The RCI Act was amended by Parliament in 2000 (No.38 of 2000) to make it more broad based.

tral Rehabilitation Register (CRR) and for matters connected therewith or incidental thereto.

VIII. Minutes of the meeting of the Expert Committee on development of training programs for Audiologists and Speech-language Pathologists under the Chairpersonship of Prof. M. Jayaram held on 21 July 2022 at 10:00 am through video conferencing—The Expert Committee on Speech and Hearing constituted by the RCI met for the first time on 21 July 2022 and deliberated on the following issues.

- (a) Proposal from Dr. Shankar Mahadevan for development of Master Degree Course in Deglutology and Swallowing Disorders
- (b) i) Revision of Bachelors and Masters Curriculum in the light of NEP 2020 and
ii) letter to all concerned Universities / States on this issue.
- (c) Amendment to the nomenclature of 'Audiometric Technician'
- (d) Amendment to eligibility criteria/minimum standard requirement as per RCI MRR 2021 for the various posts in the field of ASLP
- (e) Professionals working without RCI registration in the field of ASLP
- (f) Any other issue with permission of the Chair

At the outset, Shri Vineet Singhal, Member Secretary, RCI greeted the members and thanked them for responding to the Council's request. The Member Secretary, RCI requested Dr. M Jayaram, Chairperson of the Committee to conduct the meeting. As this was the first meeting of the committee, Chairperson requested the members to introduce themselves. After introduction, the Chairperson took up the agenda.

Agenda I: Approval of Master's Degree program in Deglutology and Swallowing Disorders

Dr. M. Jayaram apprised the members on the proposal. He informed that an informal proposal on this topic from Dr Shankar Mahadevan was discussed at the meeting of the RCI Core Committee on 3 September 2021. It was decided at that meeting of the Core Committee that RCI would consider a formal proposal in this regard as and when it is submitted in the RCI format. Though this decision was conveyed by RCI to Dr Shankar Mahadeven, no formal proposal has been received from Dr. Shankar Mahadeven or Amrita University, Kerala, which is running the program.

After detailed discussion, the following recommendations were made:

- (a) Inform Dr Shankar Mahadeven to submit a formal proposal on this as per RCI format. Part A of the proposal should have information on the nature and scope of the program, justification for the program and most importantly, on job potential of the program/placement of the potential graduates. Part B should deal with rules and regulations of the program. Part C should be on the curriculum of the program (all the courses, their content, and references). Part D can have details of internship if the program envisages one. RCI expert committee will then discuss it and take an appropriate decision on the same.
- (b) The Council shall not give retrospective approval for this program, as it will open up a Pandora's Box.

Agenda II: Revision of Bachelors and Masters curriculum in the light of NEP 2020

The Chairperson briefed the committee on the most important aspects of NEP 2020 like multiple entry and exit, broad-based multi-disciplinary holistic education with exposure to science, arts, humanities subjects, creative combinations of study, and a true choice based credit system and their implication for programs in speech and hearing. It was also noted that many speech and hearing institutions in the country have been asked by their respective Universities to implement NEP 2020.

Though the members generally welcomed NEP 2020 and appreciated its positive features, they were apprehensive about its applicability to programs in the disability sector, in general, and speech and hearing, in particular. After detailed discussion, the following recommendations were made at the meeting:

- (a) Multiple entry and exit is not practical because this being a professional program, a student will be a true professional only after he/she completes the stipulated 4 years of study just like a doctor can practice medicine only after completing 5 1/2 of stipulated study (MBBS). Multiple exits (at one year, 2 years etc.) will only result in half-baked products that will be dangerous.
- (b) Implementation of a multi-disciplinary holistic education, as envisaged in NEP 2020, in speech and hearing training programs will only dilute the standards of the latter program. Students will not have enough time to study the core subjects of speech pathology and audiology to the required depth to become true professionals.

