Preface

21st June was recognized as the International Day of Yoga (IDY) by the United Nations General Assembly (UNGA) in December 2014 at the initiative of Prime Minister Shri Narendra Modi. The IDY Resolution (Appendix 1 in Section J) moved by India secured unanimous consent, which was a record in itself. Since 2015, the IDY has been an occasion that is observed around the world with great enthusiasm and fervor.

The observance of the Day is not tokenistic but serves the purpose of highlighting the immense potential of Yoga to enhance the physical, psychological, and emotional aspects of wellbeing. IDY over the years has not only boosted Yoga's popularity but also expanded its geographical presence by inspiring its adoption in several new territories. The event has also triggered new advances within the field of Yoga, such as the development of universal Yoga protocols for people of all ages, the development of specific protocols addressing lifestyle diseases, and research in developing Yoga as a potential productivity-enhancing tool.

In India, the Ministry of Ayush (MoA) (<https://ayush.gov.in>) plays a nodal role every year in the mobilization of efforts for the observance of this Day, however, the endeavor to drive awareness and adoption of Yoga worldwide cannot be achieved working alone. All through the past eight years of IDY observation, partnerships forged by the Ministry with key stakeholders like other Central Ministries, States/UTs, Leading Yoga Institutions, Yoga Centers, Independent Practitioners, Educational Institutions, Non-Governmental Organizations, and other Civil Society Organizations have been critical in the success achieved in inspiring an increasingly larger number of people year after to be a part of IDY. These stakeholders made valuable contributions in promoting the spirit of participation in IDY on a wide scale, thus converting IDY into a mass movement for health.

MoA is releasing the revised version of The IDY Handbook containing reference material for organizers of promotional activities for IDY- 2023, to enable faster, easier, and smoother planning and implementation of such activities. The Handbook through the standardization of activities will also help to strengthen the collaborations among the different stakeholders in organizing activities for IDY-2023. The reference material provided herein will enable the organizers to adopt a systematic approach, thus widening the net of potential participants and facilitating a larger number of stakeholders to come on board. The Handbook is structured to provide a background on the IDY, its significance and past achievements and the importance of the Common Yoga Protocol (CYP). It will indicate how individuals and institutions can get involved to make IDY a truly universal event. The Ministry has also included in the Handbook a list of publicly accessible digital resources which can be leveraged by organisers, and suggestions on the various activities which can be conducted by each.

The Ministry is always striving to innovate and deepen its relationships with the various stakeholders of IDY – this is essential to create a sustainable impact that goes beyond the day of IDY. Consequently, the Ministry invites stakeholders to have a conversation with us to explore how additional initiatives can be undertaken in collaboration. To facilitate this and see how the Ministry can collaborate with your esteemed institution, you can reach out to Shri Vikram Singh, Director, Yoga and Naturopathy Cell, Ministry of Ayush at vikramsingh-cea@gov.in or 011-24656863.

Your comments, suggestions, efforts, and other contributions towards this global health-seeking effort would be highly appreciated.

A. What is IDY and how is it observed?

Recognizing the universal appeal of Yoga, owing to its demonstrated benefits for health and towards stress-relief, the United Nations General Assembly (UNGA) proclaimed 21st June as the International Day of Yoga (IDY) on 11th December 2014, by resolution 69/131 (shared as Appendix 1 in Section J). The draft resolution establishing IDY was proposed by India and endorsed by a record of 175 Member States. The proposal was first introduced by Hon'ble Prime Minister, Shri Narendra Modi in his address during the opening of the 69th session of the General Assembly, in which he said: "Yoga is an invaluable gift from our ancient tradition. Yoga embodies unity of mind and body, thought and action- a holistic approach that is valuable to our health and our well-being. Yoga is not just about exercise; it is a way to discover the sense of oneness with yourself, the world, and the nature."

Since 2015, this Day has been observed all over the world in ever-growing numbers of participants. The observation of IDY reminds the individuals and populations to make healthier choices like the practice of Yoga and follow such lifestyle patterns to foster good health. In this regard, the World Health Organization has urged its member states to help their citizens reduce physical inactivity, which is among the top ten leading causes of death worldwide, and a key risk factor for non-communicable diseases, such as cardiovascular diseases, cancer, and diabetes. It is thus clear that observing IDY is an opportunity to make people across the globe aware about the rewards that Yoga offers for health and well-being and to build enduring public interest in it by highlighting how these rewards can be secured through rather easy and cost-effective efforts.

