VCs being conducted from remote areas by senior functionaries - 'Ínformation Directorate' to empanel private agencies to manage all such VC sessions.
- **District Plan Fund** - There are many requirements at the NIC District Centres that need to be catered at the district level – **The District Plan Fund maybe enhanced from 2 lakh to 5 lakhs per year.**
- **Legal Matters** - Litigations matters must be sole responsibility of the concerned department. Legal cases & legal assistance should be managed by department itself. NIC will provide the necessary inputs to the concerned department only.
- **Solution Ownership** - Department must take ownership of solution and data as all credentials are provided to the concerned department after completion of the project

# Mukhya Mantri Kanya Sumangla Yojana, UP

**'Mukhya Mantri Kanya Sumangla Yojana' is an important initiative of Hon'ble Chief Minister, Uttar Pradesh to help girl child. This is a conditional cash transfer scheme that ensures social security to the girl child along with her development. The MKSY portal (https://mksy.up.gov.in) was inaugurated by Hon'ble Chief Minister, Uttar Pradesh Yogi Aditya Nath, on 25th October 2019.**

| | |
|---|---|
| Rs. 5000/- | Girl child born on 01/04/2019 or after in age 0- 1 year |
| Rs. 2000/- | Girl child received full immunization and is not born before 01/04/2018 |
| Rs. 3000/- | Girl child enrolled in standard I during the current academic year |
| Rs. 3000/- | Girl child enrolled in Standard VI during the current academic year |
| Rs.5000/- | Girl child enrolled in Standard IX during the current academic year |
| Rs. 7000/- | Girl passed standard X/XII and enrolled into a bachelor degree |

## INTEGRATIONS

| | | |
|---|---|---|
| Adhaar API (Through Shreetron) | CRS API for Birth Certificate Verification | Parivar ID for verification of family members |
| Education API for verification of girl child education | DARPAN Hon'ble CM dashboard | CSC Users through e-District |

## STATISTICS

| | |
|---|---|
| Applications Received | 41+ Lakh |
| Applicants Benefitted | 23+ Lakh |
| Amount disbursed | 543+ Crore |

# UP Fire Department Automation

## About

The UPFS portal, developed by NIC, is an online application designed to streamline the process of obtaining Fire No Objection Certificates (NOCs) and Fire Damage Assessment Reports. Previously a manual process, the portal offers a user-friendly interface for applicants to register using their authenticated email and mobile number, apply for necessary certificates, and download them digitally.

## Technologies Used

PHP (Laravel 5.5), Red Hat Enterprise Linux 7.0, Apache HTTP Server, PostgreSQL, and Android mobile app compatibility

**Hosting**:- The application is hosted on a fail-over cluster with high-end web and database servers

## Integration With

Restful APIs for integration with other government portals and stakeholders, using encrypted JSON for data transfer.

## Modules

**Fire NOC**: Certifies compliance with safety regulations for buildings as per fire act and norms.

**Fire Damage Assessment Report**: Enables applicants to obtain a report for insurance claims post-fire incidents. Applicants can apply online and pay a nominal fee, after which the report is reviewed and digitally signed by the Chief Fire Officer.

## Statistics

**Applications Received : 158073**
**Applications Approved: 115812**
(As on 16/05/2025)

**Web interface:**
https://upfireservice.gov.in/

# RTI UP Court Online Portal

RTI Online
An initiative of
Uttar Pradesh Government

Allahabad High Court
&
Subordinate Courts

This is a portal to file Right to Information application/first appeal for seeking information from Hon'ble High Court, Allahabad, Lucknow Bench and District Courts of Uttar Pradesh. This portal helps to keep records of Request and First Appeals of applicants and all level officers, provisioning affordable, accessible, cost-effective & transparent Request and First Appeal Monitoring as well as File Tracking System with electronic Movement of Records.