- (c) Implementation of NEP 2020 may even lead to disbanding of constitutional bodies like the RCI, which is unacceptable. We need an apex body like the RCI to deal with training issues in the disability sector as against a very broad and general apex body like the Higher Education Council of India as proposed under NEP 2020.
- (d) The Council should write to UGC, Ministry of Higher Education and Ministry of H&FW, GOI requesting exemption for training programs in the disability sector from NEP 2020 as they have done for medical and law education. Training programs in the disability sector are akin to medical programs and thus this exemption is well justified.
- (e) The Council should write to all the Universities (at least those Universities which conduct training programs in the disability sector) that the Council is examining the issue of implementation of NEP 2020 in training programs in the disability area. RCI is in the process of requesting the GOI to exempt training programs in the disability sector from implementing NEP 2020. Therefore, the Universities should not insist institutions running training programs in the disability areas to implement NEP 2020 until they hear from the Council.

Agenda III: Amendment to the nomenclature of ‘Audiometric Technician’.

Agenda IV: Amendment to the eligibility criteria/minimum standard requirement as per RCI MRR 2021 for the various posts in the field of ASLP

Agenda V: Professionals working without RCI registration in the field of ASLP

It was noted that many institutions in the country are using the title ‘Audiometric Technician’ in their advertisements irrespective of the level at which the post is advertised. The audiologist’s position is referred to as ‘Audiometric Technician’ irrespective of whether the post is at the level of M.Sc or B.ASLP or Diploma.

The Chairperson requested Dr.Suman Kumar to present the background information on these related issues. Dr. Suman Kumar stated that though the nomenclature of Speech Pathologist and Audiologist was accepted by the Ministry of Health and Family Planning, GOI as early as 1969 (Letter no. F.11-13/69-MA, dated 22 October 1969), in practice, the nomenclature used by various organizations / institutions under the M/o H&FW, State Governments, and Union Territories are mostly based on the minimum standard requirements for the medical colleges (enunciated by the National Medical Commission - erstwhile MCI). Not only that these institutions use the outdated title of ‘audiometric technician’ to refer to a qualified professional, but also use the same name for an ‘Audiologist’ with a B.ASLP or a diploma or M.Sc. In addition, majority of these institutions do not seem to be aware of the difference between a diploma, or a B.ASLP in the field. They advertise for an ‘Audiometric technician’ with the qualification of a diploma or a B.ASLP or an M.Sc. Dr.Vanaja drew the attention of the members to the practice followed under ADIP for certification and prescription of hearing aids.

After detailed discussions, the expert committee made the following recommendations:

- (a) The Council should write to the ministry of Health and Family Welfare, GOI, State Governments, NMC, ESI and other institutions on the 'Model Recruitment Rules' of RCI. The Council should draw the attention of these institutions on RCI approved nomenclature, model recruitment rules, job profile, need for change of nomenclature and eligibility conditions and impress upon these institutions to follow suit.
- (b) The Council should send a letter to NPPCD, CGHS and the M/o Social Justice and Empowerment, GOI (the nodal ministry for ADIP scheme) to include audiologist in the expert team for prescribing hearing aids.

IX. X. Minutes of the Meeting of Expert Committee on Clinical Psychology and Rehabilitation Psychology under the Chairpersonship of Dr. K.B. Kumar, HOD, Clinical Psychology, Sweekaar Academy of Rehab Science held on August 12, 2022 at 10.00 am through Video Conferencing at RCI—The Expert Committee on Clinical Psychology and Rehabilitation Psychology constituted by the RCI met for the first time on 12 August 2022 and deliberated on the following agenda:

- a. Views on proposed 'Postgraduate Diploma in School Mental Health' from ICMR in collaboration with Vidyasagar Institute for Mental Health and Neuro and Allied Sciences (copy attached)
- b. Revision of curricula and nomenclature in light of NEP 2020
- c. Review of eligibility criteria/minimum standard requirement as per RCI MRR, 2021
- d. Queries received by the Council w.r.t. modification of educational qualification, examination for Ph.D. holders for registration as clinical psychologist, etc.
- e. Any other issue, if any as per the Chairperson of the committee

The following agenda points were taken up in turn and deliberated.

