- (iv) The House further decided that discontinuation of the Zonal Coordination Committees (ZCC) in the year 2022 be reviewed keeping in view their constitution in past and its usefulness for effective monitoring of RCI approved training programmes.
- (v) The Chairperson allowed to place before the General Council Dr. Om Prakash's letter No. 78/2025 dated 19.03.2025 and discussed the same pertaining to the following points:
 - a) Implementation of Centralized Counselling for D.ED Special Education Admission

No provision of General Pool Residential Accommodation (GPRA) to RCI staff

Non parity of salary and allowances of the position of the Chairperson, RCI with equivalent other statutory positions.

The General Council was apprised that the grade pay parity was maintained at par with the CSS officers till 5th Pay Commission. The anomaly came into effect from the 6th CPC recommendations. The matter was taken up time to time with the Ministry. However, the same was not agreed to. The issues at point vi. - b), c) & d) were also taken up by RCI with the administrative ministry from time to time and the proposals were not decided favourably.

The General Council strongly recommended that all these issues be taken up again with the Ministry for extension of pay, perks and other facilities at par with the CCS and other regulatory/statutory bodies to maintain their parity, as RCI staff and its authorities have been entrusted with a very higher nature of responsibilities and depriving them from what is due for them would amount to injustice not only to the RCI functionaries but also to the special class of people to whom they are serving and it will have a demoralizing effect upon them.

Meeting ended with vote of thanks to the Chair.

Procedure for standardization of programmes in the field of Disability Rehabilitation and Special Education

EXPERT COMMITTEES

To carry out the purpose of the Rehabilitation Council of India Act, 1992 (as amended in 2000), the Council constitutes various Expert Committees under Sub-Section (1) of Section 7 of the RCI Act from time to time. The list of the Expert Committees is placed at **Annexure 2.2. to 2.12**. Functions of the Expert Committees are as given below:

- To recommend the courses, its duration, subject for examinations and standards of the proficiency to be obtained in any University or Institution for grant of recognized rehabilitation qualifications.
- To recommend the minimum standards of the staff, equipment, accommodation, library and other infrastructural facilities for institution and training of the rehabilitation professionals.
- Any other related matter.

The meetings of the Expert Committees organized during the period and the gist of the discussions and decision taken are as under:

- i. Core and Expert Committee meeting was held on 22nd and 23rd April on ISITEP under the Chairmanship of Dr. Sharanjeet Kaur, Chairperson, RCI at RCI, New Delhi. In the meeting the following were discussed:

"Prof S.R. Mittal and Dr. Jayanthi Narayan informed the members about the need and rationale for the structure and how by holding consultative meets of the core committee the draft structure was developed and circulated to the members.

Dr. Bharati provided a brief historical perspective on the evolution and transformation over the years in the context of various legislations and Acts including the National Education Policy and various Acts such as National Trust Act, RCI Act etc. She stated the need to ensure that the work be allocated to sub-committees so that the work is achieved in the stipulated time.

Dr. Varsha Gathoo presented the draft structure in detail. Dr. Varsha reiterated that after extensive review of ITEP the Integrated Special and Inclusive Teacher Education Program (ISITEP) was developed keeping in mind equivalence with the futuristic scope for multiple entry and exit across all four stage specific specializations – Foundational-Preparatory-Middle and Secondary stage with Disability wise/Inclusive Education. Dr. Varsha explained how the acronym of ISITEP was arrived at by reviewing the general and physical education structure. Similar to the ITEP nomenclature, the dual major degree (B.A/B.Sc/B.Com) along with special and inclusive educator skills has been thought of. She explained that in the current framework of ITEP has the dual degree programs detailed out and so on similar lines we can design the dual degree programs of special and inclusive education. She informed that as and when the multiple entry and exit of ITEP was finalized we can explore how the same could be developed for Special and Inclusive education so as to maintain the parity.

While describing the structure of ISITEP, Dr. Varsha Gathoo informed that it is aligned with the National credit framework requirements and so the dual degree of four years duration has 160 credits. She explained that while all the courses and their titles of ISITEP were on similar lines of ITEP, one of the courses be replaced by the course of Introduction to disabilities. Additions to elective courses such as Life and career skills, Positive behaviour support, Supportive skills for education of persons with disabilities were explained. the need for rewording some other course titles such as Foundations of General, Special and Inclusive education was also informed. Dr. Varsha while explaining the 7 components, explained how the structure has vertical and horizontal courses and how they differ across the 4 stages. She informed that the section 4 of content and pedagogy would be disability and stage specific. With respect to the courses in ISITEP, it was explained how amalgamation could be done with the recently developed RCI B.Ed Special education syllabi of 2024. This was in specific reference to basic research, reading, reflective practices under Language, school experiences to develop skills includes supportive skills training such as functional academics, assistive technology etc. and in section 7 the addition of Community Based Rehabilitation could be done. (The presented structure is annexed)

After the presentation the members present had a detailed discussion and there were also a few suggestions and concerns with respect to certificate and Diploma program duration, multiple entry and exit, employment opportunities and the impact of 4 year dual degree programs. Concerns were also raised regarding credit assigned for practicals especially the skill based courses of Braille and Sign

language. It was also suggested not to amalgamate Reading and reflective practices with Language I and II. Concerns for standalone training institutions and the capacity of the institution for conducting ISITEP was also discussed. There was a suggestion to have the word "equity" into the nomenclature of the program, however the same was discussed that it was incorporated into one of the courses titles. Discussion on theory to practical relative weightage was also discussed, to which Madam Chairperson stated that these matters she will leave it to the best collective wisdom of the expert committee members.

