Circular

It has been observed that due to the multiplicity of various committees, the decision-making and functioning of the Council at times tends to become too bureaucratic and slow.

In view of the recent policy of the Government of India, which encourages 'De-regulation' and 'Ease of Doing Business', it has been decided to revamp the organisation and working of the committees. To ensure this, the Council has decided to revise the existing Committees. In light of this, except for the General Council (GC) and the Executive Committee (EC) of the Rehabilitation Council of India, all the other present Committees, Core committees, and Sub-committees under RCI and NBER stand dissolved w.e.f. 06.10.2025.

The issue of essential committees needed in RCI and its criteria for constitution, selection, eligibility, etc. will be decided in the next EC meeting of RCI.

This issues with the approval of competent authority.