- a. Views on Proposed “PG Diploma in School Mental Health”**—The house was divided on this issue. Some members are of the opinion that school mental health (SMH) is important and there should be an independent training program of 1 or 2 year duration, others felt it is suffice that the SMH issues are incorporated as module to already running clinical/ rehabilitation psychology program. Some members felt RCI need not bother about SMH as it is already focused in Advanced Diploma in Child Guidance and Counseling offered at RCI approved centers.

In view of this divergent views, it was decided to form a core committee of 4/5 senior experts to go into the depth and study relevance, need and feasibility of offering pan India, a Diploma or Masters level training program in SMH under the ambit of RCI.

The proposed PG Diploma by the ICMR suffers from several deficiencies and set-righting all of the lacunae demands more time than developing afresh proposal. Hence, it was stated to Dr. Ravindra Singh, Sr. Scientist, ICMR to wait until the feasibility study is concluded and the syllabus & regulations are developed depending upon the Core committee’s report/recommendations.

- b. Revision of curricula and nomenclature in light of NEP 2020 Curricula:** The curriculum and curriculum transaction of the Rehabilitation professional courses where the admitted students are trained to deliver a set of health/ rehabilitation services to a target Disability population as per the guidelines of global best practice are considered differently from the courses that provide foundational knowledge like in General Education. Hence, like other service related professions (eg. Medicine, Nursing, Pharmacy, Law etc.), the Rehabilitation education and training programs are to be exempted from NEP policy. Since the successfully trained professionals are required to meet certain standards of performance the choice-based education or multiple entry-exit framework are not practical. Professional educations are essentially an integrated multi-disciplinary and inter-disciplinary training. Normally, there is no or little scope to include any other subjects of study which are not relevant to service domain/s.

Accordingly, various clinical and rehabilitation psychology training program, presently in effect, is already developed to be comprehensive to the point of absolute essential, relevant, practical and functional in lines with international practice guidelines. The recognition of RCI courses that are hands-on and internship-based by all European States, Australia, New Zealand, and Canada etc. is a testimony for the robustness of RCI approved training programs in this domain.

Observing these facts one can assert there is very little scope to revise the curricula in light of NEP 2020. Further, the field of Disability and Rehabilitation shall be treated as an independent vertical, dedicated to developing much needed Rehabilitation Professionals in the country, and shall not be mixed up with general higher education issues.

Nomenclature: NEP 2020 discontinued 1-yr Pre-doctoral research M.Phil for several valid reasons. However, none of these reasons are applicable to 2-yr Professional M.Phil in Clinical and Rehabilitation Psychology. Except the nomenclature, there is no similarity between UGC-regulated research M.Phil and RCI-regulated professional M.Phil. These issues are discussed at length in an expert meeting held on Sept. 17, 2020 and based on the deliberations the Council issued a notification appealing to all Universities in the country to continue M.Phil Clinical and Rehabilitation Psychology in the present manner. Accordingly, we are happy that all 40+ universities in the country are abiding by this decision and continuing and supporting M.Phil Clinical and Rehabilitation training program.

In view of these, it was strongly recommended that the RCI should take step towards this end and write immediately to UGC, Ministry of Higher Education and Ministry of H&FW, GOI requesting exemption from NEP 2020 that come under the ambit of the Council and to facilitate a Circular by the concerned Ministry. The Expert Committee members will submit a draft in this regard to the Council.

- a) **Review of eligibility criteria/minimum standard requirement as per RCI MRR, 2021**—Presently, Model Recruitment Rules (MRR) have been developed for the entry level i.e. Asst. Professor of Clinical Psychology. Though the eligibility criteria/minimum education and experience required for the post of Associate Professor and Professor is available in the regulations but the same has not been discreetly adapted within framework of MRR.

