Strengthening Child Protection System in Rajasthan

Children are recognized world wide as supreme assets of the State and they need priority and focus in developmental and welfare policies of the state, however, despite Constitutional provisions enough attention is not paid.

The Juvenile Justice (Care and Protection of Children) Act, 2015 and the POCSO Act, 2012 are enacted to extend care and protection to children who experience abuse, violence, exploitation and facing hostilities of legal system; though various stakeholders are working under Juvenile Justice System i.e Child welfare Committees, Juvenile Justice Boards, Special Juvenile Police Units, Child Care Institutions but they are facing adversities in imparting procedures as defined under these Acts.

The Child Protection is not a new area of attention but the functionaries are still facing several challenges due to poor understanding of related provisions of the law.
