CHAPTER – 1

INTRODUCTION

Vision *To create an environment that facilitates the highest standards in human resource development in the disability sector based on principles of human rights and inclusion.*

Mission *To ensure enhancement in the quality of existing and emerging human resource development programmes in disability rehabilitation and to address the life cycle needs of persons with disabilities across the country, including those from remote and less-served areas.*

The Rehabilitation Council was initially set up under the Societies Registration Act XXI of 1860 vide Resolution No. 22-17/63-HW.III dated 31st January, 1965, to have uniformity and to ensure minimum standards and quality of education & training in the field of special education and rehabilitation. It was given Statutory status by an Act of Parliament, the Rehabilitation Council of India Act, 1992 (No. 34 of 1992) dated 1st September, 1992 effective from 22nd June, 1993. The RCI Act was amended by Parliament in 2000 (No. 38 of 2000) to make it more broad based. The Act provides for constitution of the Rehabilitation Council of India for regulating and monitoring the training of rehabilitation professionals and personnel, promotion of research in rehabilitation and special education and maintenance of a Central Rehabilitation Register.

By signing and ratifying the United Nations Convention on the Rights of Persons with Disabilities (UNCRPD), India has committed itself to harmonize all the domestic laws including the RCI Act. The Convention has brought the inclusion of persons with disabilities to the centre-stage need to implement the provisions of the Convention in its true spirit. Accordingly, the syllabi and curricula of the various rehabilitation courses developed and standardized by RCI are being continuously revised so as to meet the requirements of the relevant provisions in the UNCRPD.

With the notification of the Rights of Persons with Disabilities Act, 2016 by the Government of India, the categories of disabilities have been increased from 07 to 21, thus, enhancing the responsibility of the Council to make provision for human resource development for all categories of disabilities notified in the Act. The Council has initiated appropriate action for including disability specific contents in syllabi of different Courses and development of new Courses.

12. Any other matter

General Council also decided the following points:

- Chairperson informed the members that the Hon'ble Minister for S&E has agreed to reduce the penalty of Rs. 3 lakhs being charged from the Institutions from NIGO sector to Rs. 1 lakh for consideration of gap year cases or post facto approval.
- State Government NOC in all cases of recognition shall be mandatory from next Academic Session. As such State Governments may be requested by the Council to issue No Objection Certificate (NOC) in the prescribed format as per the provisions of the RCI Act, 1992 for approval of RCI Courses, within a stipulated period so that the Institutions do not suffer because of NOC but NOC should not be construed as guarantee for getting approval.

- (c) For Institutions willing to conduct RCI approved Courses, minimum 03 years old registration under PwD Act, 1986 (Section 51 & 52)RPD Act, 2016 (Section 50 & 51) should be compulsory. As such only those institutions which have registration under PwD Act, 1986/RPD Act, 2016 for not less than three years should only be considered for grant of approval of Courses.
- (d) The rider of maximum two fresh programmes in one academic year for one institution shall be continued as it is. It has also been decided that in the light of commercialization and quality issues, maximum 02 programmes at each level per institution should be allowed. Those institutions running more than 02 programmes at each level shall be assessed thoroughly to ensure the quality and standard of delivery of programme. The exemption, if any, in this rider may be granted by Chairperson, RCI depending upon the merit of the case.
- (e) Council should maintain exhaustive data base of personnel/professionals in each category and at each level of courses and those having valid CRR number and willing to perform official duty of RCI should only be deputed for visit and inspection of Institutions.
- (f) The liberty of having MoU with special schools for grant of approval of Diploma/Degree level Courses to NGOs should be withdrawn from the next academic session, because it is leading to many malpractices and undue pressure on the existing special schools. As such, it has been decided that RCI approved programmes/courses shall be given only to those institutions which have their own special school with not less than 60 children with disabilities, as prescribed earlier. One level of special school in a single disability should be considered for one Course/Programme only in the concerned disability category. For example, if an institution is running more than one RCI approved Programme/Course, it is required to have more than one special school in each category of disability separately. It has also been decided that for teaching practice appropriate level of school should be prescribed. For example, primary level of school should be allowed for teaching practice of D.Ed.Spl.Ed. Courses, upper-primary and schools upto 9 to 10 should be earmarked for practice teaching for Bachelor level Courses and 11th onwards should be prescribed for practice teaching for Master level Courses. It is also clarified that for Masters level Courses in the field of Mental Retardation/ Intellectual Disabilities, the same may be relaxed on account of non availability of educable children at higher level of education in this area. Also, if an institution is having special school from primary to intermediate, the same may be considered for teaching practice of diploma, bachelor and master level Courses for one Course at each level, that is, one for Diploma level and one for Degree and one for Master level.
- (g) It has also been discussed and decided that the same criteria as mentioned above, shall be applicable to the on-going institutions as and when their tenure of approval expires. As such the approved institutions shall now be required to have their own special school separately for each programme/Course to ensure quality teaching