It was recommended that, the Council may form a sub-Committee of 3 experts to develop MRR for other posts in line with UGC guidelines so as to be uniformly followed across the country. The comprehensive MRR along with career progression in Clinical and Rehabilitation Psychology may be presented in the next Expert Committee meeting or circulated officially among the members for their comments. The final document can be forwarded by the Expert Committee to the Council for taking it forward to the next level of approval. Meanwhile, RCI may write to all training centers to strictly comply with MRR and make no compromise on the eligibility criteria while recruiting faculty members at different level.

- b) **Queries with regard to modification of educational qualification, and feasibility of conducting an examination for Ph.D. holders for registration as Clinical Psychologist like done once in the past (EC3 – Examination for Certifying Clinical Competency)**—The educational qualification and the requisite experience that are mentioned in the respective course regulations hold good and no modification has been proposed. All training centers are required to comply with these regulations.

EC3 (Examination for Certifying Clinical Competency) that was thought as relevant in late 2000 and early 2010 are no longer relevant in the present scenario. When it was conceptualized there were only about 12-15 centers of M.Phil training, there were large number of personnel who claimed to have a long experience in the area of mental

health and they had strong desire to get registered professionals and so on. Today with the Allied Health Commission the non-qualified practitioners, as per RCI norms, find a place under the ambit of Allied Health Science Act. So there are no valid reasons to the Council to invest meager resources for conducting a qualifying examination. No such examinations to be considered for registration or equivalence as Clinical or Rehabilitation Psychologist.

c) **Any other matter**

- i) Unanimously decided that the training program in Clinical/Rehabilitation psychology cannot be conducted in distance/online mode as the professional education and training get compromised.
- ii) Ph.D. may not be considered as qualification for registration as Clinical or Rehabilitation Psychologist.
- iii) Registration under State Mental Health Authority by the RCI registered Clinical Psychologists is mandatory as per NMC Act 2017.
- iv) Sending reminders periodically to Universities, Institutes and Health department regarding the qualification for the recruitment of the professionals, adhering to pay scale recommended, role and responsibilities of the qualified professionals and on such other matters is highly recommended.

XI. Minutes of the Meeting of the Committee to obtain sector specific inputs for the National Curriculum Framework prepared by NCERT held on August 12, 2022 at 3.00 pm through Video Conferencing at RCI.—At the outset, Shri Vineet Singhal, Member Secretary, RCI and Chairperson of the Committee welcomed the members and briefed about the agenda of the meeting. He stated that consequent upon introduction of New Education Policy 2020, the responsibility to prepare National Curriculum Framework was given to NCERT. A National Steering Committee has been set up by Ministry of Education under the Chairmanship of Dr. K. Kasturirangan, Consultations to lead and guide the committee to obtain sector specific inputs for NCF. The first meeting of this committee held on 8th August was attended by him and as per the discussion, specific inputs are to be provided for 25 themes on Guidelines for position papers for the development of the National Curricular Framework prepared by NCERT. He further stated that it is a time bound task.

Dr. Jayanti Narayan and Dr. Varsha Gathoo mentioned that during preparation of earlier NCF they had been part with NCERT, however, they were involved then only for inclusive education. The NCF guidelines prepared now on the basis of NEP, 2020 are very elaborative and broad. Hence, it is essential to submit inputs on each theme with respect to disability.

After detail deliberations following was decided unanimously:

- a. The experts will select themes from the 25 themes and prepare their comments
- b. All comments will then be discussed by the experts on 16/17

- c. Meeting may be conducted on 18 August for finalization of the inputs to be submitted to DEPwD

Shri Doshi apprised the members on the proposal. He informed that the BPO condensed course syllabus has the provision of 6 months compulsory internship wherein 50% is to be completed at parent institute and remaining 50% outside the parent institute like hospital set ups, etc. Due to Covid pandemic, the Council had already issued a Circular for candidates working in Govt. Hospitals, departments, etc. The candidates working in private clinics, hospitals, etc. are demanding the same. A letter in this regard is also sent by Govt. (CL&SC) Spine institute, Ahemdabad.