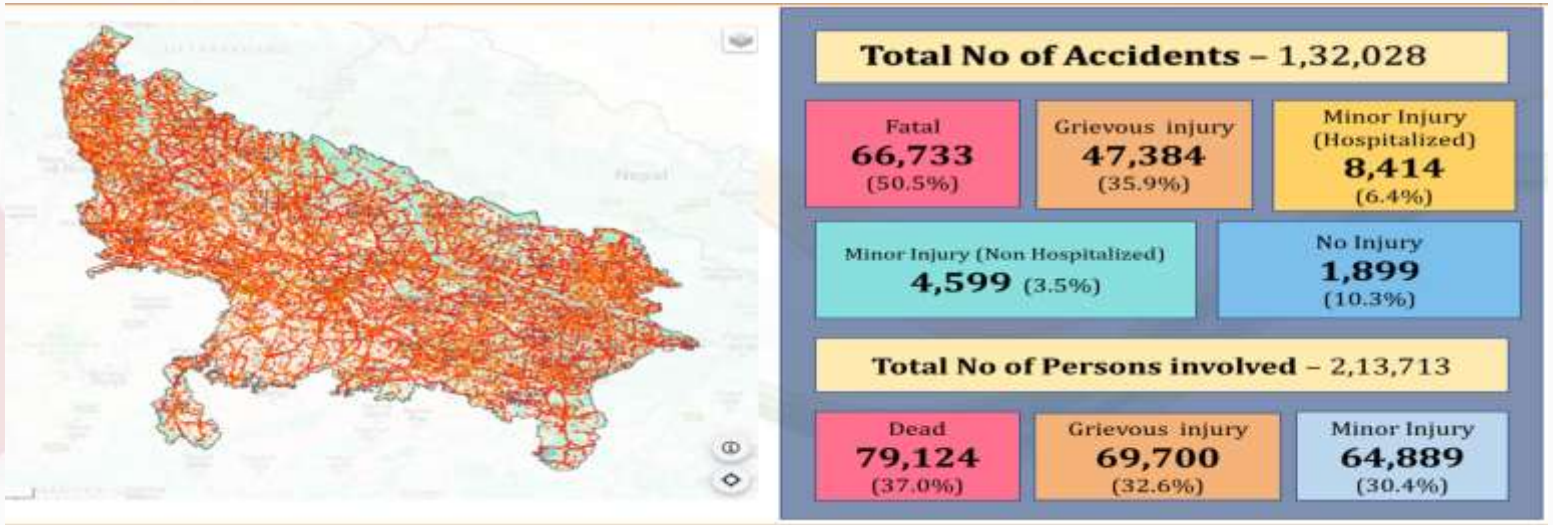
# Integrated Road Accident Database (iRAD)



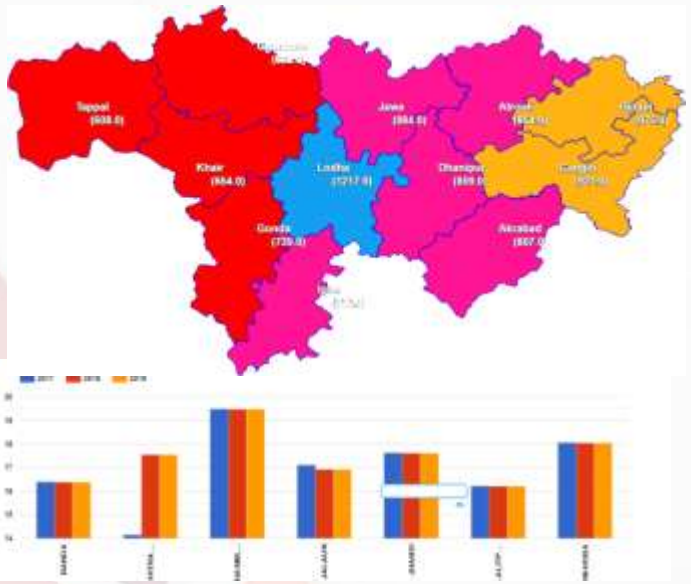
iRAD (Integrated Road Accident Database) is comprehensive web-based Information Technology (IT) solution and enables various agencies such as the Police, Health, Transport, Public Works Department (PWDs),etc. to enter details on a road accident from different perspectives such as investigation, road engineering, vehicle condition etc. iRAD would have customized interfaces for all the key stakeholders, which comprise of Police, Transport and Highways & Health Departments currently. Additionally, blood bank, insurance and other associated departments are also being considered for on-boarding in the future. The outcome of the project would be enhanced road safety i.e. **'Safe Road for All' in India**.