practice without the normal teaching of such children disturbing, whenever they apply for extension of approval. This should be informed to all of them well in advance.

- (h) Government Institutions/National Institutes/CRCs/Universities may be exempted from the condition of having own special school, however, they should have MoU with special schools but the rider of one special school of one level and one category to be allowed to only to one Course/Institution for teaching practice.
- (i) It has also been discussed that private institutions/NGOs having their own Inter College/Degree College should be promoted to conduct RCI approved Diploma/Bachelor Programmes in Special Education. As such it has been decided that 10% overall weightage should be given to private institutions/NGOs having their own Inter College/Degree College for running RCI approved Courses from the next academic session. Accordingly, as per the above decisions, the guidelines and circulars issued by RCI should be revised and copy of these Circulars may be sent to all GC Members and ZCC Members for perusal.
- (j) While constituting Expert Committee for evaluation and assessment of course curriculum, Council should obtain the opinion and prior consent of the Expert concerned. Those who are actively engaged in the field and have valid CRR should be deputed as Expert. Exemptions in case of very senior professionals and in case of Government officials working or retired may be considered by the Chairperson, RCI.
- (k) Monitoring and visits/inspection shall be carried out also by ZCC Coordinators/Members, within their zones or as deputed by Chairperson, RCI and honouraria/visiting fee, TA/DA and other allowance shall also be paid by the Council as decided by Chairperson. For such visits/inspection, Council shall develop monitoring formats, on which report will be sent on dedicated e-mail along with photograph on the same day followed by hard copy within one week. A circular on this issue shall also be issued by the Council.

The details of the meetings of the Expert Committees /Core Committees organized during the period and gist of the discussions taken are mentioned as under :

EXPERT COMMITTEES/SUB-COMMITTEES/ MEETING OF EXPERTS

1. Meeting with delegation of Salus University, Elkins Park, Pennsylvania held on 08.06.2017 at Rehabilitation Council of India, New Delhi.

Sh. S.K. Srivastava, Member Secretary, RCI, New Delhi, welcomed the members invited for the meeting. He further shared the background of the meeting and also mentioned that this meeting is in continuation of his visit to Salus University last year.

After brief introduction of the members, members of Salus University explained their purpose of visit and also shared in detail about their programmes, clarified issues related to exchange programme, transaction of curriculum, cost sharing, model of their programmes etc. They further shared the history of progress of profession in USA and different programmes of Pennsylvania College of Optometry, College of Education & Rehabilitation, Osborne College of Audiology, College of Health Sciences and Graduate Programs in Biomedicine at this university. They desired that communication between RCI and Salus University should continue for better professional development. They said that materials developed by the Salus University cannot be shared due to intellectual property rights and professional charges for rendering the service may depend on the kind of activities is expected from the University.

Prof. M. Jayaram informed the members about the action initiated by the Council in developing the curriculum of AuD and SLPD. He also shared about the development of profession in India.

Prof. Jayaram informed that though the country is favorably inclined towards clinical doctorate programs in the field, the time is not ripe for foreign universities/other institutions to pitch in because of the following reasons:

- a) There has to be separate clinical doctorate programs in speech-language pathology, and audiology and not just any one field.