After detailed discussion, the following recommendation was made:

As advised by Govt. (CL&SC) Spine institute, Ahemdabad same may be considered by adding minimum five years of experience. The following decision may be communicated 'to permit the BPO condensed course students to complete their remaining internship at their respective workplaces or at any other institution in their city under the Supervision of a qualified P&O professional having minimum five years of experi-

ence with RCI registration and to provide their work done, attendance, Supervisor details and NOC in hard copy as proof to the Govt. (CL&SC) Spine institute, Ahmedabad’.

After deliberation all the expert members recommended not to consider any such request without RCI approved qualifications for registration and same may be clarified to Safdarjung Hospital.

Agenda IV: Revision of Bachelors and Masters curriculum in the light of NEP 2020

The Chairperson briefed the committee on the most important aspects of NEP 2020 like multiple entry and exit, broad-based multi-disciplinary holistic education with exposure to science, arts, humanities subjects, creative combinations of study, and a true choice based credit system and their implication for programs in Prosthetics and Orthotics.

Though the members generally welcomed NEP 2020 and appreciated its positive features, they were apprehensive about its applicability to programs in the disability sector, in general, and prosthetics and orthotics, in particular. After detailed discussion, the following recommendations were made at the meeting:

- a) Multiple entry and exit is not practical because this being a professional program, a student will be a true professional only after he/she completes the stipulated 4 years of study just like a doctor can practice medicine only after completing 5 1/2 of stipulated study (MBBS). Multiple exits (at one year, 2 years etc.) will only result in half-baked products that will be dangerous.
- b) Implementation of a multi-disciplinary holistic education, as envisaged in NEP 2020, in prosthetics and orthotics training programs will only dilute the standards of the latter program. Students will not have enough time to study the core subjects of Prosthetics and Orthotics to the required depth to become true professionals.

- c) Implementation of NEP 2020 may even lead to suspension of constitutional bodies like the RCI, which is unacceptable. We need an apex body like the RCI to deal with training issues in the disability sector as against a very broad and general apex body like the Higher Education Council of India as proposed under NEP 2020.
- d) The Council should write to UGC, Ministry of Higher Education and Ministry of H&FW, GOI requesting exemption for training programs in the disability sector from NEP 2020 as they have done for medical and law education. Training programs in the disability sector are akin to medical programs and thus this exemption is well justified.
- e) The Council should write to all the Universities (at least those Universities which conduct training programs in the disability sector) that the Council is examining the issue of implementation of NEP 2020 in training programs in the disability area. RCI is in the process of requesting the GOI to exempt training programs in the disability sector from implementing NEP 2020. Therefore, the Universities should not insist institutions running training programs in the disability areas to implement NEP 2020 until they hear from the Council.

Agenda V: Review of Model Recruitment Rules, 2021 regarding eligibility criteria/minimum standard requirement—After detailed discussions, the expert committee made the following recommendations:

- a) The Council should write to the ministry of Health and Family Welfare, GOI, State Governments, NMC, ESI and other institutions on the 'Model Recruitment Rules' of RCI. General recommendations

The experts made the following recommendations to come into effect prospectively:

2. The Council should notify the above information in public domain (Notify it in RCI website and also send a communication to same major institutes in the country).
3. The Council should issue a Circular to all approved institutes conducting approved training programmes to appoint only those professionals/personnel who have a valid RCI Registration number to faculty / teachers / clinical staff positions at their institutions failing which approval given for one or more training programs will be withdrawn by the Council.

Separate Audit Report of the Comptroller & Auditor General of India on the Accounts of Rehabilitation Council of India for the year ended 31 March 2023.

