27	21	08	02	02	01	25	13	00	01	00	00	03	01	62	38

Outcome:

After completion of this Continuing Rehabilitation Programme the participants are clear on:

- Assistive Devices an Overview
- Use of Accessible Devices for Persons with Visual
- Use of White Cane as a Mobility Device by Visually Disabled Persons
- Low Cost Assistive Devices & Technology in Mobility, Communication, Self-care & Learning for MD
- Role of Assistive Technology for Cerebral Palsy

- Assistive Listening Devices
- Assistive Technology in Inclusive Education
- Assistive Technology for Pediatric Rehabilitation
- Assistive Devices for Hand Writing Skills
- Recent Advanced Technology for Hearing Impaired Individuals
- Barriers to the Assistive Devices

Evaluation of the Participants:

As per the RCI's guidelines for conducting online CRE program, the evaluation of the participants is one of the most important segments. All the participants were evaluated after each and every technical session. All the participants crossed 70 percent passing marks in the first or second attempt. (Copy of excel sheets are attached for reference purpose).

Feedback of Participants:

All the participants were happy with this 3-day CRE programme. According to feedback given by most of the participants, topics selected were very useful and hoped that it will be of immense help in the near future.

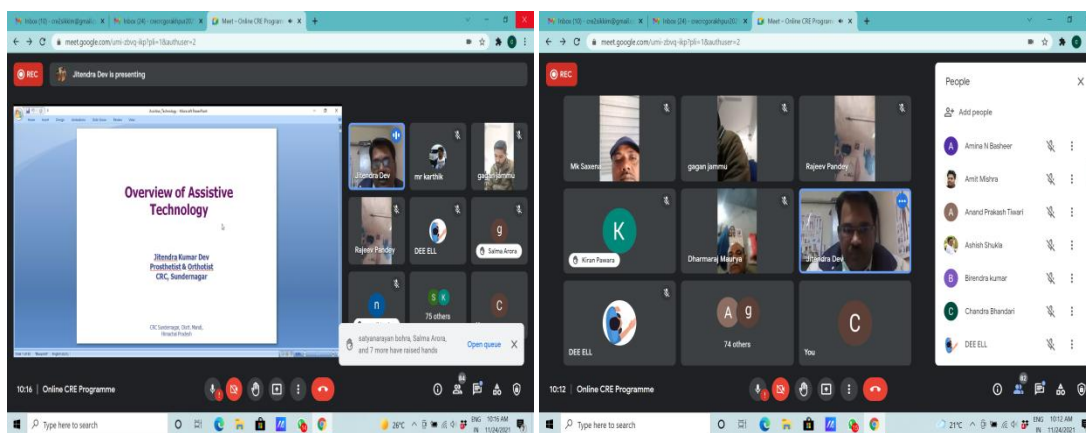

Feedback of Resource Persons:

Most of the Resource Persons were eminent personalities in the rehabilitation sector selected from all over the country. Some were from CRC-Sikkim. During the training sessions resource persons shared their experiences and gave important information and valuable inputs to the participants. According to feedback from the resource persons, the arrangement and management of the programme was excellent and expressed their happiness to be a part of this Online CRE.