As the nodal Ministry, the Ministry of Ayush (MoA) has been actively collaborating with a multitude of stakeholders from different domains in this endeavour, championing the cause of Yoga for the betterment of the health and well-being of the community.

Past International Day of Yoga (IDYs)

The 1st IDY was inaugurated on 21st June 2015 by Prime Minister, Shri Narendra Modi. The event also registered two Guinness World Records, the first for 35,985 people practicing in a single Yoga session at a single venue and the second for most nationalities (84) participating in a Yoga lesson. The event was recognized and celebrated across 170 countries including USA, China, and Canada. Since then, the event has been observed globally with utmost zeal and vigour and has acquired the character of a mass movement. The main national event of IDY 2016 was held at Chandigarh, 2017 at Lucknow, 2018 at Dehradun and 2019 at Ranchi. Prime Minister Shri Narendra Modi led the harmonious mass demonstrations of Yoga based on the Common Yoga Protocol (CYP) at each of these venues. Further, thousands of such Yoga demonstrations - big and small, and organized by diverse stakeholders - marked these IDYs, across virtually every nook and corner of the country.

However, IDY 2020 and 2021 marked a departure from the earlier observations due to the COVID-19 pandemic forcing people across the world indoors and halting congregational activities. This necessitated a safer outlook towards IDY observance, and digital channels provided the solution. The themes for the IDY 2020 and 2021 were 'Yoga at Home, Yoga with Family' and 'Yoga for Wellness' respectively. No mass demonstrations were organized, yet the people in millions observed both the IDYs at home with their family members.

The Ministry of Ayush (MoA) had made various online resources available on its digital platforms like the Yoga Portal (<https://yoga.ayush.gov.in/yoga/>) and the Social Media handles like YouTube, Facebook, Twitter, and Instagram to provide ample opportunities for people to learn Yoga at home. The Ministry, in association with Prasar Bharati, had made arrangements for telecasting a trainer-led Yoga session on DD National on IDY 2021. Several enhancements were made to MoA's Yoga Portal (<https://yoga.ayush.gov.in/yoga/>) to fully equip it for promoting and hosting IDY 2021.

The Ministry had also issued an advisory on COVID-19, highlighting the importance of regular practice of Yoga to boost the immunity level and combat COVID-19. The advisory was uploaded on the COVID-19 landing pages of various government websites, including MoA's website, and widely publicized through various channels. The existing government platforms like E-Sampark (<http://sampark.chd.nic.in/epayment/index.aspx>) and MyGov (<https://www.mygov.in/>) were leveraged to reach out to multiple stakeholders. Online Be with yoga be at home, Be with Yoga Guru series & Sunday discussion sessions were organized and streamed live on MoA's Facebook page (<https://www.facebook.com/moayush/>) as a part of the promotional campaign for IDY 2020.

To facilitate training from home, a daily telecast of the Common Yoga Protocol (CYP) was organized on DD Bharati. An online curtain raiser event was also organized on 11th June 2021. 100 days, 100 cities and 100 organizations campaign from 13th March 2022 to 21st June 2022 across the globe, including Hall Day Yoga Programmes/Yoga Demonstrations/Workshops/Seminars were conducted through hybrid mode. A 75th day countdown event was organized at the Red Fort in New Delhi. The 50th Day countdown was celebrated at Sivasagar, Assam and 25th day countdown was celebrated in Hyderabad, Telangana. The main event of IDY 2022 was held at Mysuru, Karnataka, where the Hon'ble Prime Minister led the nation in the observation of IDY.

How is IDY observed?

The UN resolution on IDY calls upon all countries, international and regional organizations, as well as civil society, including individuals, to observe the International Day of Yoga raise awareness of the benefits of practicing yoga. The observation of IDY has been structured to be in alignment with the UN resolution. Considering that yoga provides a holistic approach to health and well-being, wider dissemination of information about the benefits of practicing yoga would be beneficial for the health of the world population, and some standard procedures for IDY observation have been designed accordingly. The activities of IDY are designed in such a way that the interest of the participants in pursuing Yoga does not end with the IDY, but sustains even beyond. It has been observed that a notable number of people among the thousands who start learning CYP in the spirit of participation in IDY continue to pursue Yoga even beyond IDY.