1. We have audited the attached Balance Sheet of Rehabilitation Council of India as at 31 March 2023, Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under Section 19(2) of the Comptroller & Auditor General's (Duties, Powers & Conditions of Service) Act, 1971 read with Section 21(3) of the Rehabilitation Council of India, Regulations 1997. These financial statements are responsibility of the Council's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. This Separate Audit Report contains the comments of the Comptroller & Auditor General of India (C&AG) on the accounting treatment only with regard to classification, conformity with the best accounting practice, accounting standards and disclosure norms, etc. Audit observation on financial transaction with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Report/ C&AG's Audit Reports separately.
3. We have conducted the audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.
4. Based on our audit, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - ii. The Balance Sheet, Income & Expenditure Account and Receipt & Payments Account dealt with by this report have been drawn up in the common format approved by the Ministry of Finance.
 - iii. In our opinion, proper books of accounts and other relevant records have been maintained by the Rehabilitation Council of India as required under Section 21(2) of Rehabilitation Council of India Regulations, 1997 in so far it appears from our examination of such books except Investment Register and Advance Register.
 - iv. We further report that:

A. Balance Sheet

A.1 Assets

A.1.1 Investment (Schedule-8; Rs.9603.45 Lakh)

A.1.1.1 As per Schedule-8 (Investment), the total value of investment under National Board of Examination in Rehabilitation (NBER) account at the end of the financial year was Rs.31.03 crore, however, as per certificates from the banks the total value of the investment at end of the financial year was Rs.32.09 crore. This has resulted in understatement of Investment by Rs.1.06 crore and understatement of NBER fund by the same amount.

B. General

B.1 National Board of Examination in Rehabilitation (NBER) was set up as adjunct body of RCI and is registered under the Societies Registration Act, 1860 with the aim to conduct examination, to decide the qualification of examiners and the condition of admission for RCI approved certificate in Diploma level courses. Memorandum of Association of NBER Para 12.4 read with Para 12.3, mandates maintenance of separate accounts of NBER which are to be audited annually by CA in such manner as the Central Government may direct.

In contradiction to this, the Council is accounting for NBER fund under Schedule-3; Liabilities, instead of NBER maintaining its own separate annual account in accordance with above provisions of MOA.

B.2 The Council has not made provision for leave encashment and gratuity on actuarial valuation in contravention of the Uniform format of Accounts approved by the Government of India, Ministry of Finance and also in contravention of AS-15.

- B.3** Interest earned on accounts (Fixed Deposits and Savings bank account) in respect of GPF, Pension, NBER In-Service Training Programme, RCI main Account (Savings only), RCI Project Account (Savings) and interest on loans to staff is being accounted by Council on Cash basis instead of accrual basis. This is in contravention of Uniform Format of Accounts and also Accounting Policy 4 of the Council.
- B.4** Grants-in-Aid amounting to Rs.15.78 lakh have been lying unused for a period ranging from 3 years to 18 years as detailed below:

Amount in Rs.		
S.No.	Head	Amount of liability
1	Grant in aid (Spl.Com. for SCs)	237.00
2	Grant in aid (Tribal Area Sub-Plan (STs))	311.00
3	Land and Building (Plan)	883365.00
4	Training to Medical Officer PHC	359484.00
5	NPRPD Scheme	20469.00
6	MPBOU	151625.00
7	Trained Manpower Development	47801.00
8	WHO Workshop	115000.00
	Total	1578292.00

Necessary action to settle these balances may be taken by the Council.

- B.5** Fixed Assets included an amount of Rs.7.71 lakh as “Capital works in progress”. The amount was unadjusted advance with CPWD due to arbitration, in respect of construction of building, which was put to use since 2004. The same has not been disclosed in Schedule-19 Significant Accounting Policies, Contingent Liabilities and Notes on Accounts. This was also pointed out in previous SAR’s, however no corrective action has been taken.

C. Grants-in-Aid

The Council received a Grant in aid of Rs.640 lakh during 2022-23 from Ministry of Social Justice & Empowerment out of which Nil Grant-in-aid was received during the month of March 2023. It had unspent balance of grant-in-aid of previous year of Rs.94.90 lakh. Out of the total funds available the Council utilized a total sum of Rs.720.27 lakh leaving an unspent grant of Rs.14.63 lakh.

D. Management letter

Deficiencies which have not been included in the audit Report have been brought to the notice of the Rehabilitation Council of India (RCI) through a management letter issued separately for remedial/corrective action.

- v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report are in agreement with the book of accounts.
- vi.
