Message from the Member Secretary, NALSA

Dear Readers,

I have the honour of presenting the January–March 2025 edition of our Newsletter, which offers an overview of the initiatives undertaken and the impact achieved by Legal Services Authorities across the nation. This edition encapsulates the momentum of our collective efforts, highlighting key milestones in our continued pursuit of accessible and inclusive justice for all.

One of the standout initiatives in this quarter was the launch of “Connecting with the Cause,” on 3rd January, 2025, commemorating the memory of Krantijyoti Savitribai Phule. This innovative competition invited law students to produce short films and reels on NALSA schemes, Lok Adalats, and Mediation. NALSA also collaborated with law universities to offer clinical courses and internship programmes which would help link legal education with legal aid and public outreach.

During this period Hon’ble Mr. Justice B.R. Gavai, Judge, Supreme Court of India and Executive Chairman, NALSA made several visits across the country promoting access to justice for all. In Arunachal Pradesh - legal aid was provided to tribal communities and empathetic outreach was emphasized. In Manipur, Hon’ble Mr. Justice B.R. Gavai led medical camps for IDPs, launched legal aid clinics, and underscored unity and justice. Legal Services Camps in Washim and Dharni, Maharashtra, empowered thousands through legal aid, mobility aids, and access to welfare schemes. NALSA also collaborated with law universities to integrate legal education with legal aid.

This edition celebrates the success of the 1st National Lok Adalat of 2025, which saw over 3.09 crore cases settled, an outstanding example of the potential of alternate dispute resolution. As you turn the pages, may you be inspired by the unity of purpose that drives our legal services network and the shared resolve to ensure Access to Justice for All.

As part of a community outreach initiative, PLV Hemraj Chouhan of Dhanbad Block identified four children who had lost their father and were struggling to meet their basic needs. He promptly informed the Secretary, DLSA Dhanbad, and under his direction, coordinated with government departments to ensure the issuance of Ration and Ayushman Cards. With support from the Child Welfare Committee, the children were also registered under the Sponsorship Scheme. The families expressed heartfelt gratitude to DLSA Dhanbad for the timely assistance.

Success Story 4: DLSA, Purba Bardhaman (West Bengal) Assists Senior Citizen in Securing Guardianship and Victim Compensation for Grandchildren

Mr. Chandu Das, a senior citizen from Village Ronda, approached DLSA Purba Bardhaman for legal assistance after the death of his daughter and the incarceration of his son-in-law. Unable to afford a private lawyer, he sought guardianship of his three grandchildren. Recognizing the urgency, the Secretary, DLSA, appointed an advocate to file a guardianship petition and informed Mr. Das about the children's entitlement to compensation under the West Bengal Victim Compensation Scheme, 2017. The prompt and compassionate support provided much needed relief to Mr. Das and his family.

INTERNS AT NALSA

The NALSA Internship Programme provides aspiring legal professionals with a unique opportunity to gain practical exposure to legal aid and justice delivery. This hands-on experience enables interns to understand how free legal services are extended to marginalized groups, including women, children, prisoners, trafficking victims, and persons with disabilities. The programme serves as a bridge between academic learning and real-world legal practice, allowing law students to witness the crucial role of legal aid in ensuring access to justice.

Interns engage with various legal service institutions, such as, District Legal Services Authorities (DLSAs) and Taluk Legal Services Committee (TLSCs), Legal Aid Clinics, Prisons, CAW Cells, Juvenile Justice Boards, and Lok Adalats. Their responsibilities include conducting legal research, participating in advocacy initiatives, and contributing to legal literacy programmes that promote human rights and awareness. This immersive experience not only deepens their understanding of India's legal system but also equips them with the skills needed to support vulnerable communities effectively.

Beyond professional development, the internship fosters a strong commitment to social justice. Interns interact with legal aid beneficiaries, assist in legal counseling, and develop key skills in communication, empathy, and ethical legal practice. By the end of the programme, participants emerge as advocates for change, making a meaningful contribution to the legal aid ecosystem. The NALSA Internship Programme is more than an academic opportunity - it is a call to action for future lawyers who envision law as a tool for social change.