| No of Districts | Officers Trained | Hospitals Registered | Patients Registered | Number of Accidents |
|---|---|---|---|---|
| 75 | 56,372 | 955 | 24,624 | 1,32,028 |

## Features of the iRAD Portal

https://irad.parivahan.gov.in/

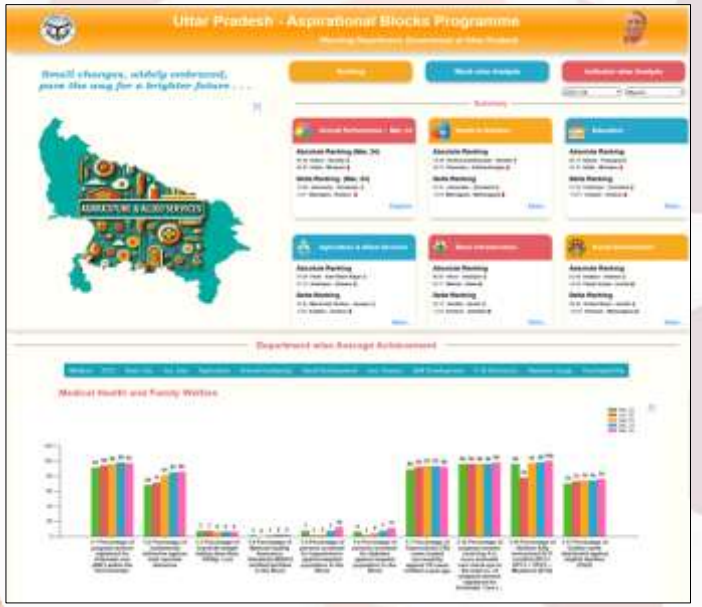
- Customized Mobile and Web Application with Multilingual support.
- Horizontal Integration – iRAD application horizontally integrated with Police, Transport, Highways and Health department to exchange data.
- Spatial and non-spatial data collection facility available for every accident though out the country.
- Identification of Accident hotspots, to avoid accident at these hotspots
- Backward & Forward API integration With CCTNS application.



- Publication of Statistical magazines of all 75 districts & 18 division every year .
- District, Block & Village Level Information of 18 Sectors on more than 4000 parameters.
- Six types of atlases are prepared every year.
- More than 10,000 online thematic map/graphs are prepared every year

## MIS For Planning Department

- Sankhyikiya Patrika (SPIDER)
- e-Manchitra Geo Portal
- Sustainable Development Goals (SDGs)
- Monitoring of Aspirational Blocks Programme



- The Sustainable Development Goals (SDGs) are a **collection of 17 global goals** designed to be "blueprint to achieve a better and more sustainable future for all".
- The Government is committed to raising the living standards of its citizens and ensuring inclusive growth for all – "**Sabka Saath Sabka Vikas**".

# UP MineMitra - An Integrated Portal for End-to-End Mineral Management System with online e-services

Following portals are under the umbrella of MineMitra:

- https://upmdss.in
- https://minemitra.up.gov.in
- https://upmines.upsdc.gov.in
- https://minetags.in
- https://upmineralmart.com

- Allotment of licenses (Lease)
- Issuance of e-Transit Pass to the lease holders (Lessee)
- Transforming entire manual lease system to electronic form.
- Accounting of royalty
- QR Code etc. eliminates chances of issuance of invalid pass.
- MIS for providing monitoring reports.

# U.P. Rani Laxmi Bai Mahila Evam Bal Samman Kosh Portal

An online portal has been designed and developed for 'MahilaSammanKosh' nicknamed "U.P. Rani Lakshmi Bai MahilaSammanKosh", a priority project of GoUP under Women Welfare Department. It was conceptualized to provide medical & monetary relief to women, who are victims of violence like Acid Attacks,POCSO, Sexual Violence and Dowry Deaths etc. & minor children of such victims. MSK also aids with women/girl child who may not be direct victim of violence but require critical social and economic empowerment. This online portal is running successfully and has been awarded by CSI-NIHILENT E- Governance Award .

