

केन्द्रीय माध्यमिक शिक्षा बोर्ड  
CENTRAL BOARD OF SECONDARY EDUCATION

F. No. CBSE/CTET/ Feb/2026

Dated: 25.12.2025

**PUBLIC NOTICE**

The online application process for the 21<sup>st</sup> edition of the CTET Examination started from **27/11/2025** and the last date for submitting online application was **18/12/2025 (11:59 PM)**. Subsequent to the last date of applications, grievances have been received that a few candidates were not able to submit their applications. The reason for this has been stated to be non-responsiveness of the portal. The request raised in these grievances is that the last date of application be extended to enable such candidates to complete and submit their applications.

The matter has been examined in detail. It was found that out of a total of 25,30,581 candidates who applied successfully, 3,53,218 and 4,14,981 candidates had successfully applied on the second last and the last date of application respectively. Further, the helpline, too, was active on all days and timely assistance was provided to all callers. Thus, it appears that the claim of non-responsiveness of the portal is not very well-founded.

On further review, it appears that there were 1,61,127 incomplete registrations which were not converted into completed and submitted final applications. It has also been noted in the Board that the present edition of CTET is being organized after a gap of around one year. Therefore, taking a sympathetic view of the matter, the Board has decided that these candidates, who had initiated registration process for CTET, be given one-time facility for completing their application on the portal. The facility will be made available on the portal from 11.00AM on 27<sup>th</sup> December 2025 till 30<sup>th</sup> December 2025 (11.59PM). These candidates are advised to verify their particulars and do necessary correction during process of final submission of application as no further opportunity will be given to them for correction of particulars. This is also informed that no fresh registration will be allowed during this process.

**DIRECTOR (CTET)**
