## Objective of Seminar

The seminar is conducted to aware aspirant students for

- Requirement of DDCET Examination
- Syllabus and Question Pattern of DDCET Examination
- Steps for online registration for DDCET examination
- Process of Hall Ticket and examination details
- General Query and FAQs
- Result of DDCET examination
- Steps for online admission after DDCET examination
- Merit Preparation for Diploma to Degree Admission

# Requirement of DDCET Examination

- **Less intake available for Lateral Entry** : Per Institute per course 10% plus vacancy of first year

## Possible Criteria for admission and merit

## Issues in real time situation for merit preparation

Merit based on final year marks of University examination

It is not possible to prepare common merit list as different University – more than 30 University in State by 2025

Merit based on entrance examination of Diploma Subjects

It is not possible to decide same difficulty level for all subjects like mechanical, civil, Computer. And AICTE also allows to change branch. Percentile is also not possible as there are very limited students in some branches.

Existing pro-rate based admission

It is not perfect way to allocate seats. In one college one program only 20 seats are available. If we distribute in category and different eligible boards (30 Boards) in such case it may be possible that one small board will get seats after 5-6 years in respective branch.

**In larger benefits of students and justified manner of preparation of merit, State Government has introduced DDCET Examination.**