| Acid Attacks | POCSO Cases | Cases of Sexual Violence | Dowry Death | Total Amount of Payment |
|---|---|---|---|---|
| 547 (No's) | 31083 (No's) | 7644 (No's) | 5651 (No's) | 387.18 Crore |

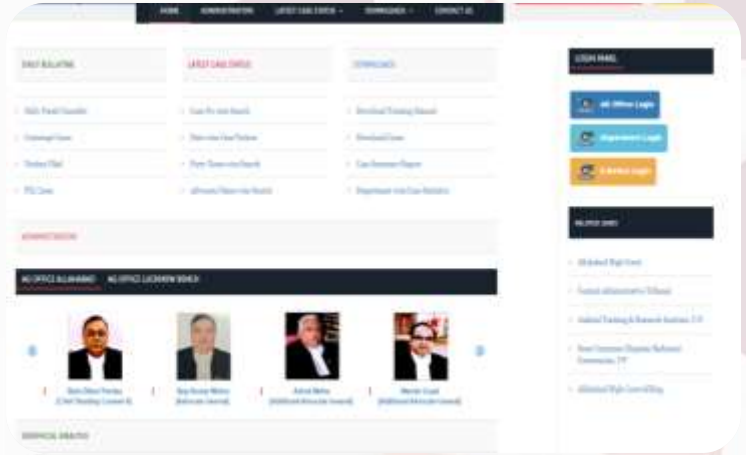
## Features of the MSK Portal

http://msk.upsdc.gov.in

Month (April-2025) Status

- A transparent online interactive portal.
- Instant availability of Information and Application Status online
- Secured & Authentic Data Management
- Transfer of monetary relief to Victim through PFMS
- Integration with Darpan Dashboard.
- Integration of various Stake Holders (Police, Medical, Legal, Probation, Treasury, District Administration & Public).
- Digitally Signed Document Verification.

