3. INTRODUCTION

3.1 Directorate of Training & Technical Education, Govt. of NCT of Delhi

Directorate of Training and Technical Education is entrusted with the responsibility of providing trained technical manpower for the technological up gradation of industrial production, services, productivity and innovation, contributing to the planned growth of the country's economy. With a view to achieving the above objective, Directorate strives for systematic planning, development, implementation, monitoring and evaluation of programs and policies relating to technical/vocational education.

Under DTTE, there are 19 nos. Government ITIs and 36 Private ITI's offering various certificate and short-term courses under various government schemes

During current online admission, the available seats are being offered under CTS and DST schemes. Their details are as given below:-

3.2 CRAFTSMEN TRAINING SCHEME (CTS)

The Craftsmen Training Scheme (CTS) was introduced by the Government of India in year 1950 to ensure a steady flow of skilled workers in different trades through the vast network of ITIs spread over various States / Union Territories in the country. The scheme is vital in the field of vocational training, as it has been shaping craftsmen to meet existing as well as future manpower needs.

Vocational training is a concurrent subject of both Central and State Governments. The trades whose syllabus is designed by **National Council of Vocational Training** are called NCVT designated trades, they look after the development of training schemes at national level as regard laying of training standard, norms, conducting of examinations, certifications etc. and the courses which are being looked after by state level body are under **State Council of Vocational Training (SCVT)**. NCVT designated trades may be affiliated from NCVT or from SCVT as per affiliation status of trade at individual ITI level.

Some of the courses are being implemented under **Dual System of Training (DST)**, wherein industries and establishments partner with government and private ITI's, to impart theoretical training at ITI levels and practical training is being imparted through the industry, so as to fulfill their skilled manpower requirements.

The restructured CTS courses are of 1200 hrs/year learning hours and 150 hrs / year of On Job Training/Group Project and optional 240 hrs / year of add on/short term/Language courses.

Every year 150 hours of mandatory OJT (On the Job Training) for trainees is arranged in nearby industries. In trades wherever OJT is not available, then alternatively group project of equivalent duration is mandatory.

NOTE: A total of 11856 seats under 14 sectors are being offered in 58 no.s of for CTS regular and DST modes during Admission Session 2025-26 to the prospective candidates.

3.3 ASSESSMENT & CERTIFICATION

The trainee will be tested for his/her skill, knowledge and attitude during the period of course through formative assessment and at the end of the training programme through summative assessment as notified by the DGT from time to time.

The Continuous Assessment (Internal) during the period of training will be done by **Formative Assessment** Method by testing for assessment criteria listed against learning outcomes. The training institute has to maintain individual trainee portfolio as detailed in assessment guideline. The marks of internal assessment will be as per the formative assessment template provided on www.bharatskills.gov.in

The final assessment will be in the form of **Summative Assessment**: The All-India Trade Test for awarding NTC will be conducted by Controller of examinations, DGT as per the guidelines. The pattern and marking structure are being notified by DGT from time to time. The learning outcome and assessment criteria will be basis for setting question papers for final assessment.

3.4 PASS REGULATION

For the purposes of determining the overall result, weightage of 100% is applied for six months and one-year duration courses and 50% weightage is applied to each examination for two years courses. The minimum pass percent for Trade Practical and Formative assessment is 60% & for all other subjects is 33%.
