Sub. : Admission into 1st year of 5-year B.Arch. degree at institutions approved by the Council for the academic session 2024-2025 based on the NATA 2024 Score– reg.

Dear Sir/Madam,

As you are aware, the Council of Architecture, a Statutory Body of the Government of India, regulates the Architectural Education throughout the country under the provisions of the Architects Act, 1972. As per the Regulations prescribed by the Council under the Act, all candidates are required to qualify an Aptitude test in Architecture prior to admission into 1st year of 5-year B.Arch. degree at institutions approved by the Council in the country.

In this regard, I have to inform you that the Council of Architecture has been conducting NATA 2024 on all Saturdays and Sundays starting from April to July, 2024 at various Test centres located all over the country. The candidates can appear for maximum of 3 attempts in NATA 2024 in one academic year. The best score out of all the attempts shall be considered for declaration of results. Further, the score of NATA Test is valid for a period of 2 academic years.

Many of the candidates who appeared in NATA 2024 since April, 2024 have qualified the test and have started applying for admission in the said course at various institutions/admission authorities in the country. As a result, the Council has been receiving queries from candidates and institutions regarding the commencement of admission process.

In view of the above, all the admission authorities, institutions and universities imparting B.Arch. course in the country are requested to commence the admission process in B.Arch. course for those candidates who have already qualified for NATA 2024. Any candidates who qualify NATA 2024 in subsequent tests, may be considered for admission against the vacant seats available at the respective institutions.

The State Governments and respective admission authorities are requested to kindly proceed with their centralized admission process as per their schedule.

Thanking you,

Yours faithfully,

R.K.Oberoi