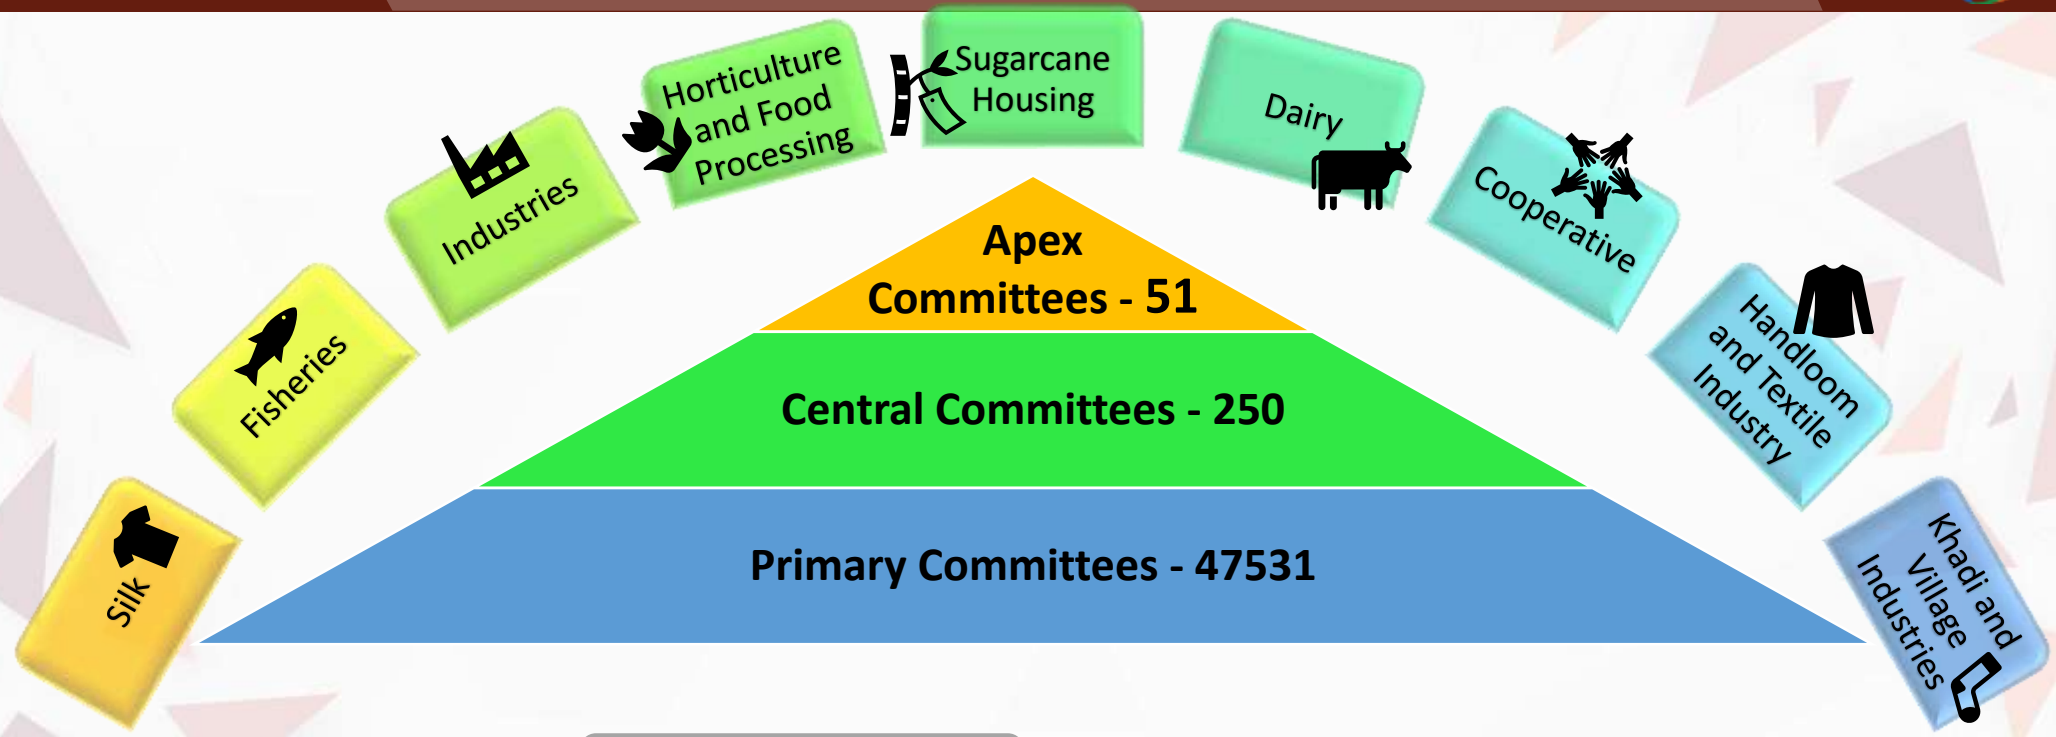
## Revamping of COCIS(Court Case Information System) i.e. e-Manu

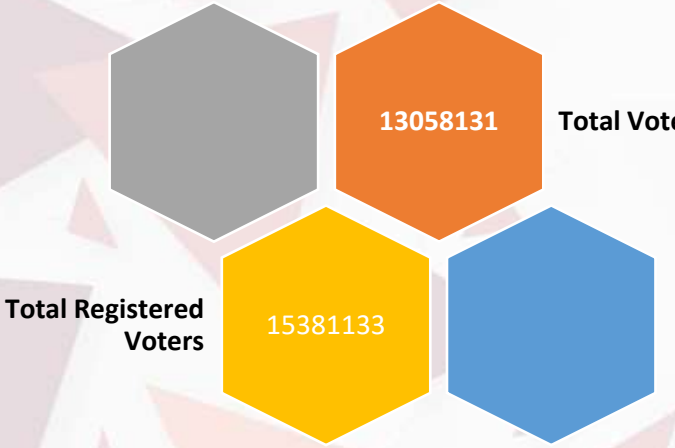


- Accelerated Case Management
- Enhanced Compliance
- Secure Document Management
- Transparency and Accountability
- Cost Efficiency
- Seamless Collaboration
- Insightful Analysis

e-MANU is a game-changer in legal operations. By streamlining case management , ensuring compliance, securing document handling, promoting transparency, saving costs, facilitating collaboration, and offering insightful analysis, e-MANU empowers the office to fulfill its legal obligations effectively and efficiently. It's a testament to the office's commitment to justice and excellence in legal proceedings.