Meeting with delegation of Satish University, Elkins Park, Pennsylvania

- b) The country has expertise and experience in running professional training programs in the field, and therefore, soliciting external expertise has to be looked into at a later date and the decision should be broad-based. It cannot be an administrative decision.
- c) As we have eligible candidates from three different streams of BASLP, MASLP and M.Sc. (Au.D)/M.Sc. (Speech language pathology) who might be interested in clinical doctorate programs, we have to develop curriculum for all these three streams. Existing models in other countries are not practical for us.
- d) Most importantly, as RCI is still in the process of developing curriculum for clinical doctorate programs, we are in the process of defining our needs/requirements. Therefore, we cannot accept any model at this point of time.

The delegation paid a courtesy visit to Shri Krishan Pal Gujjar Minister of State for Social Justice and Empowerment and briefed about their purpose of visit. Hon'ble Minister appreciated the effort of the Council for taking initiative and thanked the delegation. Dr. Kamlesh Kumar Pandey, Chief Commissioner for Persons with Disabilities and Chairperson, RCI accompanied the delegation during their visit to minister's office. Hon'ble minister felicitated the delegation by presenting a memento.

Representatives of Universities/ Institutions presented in detail about the activities, programmes etc. being undertaken by them. The delegation appreciated the activities and programmes being undertaken in Audiology and Speech Language Pathology by the universities/institutions and schemes launched by DEPWD.

After detailed deliberations, Prof. Jayaram summarized the proceedings as follows:

The apex level expert committee may finalize the course curriculum for the clinical doctorate programs in a month or so. After getting the approval of the different committees including the approval of the Expert Committee on Speech and Hearing of the RCI, RCI may put the curriculum in public domain (RCI website). After that, any institution in India eligible to run the program as per the norms developed by RCI may run the program in collaboration with any University/Institution in India and abroad. The program shall not be run in India as per the syllabi, rules and regulations of any University in the US or any other country.

CENTRAL SECTOR PLAN SCHEME OF "IN-SERVICE TRAINING AND SENSITIZATION OF KEY FUNCTIONARIES OF CENTRAL AND STATE GOVERNMENTS, LOCAL BODIES AND OTHER SERVICE PROVIDERS"

The 12th Five Year Plan of Govt. of India has recognized inadequate awareness and sensitivity amongst various stakeholders as a major challenge. It was felt that there is urgent need for in-service training amongst the various stakeholders to create awareness about the rights and entitlements of persons with disabilities (PwDs), provisions in various schemes, developmental programmes, ways and means to access their specific entitlements and those that they are entitled to as equal citizens. Therefore, in order to realize the above said objectives, the Govt. of India has made a provision for training and sensitization of key functionaries of Central/State Govt. under the 12th Five Year Plan.

Development of the Scheme

A Scheme for In-service Training & Sensitization Programme was required to be developed for implementation of the objectives as recognized by the Government of India. Therefore, the Department of Empowerment of Persons with Disabilities (DEPwD) had developed a new Central Sector Plan Scheme, i.e. "In-Service Training and Sensitization of Key Functionaries of Central and State Governments, Local Bodies and Other Service Providers" w.e.f. 29th December, 2014. This Scheme was implemented for the remaining part of 12th Five Year Plan for the financial year 2015-16, 2016-17 & 2017-18.

Objectives of the Scheme

The Scheme was launched with the following objectives:

- (i) To train and sensitize the key functionaries of the Central/State Govt., Local Bodies and other service providers on a regular basis on disability related matters through State/District/Block level Workshops. The Workshops aim to raise the awareness among employees and peer groups about capabilities of persons with disabilities and how we can work together to create an inclusive environment, etc. at work place. To ensure enlightened, efficient and committed key functionaries to further the cause of empowerment of PwDs.
- (ii) To create awareness about the disability related legislations, development programmes, schemes and programmes for the benefit of PwDs, rehabilitation and referral services amongst the various stakeholders, namely, in-service officials of Central and State Governments, local bodies and other service providers.
- (iii) To provide in-service training on some important skills like orism, sign language, Braille, alternative communication, etc. and to create awareness and sensitization towards prevention, early identification, intervention, rehabilitation and mainstreaming of persons with disabilities.
- (iv) To obtain feedback about the quality of delivery of the Schemes/Programmes of Government. The training programmes are meant to sensitize the officers to new and

important issues facing the disability sector in the changing and economic scenario. The prime objective of the Scheme is to focus on the demand-driven training of key functionaries dealing with disability sector which will be conducted in close coordination with the Administrative Training Institutes as far as possible.

