Research and Development

Will the Prime Minister be pleased to state:

(a) whether the Government is aware that most of our Research and Development efforts have been spent on import substitution due to lack of infrastructure and resources and if so, the details thereof;

(b) whether it is a fact that though we can develop the required reactor technology, it would take a long time and efforts to bring it to the international level; and

(c) if so, the details thereof along with the steps taken/being taken by the Government in this regard?