# Uttar Pradesh State Cooperative Election Commission





| | |
|---|---|
| Streamlined Election Management | The portal simplifies and automates the management of election processes for over 50,000 cooperative societies, ensuring smooth operations. |
| Efficient Electoral Roll Preparation | The portal helps in preparing and maintaining accurate electoral rolls, improving the overall accuracy and reliability of the voting process. |
| Centralized Oversight | The UPSCEC web portal allows the Commission to oversee and manage elections for all cooperative societies from one platform, ensuring consistency in the process across the state. |
| Reduced Administrative Burden | The portal reduces paperwork and manual labor, making the election process more efficient and reducing administrative costs for the commission |
| Accessibility | provides easy access to election-related information for cooperative societies, their members, and officials |

## e-Prisons

https://eprisons.nic.in

A step towards making the prisons' processes smart and more transparent

Prison Management System (PMS)

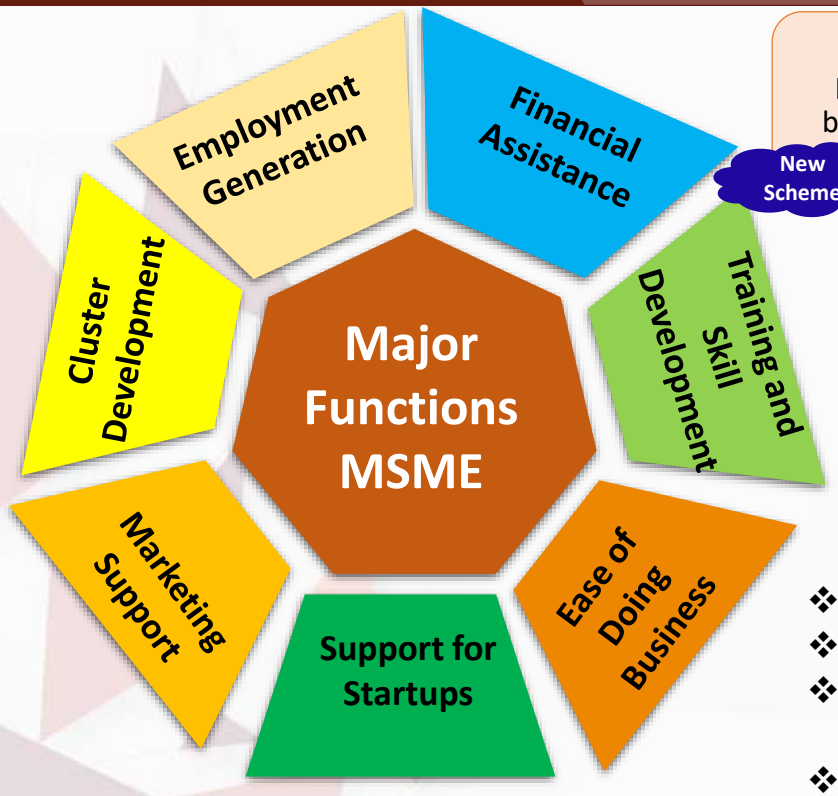
Bi lingual Support

and Many More …



NIC UP with Department of Micro Small and Medium Enterprise and Export Promotion UP has launched an innovative online platform aimed at fostering self-sufficiency and facilitating employment, skill enhancement, and advancement opportunities for businesses across various sectors in Uttar Pradesh's MSME domain. This initiative spans all 75 districts of the state and aligns with the ongoing efforts to support the MSME sector

- Under the **Mukhyamantri Yuva Udyami Vikas Abhiyan**, an aspirational scheme launched by the Hon'ble Chief Minister of Uttar Pradesh, youth aged 21 to 40 years are being connected with skill training to start their own product or service-based businesses.
- The goal is to support 1 lakh youth in starting self-employment ventures each year, creating 10 lakh self-employment opportunities over 10 years.
- **Till Now 111 applications have been sanctioned under this scheme.**

