

The month of October is globally observed as the National Cyber Security Awareness Month (NCSAM), with an aim to increase cyber security awareness among the public and private sectors, which in turn enhances the overall cyber resilience of the nation.

The theme for campaign this year is "See yourself in Cyber", which has particular emphasis on the aspects of Cyber Security related to "people". ISMO has initiated campaigns in this regard.

All State based organizations have been requested to initiate campaigns related to Cyber Security with a special emphasis on end users within their organizations. Some of the aspects of end user management need special mention:

- a. Enable Multi-factor Authorization
- b. Use Strong Passwords.
- c. Recognize and Report Phishing / Smishing / Vishing
- d. Avoid falling into financial fraud traps.
- e. Keep Software updated
- f. Be cyber security aware on Social Media.

Wish a successful Cyber Security Awareness Month of [October 2022](#) !!!
