GOVERNMENT OF INDIA PRESS
MINTO ROAD
NEW DELHI

Information as per Clause(b) of Sub-
section 1 of Section 4 of Right to
Information Act, 2005.

4(1)(b)(i) The particulars of Govt. of India Press, Minto Road, New Delhi, functions and duties:

By the announcement at the historic Coronation Durbar held at Delhi in 1911, Delhi became the Capital of India and some of the Central Secretariat Departments were transferred from Calcutta to Delhi in 1912. A portion of the government of India press, at Calcutta was also moved to Delhi that year to deal with the urgent requirements for printing at the headquarters of Government. In 1923, on the general reorganization of the Government of India Presses, the Delhi Press was separated from its head office at Calcutta and made an entirely separate Press. The development of Government Departments in New Delhi resulted in greater demands for printing work being placed with the Delhi Press. In 1931 it was transferred to New Delhi, in a newly constructed building at Minto Road.

During World War II the Printing work in this Press went in on increasing. In order to cope with the increasing volume of Printing work of the General Headquarters, a number of temporary posts were created in September, 1942. Even then, the work could not be managed with the then existing single shift and therefore, a partial second shift was introduced in the machine room of the Press. In December, 1944 further expansion of the Second Shift was approved by Government. In October, 1946 the Double Shift arrangement was further expanded in connection with the printing of the Indian Army List, Volume II. In January, 1947, a Hindi/Urdu Section was set up in the Press. Due to the constitutional changes in the country and the setting up of a Constituent Assembly, the Printing work increased further and in July, 1947 a separate Section was started in this Press for the printing of Constituent Assembly and Legislative Assembly Debates in Hindi and Urdu. After the attainment of Independence the activities of various departments of the Government of India in various spheres increased beyond expectation. In September, 1951 a partial 3rd shift was started in the machine room of the Press for the printing of postal forms and other miscellaneous work. It was decided to expand the 3rd shift in January, 1952 and later on to open a separate Parliament Wing and a Top Secret Section and the necessary staff to run the two newly created units was sanctioned. The construction of the building for the erection of machinery and for accommodating the staff of the Parliament Wing was completed and production started. The 3rd shift was abolished after the separate Parliament Wing started functioning properly. Due to tremendous demand of printing work from

Lok Sabha and Rajya Sabha, it was, decided to expand the existing Parliament Wing of the Press. Accordingly additional posts were created to run a 3rd shift from June, 1955.

The Commerce Ministry Press was taken over by the Ministry of Works, Housing & Supply on 2nd January, 1952 and renamed as Government of India Photo Litho Press which merged with the Government of India Press, New Delhi with effect from 15th September, 1958 as an additional wing and functions under the overall administrative control of the General Manager, for printing books, pamphlets, posters and other material for the dissemination of educational and instructive literature in connection with development and welfare activities, the Photo Litho Wing after its merger has been expanded further partly with the aid under the Indo-U.S. Technical Cooperation Programme for Community Development. This Wing is also equipped with the latest type of composing machine known as Foto-Setter. The Press was bifurcated in 1987 into two Presses i.e. Letter Press and Photo Litho Units. The latter is completely modernized.

This costing system is under review and will be replaced with commercial accounting system for which necessary computer software is being specifically designed and developed for

all Govt. of India Presses. To implement that new costing system this Press is going to be equipped with computers very soon. At present the printing cost is being realized from indentors on no loss no profit basis.

4(1)(b)(ii): The powers and duties of officers and employees of Govt. of India Press, Minto Road, New Delhi.

A. Industrial Wing.

The Industrial wing is distributed into various industrial sections. Each industrial section is headed by a Section Holder/Foreman/Overseer/Technical Officer as the case may be. All of them are responsible for distribution of work and its proper execution. In case of any default, they seek the advice/order/instruction from their Branch Officers viz. A.M.(T)/Deputy Manager who in turn take appropriate decision to ensure proper and time bound execution of printing work. The Manager/General Manager remains overall responsible for smooth and error-free execution of printing work.

4(I)(b)(iv):- The norms set by Press, Minto Road, New Delhi for the discharge of its functions:-

The exclusive function of Govt. of India Press, Minto Road, New Delhi under the administrative control of the Directorate of Printing, New Delhi is to print the proceedings of both the houses of Parliament and other publications/forms etc. and dispatch of same to the Indentor as per time schedule fixed by then. The printing jobs are allocated to this Press by Directorate of Printing, New Delhi with due consideration to the nature of jobs to be printed, size of machines and other infrastructural supports available with the Press. The general policy in the matter of discharging the functions is the disposal of work/jobs as per delivery schedule desired by the Indentor. To achieve this target, the jobs are prioritized and processed. Although individual outputs are fixed for the operative hands, working in pre-printing, printing and post- printing branches, such outputs always do not help to complete the jobs in hand as per the delivery schedule fixed due to various unforeseen administrative reasons.