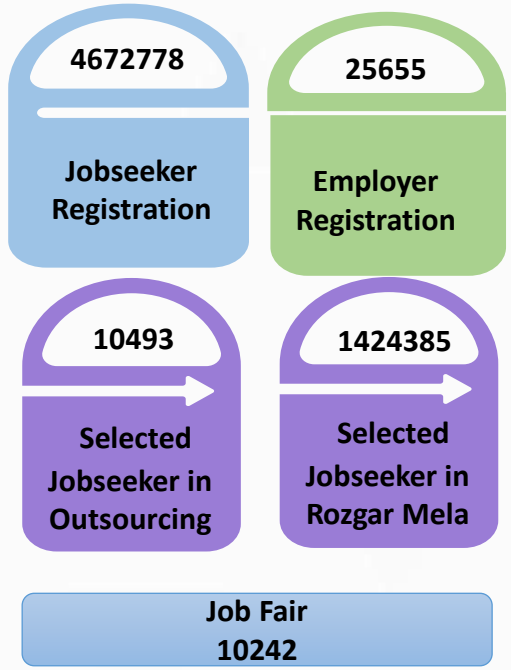
# Department of Training and Employment ,U.P. (Sewayojan Portal)

The Sewayojan Portal, launched by the Directorate of Training and Employment, Government of Uttar Pradesh, is an integrated employment platform connecting jobseekers, employers, and employment officers. It features Aadhaar-based registration, employer onboarding with monthly reporting, and modules for outsourcing and job fairs to ensure transparent vacancy management and candidate selection.

1. Online Registration & Verification
2. Employment Opportunity Matching
3. Employer Vacancy Management
4. Employment Officer Operations
5. Outsourcing & Job fair Workflow
6. User Account and Profile Management
7. Monitoring & Reporting



## Features:

- **Online Registration**: Job seekers and employers can register on the portal with Aadhaar-based identity verification and OTP authentication for secure access.
- **Dedicated Dashboards**: Customized dashboards for job seekers, employers, and employment officers to manage and track their respective activities.
- **Comprehensive Profile Management**: Job seekers can update their profiles with personal, educational, skill, and work experience details—mandatory for applying to jobs.
- **Job Application System**: Enables job seekers to apply for job fair (Rojgar Mela) opportunities and outsourced vacancies based on qualifications.
- **Employer Module**: Employers can notify vacancies, complete profiles, post jobs, and track application status; also includes monthly reporting.
- **Employment Officer Module**: Officers manage job fairs, verify employers/job seekers, unlock user accounts, and track job fair performance.
- **Job Fair Management**: Structured job fair creation, verification (multi-level), scheduling of interviews, shortlisting, and final selection marking.
- **Outsource Recruitment Flow**: Detailed process for outsourcing recruitment including GEM ID integration, vacancy posting, randomization, and interview scheduling.
- **User Account Management**: Includes password reset, account unlock, and username recovery features using OTP verification.
- **Change of Trade (COT)**: Job seekers can update education, skills, and experience post-registration; subject to verification by employment office.
- **Reporting & Analytics**: Generation of various reports like monthly job fair stats, employer/employee summaries, and career counseling data.
- **Secure Login System**: Central login page with account locking after multiple failed attempts and unlock option available for users.

**Integrations:**

- **Aadhar Integration**
- **Family Id Integration**
- **Family Id Reverse Seeding Integration**
- **Darpan data push Integration**
- **MIS Report Integration**
- **NCS Integration**
- **E-district Integration**

"Honourable Chief Minister Distributes Appointment Orders to Newly Appointed Assistant Teachers and Lecturers – Strengthening the Future of Secondary Education"

# E-Hospital Uttar Pradesh

(One-Stop Solution for All Hospitals )

eHospital application is a Hospital Management Information System (HMIS) designed for the internal workflows and processes of hospitals. eHospital is a one-stop solution that helps connect patients, hospitals, and doctors on a single digital platform.

NIC developed the eHospital project with the vision of improving the delivery of healthcare services to citizens across the country.

The eHospital application is being offered as an "as-is" product to government hospitals across the country through the SaaS (Software as a Service) model.

The eHospital project was initiated with the following objectives:

- To provide the eHospital, e-BloodBank and ORS applications to government hospitals
- To provide online patient portal for delivery of citizen centric, such as online appointment booking, access to lab reports, and blood availability status.
- To offer application related technical support to the hospitals through a dedicated Call Centre/ Helpdesk.