In India, the activity at the heart of IDY observation is the harmonious demonstration/performance of Yoga based on the Common Yoga Protocol (CYP), the latter being a specified sequence of Yoga drills of about 45 minutes duration. You may read more about CYP in the next section of this Handbook.

On the International Day of Yoga, the IDY observation is normally a 1-hour activity from 07:00 am to 08:00 am. The CYP is normally performed from 07:00 am to 07:45 am. After 07:45 am, the organizers of the event (or the individuals joining from their homes) may follow any suitable and customized 15-minute programme, which could be a Yoga drill, speech, prayer etc. The activity concludes at 08:00 am.

The option of following the CYP drill from national television on 21st June is also open, and this has the advantage of enabling all the Yoga-followers of the entire country to be in harmony to mark the IDY.

B. What is the Common Yoga Protocol (CYP)?

Common Yoga Protocol (CYP) 45 minutes

PRAYER : 1 Minute

ॐ Samgacchadhvam samvadadhvam, sam vo manāmsi jānatām
devā bhāgam yathā pūrve, sanjānānā upāsate ||

LOOSENING PRACTICES : 6 Minutes

YOGĀSĀNAS : 25 Minutes

KRIYĀ, PRĀṆĀYĀMA, DHYĀNA, SAṆKALPA : 12 Minutes

Shanti Mantra : 1 Minute

ॐ Sarve Bhavantu Sukhinaḥ,
Sarve Santu Nirāmayāḥ
Sarve Bhadrāṇi Paśyantū,
Mā kaścit Duḥkha Bhāgbhavet
ॐ Śāntiḥ Śāntiḥ Śāntiḥ

Common Yoga Protocol (CYP), a specified sequence of Yogasanas of 45 minutes, lies at the heart of the IDY Observation.

It was developed by some of the most accomplished Yoga gurus of India in 2015. Conceived with the need to organize harmonious mass Yoga demonstrations in observance of International Day of Yoga (IDY), it comprises the ideal assemblage of asanas for inducting beginners to Yoga practice. It was designed meticulously so that people from various age groups and all walks of life can participate and reap the health benefits of Yoga. In a short span of eight years, CYP has emerged as one of the most popular introductory programmes for new learners of Yoga.

It is also prepared to disseminate awareness of Yoga among the common people.

On the International Day of Yoga (i.e., 21st of June), the Common Yoga Protocol is normally performed in groups from 07:00 am to 07:45 am. This is an attempt to ensure that the entire country is in harmony in doing Yoga to mark the IDY. After 07:45 am, the organizers of the event may follow any suitable and customized 15-minute programme, which could be a Yoga drill, speech, prayer etc. Thus, the IDY observation is a 1-hour activity from 07.00 am to 08.00 am.

Since the focus of IDY would be on group Yoga demonstrations based on CYP, organizers of each IDY event may take efforts to familiarize the intended participants/general public with CYP well in advance. CYP being 45 minutes -long activity, experts have estimated that it ideally needs 15 hours of training (ideally one hour per day) to learn it. However, even with about 5 hours of familiarization, one can join the CYP demonstration in the spirit of participation. All stakeholders and organizers, therefore, include CYP training/ learning as an important activity in the preparatory efforts of IDY. It is seen from the experience of the last seven years that many of those who learn CYP in the spirit of participation in IDY continue to practice the same even beyond the IDY. Thus, participation in IDY becomes a starting point for the regular pursuit of Yoga.

The PDF versions of the CYP booklet are available in English and Hindi on MoA's Yoga Portal (<https://yoga.ayush.gov.in/yoga/>), which can easily be downloaded from the following links–

Citizens, Yoga Professionals, Central Ministries, State and UT Administrations, Government Departments, Yoga Organizations, Non-Government Organizations (NGOs), Private Companies, Public Sector Undertakings (PSUs), Schools, Colleges, Universities, Gram Panchayats, Municipal Corporations, Housing Societies, Civil Society Bodies etc. can all take up exciting stake-holding roles in the IDY observance. MoA keenly looks forward to collaborating with you and facilitating your efforts.