Fund Sanctioning Authority (FSA)

A Fund Sanctioning Authority (FSA) has been constituted to take major decisions with regard to the work related to the Central Sector Scheme launched by DEPwD. This Committee comprises of the following members:

- (iv) To discuss numerous issues relating to the implementation of the Scheme, viz. development of Unique Identification Number, development of certificate of participation, distribution of training module, translation of training module in regional languages, monitoring of the training programmes, submission of the report and analysis of the feedback forms. These issues were discussed during different meetings of the FSA and after an in-depth deliberation and discussion of the members of the FSA, various decisions were made. The Council was given the responsibility to undertake the action accordingly.
- (v) To finalize the structure as well as contents of e-training module, a meeting of the Expert Committee was organized by the Council. The experts from the different disability areas including Directors/Representatives of National Institutes attended the meeting, thereby developing an "e-Training Module" for In-service Training & Sensitization Programme to make the training programmes more effective, meaningful and useful for the trainees.

The Rehabilitation Council of India being the Nodal Agency for the said Scheme has undertaken various actions on all the issues as and when required, thereby, accomplishing the objectives of the Scheme successfully during the financial year 2017-18.

The Council in this regard, organized a meeting of the Expert Committee to finalize the structure as well as contents of the training module. The experts from the different disability areas including Directors/Representatives of National Institutes attended the meeting. Therefore, Council with the help of the members of the Expert Committee had developed a "Training Module" for In-service Training & Sensitization Programme to make the training programmes more effective, meaningful and useful for the trainees. The training module developed by the Council and was further distributed to all the implementing agencies and other government institutes. Implementation of the Scheme

As DEPWD had assigned the responsibility of Nodal Agency to Rehabilitation Council of India (RCI) to play a pivotal role in implementation and overall execution of the said Scheme at national level, the Council undertook a step-by-step approach for smooth implementation of the Scheme.

Unique Identification Number (UID) & Certificate of Participation

Based on the decision of the FSA, Council developed a "Unique Identification Number", i.e., Agency UID No. that had been provided to each implementing agency approved for conducting the In-service Training Programme.

Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of Rehabilitation Council of India for the year ended 31 March 2018:

We have audited the attached Balance-Sheet of Rehabilitation Council of India as at 31 March 2018, Income & Expenditure Account and Receipts & Payment Account for the year ended on that date under Section 19 (2) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with Section 21 (3) of the Rehabilitation Council of India, Regulations 1997. These financial statements are the responsibility of the Council's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (C&AG) on the accounting treatment only with regard to classification, conformity with the best accounting practice, accounting standards and disclosure norms, etc. Audit observations on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-compliance aspects, etc., if any, are reported through Inspection Report/ C&AG's Audit Reports separately.
3. We have conducted the audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.
4. Based on our audit, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - ii. The Balance-Sheet, Income & Expenditure Account and Receipt & Payment Account dealt with by this report have been drawn up in the common format approved by the Ministry of Finance.

 - iv. We further report that:

A. General

- A.1** As per Uniform Format of Accounts, Accounts should be prepared on accrual basis. Accordingly, claims pertaining to the financial year but not paid during the year should be debited on liability side of the Balance sheet and corresponding expenditure should be debited to year to which the expenditure pertains. The Council has not been booking various expenditures (e.g. Salary etc) pertaining to March of the year in the same year but are being booked in next corresponding to the year actual payment. However this was not in accordance with accrual system of accounting and as per Uniform format of accounts.

- A.3** Interest earned on investment of GPF account (Schedule-13) is being accounted by the Council on cash basis instead of accrual basis. This is in contravention of Uniform format of Accounts and also Accounting Policy 4 of the Council.
- A.4** It was seen that following balances were lying in Current Liabilities and Provisions- Schedule 6 for long period without any adjustment:

(₹. in Lakh)

A.7 As per Schedule of Significant Accounting Policies, depreciation on fixed assets have been provided on written down value method and not as per rate given in Income Tax act as provided in Uniform format of accounts.

B. Grants-in-Aid

The Council received a grant of ₹.571.00 lakh during 2017-2018 from Ministry of Social Justice and Empowerment. Out of this, ₹.302.00 lakh was received in March 2018.
