## Reply for the RTI

With regards to the *first issue* of RTI that there has been discrimination to boys because only female students have been made responsible for attendance cum office bearing by Pro Bono Associates is completely baseless. In this regard, it is for your kind information -

- i. That, as the girls have been given the charge of only opening and closing of the Pro Bono Office, not the power to manage and handle the office.
- ii. **That, we believe, in gender equality because Out of total 97 members (32 are volunteers) 48 are girls and 49 are boys respectively, so there is equal division in the selection of the committee members (49.48% are girls 50.5 % are boys).** This can be verified from the notified document vide. Diary No. **2826 dated 22-03-2023. (Annexure-1).**

Sr No.	Particulars	Total No. of Students	Number of Male Students	Number of female students	% of male students	% of female students
1.	Total number of students in Pro Bono Committee, CUSB	65	36	29	55.38%	44.62%
2.	Total number of students in Pro Bono Committee, CUSB including volunteers	97	49	48	50.52%	49.48%

- iii. As per point 3 of the Notice (**Annexure-2**) in which the office bearing/Responsibility of key is allotted, it is not the female student to whom the responsibility of key is given, will only sit in the office, rather **all the members of both the committees have to be present in the office** and do the assigned work. So in pursuance of that notice in one day members (around 8-10 students) of two different committees have to sit, discuss and work in the assigned area. And whole committee members have to sit in the office at their schedule time i.e., 4:00 PM to 5:00PM committee No.1 and 5:00PM to 6:00PM committee No. 2 and for confirmation that their attendance have been marked on daily basis in the attendance register.

- iv. As the girls of our pro bono club have voluntarily agreed to take the responsibility in office and most boys shown least interest in taking the responsibility of keys, that's why the responsibility of opening and closing of the office is given **to some responsible girls from various years of BALLB, who reside in University hostel or near the University premises.**
- v. That, as per point 5 of the Notice (**Annexure-2**), for opening and closing of the office they have to co-ordinate with the other counterpart of their committees. This clearly shows that they do not have any absolute power to bear key, they have to coordinate with other members which includes boys too. Point 5 itself shows that the key/ office responsibility can be given to anyone from that particular committee.
- vi. That, boys residing in hostel are generally allotted with some other field related tasks in the evening (after classes) so they cannot perform two tasks simultaneously; nor can girls be sent to villages for outside work in the evening as the university resides in very remote area.
- vii. Further as per the University rule, if key of any rooms/office is lost then the concerned authority/person will have to pay Rs. 2000 as fine/charges, for misplacing the key, therefore the most responsible student who reside closer to the office have been given the responsibilities.
- viii. As per point 6 of the notice in which the office bearing/key is allotted (**Annexure-2**), if any unwanted activity or behaviour of any student of the committee is found then the concerned responsible person will be expelled from the committee immediately, which clearly shows that the responsibility is not absolute for 1 year; it can be altered at any time.
- ix. The Annexure 2 is merely an internal management for the smooth running of the office by the Nodal officer. I think, the nodal officer is fit person to decide how the office will function.

Therefore, by the above points it is clear allegations that discriminations with male students are being practiced, is baseless however, **as per Article-15 (3) even if discrimination is done, for the upliftment of female students, it should be welcomed and appreciated.**

2. With regards to the *second issue of RTI*, i.e intelligible differentia adopted for this committee, the answer has been given in the above points.

3. With regards to the *third issue* of RTI i.e regarding article 15, which talks about equality between male and female, but the same article Art 15 (3) states that the state (the concerned

authority) can make provisions even if it seems discriminatory, if it is for the upliftment of women and children.

4. With regards to the *fourth issue* of RTI the reasons have been already explained in the above points.

**Nodal Officer,  
Pro Bono Club, CUSB, Gaya.**