The following are the suggested initiatives that can be taken up by different stakeholders on the IDY i.e., 21st June 2023, or in the run-up to the IDY:

1. Citizens

Yoga is an invaluable ancient Indian practice with numerous benefits to both physical and mental health. Given the context of the COVID-19 pandemic and its aftermath, the benefits offered by Yoga have become especially important for physical and mental wellbeing. Of particular importance are its proven benefits on general health and immunity, along with its globally accepted role as a stress buster. Citizens can also be actively involved in IDY through the following suggested activities:

You may join the activity from your nearest place, using the national television (which will be telecasting CYP at 07:00 am) or any other appropriate CYP video for guidance (CYP links may be seen in Section F - Digital Resources for Yoga).
- If you are a newcomer to Yoga, this will be a meaningful experience for you. However, you would require some advance training in CYP ahead of IDY, i.e., well before 21st June. You may learn CYP from a qualified trainer or you can use digital resources. CYP training videos are available on MoA's Yoga Portal (<https://yoga.ayush.gov.in/yoga/>) and on MDNIY's website (<http://www.yogamdniy.nic.in/>). E. “हर आंगन योग”

Two years have passed by, even as the world continues to fight the COVID-19 pandemic valiantly. The World Health Organization (WHO) has expressed its concern over the pandemic's impact on people's physical and mental health. In this exacting phase, Yoga with its multi-faceted benefits is proving to be of immense help to the public. Yoga is more than mere physical activity. In the words of one of its most famous practitioners, the late B. K. S. Iyengar, “Yoga cultivates the ways of maintaining a balanced attitude in day-to-day life and endows skill in the performance of one's actions.” These reassuring and redeeming features of Yoga can go a long way in finding balance in our day-to-day lives in the changed reality.

Consistent practice of Yoga helps to improve health and strengthen natural immunity. The practice of Yoga helps in improving one's metabolism, maintaining proper blood circulation, and reducing vulnerability to various ailments like respiratory disorders, cardiovascular diseases, diabetes etc. Yoga also improves mental health and emotional resilience and enables people to cope with fear, anxiety, stress, boredom, depression, and frustration, which are commonly reported in these difficult times.

IDY-2023, therefore, is a timely occasion to usher Yoga, into the thoughts and everyday lives of common people. Taking cognizance of the current situation, it will not be advisable to organize events that require a congregation of people for observing the 9th International Day of Yoga. Therefore, to remind the people across the country about the benefits of Yoga, and to build enduring public interest in the same, it is advised that maximum use of digital, virtual, and electronic platforms be made this year, to spread the message of IDY. All stakeholders are invited to share information to the public in the context of the upcoming IDY, by highlighting its importance and contribution to public health and encouraging the people to observe IDY 2023 by performing the Common Yoga Protocol on 21st June 2023. The message “हर घर-आंगन योग” can be sent out as much as possible. The details and resources on CYP available in Section B and Section F in this Handbook can be utilized in various innovative ways to inspire the citizens to take up learning/performing CYP from the safety of their respective homes.

In response to the emerging scenario, regular Yoga practitioners and people with expertise in this field are called upon to put their domain knowledge and skills to effective use, by teaching Yoga to their family members. Those who are aware of the benefits offered by Yoga can spread the word among their acquaintances, by familiarizing them with the utility of Yoga in warding off diseases. Participation in IDY can be an inspiration point and can help in target-setting for the activity of learning Yoga.

The Ministry of Ayush has made multiple provisions for facilitating learning/ training activities digitally, with various online resources (lists of links for the same have been shared in Section F) available on its digital platforms like the Yoga Portal (<https://yoga.ayush.gov.in/yoga/>) and social media handles like YouTube (<https://www.youtube.com/channel/UCqRR2gs-I3zrNcE4so4TpgQ>), Facebook (<https://www.facebook.com/moayush/>), Twitter (<https://twitter.com/moayush>) and Instagram (<https://www.instagram.com/ministryofayush/?hl=en>), to provide ample opportunities for the people to learn Yoga from their homes.

Additionally, the Ministry of Ayush is encouraging the people to actively participate in scores of engaging contests being organized on its social media platforms and the MyGov platform (<https://www.mygov.in/>), in the run-up to the main IDY event.

All stakeholders were requested to take up the role of ambassadors of Yoga and motivate as many people as possible to support Yoga. You may take recourse to MoA's social media platforms (links available in Section F) and the Yoga Portal (<https://yoga.ayush.gov.in/yoga/>) for constant updates and communications pertaining to IDY 2023 and the promotional initiatives preceding it.