The Nomenclature and the Draft Framework of ISITEP was largely accepted by the members present at the meeting. It was discussed that an approval of minutes smaller working groups be developed and work to be assigned keeping in view the notification deadline."

4.9.4 Challenges being faced by the Council at present

RCI has been promoting the highest attainable standards in the development of human and material resources, towards preparation and delivery of composite services in education, training, rehabilitation, skilling of persons with disability by integrating the latest technology and evidence based practices. The Council consider the training of rehabilitation professionals in un-served and underserved areas of the country as its one of the priority areas. RCI has taken up the challenge of training of professionals in cross disability area so that a professional can cater quality service to children, adults belonging to any disability category; hence it would facilitate inclusion and multi-sectoral convergence, which lead persons with disabilities to live independently, confidently, and productively in their own communities.

RCI is committed to implement NEP 2020 in letter and spirit. As recommended by NEP 2020, RCI approved programmes and courses follow National Credit Curriculum Framework. As mentioned earlier, most of the training institutions are managed by non- government organisations (NGOs) and self funded. Demand to improve the quality of training through added resources is challenging since these institutions are neither funded by the government nor receive any grant-in-aid for such training programmes. Hence, the council strategically takes gradual steps where resources are to be arranged.

Experiential learning has been given due importance across the curricula meant for training of rehabilitation professionals. Students of rehabilitation professional programmes are required to acquire necessary employability and soft-skills as part of the curriculum. Strict regulation is in place to maintain optimal student-teacher ratio in order to impart quality professional training. The council has taken necessary steps to make faculty development programmes as a year-round activity to keep the faculty updated with national priorities and the latest developments.

5.9.6 The Challenges perceived by the Professional Council for such transition as the Professional Standard setting Bodies as Part of HECI

RCI regulates Programmes of various durations and levels covering grassroots level rehabilitation workers, professionals and master trainers. The transition as the Professional Standard Setting Bodies (PSSB) from a professional council would lead to the following:

- (i) it would multiply constraints of manpower which is already exist; there would be need of group of senior academic professionals to strengthen the academic activities of PSSB in order to support General Education Council of HECI,
- (ii) unless the monitoring and recommendation of approval for the regulation of HEIs to NHERA is not entrusted to PSSB, it would be challenging for RCI as PSSB to maintain coordination for coverage of 16 categories of professionals under its human resource development activities and wherein each area disability has its unique characteristics and needs;
- (iii) the NHERA may find challenges in enforcing professional standards and quality training for an emerging area that require staff who have specialized training and orientation; hence monitoring and recommending actions related to regulation is not being entrusted to RCI."
- (iv) A virtual meeting under the Chairmanship of Secretary, DEPwD, Shri Rajesh Aggarwal (IAS) held on 19.07.2024 for discussion on the establishment and strengthening of Disability Study Centre at various universities/institutions.
- (v) The Council has issued a circular dated 20.09.2024 with regard to the adoption of course. The Council has received six proposals from the different institutes. First meeting of experts with the concerned institutions was held on 13.02.2025. Based on the comments of the Experts the institutions will incorporate in their respective syllabus and thereafter again a meeting of experts may be called for finalization.

- (vi) A meeting of the Experts Committee and stakeholders of P&O group for finalisation and submission of the BPO and MPO course curricula was held on 22.10.2024 through hybrid mode under the chairmanship of Member Secretary, RCI
- (vii) A meeting of experts was held on 07.11.2024 at RCI for finalization of the draft MoU between NCTE and RCI.

An expert from DEPwD delivered the lecture on the subject. Noting and drafting in Hindi are integral to the functioning of government offices in India, aligning with constitutional mandates and promoting administrative efficiency. Article 343 of the Indian Constitution designates Hindi as the official language of the Union, and the Official Languages Act, 1963, along with the Official Languages Rules, 1976, further stipulate the use of Hindi for official purposes. Specifically, Rule 8 of the Official Languages Rules allows government employees to record notes or minutes on files in Hindi without the need for translation into English, provided the employee possesses proficiency in Hindi.

This practice ensures that official communications are accessible to a broader segment of the population, particularly in Hindi-speaking regions, fostering inclusivity and transparency. Moreover, it enhances administrative efficiency by reducing reliance on translations and facilitating quicker decision-making processes. In essence, the use of Hindi for noting and drafting not only complies with legal requirements but also strengthens the connection between the government and the people it serves.

The Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards, disclosure norms, etc. Audit observations on financial transactions regarding compliance with the Law, Rules and Regulations (Propriety & Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection reports / CAG's audit reports separately.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements of Rehabilitation Council of India (RCI), read together with the accounting policies and Notes thereon and matters mentioned in the Separate Audit Report, which follows, give a true and fair view of the financial position of the autonomous body as at March 31, 2025, and (of) its financial performance and its cash flows for the year then ended in accordance with uniform format of accounts.

Basis for Qualified Opinion:

This resulted into the overstatement of Income of the Council and understatement of prior period income by ₹ 21.07 crore.

We conducted our audit in accordance with the CAG's auditing regulations / standards / manuals / guidelines / guidance-notes / orders / circulars etc. Our responsibilities are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the autonomous body in accordance with ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements.
